ST. JOHN VALLEY NURSERIES, - - - BURTON, N. B.

FROM A CHILD WAS CONSTIPATED

According to the best medical authorities, fully three-fourths of the people of the civilized world suffer in some form from costiveness or irregular action of the bowels. There is no doubt that many distressing diseases are caused by constipation. It gives rise to sick and bilious headaches, jaundice, heartburn, floating spots before the eyes, catarrh of the stomach, biliousness and the painful, troublesome piles. Therefore, it is of supreme importance to health that the bowels be kept regular. Simple food, fruit, etc. should be used, and rich food and stimulants of all kinds avoided. This, with the use of Milburn's Laxa-Liver Pills to regulate and establish healthy action of the bowels cannot fail to give permanent relief in the most obstinate cases.

Mrs. Letitia Wainman, Orilla, Ont., writes:—"From a child I was always very badly constipated, and I can well remember when quite young, my mother giving me senna tea nearly every morning, and I got to dread it. After taking Milburn's Laxa-Liver Pills for a while I am no troubled with constipation any more."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

One of the most certain things in the world is that ignorance has really nothing to do with bliss.

A man can make or lose a fortune, while two women are saying good-by to each other.

Nothing so convinces a man of a woman's "unwomanliness" as her ability to put up a reasonable argument.

When one woman adopts the clinging vine attitude it is almost certain to make the sturdy oak woman angry.

When a girl thinks she has grown too old to help her mother with the housework it is time for mother to begin issuing a few ultimatums.

THE McMURRAY BOOK & STATIONERY CO., LTD

CRITICISM WAS BASED ON PRINCE OF WALES VISIT

Continued from Page One.

Assembly Chamber,

April 21, 1920.

The House met at 3 o'clock.

HON. MR. ROBERTS introduced a Bill to amend Chapter 174 of the Consolidated Statutes relating to the New Brunswick Pharmaceutical Society which on the ground of urgency was read the second time.

HON. MR. ROBINSON moved for the suspension of Rule 77-78 to permit of the introduction of a bill to amend the act incorporating the Demoiselle Summer Resort Company.

HON. MR. FOSTER introduced a bill to authorize the City of St. John to levy and collect for the purpose of paying current indebtedness incurred for school purposes. He explained that the amount to be collected was \$75,000 and it was proposed to pay it off in three annual payments. On the ground of urgency the bill was read a second time.

HON. MR. FOSTER introduced a bill to ratify and confirm an issue of debentures made by the St. John school trustees in 1917. He said that some doubt had arisen in regard to the legality of the issue and it was proposed to confirm it by legislation.

MR. BURCHILL wanted to know if the bills introduced by the hon. Premier were Government measures. It not they were liable to the payment of fees.

HON. MR. FOSTER said that he had understood that bills relating to the Schools Act usually went through as Government measures without payment of fees. He suggested that the bills be given a second reading and a decision made in regard to the matter.

HON. MR. SPEAKER thought that whatever was customary in the past should be followed.

HON. MR. FOSTER thought that the bills might be referred to the Standing Rules Committee.

MR. BAXTER said the Schools Act was essentially a matter for a Government bill and ought not to be amended by a bill introduced by a private member. He thought that the chairman of the Standing Rules Committee should give an opinion as to whether the bills should be referred to that committee.

The bills were read a second time. HON. MR. FOSTER introduced a bill to amend the Schools Act. He explained that its object was to allow the City of St. John to increase the assessment for school purposes to \$325,000. On the ground of urgency the bill was read a second time.

HON. MR. ROBERTS introduced a bill to enable the Parish of Lancaster to assess for recreation grounds and also a bill to confirm certain measures taken during the influenza epidemic, both of which were read a second time.

HON. MR. ROBERTS introduced a bill relating to grants of public money. He explained that its object was to enable municipalities, cities and towns to grant money towards the Victorian Order of Nurses if they desired to do so. It would also confirm an expenditure made in that way in the Parish of Lancaster.

HON. MR. ROBERTS introduced a bill to amend the Public Health Act of 1918. He said that the changes proposed in the act were not of a very important nature. One had to do with the publication of the regulations in the Royal Gazette and another concerned the vaccination of employees of lumber camps. The present act made employers in lumber camps responsible for an outbreak of small-pox within fourteen days even if they had seen to it that the employees had been vaccinated. It was proposed to change that feature of the act. On the ground of urgency the bill was read the second time.

HON. MR. FOSTER moved that the fee paid on the bill relating to the estate of the late L. P. Fisher of Woodstock be refunded.

MR. BURCHILL presented the report of the committee on corporations.

HON. MR. ROBINSON moved that the fee paid on the bill to incorporate the Central Trust Co., be refunded.

HON. MR. FOSTER asked the House to take recess to permit hon. members to hear a report from the secretary of the Commission on teachers' salaries.

The House then took recess.

MR. LEBLANC on the House resuming after recess submitted the report of the Committee on Municipalities.

The House then went into committee with Mr. Leger (West) in the chair and took up further consideration of supply.

The Prince's Visit

MR. SMITH (Carleton) on the item of \$5,000 for Unforeseen Expenses, said he felt that all should be ready to extend a cordial welcome to members of the Royal Family, but it should not be allowed to open the door for extravagance and injudicious expenditure as had been the case last year. He would invite attention to a bill of \$384 for the use of house and grounds at Rothesay, and to another of \$836 for repairing the avenues and grounds of Government House. His Royal Highness was at Rothesay only a part of an afternoon and he (Smith) would like to know why it had been necessary to spend \$1200 on the grounds of the Lieutenant Governor and his sister-in-law, Mrs. Anna Pugsley? He would like the Hon. Premier to tell who had authorized the expenditure and certified to the bills.

HON. MR. FOSTER said he would reply to the hon. member when he had finished his remarks.

MR. SMITH (Carleton) said that ca-

tering at Rothesay had cost \$2,000, but he did not object to that. He did, however, object to the purchase of 275 yards of Brussel carpet. He presumed it had been bought at a fair price, but when sold afterwards only \$266.49 had been realized on it. He also noticed that caps, gloves, and even socks, had been bought for some of the chauffeurs, and he thought that was going too far. He did not wish to be understood as criticising the expense incurred in entertaining his Royal Highness, but he did not think the door should have been opened for graft. He noticed that J. A. Pugsley & Co., had been paid \$380 for auto hire, and there had been other items amounting to \$542. They had been paid \$4,391 for a car and a commission of \$200 for afterwards disposing of it. It seemed that the Government had lost \$700 on a car which had been purchased in order to convey His Royal Highness to Rothesay. One would almost have thought that the very fact that the Prince of Wales had driven in the car would have enhanced its value, but it had been turned over to the same party at much less than cost. He felt it his duty to raise his voice in protest such an expenditure. He noticed that J. A. Pugsley & Co., had been paid \$384 for the use of another car. Such a thing seemed to him to be almost beyond the conception of humanity. He would like to know who authorized the expenditure and whether or not the bills were all paid?

HON. MR. FOSTER said he would be pleased to give the information asked for, but regretted that the hon. member had not been present at the meeting of the Public Accounts Committee earlier in the day when the matter had been discussed. When he (the premier) learned that the Prince of Wales was to land at St. John he was naturally much pleased, but it was not long before difficulties began to present themselves. There was no precedent to follow, but he had naturally turned his attention to the expenses which had been incurred in entertaining the Duke of York on a previous occasion. He found that the cost to the province on that occasion had been \$25,249.63, and he made up his mind that the cost of entertaining the Prince would be kept well below that figure. His request to the Government that he be given charge of the arrangements was granted, and he would tell the hon. member that he was responsible for the expense incurred and had certified to the accounts. He would say further that nothing had been done of which he was ashamed. He did not think it came with good grace from the hon. member to charge that there had been graft in connection with the entertainment of the Prince. The absence of a suitable place in which to entertain the Royal visitor was a serious obstacle. Colonel Henderson and Sir Joseph Pope visited St. John and conferred with him in regard to the matter. Colonel Henderson had pointed out that as the province was without a Government House the visit of the Prince would be limited to one day. He (the Premier) had suggested that a public reception be held at St. John in order that as many people as desired to do so might have an opportunity of greeting the Royal visitor, but his proposal was not entertained. It was finally decided that a reception be held on the grounds of the Lieutenant-Governor at Rothesay. Those grounds were the property of His Honor and the Province had no right to use them. His Honor however, was pleased to place them at the disposal of the Province and for that a debt of gratitude was due him. As St. John had been chosen by the Prince as his first landing place in Canada the Duke of Devonshire and Sir Robert Borden had journeyed there to meet him, and it had been necessary to provide entertainment for those to meet him, and it had been necessary to provide entertainment for those distinguished visitors. The Lieutenant-Governor invited the Governor-General to his home and General McLean extended hospitality to Sir Robert Borden. As it was necessary to provide accommodation for the Governor-General's staff, the home of Mrs. Anna Pugsley, which is next door to that of the Lieutenant-Governor, was engaged for the purpose. It was found necessary to make some repairs and improvement and for doing that an expense of \$384 was incurred. It was also found necessary to make some improvements to the grounds of the Lieutenant-Governor which were used for the reception. The cost of that work amounted to \$836. Those who lived at Rothesay knew how difficult it was to secure help in that district. The expense incurred might look large, but the money had been economically spent. In regard to the carpet used at the Drill Hall it had been purchased from Mr. A. O. Skinner, and after the reception he had been instructed to sell it. An hon. member for St. John (Potts) had disposed of the carpet and no doubt had obtained the best price possible.

MR. SMITH (Carleton)—Did they use the home of Mrs. Anna Pugsley?

HON. MR. FOSTER—I saw the hon. member for St. John pass that note over to my hon. friend.

MR. TILLEY—You must be a mind reader.

HON. MR. FOSTER said that he had made arrangement for the staff in accordance with orders, and if they did not stop there it was no fault of his. Reference had been made to the purchase of caps and gloves. He wished to say that so long as he held the position of Premier distinguished vis-
