### OF INTEREST TO WOMEN

BARE BACK GOWNS GO OUT OF FAVOR

New Models Have Sleeves and High Collars.

Paris Aug. 14—Bare backs and jeweled spinal columns seem to be doomed according to some of the leading fashion displays in Paris. Even the moderate decollete has been abandoned in the creation of the new models, and apparently women who are fashionably gowned will in the future vie for length of sleeves and high collars although the collars will not be ruffled after the Elizabethan styles.

Brown, instead of brilliant colors, is regaining favor, even brick red on copper brown being a popular combination with copper colored bodices embroidered with gold and with black velvet skirts.

For evening wear the skirts promise to be somewhat longer, but are still short of pre war days, while there is plenty of evidence that completely nude shoulders will be taboo with well dressed women.

Unlike the models of last year the waist line is again marked, usually with ribbon or sash of crepe de chine.

### CLOSET ROOM.

No matter how much closet room one has, there never seems to be enough. Get a wooden portiere pole. It can be purchased by the foot to suit the length of your closet. Buy a set of the wooden cup sockets for it. On the strip that runs around the closet the pole is set and the portiere is then secured by the pole. One end of the set has a thread and unscrews from the portion that fastens on the wall. This is slipped on to the pole, the pole is set and the portiere screwed back to the solid base. The pole is then firm and will accommodate three or four times the number of garments suspended on hangers than the hooks cared for.

### DAILY HELP.

A useful thing to have in a kitchen is a table of weights and measures; it can be typewritten thus easily read, covered with glass and framed with passe-partout binding. Hang it up and it will be an almost daily help.

### THE STRAIGHT AND NARROW.

In life the "straight and narrow path" Most happiness secures, Because it does not rouse our wrath By calling for detours.

### PERSONAL PREFERENCE.

"Have you given up the idea of subdividing the farm into town lots?"

"For the present," answered Farmer Cornstossel. "My boy Josh and I could not quite agree. He didn't see the sense of providing sites for any public buildings except motion picture theaters."

### OLD FOLKS NEED MILD BOWEL TONIC

And Should Avoid the Use of Harsh Pills and Drastic Purgatives.

Old people, no matter how sound and healthy, should avoid cathartic pills, purgative water, salts and all such temporary relief measures. They ease conditions today, but bind you up worse than ever tomorrow.

It is better to get the bowels into the habit of performing their needful function at a certain time each day and this can be done by strengthening the muscles of the stomach and bowels by the tonic action of Dr. Hamilton's Pills, a mild laxative that acts as close to nature's way as possible.

Thousands of people, old and young, prevent and cure habitual constipation by using Dr. Hamilton's Pills, a mild yet active medicine that is noted for its promptness in curing headaches, belching gas, sourness in the stomach, fullness after meals, liver soreness and muddy complexion. You'll have the best of health, feel good, eat well, digest and sleep well if you regulate the system by Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box at all dealers.

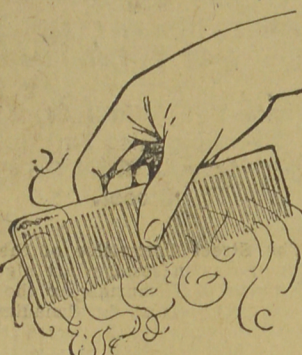

A police official says women's clothes cause all the wickedness. Well paying to them causes a great deal of the profanity.

It seems darned strange that the cost of living always pinches the coal miners just when the rest of us need coal.

The man who has cultivated the art of looking important and efficient can waste a lot of time and get away with it.

### "DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

### THE MANNIX AFFAIR IS A BIG FARCE

(Special to The Daily Mail by G. K. Chesterton. Copyright, 1920, by Cross-Atlantic Newspaper Service.)

London, Aug. 17—The whole Mannix affair is a gigantic farce. The British Government has taken an extraordinary attitude. What surprises me is that most of the newspapers applauded and backed the Government's amazing example, excepting Labor. Anyhow, why worry about Mannix? What harm is one man going to Ireland to denounce the Irish Government to a million Irishmen when the million Irishmen spend all their time denouncing the British Government to the rest of the world? The only point that could be seriously raised against Mannix is moral. Could the Archbishop stand up in the pulpit and plead for the support of murder and cold-blooded assassins?

Meanwhile the British Government acted a sort of miracle play to the in-

A girl always thinks a man's heart is in the right place, if she possesses it.

If you wish to find good luck search for it in the neighborhood of the man who is always doing his darndest.

Anglo-Saxon unity being the chief tie between the two countries is all twaddle. It will take time for the American to believe that England is not a tyrant, but it can be done though history has some nasty things against England. History is strengthened by the tyrannical treatment of Mannix.
