## KIN OF NEXT QUEEN OF SIAM

The cousin and brother-in-law to be of the King of Siam, Maha Vajiravudh Rama VI., lives in a sky parlor in the University of Pennsylvania "dorms."

And he would win the degree of "Good Scout" from any sister the world over.

Twenty-year-old Vara Virakorn, a second-year student in the Wharton School, was "the kid brother" in the family back home in the days when His Majesty must first have courted his announced fiancée, who is his first cousin. Kid brothers usually are the sore trial of marriageable sisters.

But Vara acknowledges no inside information on "spooning" customs of his native land. With a pleasant twinkle of his eye, he disclaims knowledge of wedding customs of royalty and so forth.

"You will understand; what would they think if I were to say something wrong?" he explains.

"There is first the mutual agree-

ment after the young couple get acquainted, and then they go to the parents," explained Mr. Vorakorn today. "Very seldom do the parents make matches. Young people get acquainted at dances at homes, much the same as here.

"Am I a prince at home?" and he laughed heartily. "What a funny question to ask a schoolboy in a democrat's college! I don't believe in rank. I am an American schoolboy, and that's the rank I like best just now.

"King Rama VI is very democratic. He spent twenty years in Europe. He is the only King living who ever wrote a play in French and had it produced. Years ago I remember my folks telling that he had repudiated polygamy and the right to a harem as a result of his Western training.

Very young maidens often cherish the belief that all men are Horrid Brutes until they learn that one man is a Wonderful Lover. Then they begin to think better of the sterner sex.

With prices declining a pocketbook soon will begin to have some respect for itself.

## IF STRENGTH DECLINES AS AGE ADVANCES, FOLLOW THIS SUGGESTION

So many women grow old before their time, perhaps your wife or sister. A little while ago, buoyant, full of vigor and activity—she enjoyed life and imparted pleasure to the whole family; but now in a few short years she has faded and lost color and strength. She is just ready to develop some disease that will further weaken and debilitate. You remember how it began, failure of appetite, tired in the morning, found housework burdensome, always nervous and a little irritable. It's a shame to let her go down hill further when you can build her up so quickly with Ferrozone. The change this nourishing tonic makes in a weak woman is surprising. It gives great zest for food, increases appetite and digestion enormously. The blood gets richer and stronger and adds new life to every organ in the body. A rebuilding process works through the entire system. The first week will show an improvement and a month or two will fatten up the thinnest, most run-down woman you can think of. Take Ferrozone for lost color, for nervousness, for weakness—use it when run-down and feeling poorly—it will do you more lasting good, keep you in better health, than anything else. Just as good for men and children, too, because Ferrozone is harmless and safe, 50c. per box or six for \$2.50, at all dealers, or direct by mail from the Catarrhazone Co., Kingston, Ont.

## THE SLANG OF YESTERDAY IS FORGOTTEN

(New York Sun)

They were discussing the fleeting quality of slang—how expressions never lasted over a generation. Already they remarked, "You said it," "How do you get that way?" and other phrases have been swept into the limbo of the past and new expressions have once to take their places.

Suddenly the gray haired lady of the older generation interrupted.

"Why is it you young people never say 'over the left'?" she asked. "That was the great expression of my day."

A dozen blank expressions came over a dozen youthful faces. None apparently knew what it meant.

"Why, we used it as children when we felt forced to tell a falsehood," the grandmother explained, peering benevolently over her glasses. "It was supposed to take the sinfulness out of a lie. Of course, we said it under our breaths, so no one could hear it but ourselves."

"Did you ever use it that way, Grandma?" one of the group old enough to know better asked.

Grandma turned her sweet eyes toward her.

"No, of course, I wouldn't my dear," she replied. But as she continued sewing and moved closer to the light her lips moved and they might have been suspected of saying softly, "Over the left."

## DROP IN RUBBER HITS THE AMAZON COUNTRY HARD

Rio Janeiro, Dec. 16—Financial and economic troubles in the Amazon region, due to the fall in the price of rubber, were explained to President Pessoa by a deputation representative of Amazonian commercial interests, which journeyed from the north to venturate views already placed before the Government in written memorials.

The commission suggested the taking of measures to stop the fall in the price of rubber and prevent the product being handed over to foreign trusts. It also suggested the opening of credits to European rubber consuming countries similar to the convention recently concluded with Italy for the purchase of Brazilian food-stuffs.

Which Way Did She Mean It?

Mrs. Blifkins met Mary Smith, whom she had recommended to a neighbor for a situation.

"How are you getting on at your new place?" asked Mrs. Blifkins.

"Very well, thank you," was the reply. "I am glad to hear it," remarked Mrs. Blifkins. "Your employer is a very nice lady, and you cannot do too much for her."

"I don't mean to, ma'am," replied Mary.

No woman can be censured for wanting her husband at home before midnight. She did not marry him to become a nightwatch.

A perfect couple is one where the husband doesn't drink, smoke chew or swear and the wife doesn't gossip or eat salad.

## "THIS is my recommendation, Sir"

"NOT so very long ago I was in the same ill health as yourself. Long and busy hours, the responsibility of filling drug prescriptions and other duties of the day's work proved a strain. I took a couple of boxes of Milburn's Heart & Nerve Pills and can honestly thank them for my present splendid condition.

This little incident from everyday life fits your case in one way or another. In these days of strenuous living it is only natural for the heart to get below normal, thus affecting the nervous system.

Many people ignore the symptoms of heart and nerve trouble. Every day people drop dead, simply because of ignoring them. You cannot afford to do this. Ask yourself, "Have I any of the following complaints?"

Dizziness, Headaches, Palpitation, Breath Shortness, Brain Fog, Loss of Flesh, Depression, Sleeplessness, Anemia, Tobacco Heart, Loss of Appetite

These are some of the sensations which are experienced. They are a warning of vital importance. If you would be well and strong, just ask your druggist to-day for a box of Milburn's Heart & Nerve Pills.

**YOU WILL BE SIMPLY ASTONISHED** at the fast recovery you will make on taking them. Remember, they have been on the market for over 25 years, and you are using a preparation recommended by prominent people the country over.

All busy druggists sell Milburn's Heart & Nerve Pills at 50c. a box, or they will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ontario.
