LITTLE CHANCE OF CONSTANTINE BEING RECALLED TO THE GRECIAN THRONE—A COMPROMISE LIKELY

PRINCE GEORGE IS
LIKELY SUCCESSOR

A Strong Objection on the Part of the Allies to the Former Ruler—Was an Issue in the Recent Elections—Prince George Soon to Marry Roumanian Princess.

(By William G. Butler)

London, Nov. 24.—In spite of the defeat of Venizelos in the Greek elections there is a strong belief in Greek circles that Constantine will not return to the throne may incur, may per Greek personage in London believes the victorious supporters of Constantine in Greece will call Crown Prince George to the throne. The supporters of Venizelos admit that the issue of the Greek election was "Venizelos against Constantine," but believe because of the strong objections of the allies, Constantine's supporters will compromise by the selection of Prince George. It is pointed out that Constantine, realizing the extreme disadvantage to Greece of the displeasure of the foreign powers that his return to the throne may incur, may personally acquiesce in the compromise.

Prince George's forthcoming marriage to Princess Elizabeth of Rumania, for whom the Queen of Rumania tried to arrange a marriage with the Prince of Wales, is regarded here as a pro-ally alliance, which may help to remove allied objections to him.

MANY DEATHS IN SIBERIA

Special to Daily Mail. Copyright 1920 by Cross Atlantic News Service.
(By Leon Schalit)

Vienna, Nov. 24.—Siberia is one huge cemetery. Of 5000 men in one camp, 2000 died of epidemics of melancholia, in six months, according to Austrian officers who have returned here to tell of the pitiable conditions under which 70,000 Austrian-Hungarian prisoners in Siberia are living—and dying.

The counting of the dead has been discontinued, the officers say, but 40,000 died up to 1915. The bodies are in heaps unburied. The prisoners have received no bread since September.

BAD WRECK ON THE C. P. R.

Montreal, Nov. 23.—The Canadian Pacific railroad officials announce that the Imperial Limited, which left here last Thursday was in wreck one mile west of Cartier. The baggage, mail, express, colonist, first class and tourist cars were derailed by a broken rail. Six passengers, three laborers and a baggage man were injured. Several cars went over the embankment while one stood on end. Several more were on their sides.

The accident happened between Stralak and Pogomasing, western Ontario.

WILL REBUILD CATHEDRAL

New York, Nov. 24.—Whitney Warren, architect of the Grand Central Terminal and the group of buildings in the Pershing square district and one of the best known architects in the United States, has been selected to take charge of the rebuilding of the ancient University of Louvain, which was destroyed on August 27, 1914, by the German army, which invaded Belgium. He was notified by cable yesterday of his selection, an unusual honor to come to an American architect.

SIX INCHES OF SNOW IN FIRST STORM

Travelling in the Country Districts Will Soon be Good—Movement of Fuel Expected Shortly.

The first snowstorm of the season which has left snow upon the ground in any quantity, began last evening. Some six inches of snow fell and travelling on the country roads will be good in a short time. The news will be encouraging to many householders who are short of wood for fuel. There is said to be much wood in the country districts which could not be moved last season on account of the heavy crust which formed early in the winter. With good travelling now there should be a heavy movement of fuel to places which need it. It also is expected that there will be a heavy cut of wood for fuel purposes this year because of the curtailment of lumbering and pulpwood operations.

The railways were little affected by the storm trains running on time.

C. N. R. MEN MAY HAVE A STRIKE VOTE

Winnipeg Man. Nov. 23.—Whether a strike vote will result from the order issued by President D. B. Hanna of the Canadian National Railway debarring employees from taking part in politics will be decided at a conference of representatives of the railway organizations to be held in Toronto next Monday morning. H. E. Barker, chairman of the western joint committee in charge of the matter, in announcing this decision, says that the western delegates, numbering twelve and representing all western organizations, will leave for Toronto on Friday.

It is expected that the first action in Toronto will be to interview President Hanna and ascertain whether he still stands by his order. The men while determined to force the issue by a strike if necessary express confidence that some amicable adjustment will be reached through the negotiations.

ST. ANTHONY'S SOCIAL.

Well Attended in Spite of Heavy Storm—The Prize Winners.

The Basket Social and Autumn Festival held at St. Anthony's Hall, North Devon, last evening was very successful in spite of the disagreeable weather. A large crowd was present and the games and amusements were well patronized. The prizes were as follows:

W. J. Moore, 5 cans coffee; Mrs. Fred Clements, 40 lbs. sugar; Jas. Toner, 10 lbs. sugar; Jean McNaughton, Sofa pillow; Dr. J. E. Sewell, 5 lbs. tea; Frank Shortill, Rocking chair; Mrs. William Rickard, alarm clock; Chas. Banks, box of chocolates; W. R. Dunbar, bag of flour; Percy Day, half dozen silver spoons; Wm. Collett, Marysville, pair of chickens; E. J. Hanlon, Montreal, box of cigars; Kathleen Daley, thermos bottle.

Mrs. Benjamin Rush of North Devon sold the largest number of tickets and won the prize a gold rosary. Others in the contest were, Dorothy Hanbury, Mrs. W. J. R. Carten, Mrs. Vincent Nealis, Mary Doherty, Mrs. F. I. Shortill, Mary Dinsmore, Margaret McManus, Mrs. Wallace Titus, Margaret Bowen, Mrs. E. J. Kingsley, Mrs. Joseph Blanchard, Veronica Bowen and Mrs. Thos. Flanagan. William Markey won the prize for the highest pile, a pair of gloves, and Miss Velma Carney the ladies' prize a suitcase. Veronica Bowen won the prize for the Ring Toss, an ivory clock. The winner of the heart prize is No. 93 and has not yet been claimed.

QUICK WORK BY ROBBERS.

Boston, Nov. 24.—One of the most rapid robbery jobs perpetrated in this vicinity in many years was brought to light yesterday when it was learned that the safe of the Grove Hall hardware store, on Blue Hill avenue, Roxbury, had been looted late Saturday night and two bills of \$50 one of \$10 and an endorsed check for \$56 had been stolen. I. B. Hersey, the proprietor, had sent home his clerks and was preparing to leave himself when two rather well dressed young men entered and asked to buy stovepipe. The shop was not on the ground floor and Hersey went to the second floor to get it, being gone only a few seconds. When he returned with the pipe and they departed. Later, when he opened the safe he found the money gone.

GRADUAL READJUSTMENT OF PRICES BEING BROUGHT ABOUT IN THE OLD COUNTRY

The Wholesale Values of Commodities Now Close to Pre-war Levels—Fall in Prices in the United States Responsible for the Decline—Tin and Copper Prices are Down—Substantial Reductions in Sugar, Clothing and Other Necessaries.

(By William G. Butler, staff correspondent of the Daily Mail; by Cross-Atlantic Newspaper Service.)

LONDON, Nov. 24.—Further falls in prices of certain principal commodities in England are bringing wholesale values close to pre-war levels. The fall in prices in the United States is principally responsible for the decline here, according to the London Chamber of Commerce, which issues the following statement:

"There is really no slump in prices in England, but a gradual readjustment in the direction it should take." The secretary of the Chamber said: "To talk about slumps in the United States and England is dangerous. While prices are falling rapidly here, it is a result of drops in the United States. I think it will be a long time before they reach actual pre-war levels."

COTTON HAS DECLINED.

American cotton at Liverpool yesterday declined to about twenty-two cents per pound, compared with twenty-six a fortnight ago, and thirty-eight six months ago. Prices of tin and copper have fallen to pre-war levels. Linseed oil has dropped to \$200 as compared with \$390 at the beginning of the year. It is believed that cotton would have dropped lower but for the further drop in wool—even as much as 25 per cent in three months. Grains are all quoted at lower figures and retail prices of sugar, shoes, clothing and other necessities are showing substantial reductions. Big London catering establishments are reducing luncheon items from four to six cents.

CHEAPER COAL COMING.

Cheaper coal soon is predicted by Lord Gainford, a leading industrial magnate. "It will necessarily involve a fall in wages," he said, "but how will the miners take this?"

There is danger that the United States, when the transport and other difficulties are overcome and the collieries are working at full time, will be able to actually flood the European markets. The coal industry will have to face a big gall in prices before long, but cheaper coal means cheaper cost of living all around, the chief thing to be desired.

CRUISERS AND DESTROYERS TO REORGANIZE THE CANADIAN FLEET

(Special to Daily Mail, by Cross Atlantic Newspaper Service.)

LONDON, Nov. 24.—The cruiser Aurora and the Destroyers Patricia and Patriot, the gifts of the Admiralty to Canada and the nucleus of the Dominion's reorganized fleet, will sail for Halifax on November 30th, from Devonport. No elaborate ceremony is planned for the departure of the vessels. The crews will be just large enough to operate the ships and most of the officers are Canadians. With a few exceptions the crews are former Canadian service men in England who have enlisted for two years. After a short stay in eastern Canadian waters, the warships will go to the West Indies with the Atlantic squadron and through the Panama Canal to the Pacific coast and thence to Western Canada.

HEAVY SNOW STORM SWEEPS OVER COUNTRY

Yarmouth, N. S., Nov. 23.—The steamer Prince George, from Boston which arrived here late this afternoon experienced terrific weather crossing the Bay of Fundy. A piping gale of wind was blowing which kicked up such high seas that the speed of the ship had been reduced to seven knots. The steamer arrived here ten hours late, having come through without damage. After discharging 108 passengers and some freight, the steamer sailed again tonight in the teeth of a gale for Boston.

Heavy in Halifax.

Halifax, Nov. 23.—A heavy northeasterly storm, one of the worst of the season, is in progress here tonight. During the afternoon there was a light fall of snow and sleet, which later turned to rain and the wind increased. At 10 o'clock tonight it was blowing thirty-one miles an hour.

Wintery in Montreal.

Montreal, Nov. 23.—The first real kick of the winter came today to this city when a fairly considerable snow storm with high wind struck Montreal in the afternoon and continued for some hours tonight. What was at first a drizzling rain turned to snow and froze on the roads, causing the tramways service to become very irregular and a number of minor derailments occurred, but no accidents.

WILL HOLD A CONFERENCE AT MONTREAL

Montreal, Nov. 24.—A conference will be held soon in Montreal by representatives of the C. P. R., the C. N. R. and the provincial government to go into the matter of an agreement with regard to running rights for the St. John and Quebec Railway over the C. P. R. rails between St. John and Westfield. Premier Foster so announced yesterday.

The C. N. R. started operations over the Valley railway last year and the operation of the line from St. John to Westfield was carried on under a tentative agreement with the C. P. R. The Canadian Pacific officials are now asking that this agreement be made permanent and the premier said the C. P. R. refuse to sign on the grounds that they do not wish to assume any responsibility. Besides the payment for running rights the matter of bearing a portion of the cost of maintenance of the section of line is in question. If it is found at the proposed conference that the C. N. R. will not assume the liability, the premier said he expected that the provincial government would have to do so in order to keep the line in operation.

J. W. Morton, of Montreal, was a visitor to the city today. H. P. Oulton of Quebec is in the city today.

PRIVATE SECRETARY OF MISSING TORONTO MILLIONAIRE UNDER ARREST ON PACIFIC COAST

HOCKEY AT MARYSVILLE HAS STARTED

Club Reorganized—Will Advocate Double Schedule—Amalgamation With F'ton Possible.

The Marysville Hockey Club reorganized for the winter last night at a meeting held for the purpose. Clarence Wade was appointed delegates to represent the club at the meeting of the New Brunswick Hockey League called by President Maher for Chatham on the 30th inst. In the club organization Clarence Wade was elected manager and secretary and Dow Brewer was elected treasurer.

Want Double Schedule
The Marysville Club will advocate a double schedule opening between Christmas Day and New Year's Day and closing earlier than did the single schedule of 1920. The suggested opening date is earlier than ever has been attempted in a New Brunswick League. There have been years in which it has been difficult to get ice even in the first week of January.

Combined Team Possible
The Marysville team at present is a separate organization. If no Fredericton club is reorganized as seems possible because of unwillingness on the part of U. N. B. for their players to be used by a city team, there will be an amalgamation of the Fredericton club with Marysville.

There was an excellent attendance at the annual meeting of the Bathurst Hockey Club. The report of the Treasurer, Wilfred McManus, for the past year's operations showed a slight deficit, but it was adopted without debate.

Officers elected for the coming year were as follows:
President, Geo. A. Schryer
Vice President, J. Harold Kent.
Secy-Treas, Wilfred McManus.
The meeting was in favor of forming a North Shore League as well as a Provincial League, as this could make schedules easier to arrange and operate.

A ROUND-UP OF CRIMINALS

Chicago, Nov. 24.—Almost a thousand persons were under arrest tonight as a result of the biggest round-up of criminals in Chicago in many years. The drive was started at midnight last night by Charles Fitzmorris, new chief of police, as the second step in his announced campaign to rid Chicago of criminals, and followed a recent wholesale shakeup of the police force in which almost every member was transferred to a new position.

Dozens of squads of detectives and policemen spread over the city early today, and all day long patrol wagons rolled up to police stations with loads of alleged criminals. Almost every saloon was visited by the officers and scores of pool rooms and alleged disorderly flats were raided.

One thousand plain clothes men and 500 uniformed officers conducted the raids, which were under the personal direction of Chief Fitzmorris.

WAS CAPTURED IN OREGON CITY

Prisoner is Wanted in Toronto for Kidnapping Ambrose Small and Stealing \$1,000-000 in Bonds—Big Reward Offered for Him—Mystery is Now Likely to be Soon Cleared Up.

Portland Ore. Nov. 23.—John Doughty was arrested last night in Oregon City by Constable Edward Fortune, on information that he was wanted in Toronto for kidnapping Ambrose Joseph Small, and alleged theft of \$100,000 in bonds.

Doughty was turned over to a Toronto detective who was here working on the case.

Doughty was employed in a paper mill at Oregon City.

A. P. Mitchell, Toronto police officer, who has been here working on the case, said he recognized Doughty at Oregon City. According to Mitchell and Oregon City police, Doughty admitted his identity and confessed he took the bonds he is alleged to have stolen. The bonds, he said, were deposited in Chicago and would be surrendered. The officers declared Doughty denied he abducted Small. He declared he took Small to a theatre one night and lost track of him there. Doughty had obtained work in the paper mill as a common laborer, and worked up to the position of assistant foreman in one of the departments.

Small's Private Secretary.
Toronto, Nov. 23.—John Doughty, who has been arrested in Portland, Ore., was for many years private secretary to Ambrose J. Small, millionaire Canadian theatre man, who disappeared on December 2, 1919, after he had deposited in his bank, a marked check for one million dollars, which he had received from the Trans-Canada Theatres Ltd., for the purchase of his theatres.

Small is still missing. On December 28, Doughty also disappeared and search for him had been made all over the civilized world.

Nothing definitely concerning his whereabouts has been published here until the receipt this morning of the news of his arrest in Portland.

Five thousand dollars reward was offered for his apprehension.

The reward of \$5,000 offered for the arrest of Doughty was after increased to \$15,000 at which figure it now stands.

Doughty had been in the employ of Small for eighteen years, having worked himself up to a salary of \$45 per week as Small's confidential secretary. The day Small sold his theatrical holdings Doughty went on the payroll of the Trans-Canada interests at a salary of \$75 per week. He went to Montreal, returned to Toronto for Christmas, and himself disappeared on the following Sunday, December 28.

WOMEN FINED FOR CONTEMPT

Chicago, Nov. 24.—Justice of the Peace Frank F. Aring of Oak Park entered his court a few days ago and rapped for order. Hush followed and the men spectators removed their hats. The wheels of justice were about to spin when Justice observed that two women spectators still wore their hats.

"Whoa—" said the judge. "You women have equal suffrage now and this court is no respecter of sexes. Off with your hats."

But the women—Mrs. Oscar McCann and Mrs. Frederick Ritter, both of Oak Park—would not off with them. The Justice insisted. The women stood pat.

"All right," said his Honor, "keep 'em on then. Each of you is fined \$5 and costs for contempt of court."

And sure enough they had to pay it.

Edgar H. Fairweather of St. John is in the city. J. E. Pheimer of Toronto is a guest at the Queen.
