

BUILDINGS AND STATUE DAUBED WITH PAINT

U. N. B. STUDENTS
HELD RESPONSIBLE

Burns Statue Given Breeches
and Stockings of Yellow—
Front of the Jail Or-
namented.

The statue of Robert Burns, the sidewalk in front of the Post Office, the office of the Provincial Highway Engineer, St. John Street, and the county jail, Brunswick Street, were adorned with colored paint in the early hours of the morning. University students are blamed for these acts and the fact that U. N. B. and Mt. Allison colors were used for the purpose of adornment lends force to the belief.

Undergraduate Wit.
The statue of Burns was given breeches and stockings of yellow. "U. N. B. Rah! Rah! Rah!" was painted on the front of the Provincial Highway Engineer's Office. "U. N. B." was painted on the front of the jail. On the pavement in front of the Post Office there was painted "U. N. B. Rah!", also figures one having below it the words "Davy Jones" and the other the representation of a policeman with a child's snicker in his hand, the word "sucker" being attached. On the front of the Burns statue was painted "U. N. B. 2 a. m." and on the rear, "There aint no flies on U. N. B."

Action Probable.
The Mt. Allison-U. N. B. rugby game at Sackville Friday is thought to be the cause of this outburst of undergraduate spirits. This is by no means the first instance of painting of statues and public buildings by students. The last case resulted in arrests and reparation. Probably there will be action taken in this instance.

The U. N. B. student body as a whole is not behind the acts of last night.

The Barker's Point branch of the Woman's Institute held a very successful Ghost, Box and Pie Social, at the School house last evening, when a large crowd were present. The pies and ghosts were sold to the highest bidder. Ice cream also was offered for sale. A feature of the entertainment was the fortune teller who did a rushing business. The total receipts amounted to \$75.00. John Lipsett acted as auctioneer and disposed of the ghosts to good advantage. A short programme also was carried out as follows: Miss Nellie Logan, recitation; Miss Eunice Peters, recitation; Master Chas. Staples, recitation. After the pies had all been sold a very enjoyable time was spent by all.

CIVIL ACTION TO RECOVER BEER SEIZED FRIDAY

81 BARRELS FROM THE
ENTERPRISE BOTTLING CO.

Chief Finley, Sub-Inspectors
Saunders and McAlinsh Con-
cerned in Seizure—An-
alysis Ordered.

Civil action against Prohibition Sub-Inspectors who seized a large quantity of lager beer from The Enterprise Bottling Company last evening, has been begun, according to the statement of J. J. F. Winslow counsel for the company. The action will be based upon the fact that the beer was taken from a private residence. Such action will go to the Court of King's Bench.

Eighty One Kegs Seized
The seizure was made late Friday afternoon and the transportation of the beer to the police station occupied some time. Chief of Police Finley and Sub-Inspector Fraser Saunders made the seizure and later called in Sub-Inspector McAlinsh to assist them. The seizure was made on the ground that it was intoxicating liquor kept for sale. The quantity was the largest ever placed in the police station at one time and the entrance hall is piled high with kegs. Chief Finley intimated that the information on which the seizure was made had been laid by Sub-Inspector McAlinsh.

Analyses to be Secured
After the seizure of the kegs of beer two bottles of beer were taken at a West End beer shop and two more at a King street shop conducted by the Enterprise Bottling Company. Chief Finley stated today that analyses of all the beer seized would be made and that action would be taken following the securing of them.

Taken from Private Cellar
The beer was taken by the Sub-Inspectors from the cellar of Mrs. A. H. Woods, 439 Charlotte street. A lock was forced to effect entrance to the cellar. It is on these facts that the civil action is to be based. The kegs bore labels with the words "For Industrial Purposes" and were addressed plainly to The Enterprise Bottling Company.

CLOTHING WAS TORN OFF BY A SHAFT AND BELT

R. B. SMITH, M. P. P.,
HAD NARROW ESCAPE

Caught by Sweater by Eight-
inch Belt on Wednesday—
First Mishap in His
Experience.

Caught by an eight inch belt on a rapidly revolving shafting Mr. R. B. Smith, M. P. P. for Sunbury, had a narrow escape from death on Wednesday at the River Valley Lumber Company's mill at Oromocto of which he is manager. In the struggle every stitch of clothing except his necktie and boots and stockings he wore, was torn from his body.

Caught by Sweater
The accident happened during the afternoon while Mr. Smith was supervising the work of his mill. In passing a revolving shaft his attention was taken for a moment and before he became aware of the danger he was in the lower part of his woolen sweater was caught by the rapidly moving belt. Although knocked off his feet by the sudden impact he did not lose his presence of mind, but braced himself for the tug of war which he knew must ensue. A less robust man would have been instantly whirled to his death, but not so Mr. Smith. He mustered all of his strength and actually succeeded in bringing the pulley to a full stop. He was unable to hold it however, but when it started again his clothing began to give way and in a very short space of time his sweater, trousers and other clothing were ripped from his body and torn to shreds. The loss of his clothing released him from the treacherous belting and made him the victor in the terrific struggle. A number of the millhands who witnessed the accident were so sure that Mr. Smith would be dashed to death that the thought of rendering assistance did not enter their minds. It all happened very quickly and by the time they had recovered their wits Mr. Smith had escaped the peril which had menaced him. On going to his assistance they were delighted to find that he had sustained no serious injury. Clothing was quickly provided for him and he was able to walk to his home soon after the accident occurred.

Severely Shaken Up
On enquiry by telephone yesterday it was learned that Mr. Smith has received a severe shaking up and was suffering from a bruised arm but otherwise was none the worse for the accident. In discussing the affair with a friend he said that he had been around saw mills since he was eleven years old, and this was his first mishap.
