## THE AMERICAN NEWSPAPER MEN ARE VISITING ST. JOHN TODAY— HAVING A SAIL ON THE RIVER

### TO BE BANQUETTED THERE THIS EVENING

Visitors Have Completed an  
Enjoyable Tour of Nova  
Scotia—Will Leave St. John  
by Special Train Over Valley  
Railway Tomorrow Morning  
for Fredericton.

St. John, June 14.—The members of the National Editorial Association, of the United States, after an enjoyable tour of Nova Scotia and Eastern New Brunswick, arrived here this afternoon in a deluxe special, placed at their disposal by the C. N. R. The party numbers 59 gentlemen, 57 ladies, and 13 children. Mr. C. K. Howard, C.N.R. Agent at Boston, Mr. T. W. Robertson, General Passenger Agent, and Mr. A. H. Lindsey, Publicity Agent, are in charge of the party.

The visitors were met at the depot by Mayor Schofield and other distinguished citizens, and given a hearty welcome. After greetings had been exchanged, all boarded special cars and proceeded to Indian town where they embarked on the steamer Hampstead for a sail on the river. They will proceed as far as Public Landing, and upon their return the visitors will be entertained to dinner at the Knights of Columbus Hall.

Tomorrow morning the visitors will be entertained to an auto ride about the city, and at 11.30 o'clock will embark by the Valley train for Fredericton, where they will spend the night, proceeding in the morning to North Shore points.

## MANITOBA SELLS BONDS

New York, June 12.—The Province of Manitoba has sold to Minneapolis bankers a block of five year 6 per cent gold bonds and the Wells-Dickey Company are offering them at 93.84 and interest to yield 7.50 per cent, payable in United States funds. Manitoba is the oldest western Canadian Province and has an area of 251,532 square miles, which exceeds the area of any State of the United States except Texas, being five times greater than New York and as large as the combined areas of Montana, North Dakota and Minnesota. The Province is noted for the production of the highest grade wheat in the world, the crop of 19.8 amounting to 55,947,900 bushels and being valued at \$111,895,800.

## WILL BE LARGE BERRY CROP

St. Catharines, June 12.—With plenty of rain in the next week or so the strawberry crop will be a large one, the growers say, but that does not mean there will be any cheap berries this year. The day of cheap berries is over. American buyers have been through this section buying up all the strawberries they could get at 20 cents a quart. There is practically no limit to the demand for Canadian berries in the United States market, they say.

Last year as high as 22 cents a box was paid by American buyers for berries grown here.

## TRY TO BRIBE THE FARMERS

London, Ont., June 12.—The offerings of money to representatives of the people to pass certain pieces of legislation during the last session of the Legislature were appalling, "was the startling statement made by Andrew Hicks, U. F. O. Whip, in an address to the East Middlesex U. F. O. picnic here this afternoon. "But, thank God," he added, "not one of the U. F. O. members succumbed to the effort at bribery."

## FEATHERS WERE HER PET AVERSION; SHE SAID SO; MAN IS SNUFFED OUT

CHICAGO, June 14.—A stern old-looking dowager stepped into an elevator at the Hotel La Salle, her ample bosom placarded with a variety of Lowden emblems. She spied a shrinking little man from whose hatband protruded a sheaf of varicolored Wood feathers. Turning to her companion, she said with a loud snort: "I hate feathers." The little man got off at the next stop.

## SENATOR HARDING OF OHIO CHOSEN BY REPUBLICANS AS STANDARD BEARER

A Dark Horse Won Out at the Great Republican Convention—  
Governor Coolidge of Massachusetts Nominated for Vice-President—General Wood was the Favorite in the Betting—  
—Exciting Scenes at Close of Convention.

CHICAGO, June 14.—Warren G. Harding, United States Senator from Ohio, was nominated for the Presidency Saturday night by the Republican National Convention after a deadlock which lasted for nine ballots and which finally forced out of the running all the original favorites.

As his running mate, the convention named Governor Calvin Coolidge, of Massachusetts, upsetting a plan of a combination of the Harding backers to nominate for the place Senator Lenroot, of Wisconsin.

The collapse of the forces of Governor Frank O. Lowden and their transfer in large part to Senator Harding, put the Ohio candidate over.

General Wood lost heavily, however, when the Harding drift began and Senator Johnson, the third of the trio of leaders on the early balloting, also went steadily down hill.

Entering the convention four days ago as a candidate distinctly of the "dark horse" class, Senator Harding got only 64 votes on the first ballot and on the second he dropped to 56. When the convention adjourned Friday night at the end of the fourth ballot, he had sixty-one.

(Continued on page five.)

## POLISH TROOPS RETREATING IN GOOD ORDER

Warsaw, June 14.—General Myley's retreat before the Russian Bolsheviks in Ukraine has been executed in perfect order according to an official statement issued at army headquarters here. The advance of the Bolsheviks upon Czernobyl forced the retreat. In Rolseia the enemy has lost severely trying to break the Polish front near Glibow. One thousand Bolsheviks under cover of artillery fire reached the right bank of the Dnieper, but were cut off and annihilated. Two hundred were made prisoners and many were drowned. There is intense activity in the region of Lake Scho and to the northward.

## EGG MARKET IS EASIER

Toronto, June 14.—The egg situation is quiet, and the market tends easier without any great change in price. Dealers are persevering in their attempts to get values down, with indifferent success. However, with fair quantities on hand, as disclosed by the statement of stocks June 1, and with Prairie Province eggs available at reasonable prices, there is no very keen demand.

Cheese also is quiet, owing to the uncertainty of the future market. The dealers are not keen on speculating this year, and it is considered that, with conditions as they are, and the export market doubtful, prevailing prices are a little too high.

Poultry have eased somewhat during the week until slightly heavier receipts. The demand for live birds is lighter.

## ULTIMATUM TO POSTMEN

Ottawa, June 14.—The ultimatum of the Government to the "posties," as announced by Hon. Mr. Rowell in the Commons, reads:

"The conclusion of the Government is that, having regard to the character of the work and the conditions of employment, the letter carriers are paid a higher rate than any others doing a similar character of work in this country, and if, in view of this fact, the letter carriers were to go on strike, their action will be treated as a refusal and their places will be filled."

## ODESSA IS OCCUPIED

Paris, June 14.—Ukrainian troops acting in conjunction with Polish forces have occupied Odessa according to a Havas despatch from Constantinople quoting reports current there on Saturday.

F. R. Etterbury of Montreal is in the city.

## BIG LOCKOUT COMING SOON IN ENGLAND

London, June 14.—The most gigantic labor lockout in the history of the world is coming in England within three weeks as a result of the demands by the workmen in the engineering and kindred industries for still high wages, the men's demands expire then, unless the demands are withdrawn or the employers close the factories. Employers are organizing strongly and insisting that further increase in wages would be an expense on capital investment and cannot be met from income.

## RETAILERS WERE FINED

Boston, June 12.—The Commission on the Necessaries of Life announced yesterday that 20 retail grocers in New Bedford have been found to be charging an excessive price for sugar. Some have been securing a margin of profit of five cents a pound although the regulations of the Federal authorities allow for a profit of only two cents a pound.

The offenders will be given an opportunity of scaling down their prices. If they do not agree they will be reported to the Department of Justice for prosecution.

The commission decided not to make the names public at present. The reason no summary action was taken by the commission was because the commissioners thought the dealers may have been ignorant of the exact nature of the law.

## POLICEMAN FATALLY SHOT

Montreal, June 14.—Interrupting a burglary, Constable Thomas Chicoine was early yesterday morning mortally shot. One suspect has been arrested and the city is being scoured for three other men who escaped in an automobile after the shooting. The officer noticed a car standing outside a store near the corner of Park avenue and Bernard street. He was about to ask the driver what he was doing there when he was shot. The ante-mortem statement of the officer was taken in the presence of the suspect, who Chicoine said was not the man who fired the shot, but was sitting in the car. Chicoine died this morning.

## RANEY AWAITS INFORMATION

Toronto, June 14.—Until he receives definite and official information from the Board of Commerce, Attorney-General W. E. Raney does not contemplate any action against unnamed sugar profiteers said to have been unearthed by the board. "I have seen nothing more than has been published in the press," Hon. Mr. Raney said yesterday.

## MYSTERY SURROUNDING THE THEFT OF CARUSO'S JEWELS HAS NOT YET BEEN SOLVED

### YOUNG GIRL TOOK A DRINK OF INK

New York, June 14.—Madeleine Pagot, a Parisienne, comely and only 17, who came here three months ago with Arthur Wright, of Lakeland, Fla., to whom she is betrothed, but was detained at Ellis Island because of a flaw in her passport, decided in a moment of despondency to go to a place to which passports are freely handed out. She supposed the ink supplied to the island by the government was poisonous and drank a small bottle. It was not red ink. A doctor was called, who soon revived her.

## MARYSVILLE BEATEN 15 TO 10 BY ST. PETER'S

Heavy Batting Game at St. John Saturday — Anderson, of Marysville, Spiked by Dever.

St. John, June 14.—In a heavy hitting and rather loosely played game Saturday afternoon on the St. Peter's grounds, the Marysville aggregation of ball tossers went down to defeat before St. Peter's, the score being 15 to 10. A large number of fans witnessed the contest. Time had to be called twice on account of rain, but was resumed and the nine innings played. The rain undoubtedly caused the loose playing, the visitors having nine errors and their opponents seven. The Marysville team is a heavy hitting one getting sixteen safe bingles off Ray Hansen. They also have a fast infield and a better game is expected when these teams meet again under more favorable circumstances. A slight accident occurred in the eighth inning when Dever, as he was sliding into second, spiked Anderson, of Marysville who had to leave the game.

Score by innings:  
Marysville . . . 0 1 3 0 0 4 1 0 1—10  
St. Peter's . . . 1 0 1 3 4 0 1 5 x—15  
Summary—Two base hits, Anderson (3), McLean, Bolster, McGovern, Dever (2), Collett, A. McPherson, Milan, Doherty, Hansen. Sacrifice hits, Gibbons and Mooney. Struck out, by Hansen, 3; by Anderson, 1; by E. McPherson, 3. Base on balls, off Hansen, 3; off Anderson, 2; off E. McPherson, 3. Umpires, Howard and Downee. Scorer, Carney.

## AUTOMOBILE CAUGHT FIRE

Toronto, June 14.—Mrs. Harry Ford, Patterson avenue, was slightly burned and F. Hughes, Scarborough, sustained severely cut hands late last night when the gasoline tank of an auto, which had just been filled, caught fire. Mrs. Ford was sitting in the tonneau of the car at the time, and Mr. Hughes in trying to get her to safety broke the wind shield of the car and cut his hands. He was taken to St. Michael's Hospital after Dr. Farrell of Danforth avenue had attended to his injuries. Mrs. Ford was able to go home.

The automobile was owned by Mr. Ford. It is stated that the occupants were not certain whether the gas tank had been filled and they had attempted to illuminate the top with a lighted match.

## BRITISH MARKET REMAINS FIRM

Toronto, June 14.—At the end of the week the butter market was firm, and prices have advanced both in the country markets and to the retail trade. Storage operations are now underway, and dealers are competing for the good June butter. Receipts are very fair in quantity, and much better

### MANY SLEUTHS ARE WORKING ON THE CASE

Value of Jewels Stolen Estimated at Half a Million Dollars — Detectives Believe it was an Inside Job—Robbery Scene Re-enacted—No Arrests Yet Made.

New York, June 14.—Despite the efforts of as large a force of detectives as ever worked upon a case of such a nature, the mystery surrounding the recent theft of \$500,000 worth of jewels from the summer residence of Mrs. Enrico Caruso remained unsolved last night.

Various things that may be clues to the robbers either were found by private sleuths or reported to them. One man was given the "third degree," and all who had any recollection of the commotion of Tuesday night when the alarm on Mrs. Caruso's jewel casket was heard, were asked to reenact the scene with the same shouts and gestures and the same frantic movements that they made on the occasion of the turmoil. Fine theories were spun, but after all was said and done no arrest was made, and apparently none was in prospect.

One discovery to which the detectives attached great importance was the mark of a rubber heel on the floor of Mrs. Caruso's boudoir and the imprint of a pointed shoe sole, directed toward the mantel, where the jewel box had rested. The detectives learned the name of a person who had purchased recently as Saturday a pair of rubber heels of the brand indicated by the impression.

Advance New Theory  
A theory which the detectives and the Suffolk county officials seem to favor is that the jewels were not actually stolen Tuesday night but forty-eight hours before that time; that it was an "inside job," and that the jewel casket was removed from the house to a nearby spot on the grounds and set ringing for the sole purpose of creating the impression that the robbery had been the work of outsiders.

This opinion is shared by Mrs. Park Benjamin, Jr., sister-in-law of Mrs. Caruso, who said to reporters: "I feel positive that the box was carried from the house before the bell started to ring. The sound was always of the same volume, and it seemed to come from outside the house. I also feel positive that the jewels were not in the case when it was carried from the house on Tuesday night."

## LAWYER GETS PRISON TERM

New York, June 14.—Frank DeR. Storey, lawyer and broker, who was found guilty last week of having criminally received 100,000 worth of Northern Pacific Railroad stock, which had been stolen from the Gans Steamship Company, last October, was sentenced to from two and one-half to five years at hard labor by Judge Malone in General Sessions. Storey is 38 years old and lived with his widowed mother at 11 South Elliott Place, Brooklyn.

Successful Fishing Party  
W. J. Ehrlich and Robert W. Ehrlich of New York are at the Queen Hotel today. They are returning home after a successful fishing trip on Miramichi waters.

G. C. Allan of St. John is in the city.

than was looked for ten days ago. It is expected that they will increase considerably within the next week or two, as the pastures are said to be improving. Wholesalers are now paying the differential price for pasteurized and unpasteurized butter. Prices yesterday, delivered Toronto, worked out as follows: No. 1, butter, pasteurized, 54½¢ per lb; No. 2, past., 53½¢; ungraded, No. 1, 52½¢; No. 2, 51½¢.

## FRONT LINE TRENCHES CARRIED BY OFFENSIVE AGAINST H. C. OF L.

PARIS, June 14.—The French offensive against the high cost of living has carried the first line trenches. At Havre and Marseilles several groups of large wholesale and retail stores have had to give way before popular pressure and have announced 10 to 25 per cent. reductions in prices. The method being pursued all over the country is to talk and write about "la baisse" as persistently as the high cost was talked about formerly, in the hope that talk may result in action.
