### Much Money Promised.

The Methodists report from Toronto that nearly \$1,000,000, or a quarter of their total objective is in sight in the form of special subscriptions. In some farming districts, which have had no crops for three years the farmers are borrowing money to subscribe. Three Toronto churches expect to reach their objective tomorrow namely, Timothy Eaton Memorial Trinity and St. Paul's. British Columbia also confidently expects to exceed its goal of \$150,000. Robie street Church Halifax; Tamworth, Brownsville Ontario, are all reported as having already passed their objectives.

The Presbyterian Churches speak enthusiastically of this week as the week of great giving, great sacrifices and great rejoicing. One of their French churches, St. Jean, has already subscribed \$1,554 three times its allotted amount. St. Giles Church had a supper and rally on Friday night with addresses by Rev. J. R. Dobson and District Chairman C. D. Craib. \$2,500 was reported at this meeting as their beginning Knox Crescent Church whose objective is \$75,000 report almost half of this sum in sight. Everywhere thorough preparation is reported, and the week's campaign will be carried out with great energy and completeness.

## CONSIDERABLE AMERICAN MONEY NOW BEING INVESTED IN CANADA

Montreal, Feb. 11.—New York funds were at \$1.17 today, with sterling around \$3.90. Notwithstanding the plethora of securities being offered in New York, considerable American money is coming for investment in Canadian securities. The advantage of from 15 to 20 per cent. is a strong magnet. Advice is to buy at home and do without luxuries from the United States. Canadian buyers of dry goods have a decided advantage in the British market on the exchange, but the supply of finished goods is not equal to the demand. Therefore it becomes necessary for much buying to be done in the United States. Some American customers are meeting their Canadian customers half way on the exchange.

## LIST OF GERMAN CULPRITS WILL MAKE A BOOK OF MORE THAN TWO HUNDRED PAGES

**The Names of 890 Persons or Groups in the List—Four Pages Are Devoted to Von Hindenburg and Ludendorff—Baron Von Lersner's Resignation As Head of German Delegation is Also Referred to.**

Paris, Feb. 11.—The official list of those Germans whose extradition is demanded by the Allies has been issued by the Foreign Office without comment. The text of the original covering note and of the new note referring to Baron Von Lersner's refusal to accept the list was not made public. A paper-bound book of more than 200 pages contains the names of the 890 persons or groups, with their rank and the accusation against them. In many cases where names are not known, a general description of the duties of the accused is given.

Four pages are devoted to Field Marshal Von Hindenburg and Gen. Ludendorff, the same accusations serving for both of them. The unmodified list was to be handed to the German Foreign office tonight by the French charge d'affaires in Berlin.

The new note on the subject sent to the German government, authorized by the Council of Ambassadors, does not differ materially from the original note handed to Baron Kurt Von Lersner which, with the list, he refused to transmit. A paragraph, however, has been added which refers to the incident of Baron Von Lersner's refusal and his resignation as head of the German delegation in Paris.

The Council of Ambassadors is not expected to meet again until after the conference of the Premiers in London. The Council has issued an official communique which reads:

"The Council of Ambassadors is unanimously of the opinion that the list should be delivered to the German government by the Charge D'Affaires of France in the name of the Allied Powers as soon as possible."

It is understood that in the discussion of the question the Ambassadors took the view that the entire question now is up to Germany and that further steps by the Allies should await the action of the German authorities.

## TWO FASHIONABLE GAMBLING HOUSES IN NEW YORK RAIDED

**Fifty-Six Prisoners Were Gathered in Besides Several Truckloads of Gambling Paraphernalia—The Raid Was Staged in a Most Dramatic Manner.**

New York, Feb. 11.—Promenaders in Fifth avenue, near Thirty-first and Thirty-second streets, saw an exhibition of the raiding prowess of the New York Police Department early last night. Clanging motor patrols fifty-six prisoners several truckloads of gambling paraphernalia and a long extension ladder, borrowed from the fire Department when the doorman at one of the two raided houses refused to consider detectives his friends, were among the interesting things they saw.

The premises upon which the police descended were at 28 West Thirty-second street and 22 West Thirty-first street. Inspector Boland commanding the district in which the two places are located declared he was "cleaning up two fashionable gambling houses."

During the melee in the Thirty-second street house Detective William Haake was struck by some one. He arrested Robert Moore, 55, said to be a lawyer and living at 137 West Ninety-seventh street. It was reported that Mr. Moore was passing the house when the raiders crashed through the front door. He entered, according to the police, in the interest of friends and was trying to obtain the release of some of the prisoners when the detective was struck.

The appearance of the police was staged in a most dramatic fashion. The motor patrols drew up quietly in Fifth avenue and the policemen a majority in civilian clothing, walked to the two houses.

The outer door of the place in Thirty-first street was smashed open when a flying wedge of heavy men hit it. They rushed to the second floor and immediately the hundreds of spectators drawn to the building by the crash of the door, were treated to the sight of men in evening clothes tumbling over one another in the haste to get out. They were crowded into the patrols.

### Acting Secretary-treasurer

Leave of absence having been given Dr. T. C. Allen, E. A. McKay was appointed acting secretary-treasurer and Librarian during his absence.

### Scale of Fees

The scale of fees for solicitors' services as had been adopted by the St.

New York, Feb. 11.—Not at all satisfied with the returns of their safe-opening activities in the offices of the Pittsburg Steel Company in the Equitable Building on Wednesday night and in the offices of James R. Deering, on Broadway, a few hours later, burglars turned their attention to 61 Broadway and pried open two safes in the offices of the International Agricultural Corporation on the 30th floor and then ran downstairs to the 29th floor where they opened one of the United Gas & Electric Corporation's safes and got away with \$17,000 in cash and securities. After each job they politely shut the safes and left the offices in perfect order.

From the International Agricultural Corporation the intruders obtained \$500 worth of stamps, \$3,000 in Liberty bonds and \$11,000 in stock certificates. They obtained this booty by the simple expedient of prying off the iron overlapping strips that cover the junction of the two outside doors of the two safes, then jamming a cold chisel into the tumblers of the locks and prying the doors apart with a pinch bar.

But they resorted to no such crude methods downstairs. They pried open desks and inspected the contents until they came across a book wherein a series of safe and vault combinations had been jotted down. The rest was easy. They tried various combinations upon the most imposing safe in sight and finally the big iron box surrendered. The \$17,000 they made off with consisted of \$1,000 in cash, \$1,100 in Liberty bonds and \$15,000 worth of other securities.

John Law Society was adopted by the society with the recommendation that it be acted upon by all solicitors in the province. The secretary was instructed to send copies of this scale to all practitioners.

### Increase in Witnesses' Fees

Various changes in the Judicature Act were proposed and were referred to the council. Among the suggested changes was the question of increasing the fees of witnesses. It was thought that witnesses who now receive one dollar per day, should receive three dollars per day, especially as the fees of jurymen had been advanced to that figure.

The grant of three hundred dollars to the St. John Law Society was continued.

### Canadian Bar Association

Reports on the annual meeting of the Canadian Bar Association in Winnipeg were given by Dr. Baxter and Messrs Taylor and Hanson. A. R. Slipp, K. C., of Fredericton and W. P. Jones, K. C., of Woodstock were elected delegates to the next annual meeting of that body.

## HOME RULE BILL TO BE TAKEN UP BY PARLIAMENT VERY SOON

London, Feb. 11.—After adjournment following the formal opening of Parliament both Houses reassembled at 4 p. m. for the debate on the King's speech. Before the debate began Premier Lloyd George announced that he would at an early date ask leave to introduce a bill "to amend the provisions for the government of Ireland." The Premier's announcement of the probable early appearance of the Home Rule measure was greeted with cheers. Replying to general criticisms of the government's policy made by William Adamson, a laborite, Sir Donald MacLean and others who demanded especially the revision of the Versailles peace treaty, Premier Lloyd George declared in the House last evening that it would be impossible in a single speech to deal with all the questions raised. He said that after the excitement of the great war nobody could expect anything but a period of reaction and discontent, and then a certain measure of disaffection.
