## SCHOOL LIBRARIES AND THEIR VALUE DISCUSSED FULLY AT THE N. B. EDUCATIONAL INSTITUTE

LESSONS FROM THE WAR, SUBJECT OF MR. BRIDGES

Magazines for School Libraries Have Great Value—Grant for Them Given by Province—Paper by Miss Estelle Vaughan, of St. John, Dealt With School Libraries.

At this morning's session of the Educational Institute Miss Black was elected Assistant Secretary of the organization.

The first item on the program was an address by Dr. H. V. B. Bridges with the subject "Patriotism from the Great War." Going back Dr. Bridges viewed incidents from his early career as a teacher, proceeding to tell of conditions in Germany many years prior to the outbreak of hostilities. He contrasted conditions in Germany and in Britain.

The surrender of the fleet which was so long bottled up in the Kiel Canal was mentioned to the undying shame of Germany. "One of the greatest lessons was the way the subjects of the Empire rallied to her relief and to her army," said Dr. Bridges. "Every British subject, nearly 9,000 in the Argentine Republic left home to fight." Another lesson is that given by the Merchant Marine, and the way they carried on in the face of the submarine menace. Canada's part in the war was also touched on, not only bare figures but the more human side and the hardships and trials that had to be endured by the men of the C. E. F.

All this is Canadian history and is food for future generations. The teachers should be proud to be able to teach such history. The winning of the V. C. by Ralph Gregg a former student of P. N. S. was mentioned and the winning of another by a Bathurst boy, in revenge for his brother's death. The winning of M. C. by two brothers was described. These stories should keep this feeling of patriotism close to our children and should take the place of cheap fiction in this country.

The national war debt was touched on. It is a debt that has been incurred in a great war to carry on Canada's part and therefore should be a matter of pride. Further it is the means of a good investment for Canada's people. "The greatest lesson in patriotism is a life of service," declared Dr. Bridges in conclusion and amid great applause.

Miss Estelle Vaughan.

Miss Estelle Vaughan of St. John proceeded to address the assembly on the subject of "School Libraries, how to make the best use of them," from a librarian's point of view. The paper read was exceedingly interesting to all engaged in or connected with teaching and outlined a system of taking care of books, selecting suitable ones, and in fact dealt with the whole matter in a very interesting manner. Not only books but also magazines were touched on and much valuable information given regarding both.

Dr. Carter in following regarding School Libraries said that the province gives grants towards this end. In many cases progress is not satisfactory. It may be the fault of some inspectors or it may be a lack of sympathy in the instructors. He emphasized the fact that when books are mentioned or asked for the name of the author should be mentioned, as it is by the name of the author that the book is judged. From a literary standpoint the old Royal Readers have never been equalled.

Dr. Carter advised every teacher present to start a school library but not to devote all the money to the purchase of books. Magazines should be bought.

General Discussion.

A general discussion on the subject followed, Miss Harvey of the Model School staff recommended "My Magazine" as one of interest to people of all ages.

Dr. H. S. Bridges complimented Miss Vaughan on her paper. He said that while teaching he laid aside the regular studies and brought a volume of Biography for reading aloud in Grade

## ELECTIONS IN NOVA SCOTIA NEXT MONTH

Legislature Dissolved Monday and Voting Will Take Place July 27—Premier Issues Manifesto.

Halifax, June 28—The provincial elections in Nova Scotia will be held on July 27. The legislature was dissolved today and a writ has been issued fixing the polling day. Premier Murray has issued a manifesto to the electors.

After the last election, which was held in June, 1916, the Liberals held thirty seats and the Opposition thirteen seats in a house of forty-three members. Hon. Mr. Murray has been premier of Nova Scotia for almost a quarter of a century and he is now making his sixth appeal to the people of the province for the support of his Liberal administration.

Mr. Murray succeeded Hon. W. S. Fielding as prime minister of Nova Scotia, when Mr. Fielding became finance minister of Canada in 1896. Appealing to the country in 1897 he was returned to power with a following of thirty-five out of a total of thirty-eight seats; in 1901, a following of thirty-six; in 1906, a following of thirty-three; in 1911, a following of twenty-seven, and in 1916 a following of thirty out of an increased representation of forty-three.

## FLOWERS FOR THE DELEGATES

San Francisco, June 29—Masses of California flowers and baskets of fruit for convention visitors will be one form of hospitality extended by Democratic women, according to the announcement of Mrs. Charles L. Donohue, past president of the Women's State Democratic Club, and delegate at large to the convention.

Plans for the distribution to all visiting delegates when the convention opens next Monday morning were discussed.

"We're not going to distinguish between men and women delegates. They will all be treated alike," said Mrs. Donohue.

## POLICE CHIEFS AT MONCTON

Moncton, June 28—The sixteenth annual convention of the Chief Constables Association of Canada opened here this morning with a good attendance. The convention will last three days and a big program of entertainment has been mapped out by the visitors. They will be banqueted by the Provincial Government and will be entertained to a clam bake at Shediac. Chief Rideout of the local force has been active in arranging for the convention.

## TEN BURIED IN THE RUINS

Montreal, June 29—Ten persons were buried in the ruins when a Buffalo, N. Y., rooming house collapsed early today, and it is feared that many more are under the wreckage, as no one knows how many were in the various rooms.

X and XI. Thackeray's description of Waterloo is another book which will hold the interest.

Dr. Bridges declared that as Miss Vaughan had said a love not only for what was in the book but also for the cover of the books should be instilled into the minds of the students. The want of care of books is a great fault all over our province.

Dr. H. V. B. Bridges, A. S. McFarlane and Dr. A. O'Brien all took part in the discussion.

## THE HOUSE OF COMMONS IS SPEEDING UP BUSINESS; FRANCHISE BILL PASSED

Opposition Amendment Voted Down by the House—A Majority of Twenty-six on Third Reading—Board of Railway Commissioners to Handle the Fuel Situation in Canada—Opposition to Increased Salaries.

OTTAWA, June 29.—The Franchise Bill, which has occupied the House of Commons for a large part of the present session was passed tonight after several amendments had been adopted. There were divisions and a brief debate on the opposition amendment which sought to compel newspapers to print the names of advertisers paying for matter published in support of political parties.

Third reading of the bill was finally passed by a majority of 26 after an amendment proposed by A. R. McMaster was defeated by a vote of 86 to 60.

W. A. Buchanan (Lethbridge) and F. L. Davis (Neepawa) voted against the government in support of the amendment.

The farmers' party voted against the government.

Mr. McMaster proposed that election advertisements in any form bear the name of the person or organization paying for the advertisement.

Hon. Hugh Guthrie said that the evils of election advertisements through public journals was greatly exaggerated. It would be more to the point if newspaper articles bear the signature of the writer.

Speedy progress was made with the business of the House of Commons. Shortly after the opening Sir Robert Borden introduced his resolution which vests the board of railway commissioners with powers to handle the fuel situation in Canada. With comparatively little discussion this resolution carried and the bill based on it was pushed through all three readings.

Next the House took up the measure providing for increases in the salaries of judges, which met with considerable opposition but finally received first reading.

Sir George Foster's resolution providing for the extension of the time of the Canada Wheat Board, if the government considers that it is necessary to the marketing of this year's crop, caused some discussion.

When the Franchise Bill made what is expected to be its last appearance in the House, Hon. W. S. Fielding introduced an amendment which provides that by-elections be held on the same day. He pointed out that vacancies occurred in East Elgin and St. James, Montreal division, about the same time. The amendment was lost by 19, the vote standing 58 to 77.

Hon. W. L. Mackenzie King immediately introduced another amendment which would do away with the employment of enumerators in rural constituencies. The leader of the opposition said that the system of employing enumerators would cost the country a million dollars. This amendment was also lost on division by 53, the vote standing, for 4, against 101. Twelve Progressives voted with the government.

## WHOLESALE ARE FINED

St. John, June 29—The case against the wholesale grocers who were charged with having lemon extract for sale in their respective places of business, was continued in the police court yesterday afternoon, and nine wholesale grocery companies and firms were each fined \$200 or in default of payment the heads of the concerns were sentenced to six months in jail. Two additional companies besides those charged when the case was up before, were added to the list namely Hall & Fairweather, Ltd., and H. W. Cole, Ltd. The Brayley Drug Co., one of the defendants, had no representative in court, there being some misunderstanding as to the time the case was to be taken up. This really is a test case, as it is the first time wholesale firms have been convicted on a lemon charge under the liquor act, although there have been many convictions of retail merchants who were charged with selling the extracts as beverages. The merchants may appeal the case although no information on this point could be ascertained yesterday.

## N. S. HOUSE DISSOLVED

Halifax, N. S., June 28—The Morning Chronicle says today: "A proclamation will be issued today dissolving the House of Assembly and calling a general election for the province. Nomination day will be July 20, and polling July 27."

"A special edition of the Royal Gazette containing the election proclamation will be issued today and the writs for the elections will be sent out forthwith."

Mr. C. H. Townshend, of the Townshend Piano Company, St. John, is in the city today.

## NEW CURE IS WORKING WELL

Toronto, June 29—Remarkable improvement is shown in the condition of thirty-five patients suffering from advance cases of cancer who have been treated with the serum discovered by Dr. T. J. Glover, of this city. No hope was held out for the recovery of any of the patients when Dr. Glover first administered his serum, but this morning it was announced they were all free from the dreadful agony they have been suffering and many were making plans for the future.

Since the first announcement of Dr. Glover's discovery the outdoor department of St. Michael's Hospital has been besieged with persons suffering from the disease. No cases are treated unless reputable physicians first testify that patients are suffering from cancer.

## BANK THIEVES ARRESTED

New York, June 29—On the night of May 20, yeggmen dropped off a train as it was passing through O'Fallon, Mo., and while O'Fallon's 500 residents were sleeping, cracked the safe in the town bank and made off with its contents. On Wednesday the New York police arrested Carl Jacobsen, Joseph Swec, Harry Feinberg and Victor Diamond in the Tenderloin district. They said they found \$25,000 worth of Liberty Bonds in their baggage and that fifty-three of the bonds came from the bank in O'Fallon. In the Essex Market Court yesterday the quartette were held without bail.

Donald Fraser of Plaster Rock is at the Queen.

Hon. E. A. Smith, Minister of Lands and Mines, is in the city on departmental business.

## LIBERAL UNIONIST MEMBERS OF PARLIAMENT TALK OF HOLDING A CAUCUS OF THEIR OWN NOW

## RETURNED MEN MUST VOTE IN OWN COUNTIES

Ruling Given by Attorney General in Connection With the Prohibition Plebiscite.

Hon. J. P. Byrne, Attorney General, who arrived in the city last night, has made a ruling with regard to the right of returned soldiers to vote in provincial elections under legislation recently passed. The point arose in connection with the Prohibition Plebiscite on July 10. Many soldiers residing in various parts of the province are in Fredericton attending the courses given by the D. S. C. R. They wished to vote in Fredericton irrespective of their place of domicile.

The ruling of the Attorney General is that a returned soldier can vote at any place in the electoral division containing his domicile but cannot vote in any other electoral division.

The ruling means that returned soldiers will be able to vote at any place in the electoral division in which they are domiciled but if temporarily outside that division must return to it.

In the province the electoral divisions coincide with county boundaries with the exception of Moncton and St. John Cities. A returned soldier can vote at any place within the county in which he has his domicile.

## HERO CAPTAIN OF THE BALTIC TO RETIRE

New York, June 29—Captain William Finch of the White Star liner Baltic, which sailed yesterday for Liverpool, will retire from active sea duty, with a substantial pension, on his arrival there, after having sailed for forty-six years all the seven seas and won glory in the war transporting passengers, troops and precious cargoes through the submarine zones. His most notable war experience came when a German undersea pirate torpedoed the Arabic off the Irish coast.

Capt. Finch struck the bridge and in keeping with the tradition of his profession went down with his ship, which sank eight minutes after she was smitten. He came up swiftly and being a fine swimmer kept afloat forty minutes before boarding a lifeboat that drifted within his reach. He took aboard the raft a woman and baby and two of the ship's firemen.

King George gave him the Order of the British Empire, the British Government presented a piece of plate and the Humane Society of Great Britain honored him with an illuminated address.

## PROTECTION OF WOODWORK

The effect of the lumber scarcity, and its antecedent, the depletion of the forest, is being felt by the ambitious householder who undertakes to make his own repairs or improvements. Costs of material are rapidly mounting, and the expense entailed causes a delay in making repairs.

In many cases, however, the necessity for repairs is due to delay in protecting woodwork. By the use of paint much of the labour and expense of renewal would be obviated. It is remarkable how little thought is given to the protection of wood where it is exposed to the weather. The alternate absorption and drying out of moisture and conducive to decay. By painting the woodwork, moisture is excluded and the life of the wood will be greatly lengthened.

## PROVINCIAL ELECTION TAKING PLACE TODAY IN MANITOBA

WINNIPEG, June 29.—Voting in the Provincial elections in the Province of Manitoba is taking place today. Weather conditions are favorable and it is likely that a large vote will be polled. The Liberal government led by Hon. T. C. Norris, which has been in power since 1916, is practically sure of being returned, but its majority may not be so large as in the last House. In this city proportional representation is being given a trial for the first time in Canada. There are forty-three candidates in the field for the ten seats. The apathy being shown in some sections indicates that the people are well satisfied with the present administration.

MAY NOT AGREE WITH THE TORY PROGRAMME

Better Understanding Between

Hon. J. A. Calder and Hon.

Arthur Meighen is Reported

—Leadership Question Has

Got to be Grappled With

With Before Session Ends.

Ottawa, June 29—If the desires of Liberal-Unionists carry any weight at all in the councils of the Unionist party there will have to be three caucuses in connection with the meeting of members to decide on party policy, organization and leadership. The Liberal-Unionists have practically decided with a few exceptions to attend the caucus to be called on the last day of the session or the next day, hear all that is said and then hold a caucus of their own to determine whether or not they can agree with the programme outlined by Sir Robert Borden or what amendments they desire to make it satisfactory to them. If their plan carries through this would entail the holding of a second caucus which might make it necessary for Unionist members to remain in Ottawa two or three days beyond the end of the session.

If Sir Robert retires and there is a deadlock on the leadership, the caucus might become a long continued affair. However, of late it is reported that there is a better understanding between Hon. Arthur Meighen and Hon. J. A. Calder, and that it is possible now to compose what seemed irreconcilable differences in support of Hon. Arthur Meighen.

Party Leadership

The members show a disposition to take a bit between their teeth on the leadership question within the last few days as they have already done on the indemnity question. They will support Sir Robert Borden if he stays but they are not so willing to accept ministerial arguments that the selection of anybody but Sir George Foster would mean an early election. Not so long sighted as some of the ministers members are rather inclined to draw a line across Quebec as lost to Conservative or Unionist cause in any case, and to take Hon. Arthur Meighen as premier with Hon. J. A. Calder as his right hand man. One has what the other lacks, as one enthusiastic Unionist said to your correspondent, in defence of his plan. "One has generalship and political foresight to a marked degree and could keep the other from making blunders that is if enough Liberal-Unionists remained as a separate group in the fold to support and give weight to the ministers' opinions."

## WOOL PRICES GO LOWER

Boston, June 29—The Commercial Bulletin says: "More resistance has developed to the decline in wool prices, with a little more actual business, but prices are lower and still erratic. Little buying is reported from the West. "English Government wools held here for private sale have been reduced in price 7 1/2 to 10 per cent. The goods market is dull and unchanged, with further curtailment of mill schedules imminent."

## TAFT WILL TAKE STUMP

Chicago, June 29—Former President William H. Taft, here today, told interviewers that he would take the stump for Harding and Coolidge or perform any other task the Republican campaign managers assigned him. Mr. Taft predicted that the Democratic Convention would not adopt a wet platform.

## THE CITY OF MONTREAL LIKELY TO HAVE ANOTHER BIG STRIKE

MONTREAL, June 29.—The City of Montreal is again threatened with a water strike, the firemen and coal passers of water supply system notifying the civic administration that they would quit work at four o'clock this afternoon. The firemen, who get 56 cents an hour, demand 62 1/2 cents. The coal passers get 50 1/2 cents an hour and demand 60 cents. A special effort was made to get them to delay action for twenty-four hours, but it was turned down. The city has decided to fight the action of the men.
