

## OLD FOLKS NEED MILD BOWEL TONIC

And Should Avoid the Use of Harsh  
Pills and Drastic Purg-  
atives.

Old people, no matter how sound and healthy, should avoid cathartic pills, purgative water, salts and all such temporary relief measures. They cause conditions today, but bind you up worse than ever tomorrow.

It is better to get the bowels into the habit of performing their needful function at a certain time each day and this can be done by strengthening the muscles of the stomach and bowels by the tonic action of Dr. Hamilton's Pills, a mild laxative that acts as close to nature's way as possible.

Thousands of people, old and young, prevent and cure habitual constipation by using Dr. Hamilton's Pills, a mild yet active medicine that is noted for its promptness in curing headaches, belching gas, sourness in the stomach, fullness after meals, liver soreness and muddy complexion. You'll have the best of health, feel good, eat well, digest and sleep well if you regulate the system by Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box at all dealers.

It isn't the way a man looks at other women that annoys his wife—it's the way he doesn't look at her.

Many persons who complain most loudly about the newspapers being full of lies would be among the first to protest against the publication of the truth.

There is an opening for societies to teach each member how to reform himself—and let others alone until he has.

Though her every other charm may fade, a woman can still work the charm of Circe, with a beautiful voice and an eternal smile.

## OPPOSITION AMENDMENT DEFEATED IN THE HOUSE

(Continued from Page Five)

plementary Estimates.

It being six o'clock the Committee arose to resume at eight.

MR. TILLEY, on the Committee resuming after recess, wanted to know why the item of Contingencies to the Public Works Department had increased from \$3,000 to \$9,000.

HON. MR. VENIOT said that it was made up on the basis of last year's expenses. Postage stamps alone cost over \$3,000, and considerable went for telegrams, telephone messages, stationery and extra stenographic assistance.

MR. SMITH (Carleton) said that it seemed to be gaining ground. He noticed that eighteen stenographers were employed, but not all of them whole time.

HON. MR. VENIOT said that the department was not over-manned. Considering the fact that \$3,000,000 was expended last year the staff was not large. Many of them worked during the summer months overtime without extra pay. All cheques were mailed now direct from the office. The work in connection with the Auto Branch was increasing every year. Last year they collected the sum of \$118,000. Stenographers were paid \$600 and \$700 per year.

MR. TILLEY—That is not enough.

HON. MR. VENIOT said that they were granted a bonus of \$100 each last year.

HON. MR. FOSTER explained that the item of \$150 for School Inspectors' travel was an expense incurred after the death of Inspector Meagher.

HON. MR. FOSTER on the item of \$4,800 for the travelling expenses of school inspectors said the salaries paid were originally \$1800, but the government had increased them to \$2,000. Last year it was pointed out to him that the costs of travelling had greatly increased, and an extra allowance was asked for. He had placed

in his estimates \$300 for each of the inspectors, for the year 1919 and a like amount for the year 1920. Next session legislation would be considered for increasing the amount.

MR. SUTTON said that he was much interested in the matter, the extra allowance to be voted would give the inspectors' a salary of \$2300 each which was less than brakemen received on the train. He thought that the House should vote an extra \$500. The inspectors were now poorly paid, and they would be seeking employment elsewhere unless given more generous treatment.

HON. MR. FOSTER said that at the last meeting of the Committees on Teachers' Salaries he had expressed sympathy with the School Inspectors. He had promised them \$300 extra for the two years, and was hopeful that the amount might be increased next year.

MR. SUTTON urged the Committee to add \$1600 to the item and curtail along other lines.

MR. HUNTER thought the School Inspectors should have \$2500 per year. MR. CROCKETT hoped the government could adopt the suggestion of the hon. member for Carleton.

HON. MR. ROBINSON said that all sympathized more or less with the School Inspectors. Their total salaries would be \$2300, and there were hundreds of men in Moncton who were receiving more than that and had no travelling to do. He thought the House might vote an increase.

MR. SUTTON said that in 1910 Woodstock assessed itself \$7,000 for schools, while this year the warrant was \$20,000. He would stand for direct taxation to the extent of \$1500 if it were given to the inspectors.

HON. MR. FOSTER said that the item could pass, and if they decided on an increase it could be provided for in the supplementary estimates. The inspectors were entitled to generous treatment, but the increase might be made gradually.

MR. SUTTON said he was willing to compromise and have an increase of \$200 for the year 1920 only.

MR. SWEENEY said a good deal of time had been spent criticizing the government for increasing the expenditures. He wanted the school inspectors to have more but would not go to the extent of imposing direct taxation for the sake of making an increase. The inspectors were good men and he believed some of them would be lost to the province unless they were better paid. Their salaries were not as large as he would like to see.

MR. BAXTER, on the item of \$100 for the Text Book Committee, said that in view of the talk that had been heard concerning Myers' History many would like to know who composed that body and what were their duties.

HON. MR. FOSTER said that some of the members of the Committee reside in other provinces. He promised to secure the information and submit it to the House.

MR. CAMPBELL said he would like to know on behalf of Mr. Potts as to the location of the Schools for the Deaf which received aid from the province.

HON. MR. FOSTER said, when the School for the Deaf was closed in St. John the pupils were sent to institutions at Montreal and Halifax. The province paid so much per head for their education.

MR. CAMPBELL said that when the next School was started for the Maritime Provinces that New Brunswick's claim would be considered. It seemed that all joint institutions were located in Nova Scotia.

HON. MR. FOSTER said that the school at Halifax had been established for many years. They had been greatly assisted by heavy endowments which

did not seem to be available in this province.

MR. BAXTER was glad that there were no separate schools for the blind in the Maritime Provinces. The number of people unfortunate enough to be deprived of sight was small enough to be handled by the one institution, and it would be hard to get another man who could devote so much talent to the work as did Sir Frederick Fraser. The school at St. John had been generously supported by worthy citizens, but had its limitations. The system of teaching by signs adopted there was not to be compared with the lip reading method in vogue at Halifax. A change had been in the interests of the Deaf and Dumb.

MR. TILLEY on the item of \$140 for the Board of Engineers; Factory Inspector, said he thought the salary of \$1200 provided for the inspector was not enough. It should be increased to \$1500.

MR. MICHAUD said that those who wished to take the examination for Engineers now had to travel to St. John at their own expense. He thought that the allowance to the inspector might be increased, so that the examinations could be held at outside points.

MR. BURCHILL said that examinations were now held at North Shore points by the Board of Examiners.

MR. MICHAUD said that young men in his section who had applied for examination had been told that they must go to St. John.

MR. SMITH (Carleton) said that periodical examinations were held at different points in the province, but those who wanted examinations during the interim found it necessary to go to St. John.

MR. SUTTON thought that more frequent examinations should be held by the Board at points up the St. John River. It was six years since the last examination was held at Woodstock.

MR. YOUNG agreed that the Factory Inspector was not in receipt of sufficient salary. It was hard to get a man to work in a mill for the pay that he received. He thought that examinations should be held at different points.

MR. TILLEY said the salary was inadequate.

HON. MR. FOSTER said that the factory inspector was one of the officials in the bonus list. The amount was \$300, making the total \$1500. He recognized that the amount was not proportionate with the responsibility of the duties, but by a bill introduced by the hon. member for Westmorland, (Robinson) he would come under the Workmen's Compensation Board. The change would take place in the immediate future, and he had no doubt of the Board dealing with the matter of his salary.

HON. MR. SMITH, speaking to the item, of Rangers, Wardens and Miscellaneous expenses, said it was an increase over last year, and was caused (Continued on Page Seven).

## MOTHERS! NEVER NEGLECT WHOOPIING COUGH

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but unfortunately this mistake often leads to the neglect of this dangerous child's disease.

Never neglect whooping cough, for it may be followed by some serious lung trouble.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers every "whoop" which brings the so-much-wanted relief of this trouble. It will clear the clogged up air passage of the mucous and phlegm that has collected, and in this way bring on the sought-for relief.

Mrs. Francis Burlingham, New Gate, B.C., writes: "This spring three of my children took the whooping cough, and they had it so bad I thought they would choke. I was getting pretty worried when my sister wrote me, telling me to try Dr. Wood's Norway Pine Syrup. I sent for some right away, and believe me, I will never forget how it house."

There are many imitations of Dr. Wood's on the market. Get the genuine when you ask for it. It will pay in the end. Put up in a yellow wrapper; 3 and 50c. Manufactured only by The

When you are almost certain that the telephone rang and you take down the receiver and timidly ask: "Did you want me?" the alacrity with which the telephone girl says: "No I DIDN'T!" is enough to take the conceit out of the handsomest man!

## HEALTHY CHILDREN ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers if your children do not sleep well; if they are cross and cry a great deal give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the new born babe with perfect safety. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

## KEEP WINTER LAYERS

They shell out the eggs when prices are the highest, and pay the best. The Barred Plymouth Rock easily holds first place as the best general purpose fowl. They are prolific layers and can stand the severe cold of our winters. During the months of December, January and February of last winter I gathered 515 eggs from a pen of twelve hens. In an experience of thirty years with many varieties, I never owned such a pen of high class layers. Eggs from the pen are now testing 90 per cent. fertility. I will have for sale a limited number of eggs for hatching from two choice pens headed by Ontario A. C. cocks, at \$2.50 and \$2 per setting of fifteen. As many of these settings are spoken for, no time should be lost in placing orders.

If you want Single Comb White Leghorns I can supply eggs from stock which won the championship at the Fredericton and Moncton shows at \$5 and \$6 per setting.

JOHN N. FERGUSON, - - York Street, Fredericton, N. B.

## John Deere Manure Spreader

We have just received our first shipment of JOHN DEERE Manure Spreaders and would be pleased to have you call and ask for particulars concerning them.
