COMPLETE BREAKDOWN OF THE NORTHERN RED ARMY WHICH HAS BEEN BESIEGING WARSAW

REPORTED TO BE IN FULL RETREAT NOW

Manoeuvre of Marshal Joffre on the Marne Front was Repeated by the Poles — The Bolsheviki Fell Into the Trap and Were Routed — Many Prisoners Taken.

Paris, Aug. 23.—News received here from French staff officers with the Polish army indicate the complete breakdown of the northern Bolshevist army and the clearing of the Danzig corridor.

The French anticipate the complete rout of the Red forces within the next three days.

Despatches say that large numbers of Bolshevist prisoners were taken by the Poles, all of them in a starved and famished condition.

The Bolsheviki were reported in retreat on the central and northern fronts, and everywhere offering the most feeble resistance to the Polish advance.

It was disclosed here today that the plan of Marshal Foch and Gen. Weygand for the defence of Warsaw was to repeat the manoeuvre of Marshal Joffre and Gen. Gallieni on the Marne in 1914, and to concentrate just east of the Polish capital massed divisions composed of the best trained and most experienced Polish troops.

Until the last minute the Bolsheviki ignored this possibility, just as Von Kluck ignored the concentration of the French corps.

This force was thrust against the Bolshevist flanks, enveloping the invaders, while a strong central thrust maintained a military balance on the new front. The Poles claim some 10,000 prisoners, 30 guns, 300 machine guns and much transport material.

There is little doubt in view of this Franco-Polish victory, that France will assume a stiffer attitude than ever toward the Minsk negotiations for a Russo-Polish peace, regarding which the Russian wireless was silent today.

PROFITEERS WERE FINED

Washington, Aug. 23.—Nearly \$30,000 in fines for profiteering in clothing has accrued to the Government in cases just decided in New York State Reports today at the Department of Justice said these included the Pulitzer Company \$1,750; the Harris Cloak Company of Albany, \$5,000; Kargo & Noxon of Johnstown, \$3,500; M. J. Loo Company of Utica, \$16,000, and Isaac Fink Company of Watertown, \$1,750.

Similar judgments against clothing dealers in various parts of the country are expected during the next month, officials said, on indictments now being brought to trial.

HAS ANOTHER DIVORCE CASE

New York, Aug. 23.—Evelyn Nesbit, former wife of Harry K. Thaw, and present wife of Virgil J. Montani, known as Jack Clifford, filed a bill of particulars yesterday in the divorce action and counter claim for divorce in which she and her husband are parties in the Supreme Court. He names her former stage associate and she names Anne Luther and Juanita Hansen, moving picture actresses. In her bill of particulars Miss Nesbit charges her husband with misconduct with Miss Luther "continuously from January 1 to June 1 last," but is unable to specify any particular dates. Miss Hansen filed an answer denying the charge and asking that the complaint be dismissed as to her.

LONDON, Aug. 23.—The British authorities have appointed Sir Frank Baines, chief architect in the office of Public Works Department, to supervise the production of a replica of the Speaker's Chair in Westminster, for presentation to Ottawa. Baines said today that he is awaiting the arrival of an official from Canada before starting the actual work. Owing to insufficient preserved oak, he will use ninth century old oak. Great care is being taken in the selection of other portions on account of the Dominion climate. The carvings will be modelled in plaster castings made from the original.

TENNIS TITLES FOR N. B. DECIDED SATURDAY

Hazen L. Short and Miss Phyllis Arning Champions in Singles—T. S. Crockett Good.

St. John August 23.—At the concluding games of the New Brunswick Tennis Tournament at Rothesay on Saturday the 1920 championship for the men's singles was won by Hazen L. Short; the men's doubles was won by Hazen L. Short and Campbell McKay; the ladies' singles by Miss Phyllis Arning; the ladies' doubles by Mrs. J. R. Thomson and Miss Mabel Thomson and the mixed doubles by Miss Edith Schofield and Hazen L. Short.

The tennis tournament this year was a great success both an account of the large number of entries and also on account of the excellent brand of tennis played. Although all of the winners were Rothesay people, W. T. Wood, of Sackville, and T. S. Crockett of Fredericton were well up in the finals. Next year it is hoped that there will still be a larger number of entries, as there were several clubs in the province that did not send any members to this year's tournament.

This morning the players from Nova Scotia arrive and the ladies' singles and men's doubles will be played off this morning.

SIR THOMAS LIFTS A TROPHY

New York, Aug. 23.—Sir Thos. Lipton visited Sing Sing Prison at Ossining the other day as the guest of Leon Weinstein, vice-president of the State Prison Commission. He was accompanied on his inspection of the prison by the prison officials. Sir Thos. was "msgged" and finger-printed for the prison Rogue's Gallery, and his description will be given the place of honor.

The prisoners presented the Irish sportsman with a hand-painted testimonial inscribed, "To a good loser, Sir Thos. Lipton, from some good losers of the Mutual Welfare League of Sing Sing."

"I am very grateful boys," said Sir Thomas. "There was never a man born who did not make a mistake. I have made some, but the thing is when we grow wiser not to make the same mistake again. If I come back to America and win the cup I'll bring it up here and show it to you."

DANCING CURES COLDS

London Aug. 23.—"There is only one way to keep fit, and that is to keep dancing," says Phyllis Bedells, the most famous of British ballet dancers. "Dancing will cure colds, stave off pneumonia and do a lot of other extraordinary things beyond the reach of doctors." She said that ten years ago a woman in her late twenties gave up dancing in order to get married. Now she has re-entered the field and has regained her lost youth.

SENSATIONAL CHARGES MADE BY BERLIN PAPERS AGAINST HUN SOCIALISTS

Said to Have Entered Into an Agreement With Premier Lenine of Russia to Sovietize Germany—Bolshevik Republics to be Proclaimed When Red Armies Cross the Border of East Prussia—Circular Letter Sent Out.

(By Vigo Toepfer, staff correspondent of the Daily Mail. Copyright by Cross-Atlantic News Service, 1920.)

Berlin, Aug. 23.—Charges that the German Independent Socialists have entered into an agreement with Lenine to sovietize Germany and then close an alliance with Bolshevist Russia, is made by the Magdeburgische Zeitung and the Deutsche Tages Zeitung. The Magdeburg paper publishes the details of the agreement. The moment the border of East Prussia is crossed by the Red armies, Bolsheviki republics will be proclaimed simultaneously in Koenigsburg, Tilsit, Danzig, Breslau, Stettin, Frankfurt on the Oder, Ratibor, Gleiwitz, Koelsin and Stralsund. These centres will serve as bases of operation for the Bolsheviki armies under Russian General Jantschiff.

Revolutionary tribunals will be established and all civil officials ousted except the Majority Socialists, who will retain their places under the supervision of communist assistant officials.

Causes Embarrassment.

Ambassadors of three foreign governments have made enquiries of the German government on the story, which it is highly embarrassing to answer squarely.

The Deutsche Tages Zeitung has printed what it charges is a circular letter delivered to all delegates of the German Soviets of which there are known to be a great number. A letter from the chief executive committee of the German Soviets says: "Comrades, the moment is not longer distant when we shall seize the reins of government. The entire mob of reactionary plotters will be mercilessly wiped out. The account against them must be squared with ruthless rigor to bring about a lasting recovery for our country. Admonish all comrades to make final preparations without hesitation. Posters calling a general strike will be printed in such quantities as to cover the walls of even the smallest towns."

HYPNOTISM WAS TRIED ON THIS THIEF

(London Daily Mail and Daily Mail. (Cross-Atlantic News Service.)
Leeds, Eng., Aug. 22.—Evidence of hypnotic experiments to discover the truth about a post office robbery was given in a recent case here.

John Wardle Potts, a young sub-postmaster, of Bawtry, Yorkshire, was charged with fraudulent conversion of government property valued at \$685, to his own use. In April last he told the police that the post office had been raided and he had been knocked down and the money stolen. Later the premises were searched and under a loose board in the floor property valued at \$785 was discovered.

Potts then said that he had suffered from shell shock and might have imagined the robbery, and in a fit of unconsciousness taken and hidden the money. Later, however, he upheld his story that he had been attacked.

Dr. Bedford Pearce, a mental specialist, said he had examined the prisoner by means of hypnotizing him and while he was in that condition had endeavored to reach his sub-conscious mind and get the truth from him. The man freely answered his questions, consistently re-telling the story of the robbery.

Although hesitating in any opinion, Dr. Pearce said that he did not think the prisoner was in a normal state of mind when the robbery was committed. It might have been a hysterical episode.

The prisoner was found guilty and sentenced to nine months' imprisonment.

SUGAR MEN SQUEALING

Washington, Aug. 23.—Sugar dealers caught in the recent price slump with large stocks on their hands are appealing to the Department of Justice to save them from loss, according to John F. Crosby, acting head of the Department's campaign to lower the cost of living.

Many dealers who have been prohibited from selling sugar at more than one cent a pound profit, Mr. Crosby said today, complain that because they bought sugar when prices were high they now face heavy losses. Unless refiners violate the Lever act, he added the Department has no remedy for the situation.

THE PRICE OF SUGAR TAKES BIG SLUMP

Boston, Aug. 23.—So great has been the slump in the prices of sugar in the last ten days that Boston's two big refiners, the American and the Revere have withdrawn their product from the market. In other words, rather than cut prices and take big losses, they refuse to sell their sugar, although, one and probably both, have large stocks on hand. With sugar selling at retail in some Boston stores for nineteen cents a pound, both the refiners and the brokers are facing terrific losses. Fifteen cent sugar at retail is believed to be in sight.

Boston brokers are offering sugar at from \$18.25 to \$22.25 a hundred pounds. All of them are losing money on every pound they dispose of because their quotations are below the prices they paid at the refineries.

The sugar refiners and dealers of the country are panicky according to Washington advices, over their prospective losses. They have appealed to the department of justice to save them from breaking prices. Within a week the wholesale price of sugar has dropped to fifteen cents a pound in some parts of the country.

A limited demand from householders, the dumping on the market of hoarded sugar by candy and soft drink men, and the approach of a heavy beet sugar crop are the principal causes of the great slump.

SITUATION IN MESOPOTAMIA

(Special to the Daily Mail. Copyright.)
London, Aug. 23.—The London Daily Mail says that in view of the situation in Mesopotamia the Government has recalled the officers of the Indian-Mesopotamia forces now on leave and has appealed to demobilized officers with Eastern experience to rejoin. Today's news suggests a grave extension of the anarchic rising. 90,000 British troops are there now and reinforcements are enroute.

THE ROYAL FAMILY SUPPORTING THE PRICE CUTTING MOVEMENT

(By Sydney B. Cave, staff correspondent of the Daily Mail; copyright 1920 by Cross-Atlantic Newspaper Service.)
LONDON, Aug. 23.—The Royal Family, headed by the King, is continuing its efforts to support the price cutting movement. They are instituting reductions throughout the whole personal household. The King desiring to replenish his private wardrobe, sent for the court tailors, with whom he closely discussed prices. The tailors' estimate for twelve lounge suits was eighty dollars, but the King declined to pay more than sixty. The merchants declined to accept this and the King accordingly decided to cut out the usual special autumn suiting orders and purchased six ready made suits at thirty-six dollars each.

SENT FROM BOSTON TO WATCH FOR BOOZE

Arrest Was Made on the Complaint of a Van Buren Man Who Had His Car Shashed Up and Searched — Officials are Blamed for Causing the Collision.

St. Leonard's, Aug. 22.—General interest has been excited along the international boundary line by the arrest of F. W. Horgan and H. L. Harvey of Boston, United States government special officers sent to North eastern Maine to enforce the Volstead Prohibition Enforcement Act. The arrests are the latest development growing out of an automobile collision on the highway to Caribou, in which the new Cole eight cylinder car owned and operated by Albanie J. Violette, a hotel owner, residing here, was demolished. No person was seriously injured.

Horgan and Harvey were driving along the Caribou road in a Buick car watching for smuggled liquor. While Mr. Violette and several companions were returning home and had reached a point about five miles from Van Buren they observed a car approaching them rapidly, and according to their account, the strange car was on the wrong side of the road. Mr. Violette continued along at a moderate rate of speed. The other car did not turn out and soon there was a collision, Mr. Violette's automobile being smashed in, the steering gear disabled and the front axle broken. His car then swerved and crashed into a telephone pole carrying the pole away and damaging the car further.

Search for Liquor
The occupants of the Buick car then said that they were federal officers and made a thorough search of Violette's car for liquor. They found none. Several cars following were searched but nothing was found.

As a sequel to the collision Mr. Violette sued out a civil writ in trespass, alleging trespass, alleged negligence, recklessness and a violation of the road laws on the part of the driver of the Buick and of the special federal officers Horgan and Harvey. The officers were arrested by E. E. Lyons of Presque Isle a deputy sheriff of Aroostook county. The amount of damages asked for in the writ, which is returnable in the supreme judicial court of Caribou, next month, is \$2,500. After being held in custody several hours the federal officers were released on bail.

Mr. Violette besides owning property in St. Leonard's conducts a hotel across the St. John river in Van Buren. He is widely known in this section of the province and in Northern Aroostook.

WANTS BIG DAMAGES

New York, Aug. 23.—Miss Maxine Sykes Douglas, the art student who was taken from the steamship New Rochelle at Quarantaine a few days ago and returned to this port, sued the Baltic Steamship Company of America, owner of the vessel, and Charles G. G. Pfitsch, president of the company, yesterday in the Supreme Court. She demands \$100,000 damages.

Miss Douglas asserts that Mr. Pfitsch invited her to go abroad on the New Rochelle at his expense and that after accepting the invitation she was taken off the boat on the charge that she had not paid for her passage. She says that her reputation and feelings have been damaged.

Dr. and Mrs. G. J. McNally and family of Berwick, N. S., are at the Barker House.
