

TELLS OF GREAT BENEFITS DERIVED FROM GOOD ROADS

P. E. Doolittle, a Toronto Enthusiast, Delivers an Address Before the Nova Scotia Motor League—Says Good Highways Will Bring Wealth to the Province—Importance of Capturing the Motor Tourists.

(Halifax Chronicle)

Dr. Doolittle of Toronto for an "aged good roads enthusiast" as he was described in the press, particularly vigorous and lively address at the annual meeting of the Nova Scotia Motor League held at the Board of Trade last night at which Col. Weston presided. Hon. H. H. Wickwire, Minister of Highways, preceded Dr. Doolittle speaking briefly of the work which was being done, and was planned by the Highways Board of Nova Scotia. Mr. Wickwire said that a deep interest was taken by the Government in the Motor League and that the co-operation and support of the league was looked for in the carrying out of the extensive programme which had been undertaken for the improvement of roads in the Province. The outlook was encouraging he said.

At Dr. Doolittle's request the Sec-

retary read a letter of greeting to the members of the Nova Scotia Motor League in which best wishes and sage advice were judiciously mixed with an introduction of the Doctor. Dr. Doolittle then climbed in behind his rhetorical steering wheel and "went into high."

In delightfully breezy fashion he drew a picture of the magnificent opportunity which presented itself to Nova Scotia for capturing the summer motoring tourist. "There are fifty millions of people to the South sweltering in the heat; they have the money of the world, why should we not try some loose," he said.

Dr. Doolittle quoted statistics with an amazing number of cyphers tacked onto them to illustrate the wealth which flowed into California every year with Canadian and American

**Every Home In Canada Needs
"FRUIT-A-TIVES"**

To those suffering with *Indigestion, Torpid Liver, Constipation, Sick or Nervous Headaches, Neuralgia, Kidney Trouble, Rheumatism, Pain in the Back, Eczema and other skin affections*, "Fruit-a-tives" gives prompt relief and assures a speedy recovery when the treatment is faithfully followed.

"Fruit-a-tives" is the only medicine made from Fruit—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and antiseptics. 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

winter tourists. The State of California was spending seventy-seven millions in improving her roads, and she was not doing it for her people's health; she was doing it because she expected to reap a profit of ten times seventy seven millions. Nova Scotia had the gold mine he said, and it was up to her to work it. He thought that Grand Pre and the "Land of Evangeline" would become a veritable mecca for motoring Americans if the great opportunity was taken advantage of.

Benefit of Good Roads

Dr. Doolittle then briefly sketched the history of the origin of the modern road building government machinery in Ontario, and went on to illustrate the vast benefit which had accrued to the farmer from the building of roads which gave him an outlet for his products to the market in all weathers. The solution of the "back to the land" problem lay in the conveniences which followed the innovation of hydro-electric power, the rural telephone, the rural mail delivery and good roads which made motor transportation so easy. In the use of these conveniences lay the solution of the "lack of production" which was the curse of the country.

He said that he had for some time had the "bug" of a vision of a great national highway uniting the provinces of Canada and stretching from Halifax to Vancouver. It was important to remember that the highway of the most moment to tourist travel in Nova Scotia was that road stretching from Halifax to the boundary of New Brunswick.

Dr. Doolittle's last important point was the advisability of changing the rule of the road in Nova Scotia. Tourists would not come to Nova Scotia if they must be afraid of their lives because their habit was to drive to the right. Ninety per cent of the continent drove the other way and that ninety per cent had the money that Nova Scotia wanted to get.

SLEEPLESS NIGHTS OVERCOME BY SAFE METHOD

SUGGESTIONS GIVEN WHEREBY
INSOMNIA CAN BE SAFELY AND
QUICKLY CURED.

Worry, overwork, overstudy and indigestion cause insomnia.

Healthy, natural sleep can't be produced by drugs.

First the blood circulation must be improved.

Congestion of blood in the head must be removed.

Irritation in the brain must be relieved.

It's because Ferrozone equalizes circulation, because it soothes the irritation, because it removes congestion that it does cure insomnia.

For building blood and nerve, for instilling force and life into overworked organs, for establishing strength and vitality, where can you find anything so efficient as Ferrozone?

Remember, sleep is just as important as food.

You must sleep, or break down, but if you'll use Ferrozone and thereby remove the conditions which now keep you from sleep, you'll get well quickly.

Ferrozone is not a narcotic, not a dope; it is a health-giving tonic that any child or delicate woman can use. Absolutely safe is Ferrozone.

Take it for a month, take it for a year—no harm, but immeasurable good will result.

To sleep well, look well, feel well, to be free from depression, nervousness or blues—use Ferrozone. It's a food tonic, a healer to the weak and wretched, a boon to the sleepless—sold in 50c. boxes, six for \$2.50, at all dealers, or direct from The Catarrh-ozone Co., Kingston, Ont.

Apparatus has been invented to determine the alcoholic content of beverages by volume in a few minutes almost automatically.

How to Cure Biliousness

Doctors warn against remedies containing powerful drugs and alcohol. "The Extract of Roots, long known as Mother Sigel's Curative Syrup, has no dope or strong ingredients; it cures indigestion, biliousness and constipation. Can be had at any drug store." Get the genuine. 50c. and \$1.00 Bottles.

KEEP WINTER LAYERS

They shell out the eggs when prices are the highest, and pay the best. The Barred Plymouth Rock easily holds first place as the best general purpose fowl. They are prolific layers and can stand the severe cold of our winters. During the months of December, January and February of last winter I gathered 515 eggs from a pen of twelve hens. In an experience of thirty years, with many varieties, I never owned such a pen of high class layers. Eggs from the pen are now testing 90 per cent. fertility. I will have for sale a limited number of eggs for hatching from two choice pens headed by Ontario A. C. cocks, at \$2.50 and \$2 per setting of fifteen. As many of these settings are spoken for, no time should be lost in placing orders.

If you want Single Comb White Leghorns I can supply eggs from stock which won the championship at the Fredericton and Moncton shows at \$5 and \$3 per setting.
