MANY IMMIGRANTS CAME INTO CANADA DURING THE FIRST SIX MONTHS OF THE PRESENT YEAR

A BIG INCREASE OVER LAST YEAR
Upwards of Thirty-Seven Thousand Came from Great Britain and Twenty-Four Thousand from the U. S.—Some Undesirables Were Deported During the Year.

Ottawa, Aug. 18.—In the first six months of 1920 Canada opened her doors to 68,857 immigrants, just 17,667 more than for the same period in 1919. She slammed them shut in June alone against fifty-six and 1,799 trying to enter the Dominion at boundary points between Canada and the United States. Through the same doors in June she ejected twenty-four former residents of the British Isle and sixty who came originally from the United States. The deported ones had become public charges. Those refused admittance were rejected for various reasons. Some were diseased. Others had bad records of one kind and another, and still others could not show enough money to keep them the reasonable period necessary to find work.

Of the 68,857 immigrants to June 30, 1920, from the first of the year, there were 37,261 from Great Britain as compared with 16,801 the previous year for the same period and 25,183 from the United States or 3,440 less than came here from the southern republic from January 1 to June 30, 1919. From other countries than Great Britain and the United States the immigrants totalled 6,413, as compared with 3,766 for the first half of 1919. All admitted had money and most were healthy as the medical examination is very stringent. In June 9,844 came from Great Britain; 1,459 from the continent of Europe; twenty-seven from China, and forty-eight from Japan.

Of the Britons becoming Canadians in June 6,058 were English; 783, Irish from the north of Ireland mainly; 2,886 Scotch and 107 Welsh.

Because many returning Canadians object to being closely questioned by officials at the border the department of immigration has had prepared little identification cards in duplicate bearing a photograph of Canadians to whom issued. Any Canadian going abroad can get it now and re-enter Canada without difficulty.

So far as immigrants from the British Isles are concerned it seems likely that arrangements can be effected for a medical examination of immigrants before leaving England. In continental countries it is not feasible as none of the governments care to aid or recognize in any way emigration from their shores.

The decrease of immigrants from the United States has not been accounted for except on the ground of rejections.

MAY DESTROY ALL BONDED LIQUORS

Washington, Aug. 18.—Federal prohibition officials here have decided to ask Congress to destroy 50,000,000 gallons of liquor stored under bond. Prohibition Commissioner Kramer is convinced that 100 per cent. prohibition cannot be achieved while bonded warehouses, packed to capacity, exist in all sections of the country as continual temptation to law violations. More than \$500,000 worth of bonded booze was stolen last week. Most of it was taken by highwaymen, who held up trucks in which it was being transported from one warehouse to another. In several cases battles ensued between the highwaymen and

QUAKERS FROM ALL OVER THE WORLD ARE MEETING IN LONDON

(Special to the London Daily Mail and the Daily Mail; copyright by Cross-Atlantic News Service.)
London, Aug. 18.—The first International Quakers Conference since the foundation in 1650, is being held in London. About a thousand Quakers, the British and Americans numbering about 300, and Austrian, Indian, Japanese, Chinese, Syrian, Jamaican and Norwegian are in attendance. Many of the male delegates are wearing the old fashioned Quaker hats, and the women are plainly dressed. The Conference discussed "Our Testimony for Peace." The meeting house, dating from 1666, where the conference is being held, preserves a bottle of port, which will not be opened till the Church of England is disestablished.

PLAN FOR DOMINION HOME RULE FOR IRELAND IS SAID TO BE DOOMED TO FAILURE

Delegation of Forty Prominent Home Rulers to See the British Premier in Support of the Plan—A Foregone Conclusion That the Proposal Will be Turned Down Unless Sinn Fein Leaders Join in the Movement.

(By William Butler, staff correspondent of the Daily Mail. Copyrighted by Cross-Atlantic News Service, 1920.)
London, Aug. 16.—The plan of prominent leaders from both north and south of Ireland for a settlement of the Irish question on the basis of Dominion Home Rule is doomed to failure before Lloyd George, an official close to the premier told me today. A delegation of 40 prominent Home Rulers from the south and west, and Unionists from the north will see the premier for support of the plan on a date not yet set. They will urge one parliament. English officialdom knows they carry more influence than the recent delegation of ork businessmen, and though the premier will listen respectfully, it is a foregone conclusion he will turn it down, as the premier believes that the time is not ripe to offer a liberal Home Rule settlement. I learn that in the delegation the Sinn Fein was not represented. If the delegation get Griffiths and other Sinn Fein leaders to join with a guarantee that the Irish people will accept Dominion Home Rule as a settlement, the premier will talk business immediately.

THE UNITED STATES MAY SOON RESUME TRADE WITH RUSSIA

London, Aug. 18.—Resumption of American trade with Russia is about to begin through England, according to a statement made today by the secretary of the American Chamber of Commerce in London. "Feelers have already been put out," he said. "Wilson's recent anti-Bolshevik attitude has not shattered the plans of the American business man, though England will reopen relations with Russia long before America. American concerns are sending representatives here to arrange to have English concerns as middlemen in reopening the trade relations with Russia."

BIG ELECTION IN EAST ELGIN

Ottawa, Aug. 17.—The by-election in East Elgin is to be held on November 22. Nominations will take place on November 8. The announcement made tonight, came, it is believed, within a few days of the six months' period within which under the elections act, vacancies must be filled.

The East Elgin riding holds much interest as it is there that the government it is said, will make its greatest fight against the United Farmers of Ontario. So far the situation in regards to "futures" in the coming battle is somewhat shrouded. The U. F. O. convention last fall nominated Sydney McDiarmid, a former Liberal, as U. F. O. standard-bearer, this action being taken coincident with the selection of a provincial nominee.

The only other aspirant who has been uncovered is Harold J. Daly, of Ottawa, who announced some time ago that he was prepared to go into East Elgin and contest the seat in the interests of the Conservative party.

The real fight, it is intimated here, will come between the government and U. F. O. candidates. East Elgin, at the last election had a population of 17,597 based on the 1911 census. David Marshall was elected as a Unionist by a majority of 380 votes over W. G. Charlton.

No nomination of a Liberal candidate for the riding has yet been made.

WILL OPPOSE RATE INCREASE

Montreal, Aug. 17.—The city of Montreal will vigorously oppose any increase in telephone rate, was announced this morning at city hall, and arrangements are being made today for the holding of a large meeting next Monday of all large commercial and industrial institutions who wish to support the city. It was also announced that in this move, the city of Montreal will act in conjunction with the city of Toronto.

B. G. Burrill of Yarmouth is at the Queen.

WILL EXHIBIT AT WOODSTOCK

The York County Poultry Association held a meeting last evening to arrange for an exhibit at the fall fairs. The president Mr. J. N. Ferguson presided and there was a good attendance. A proposal to send an exhibit to the St. John Exhibition met with considerable opposition, the members expressing disapproval of the manner in which the prize list had been prepared. The prize list of the Woodstock exhibition was found to be much more attractive and all the members present agreed to send their birds there. An estimate prepared by the secretary showed that the total would be between 250 and 300. The entries close August 31st and the show opens on September 13th.

BOOZE WAS CONFISCATED

Vancouver, Aug. 17.—A huge stock of liquor, consisting of 5,000 cases of bottled whiskey and 130 casks, belonging to the Canadian Pacific Wine Company, of this city, was today confiscated by the crown. This is probably the greatest seizure of liquid ever made in Canada. Police Magistrate South signed the order for confiscation and added a fine of \$1,000 against the company for unlawfully having kept liquor for sale. The whole sale value of the stock, according to invoice was \$237,000.

WILL RETURN TO CANADA

(Special to the Daily Mail, copyright by C. A. N. S.)
London, Aug. 18.—Maj-General Sir Willoughby G. Watkin, vacationing in London for two months after relinquishing the post as chief of staff of the Canadian Militia will return to Canada early in September as director of the Canadian Air forces. He is looking forward with great interest to his new duties as he knows little of the technical side of aviation.

A. Stein and wife of Philadelphia are registered at the Queen.

GRAVE PROBLEMS OF EASTERN EUROPE

Each Nation Will be Assured of the Complete Aid of the Other in Case of German Aggression—Close Secrecy is Being Maintained in Regard to Provisions of Pact.

(Special to the Daily Mail copyright by the C. A. N. S. 1920.)
London, Aug. 18.—The Franco-Belgian military and economic pact is being rushed to a final agreement, it is learned from the highest sources, owing to the gravity of the problems for the development of Eastern Europe. It is believed here in diplomatic circles that Millerand and De la Croix will accept the final draft of the pact within a few days thereby assuring each nation of the most complete aid to each other in case of aggression by Germany or any other nation. The agreement is being reached without reference to the attitude of the United States, Great Britain or the League of Nations. Although the closest secrecy is being maintained in regard to the provisions of the pact, it is learned that the military section guarantees the most complete solidarity of the two nations and the two armies to act as one. In the event that Belgium's coast is menaced the French fleet is placed at the disposal of Belgium. In French circles this is considered valuable for the maintenance of continental peace inasmuch as Great Britain is willing to make verbal promises and concessions but showed a disinclination to enter into written engagements.

APPLES FREE FROM DISEASE THIS SEASON

C. W. Baxter, Dominion Fruit Commissioner, E. P. Bradt, Deputy Minister of Agriculture and A. G. Turney Provincial Horticulturalist, on their motor tour of the Gagetown district and the territory between that place and Fredericton found the apples in the orchards remarkably free from disease. If there are no ill developments before the time for shipping the fruit will be of first quality and high value. The yield is less than that of last year.

The tour also was for the purpose of locating the best specimens for provincial apple exhibits for the autumn fairs in this province. Exhibits will be placed at the St. John and Woodstock exhibitions.

The Department of Agriculture also has been notified that Prof. Sackville of Guelph again will grade pure-bred rams in New Brunswick this year. He will begin his work August 31st.

Fined for Assault
Sitting Magistrate E. Allison MacKay this morning imposed a fine of ten dollars and costs on E. Seymour Chase for assault upon Stephen Dunn of The Mills. The complainant's story was that Chase asked him for a match while he was driving a load of wood from Victoria Mill. Dunn did not have a match, and went on. Chase followed the wagon and again asked for a match. He then seized a rein and turned the horses' head. Dunn twice tried to telephone for assistance and Chase stopped him both times, on one occasion following him into a house. Dunn also was assaulted by Chase and his shirt torn off.

Miss Effie Savaye, of Lowell Mass., is at Windsor Hall.
Mrs. G. H. Johnson, Mrs. Florence Sanders and C. H. Goodspeed, of Peniac are at Windsor Hall today.
Hon. George E. Faulkner and P. C. Pope of Halifax are at the Queen.

DAUGHTER OF BALLINGTON BOOTH WEDS AMERICAN ARMY OFFICER

New York, Aug. 18.—A war romance which began while Miss Theodora Booth, daughter of Gen. and Mrs. Ballington Booth of the Volunteers of America, was in welfare service with the A. E. F., has led to the marriage of Miss Booth and Lieut. Jessie A. Montee, U. S. A., of Superior, Wis., a distinguished Service Cross man, and attache of the American delegation to the peace conference. Gen. and Mrs. Booth announced yesterday that the marriage took place on July 30. Miss Booth met the Lieutenant while travelling with her mother through the American zone of occupation in Germany. They were passing along the Moselle River when they witnessed an attempt of the Lieutenant to save an aviator who had dropped into the water when his plane was wrecked.
