## DEERING MOWER

"CUTS CLEAN, REGARDLESS OF CONDITIONS."

You buy a Mower to cut grass and you expect it to do so under all ordinary conditions without wasting the grass, clogging the Mower or putting excessive strain upon the horses. There are reasons why the Deering Mower will cut grass even when conditions are bad, without danger of encountering any of these difficulties.

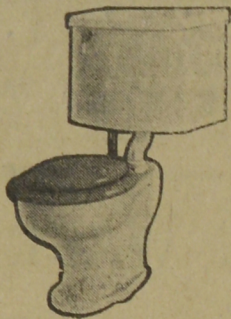

## DEERING REPAIR SERVICE

We carry a good supply of repairs for the Deering Mower and can supply any repair part quickly.

Now is the time to place your order for your Harvesting Machinery for this summer, and we solicit your business.

J. CLARK &amp; SON, Limited

FREDERICTON, N. B., and BRANCHES.

## The Aristocrat of Closet Construction

This closet combination is made entirely of snow white, easily cleaned, non-absorbent, vitreous china, which will give years of service without chipping, cracking or brazing.

Having a heavy rim and large water surface, this fixture is more sanitary and provides a greater degree of non-soiling insurance than any other closet.

Upon request we will gladly estimate the cost of installing this Aristocrat of closet construction in your home. Asking for this information will not obligate you in any way.

## SHEA'S PLUMBING ESTABLISHMENT

Carleton Street.

\$5 PER DAY—Men send me your address and I will start you in a business of your own earning \$5 to \$10 daily the year around. Sample case and plans free. Address H. V. Martin, Windsor, Ont.

## PROF BELLEVEAU RECORD AS AN EDUCATIONALIST

Member of the Normal School Staff Has Been in Harness for Half a Century—Has Rendered Good Service to the Cause of Education in New Brunswick—A Native of the County of Westmorland.

(The New Freeman).

The retirement of Professor Alpheus Bellevue from the staff of the Provincial Normal School, Fredericton, N. B., brings to completion a term of fifty years, but one, in the teaching profession, a record seldom attained and rarely surpassed. Most of his life as an educationalist was spent in the province of New Brunswick.

For forty-two years Professor Bellevue has been head of the French department of the Provincial Normal School. Preveious to the establishment of this department only nine Acadian candidates had attended but, since its opening more than 1,600 student teachers attended, a splendid tribute to the department and its head.

Native of Westmorland.

Born August 9, 1851 in Bellevue Village, situated on the Petitcodiac river, Westmorland County, a village founded by his great grandfather in 1874, he attended the public schools, then entering St. Joseph's College in 1864. This was the year of the foundation of the College so that Prof. Bellevue has something to look back to in the fact that he was a member of the first class. His course and connection with the college ended in 1871. From that year until 1878 he taught in the public schools among other places at Sault-au-Rapide, N. S., Grosses Coques, N. S., and Bellevue's Cove, N. S., also at Pre d'en Haut, N. B.

Placed by the New Brunswick government at the head of the French Department of the Provincial Normal School, Professor Bellevue has just brought to completion a period of forty-two years continuous service with the school and a total of forty-nine consecutive years in the teaching profession—a truly creditable record.

Professor Bellevue had applied for superannuation last year and this was unanimously passed by the Legislature, the Board of Education also granting him leave of absence for six months will full pay.

The Department of Education parts with the service of Professor Bellevue with great regret and has expressed its appreciation of the work he has done in the cause of education. That his declining years may be pleasant and prosperous is the wish of all.

His Family Relations.

In 1885 Prof. Bellevue was married to Miss Marie Rabineau, then a school teacher in her native parish, St. Louis, Kent Co., N. B. Seven children were born, five of whom are still living, three boys and two girls. The sons are Rev. Hector L., for two years stationed at the Cathedral, St. John, and now curate in L'Assomption parish, Moncton; Edward and Alfred, now in the United States; Alice, a religious in the teaching Sisters of the Congregation of Notre Dame, Montreal and Alma, graduate nurse, residing with her parents at Fredericton.

During the war Professor Bellevue's three sons joined the forces. Edward a sergeant in the Princess Pats left the U. N. B. in his junior year and went overseas. Wounded in 1917 he was invalided home; Alfred, a Lieutenant in the 165th Acadian Battalion, left St. Joseph's College in his junior year and went overseas with the Battalion. He transferred to the air force and, whilst over the German lines was shot down and remained a prisoner for five months until liberated by the armistice; Capt. (Rev.) Hector L. Bellevue was named military chaplain of His Lordship Bishop LeBailly and was stationed at Sussex and St. John.

Lover of Books.

A scholar and a lover of books Professor Bellevue is a master of some five languages—French, English, Latin, Spanish and Greek. He has acquired no fortune but the service he has rendered to the cause of education

for half a century and, in particular to the Acadian people, will not soon be forgotten. He gave freely to his children the benefit of a sound Catholic education. Staunch to their race and their faith Professor and Mrs. Bellevue have had the consolation of seeing one of their sons elevated to the priesthood and a daughter consecrate her life to God as a religious.

On the closing of the Normal School June 4 last, Prof. Bellevue was presented a cane bearing the inscription: "Presented to Prof. A. Bellevue by the Normal School staff 1920." Prior to the presentation congratulations were offered by Dr. Bridges, Principal, and Dr. Carter, Chief Superintendent of Education.

On the occasion of the fiftieth anniversary of St. Joseph's College the degree of M. A. was conferred on Prof. Bellevue. He is also Grand Deputy of the C. M. B. A., an honor he has held for many years. It is the intention of Professor Bellevue to pass the rest of his life in his native village.

The Canadian Archives, in the genealogy of the Bellevue family goes back to Antoine Bellevue, born in France between the years 1616 and 1620. Thence the descent is traced to his son Jean, born at Port Royal in 1651. Early Canadian history is recalled in the fact that in 1672 a member of the family died from a wound received in a fight with the English at Port Royal. Thence the family is traced to Memramcook, where Pierre settled in 1772. The father and other members of the family of Joseph, escaped from the expulsion of the Acadians in 1755. The family spent the winter at Grosses Coques, Dibby Co., N. S., later proceeding to the Miramichi. In the spring of 1760 submission was made before Col. Frye at Beauséjour, Amherst. The family finally settled in Memramcook, where St. Joseph's College is now situated. Thus the Bellevue family came to New Brunswick.

Professor Bellevue has two brothers living, Rt. Rev. Mgr. P. L. Bellevue, P. D., V. G., M. A., Grand Digue, N. B., and Andre, residing on the old homestead, also five sisters living in Westmorland and Kent counties.

## PRESIDENT LOST MONEY IN STOCKS

Boston, June 12—Investigation into the finances of the New England Order of Protection has led to the discovery of a shortage in the funds in the control of Hon. John P. Sanborn of Newport, R. I., supreme treasurer. According to Judge H. Williams Scott of Barre, Vt., supreme warden, the amount involved is \$109,000. Of this amount it is alleged that \$51,000 in bonds and \$58,000 in cash is missing.

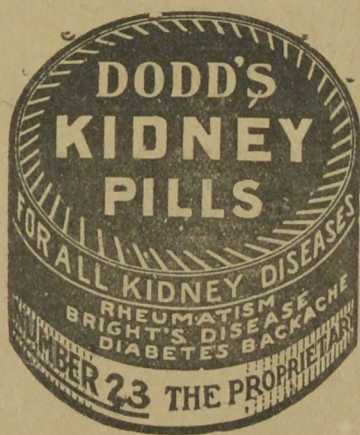

Judge Scott says that the organization will suffer no loss and that its soundness has not been impaired in the least as any losses will be covered by Mr. Sanborn's bond, which is for \$100,000. He is bonded by the Royal Indemnity Company and the United States Fidelity & Guaranty Company. Judge Scott said he believed that the money had been lost in stock speculation and that the bonds had been used as collateral in stock transactions.

Washington, June 13—Preparatory to removal to Augusta, Me., for interment in a memorial park, the bodies of James G. Blaine, Republican nominee for the Presidency in 1884, and twice Secretary of State, and his wife Mrs. Harriet Stanwood Blaine, were disinterred from Oakwood Cemetery here. The bodies will be shipped to Augusta and interment in that city took place today.

Only a few friends and relatives attended the simple ceremonies at the cemetery. Mr. Blaine died on July 27, 1893, and Mrs. Blaine 10 years later.

Montreal, June 13—Raising his hat to mop his brow at the Windsor station a traveller from New York disclosed a conspicuous pimple on the top of his head. Local detectives watching incoming trains arrested him as Joseph Menzer, wanted in New York in a charge of stealing jewelry worth \$50,000. They claimed to identify him by the pimple, which was mentioned in the police circular sent out describing Menzer.

Let the girls giggle, say we. Giggles are the bubbles of exuberant young life.

WALKER BROS. MERCHANT TAILORS

QUEEN STREET, WEST END

## KEEP WINTER LAYERS

They shell out the eggs when prices are the highest, and pay the best. The Barred Plymouth Rock easily holds first place as the best general purpose fowl. They are prolific layers and can stand the severe cold of our winters. During the months of December, January and February of last winter gathered 515 eggs from a pen of twelve hens. In an experience of thirty years with many varieties, I never owned such a pen of high class layers. Eggs from the pen are now testing 90 per cent. fertility. I will have for sale a limited number of eggs for hatching from two choice pens headed by Ontario A. C. cocks, at \$2.50 and \$2 per setting of fifteen. As many of these settings are spoken for, no time should be lost in placing orders.

If you want Single Comb White Leghorns I can supply eggs from stock which won the championship at the Fredericton and Moncton shows at \$5 and \$3 per setting.

JOHN N. FERGUSON, - - York Street, Fredericton, N. B.
