

## DIVORCE IS GRANTED IN MINTO CASE

BOOTH VS. BOOTH WAS HEARD THIS MORNING

Libel Must be Served Again in McKay vs. McKay—Court Adjourns Until 3rd of August.

The New Brunswick Court of Divorce and matrimonial causes adjourned here this morning until Tuesday August first.

The hearing in the cases of McCavour vs. McCavour and Kincade vs. Kincade St. John cases were set for July 22nd at St. John.

**Divorce Granted**  
Trial of Charles Edmund Booth vs. Mary Ann Booth took place J. Starr Tait of St. John appearing for plaintiff who is located at Minto. The defendant is living with another man at Cumberland Bay Queens County.

Witnesses examined were Charles E. Booth the plaintiff, Aldizah Fulton, I. May Woods, Harry A. Brown.

His Honor Judge Crockett ordered the issue of a decree of divorce a vinculo matrimonii.

**Must Re-Serve Libel**  
In David McKay vs. Nellie McKay the defendant in which formerly named Elliott resides in Marysville and the plaintiff in St. John Thursday afternoon William Scott who appeared moved to amend the libel as he had found that errors had been made in the libel. The court permitted the amendment of the libel but ruled that the libel must be served again. This will put the case over until another term.

**Divorce in Tracy Case**  
The case of Chester B. Tracy vs. Edna Tracy the plaintiff in which resides at Fredericton Junction and the defendant in Montreal with Wensel Mesereau the co-respondent, was heard Wednesday. A decree of divorce a vinculo matrimonii was ordered to issue.

**Returned from England**  
Montreal Star: Mr. and Mrs. Henry Wilnot, of Fredericton, N. B., arrived in Montreal by the Metagama last evening after having spent the last few months in England. They leave for Fredericton this evening.

**At Opera House.**  
The week-end play at the Opera House is "Jubilo," with Will Rogers as star. It is not often a movie has the human touch so necessary if the spectator would fully enjoy the play, but in "Jubilo" there exist qualities that make for good entertainment. The fine acting of Will Rogers is a surprise even to his followers, who have heard his droll humor from the stage while his educated rope went twirling about the rostrum.

**Debate Was Not Held**  
No speakers and no audience appeared at the Seamen's Institute where it had been suggested that a debate be held last evening on the liquor question between Rev. David Hutchinson, pastor of the Main street Baptist church, representing the dry forces, and J. J. McDonnell for those in favor of beer and wine. It developed that although Mr. McDonnell had accepted Rev. Dr. Hutchinson's challenge to verbal combat no agreement could be reached as to who should pay for the use of the hall.—St. John Telegraph.

**Now at Petitcodiac**  
Maritime Baptist: Lie. W. P. Stiles who recently resigned the pastorate of the Grand Lake field, is supplying the churches on the Petitcodiac field until the arrival of the pastor-elect, Rev. Mr. Addison. He plans, if his health permits, to resume his studies at the beginning of the school year. His work on the Grand Lake field was of the solid, enduring kind, and his resignation was accepted with much regret. (Rev. Mr. Addison who is residing in Fredericton intends to remove to Petitcodiac with his family late in the summer. He formerly was stationed there.)

**Accidentally Shot in Alberta.**  
Frederick A. Kirkpatrick, South African and Great War Veteran, formerly captain and quartermaster in the 55th Battalion and later with the Forestry Division on the Western front, was seriously injured while directing operations on his farm at Sexsmith, Alberta. The injury was due to the accidental discharge of a gun. The shot tore away the muscles and part of the bone of his forearm. He was treated at the hospital at Grand Prairie, two miles from his farm, and was reported resting fairly comfortably. The injured man went West last March and with a friend, Major Price, purchased the Alberta farm. Capt. Kirkpatrick is well known in Fredericton, having visited this city in his capacity of commercial traveller.

**Light Pole Broken.**  
The rotten condition of some of the City street light poles was well demonstrated the other evening at the corner of Carleton and George streets. An automobile travelling out Carleton street towards George attempted to make the turn at the corner. The driver did not start his turn soon enough and running into the ditch skidded and struck the pole which supports the light at that corner with his fender. The car was a light one and travelling slowly at the time but the impact was quite sufficient to break the pole off flush with the ground and throw the base of the standing part about two feet off. The pole, if it may be so-called is still standing supported by the electric light wires at the top, but it is in a rather dangerous position and should be replaced at once.

## NOVA SCOTIA HAY CROP IS VERY LIGHT

HIGH PRICES FOR HAY IN THIS PROVINCE LIKELY

E. P. Bradt, Deputy Minister of Agriculture of Province, Returns—Stock-Judging Competitions.

E. P. Bradt, Deputy Minister of the Department of Agriculture returned last evening from attending a live stock judging competition which has been going on at Nova Scotia Experimental farms and stock farms. Last winter two short courses in the raising and judging of live stock were held in this province, one at Chatham and the other at Moncton. The attendance was in the vicinity of thirty at each of the schools and from those attending, the three best judges of stock were selected for the recent competition. A trophy in the form of a cup was put up, and much interest centered around its capture. The team which had received its training in Moncton won over those from Chatham, and the man making the highest number of points was W. Bateman, of Shediac. J. H. King was the coach of the Moncton team and Jas. Bremner of those from Chatham.

**At Nappan and Baie Verte**  
The Experimental Farm at Nappan N. S. was visited during the trip as well as the Baie Verte Farm. At both of these places competitions were held, sheep being judged at the latter. Other farms throughout parts of Nova Scotia were visited and live stock inspected.

This is the first inter-county competition in the judging of live-stock to be held. Much interest was aroused and the competition will be continued from year to year.

**Light N. S. Hay Crop**  
Mr. Bradt reports that the hay crop in Nova Scotia will be very light this year, but that the other crops in all probability will be very good. A light hay-crop in Nova Scotia will mean an extra demand for New Brunswick hay.

**Telegraph Operators Heard**  
It is probable that the decision of the board of conciliation which heard the differences between the Canadian Pacific Telegraph Company and its operators this week will not make its decision known until next week. The hearing was held at Montreal.

**Attending Convention**  
Maritime Baptist—Rev. W. C. Machum, our field secretary for Sunday school and young people's work, has been attending the great B. Y. P. U. convention in Toronto July 1-4. When convention in Toronto, July 1-4. When we saw him he expected also to attend the sessions of the Northern Baptist Convention in Buffalo. (Rev. Mr. Machum makes his home in Devon.)

D. Stuart Campbell of Sackville is registered at the Queen.

## INCREASED INTEREST IN BEE KEEPING

SUBURBANITES TAKE UP THIS SIDE LINE

Four Factories in the Province Making Hives—Supply Cannot Meet the Demand.

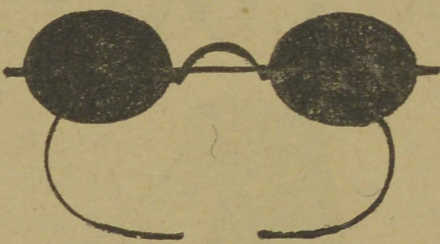

L. T. Floyd, Provincial Apiarist, returned today from a trip to Carleton County where he has been holding demonstrations. He reports a great interest in beekeeping this year. Since the roads opened for motor traffic in May, he has been working almost night and day in an effort to satisfy the increased demand for assistance coming from beginners in every part of the province. He estimates there will be fully 150 beginners in New Brunswick this year.

**Suburbanites Active**  
The large crop of honey secured last year along with the scarcity and high price of sugar and all products in which sugar takes a place has induced many to keep bees. The prospect for a large honey crop is not as bright as it was at this time last year but it is a little too soon to make a final estimate as the clover is still yielding honey. Beekeeping seems to be greatly in favor as a recreation for suburbanites, judging from the number of enquiries received from people of that class. The high prices of all kinds of country produce seems to have soured the city dwellers against the farmer and perhaps the honey produced by themselves this season will counteract this condition.

**Supplies Scarce**  
The increased demand for supplies has caused a shortage of hives and equipment. Three years ago, nearly all the equipment used in New Brunswick had to be imported from Ontario. At the present time, four different factories manufacture hives and they all claim they have been unable to supply the demand.

**Returned from Outing**  
S. D. Wright who has been spending the past few weeks fishing on Cain's River has returned to Fredericton on his way home to Cleveland. Mr. Wright who has been with Guide W. H. Allen had some excellent sport and is well satisfied with his outing.

**Death at Hospital.**  
The death occurred at Victoria Hospital last night of Mrs. Manford Youmans, of Barker's Point following an illness with typhoid fever. The deceased who was thirty-four years of age is survived by her husband, her mother, Mrs. Charles Staples of Barker's Point, one sister, Mrs. F. H. Hazlett of this city, and one brother, Henry Staples, of Barker's Point. The funeral will be conducted by the Rev. W. S. Fisher, with a short service at the house at 2 o'clock Saturday afternoon, and the remains will be taken from there to St. John's Parish Church, Douglas where another service will be held. Interment will be made at Douglas.

INSURANCE COMPANIES give thousands of dollars for an injured eye. What valuation do you place on yours?

Better have your eyes examined.
