

Our Corner of the Earth

is charming in a thousand ways, but it has the dampest winters of all Canada and the winds are cold and "raw". Coughs and colds are prevalent.

HAWKER'S TOLU AND CHERRY BALSAM

will protect you and your family from coughs and colds. Keep a bottle always in the house. Colds demand prompt treatment.

Read what Thos. McAvity, of St. John, N. B., has to say about Hawker's Tolu and Cherry Balsam:

"I take great pleasure in stating that I have used Hawker's Tolu and Wild Cherry Balsam in my family for years and find it an excellent remedy for coughs and colds."

Sold by all druggists and general stores. The same price everywhere—25c. & 50c. None genuine without Company's name.

THE CANADIAN DRUG CO., Limited, ST. JOHN, N. B.

The Greenville Murder

St. John Globe. It is reported that a daughter of Robert C. Moore, of Greenville Junction, Me., was employed at a local boarding house and did not learn of the death of her father and the wounding of her mother until supper hour on Tuesday. The girl, who was engaged as a cook happened to glance at an evening paper and saw the item about the murder. She became hysterical and was calmed only after a considerable period. She left for Moncton Tuesday night.

DONALD FRASER PRESIDENT N.B. LUMBERMEN'S ASSOC.

(Continued From Page Five).

ed upon in all our mills and a study made to economize and also to the greater utilization of waste. Some effort should be made to bring before our men in woods or mill the great necessity of conservation and to impress them with the importance from their standpoint of co-operation with their employers to bring about the very best results.

Our great enemy, fire, in timber lands or plants should be guarded against and our employees educated to assist in every way to prevent this menace. A little intelligent care can do a great deal in this direction and while all fires may not be avoided, still a great improvement may be accomplished.

The destruction in our forests caused by the bud-worm cannot be overlooked. We must do all we can to remove the damaged trees while still valuable also to assist the department in eradicating this destructive insect. This is a subject I would like to have discussed.

Safety First

Safety first in our logging, driving, rafting and milling should be impressed on our men, not so much to avoid accidents for the sake of reduced premiums, but for the conservation of our man power and the greater working efficiency.

Every mill and factory owner should do all possible to make working conditions as pleasant and safe as possible.

A harmonious and friendly understanding between employer and employee—each feeling a real interest in the other—will do more to stabilize conditions in our country than any panacea so far suggested.

All efforts to create animosity between so-called capital and labor

should be discountenanced by both parties. The most friendly relations have so far existed in our part of the Dominion and will continue to do so if agitators are known as such. Each is essential to the other and both unselfishly working together combine to produce a prosperous, happy country. May it long continue so in New Brunswick.

Your directors have not been idle during the past year. In June we were advised that woodsmen and river drivers would be brought under the operation of the Compensation Act on the 1st of August. This was not anticipated. On the 9th of July we met Mr. John Sinclair and Mr. Sugrue at the Miramichi Hotel in Newcastle and had a satisfactory interview with them and rates were agreed upon for the first season. On the 25th of September we had a general meeting in St. John when matters of interest were discussed fully and a committee consisting of Fred Anderson, Campbellton; Angus McLean, Bathurst; Fred C. Beateay, St. John; J. W. Brankley, Chatham; Donald Fraser, Plaster Rock; Stanley Douglass, Fredericton, and W.B. Snowball, Chatham, was appointed to meet the government and discuss several matters with them.

Matters Discussed.

At a later date the above committee

NEWS AGENTS IN CITY. THE DAILY MAIL IS ON SALE

NOTICE OF LEGISLATION.

Public notice is hereby given that application will be made at the next session of the Legislative Assembly, by the City of Fredericton, for the passage of a bill or bills for the following purposes:

(a) To amend the City of Fredericton Assessment Act, 1907, and in particular section 46 thereof, so as to provide that tax notices may be mailed to ratepayers or delivered personally, as the City Treasurer may decide, under the direction of the Finance Committee.

(b) That the said Assessment Act be further amended so as to provide that all females assessed on income or property, real or personal, within the City of Fredericton, and who shall have paid their taxes within the time limited therefor by the said Act, shall be entitled to vote at City elections.

(c) For authority to make a grant for a Memorial in memory of soldiers who lost their lives during the Great War, either by way of assessment or by borrowing, as the City Council may decide.

(d) For authority to grant to the John Palmer Company, Limited, exemption from taxation for a period of twenty years from and including the year 1920; free sewerage for the same period of time under such limitation as the City Council may decide, and water for all purposes at the fixed rate of ten cents per thousand gallons, for the said period of twenty years.

Dated the second day of March, A.D. 1920.

G. R. PERKINS,
City Clerk.

TONIGHT!

Take "Cascarets" if sick, Bilious, Constipated.

Enjoy life! Straighten up! Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head dull and aching. Your meals are turning into poison and you can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little too—Cascarets work while you sleep.

tee met the Government and discussed the following:

(a) The advisability of fixing stumpage for a period of ten years, as in Quebec.

(b) The adoption of a more equitable log scale and suggested the present Quebec scale.

(c) The matter of fire protection being placed in the control of the limit holders.

(d) The question of the department scaling the logs and putting operators to the expense of boarding scalers and horses, when the operator had to keep scalers himself in the woods and submit to sworn statement of his cut. The Government gave your committee a sympathetic hearing and discussed fully the several suggestions made.

Intimation was given during last season that the Minister of Lands and Mines intended having a conference with licensees, but although we communicated with the Minister in August last he has not yet named a date.

Short Working Day.

During the past season, many mills in the province were compelled to adopt a nine-hour day. Saw mills can only run some six months of the year and this makes a very short working day for such a large expenditure of capital as represented in the larger saw mills. If these mills were run night and day, as the shorter working day would warrant, it would mean a very short sawing season, as most of the mills cannot increase their supply of logs without depreciating very quickly their lands and thus curtailing the life of the industry.

Since our last meeting two of our directors, men who took a great interest in the working of our association, have passed to the Great Beyond, namely, Daniel Richards and J. B. Gregory. We revere their memory and express our sympathy to their sorrowing families and friends.

It has come to our notice that some pressure is being brought to bear on the Board of Commerce to induce them to prohibit the exportation of lumber, owing to the present shortage of supplies. We think some action should be taken to show our disapproval of any steps being taken that will hamper trade. In our opinion such action would mean ruin to our trade.

The University of New Brunswick has a forestry branch in connection with their institution. We all realize the need of technically trained men in all branches of industry and perhaps no industry requires this more than our own. We would ask the hearty cooperation of the trade to this branch and I am sure any suggestions that would make the work more practical would be welcomed by the faculty.

Prices of Lumber.

In some quarters we hear criticism of the great advance in the price of lumber, and those unaware of the real reason, blame the lumbermen. It is well for us to be prepared to show good reasons beyond our control for the advance which, however, is not as great as that of many other commodities.

In 1913 stumpage was \$1.50 and mileage \$8. Today we pay \$3.50 stumpage, \$8 mileage and \$3.20 per mile for fire protection, also we have workmen's compensation of logging, river driving, rafting, milling and loading, with a separate rate on each, and this still further adds to the cost; in addition we have the heavy business Dominion war tax.

Increased Cost.

In 1913, compared with 1919, the provisions that enter into a logging operation cost:

	1913	1919
Flour.....	\$ 4.90	\$11.20
Tea.....	.23	.45
Beans.....	2.05	4.90
Molasses.....	.35½	1.00
Beef.....	20.00	27.00
Pork.....	26.00	48.00
Lard.....	.11½	.27
Hay.....	13.90	27.00
Oats.....	.51½	1.10
Axes.....	7.50	15.25
Peavies.....	15.25	25.50
Crosscut saws.....	2.58	4.75
Oil (paraffine).....	.19½	.24½

In 1913 men's wages were \$28 to \$32 per month; in 1919 men's wages were \$70 to \$85 per month.

This same condition of wages applies to the sawmills, and in addition we have a nine-hour day, or one-tenth reduction in time; and in both

woods and mills the labor is less efficient than before the war. Belting, saws and mill oils are also about double in price.

While there is practically a 100 per cent. advance in the articles that enter into cost, lumber has not advanced in the same proportion.

Erroneous Views.

Since writing the above a discussion of this subject has taken place in the Legislature and a suggestion made that stumpage should be \$7 per thousand and intimation given that the profits for some years have been \$15 to \$20 per thousand. When intelligent persons make these statements it shows how necessary it is to correct such erroneous views. I do not know of anything approaching such a margin on the North Shore. When it is considered that on the North Shore of New Brunswick there are long portages costing as high as \$40 per ton; drives are expensive, also high rafting charges, it can easily be seen that any such increase in stumpage would ruin the lumber trade in our part of the province, reduce the cut very materially, throwing men out of employment in woods and mills, and bringing disaster to our district.

MAIL CONTRACT

SEALED TENDERS addressed to the Postmaster General will be received at Ottawa until noon on FRIDAY, the 19th March, 1920, for the conveyance of His Majesty's Mails on a proposed Contract for four years, 3 times per week on the Prince William Station Rural Route No. 1, commencing at the pleasure of the Postmaster General.

Printed notices containing further information as to conditions of proposed Contract may be seen, and blank forms of Tender may be obtained at the post offices of Prince William Station and Magundy, and at the office of the Post Office Inspector.

H. W. WOODS,

Post Office Inspector
Post Office Inspector's Office,
St. John, N. B., 3rd Feb., 1920.

CITY ELECTION

An Election for Alderman, for Kings Ward, to serve the unexpired term of Alderman J. A. Reid, who resigned as Alderman, to accept a nomination for Mayor, will be held on

MONDAY

THE 29TH DAY OF MARCH, 1920, AT THE POLLING PLACES AS FOLLOWS:

DIVISION No. 1.—For all voters residing or owning property above the northwest centre line of Carleton Street prolonged, at or near the City Hall in the said City.

DIVISION No. 2.—For all voters residing or owning property in the remainder of the said City, at or near the County Court House in said City.

NOMINATIONS

Every candidate for the office of Alderman shall be qualified to vote at the election for which he is nominated, and shall be nominated in writing by at least TWO ratepayers residing in the City of Fredericton, and qualified to vote at the ensuing election for which such candidate is nominated.

Every nomination paper, with the certificate of the City Treasurer shall be filed with the City Clerk or at his office and not later than four o'clock on the afternoon of Monday, the 22nd day of March, 1920, and the City Clerk, before receiving such nomination paper, shall ascertain from the same that the requirements of the Election Act have been complied with.

No candidate is qualified to be nominated for Alderman unless at the time of the nomination he is a resident of the Ward for which he is nominated.

The acceptance of each candidate and the signatures of at least TWO resident qualified voters, who must sign the nomination paper, shall be proved by a witness by affidavit attached to the nomination.

In case of a contest, each elector shall be entitled to vote for ONE candidate for Alderman for Kings Ward.

Dated this 13th day of March, A. D. 1920.

G. R. PERKINS,
City Clerk.

Have Your Job Work Done at Home

The Mail now has every facility for turning out High Class Job Printing Work, and there is no longer any reason why manufacturers, merchants and others should send their orders out of town.

Give Us a Trial Order and be Convinced.

We have a new office and up-to-date machinery, all run by electric power, and can turn out work promptly and efficiently.

If You have a Job of Printing, Call Up
No. 67. We will do the Rest.

327-329 Queen Street (Up Town)

MOTHERS!

Watch your children's skins. As soon as you see the slightest trace of a rash or sore, apply Zam-Buk. This antiseptic balm will protect the sore place from infection, prevent it from spreading and healing soon follows.

Careful mothers always keep Zam-Buk on hand for their children's injuries—it ends pain so quickly and prevents any possibility of festering. Best for cuts, burns, scalds, bruises, ringworm, scalp sores, eczema and teething rash. All dealers 50c box.

TENDERS

Sealed Tenders for the work of re-modelling the Methodist Church building, Fredericton, N. B., will be received by the undersigned up to 12 o'clock noon, April 5, 1920, from the following trades: Mason, carpenter, painting and glazing, electric wiring, and heating and plumbing; or bulk tenders for the whole of the work.

Plans and specifications may be seen at the office of Lemont & Sons, Fredericton, or at the office of Architect F. Neil Brodie, 42 Princess Street, St. John, N. B.

Bulk tenders to be accompanied by a certified bank cheque for the sum of one thousand dollars; and separate tenders by a certified bank cheque for a sum equal to five per cent. of their respective amounts.

The lowest or any tender not necessarily accepted.

(Signed) W. J. OSBORNE,
Secy. Building Committee,
Fredericton, N. B., March 15, 1920.
