Fresh south and southwest winds showery. Friday, mostly fair.

BRITISH INDUSTRY FACES CHAOS

STILL HOPE OF REPRIEVE FOR SCOTT

Another Stay of Execution Granted at 2 a. m. Today.

THOUGHT NOW TO BE INSANE

Case to be Heard Before Criminal Court Judge.

(Special to the DAILY MAIL by the British United Press.)
Chicago, Ill., July 24—Russell Scott, who was to have gone to the gallows at dawn, was granted his third stay of execution at 2 a. m. today. This time the intervention came from Judge Joseph B. David in response to a plea that the condemned man has become insane since he was sentenced for the murder of Joseph Maurer, a drug clerk. Scott will be granted a hearing on his sanity before a judge of the criminal court, and is granted a reprieve pending this examination.

TELLS GIRLS TO USE MORE SOAP AND LESS PAINT

Chicago, July 24—More soap and less paint is a new beauty recipe.

"Keep your neck clean and your hair combed," is the injunction of beauty experts here attending the annual convention of the American Cosmetics Society.

Women will create their own fads this year and wear their hair as they please, so beauty experts are giving their attention to teaching patrons that inconspicuous makeup, a clean face and neck are the marks of the gentlewoman and really are becoming.

A permanent wave made without electricity that lies flat like a marcel is one of the newest beauties aids the cosmeticians are discussing. Another is a new haircut—a deep marcel pushed back off the ears with the back hair clipped close.

Bobbed hair will be as popular for another year as it has been, the experts believe, for short hair is no longer a fad—it is the custom of the country.

BURGLARS PAY SECOND VISIT TO APARTMENT

(Special to the Daily Mail by British United Press.)
Atlantic City, N. J., July 23—Burglars last night paid a second visit to the apartment of Harry Greenblatt, at Number 11 South Carolina Avenue, while he and his wife were at police headquarters reporting the first visit of the thieves.

Upon his return he found that thieves had carried away the valuables they missed in their first visit to the apartment.

WOUNDED PRINCE SPENDS LEAVE IN ENGLAND

(Special cable to the Daily Mail by the British United Press.)
London, July 24—Prince Agee of Denmark, nephew of Alexandra, Queen mother of England, is here on leave with a wound in his hand sustained during fighting as captain of the French foreign legion in Morocco.

WILL NOT REMOVE RESTRICTION ON RUBBER OUTPUT

British Government Refuses to Take Any Steps.

U. S. PROTEST DISREGARDED

Sudden Interference Would be an Injustice.

London, July 24—The British Government does not intend to do anything towards removing the restriction upon the rubber output of the empire under the Stevenson scheme, which has sent rubber prices rocketing and evoked protests from American tire-makers and millions of car owners in the United States.

The Colonial Secretary, L. S. Amery says that any sudden interference with the Stevenson scheme would involve an injustice to large numbers of individuals who had entered into contracts assuming that the scheme would be continued.

The secretary adds that if conditions warranted a progressive increase in the amount exportable at the minimum duty on Aug. 1, and at succeeding quarterly intervals, the British would soon be exporting to full capacity.

60 ARRESTED DURING RAID ON GAMBLING DEN

Philadelphia, July 24—Sixty men were arrested here when Director of Public Safety Butler's new "mystery squad" raided an alleged gambling establishment within a few blocks of City Hall.

After guards were placed about the building two detectives went to the roof, opened a skylight and at the point of guns placed the occupants of the room under arrest. No resistance was offered, but no one would admit being the proprietor. A quantity of racing forms and charts and other paraphernalia used in betting on horse races were confiscated.

RADIO TRIUMPH BETWEEN SWEDEN AND NEW ZEALAND

Stockholm, July 23—Radio messages were exchanged recently and clearly received at both points between Stockholm and Wellington, New Zealand by amateur operators, the conversation lasting for an hour. This is taken as a new illustration that transmission from north to south is easier than from east to west. Skilled amateurs with six tubed "supersets" in Stockholm say that they are unable now to receive British broadcasting with clearness and do not expect to do so until after mid-summer.

P. E. I. WANTS TO HEAR DEBATE ON EVOLUTION

Charlottetown, P. E. I., July 23—"Am sure Bryan would not debate, but I would like to meet your people," was the reply of Clarence Darrow, celebrated American criminal lawyer, wired from Dayton, Tenn., to Dr. Leo Frank, of this town, who had wired both Darrow and William Jennings Bryan an offer of \$4,000 and expenses if they would come to Charlottetown and stage a public debate on "Evolution and the Bible."
Mr. Bryan had not replied.

British Unions Are Considering Grave Industrial Crisis

Conference Meets in London to Discuss Unemployment Situation—Question of Quadruple Alliance to Aid Miners Under Discussion—Employers Condemned for Wage Reductions—Bridgeman Conferring with Miners Executive.

(By Lloyd Allen, United Press Staff Correspondent)

LONDON, July 24—While W. C. Bridgeman, First Lord of Admiralty was conferring with the miners executive group in a new effort to halt the threatened July 31 coal stoppage, delegates representing 6,000,000 skilled trades workers met here today to discuss the greatest labor crisis facing Britain in a generation.

The delegates numbering several hundred were allied together in emergency session by A. B. Swales, President of the Trades Union Congress to discuss the grave unemployment situation.

Alliance Talk.

But questions of the mining crisis and the planned quadruple alliance, a giant confederation of railwaymen, miners, transportation workers and engineers, quickly interjected themselves into the conference.

"This meeting is unprecedented," said Swales, opening the meeting, "but the condition of the workers is also unprecedented."

He excoriated the employers policy the past few years of reducing wages as a remedy for the industrial situation saying that this "was stupid and futile because it reduces the purchasing power of the great mass of consumers."

CORN STALKS WORTH \$150 A TON AS PAPER

Ames, Ia., July 24—A ton of corn stalks in this region has been considered so much agricultural waste, but the chemical engineering department at Iowa State college has found it to be worth, at present prices, about \$150 a ton when converted into paper.

Prof. O. R. Sweeney, head of the department, has manufactured paper of a fine quality from corn stalks and he believes it can be made to match in quality any stock of woodpulp paper. Prof. Sweeney already has visions of paper mills in these prairie states, bringing back an industry which the country is losing with the passing of its forests.

NAZIMOVA WINS CUSTOMS CONTROVERSY

New York, July 24—Customs appraisers who last night examined the baggage of Alla Nazimova, the actress after a customs official at the pier when she arrived on the United States liner Leviathan had sharply disagreed with her as to the value of the clothing it contained, reported today a valuation differing by only \$19 from that set by the actress.

She appeared before Edward Barnes Assistant Solicitor of the Customs, after a night without her trunk and on the order given her yesterday by the pier official. There she found that her estimated value of \$1,370 set on her garments was just \$19 under that set by the appraisers.

All she had to do was to pay the duty amounting to \$813.15.

STANLEY GAVE OPPOSITION NO GREAT WELCOME

York Candidates Spoke Briefly—Dr. Baxter Gave His Regular Speech—R. B. Hanson Spoke.

(Special to Daily Mail)

Stanley, July 23—The Opposition in York County opened its campaign here tonight when a meeting was held in the Church Memorial Hall. The speakers were the three candidates in the county, Dr. J. B. M. Baxter, K. C., the leader of the Opposition and R. B. Hanson, K. C., M. P. Joseph Thorburn occupied the chair.

The attendance was rather slim at the beginning of the meeting but increased until the total was about one hundred and thirty. A heavy shower of rain is held responsible for the poor attendance. In enthusiasm the meeting was not remarkable and there have been many Conservative meetings held here which were livelier.

The three candidates, Gordon C. Grant, Dr. B. H. Dougan and James M. Scott spoke in that order. None took any great time as it was desired to give Dr. Baxter a chance to speak early and go on by motor to Newcastle to attend the Opposition convention today. The candidates made an appeal for non-partisan support and urged that party lines be broken to oppose the present Government.

Dr. Baxter gave practically the same address which he has at numerous places during the campaign. He asked for non-partisan support, charged the government with extravagance and advised delay in regard to Grand Falls development in order to secure more information.

R. B. Hanson devoted much time to discussion of provincial finances and argued that governments in New Brunswick were allowed to stay in office too long.

Speed Case This Afternoon

The speed case in which an undergraduate of the University of New Brunswick is defendant, which was adjourned some time ago, came before the police court again this afternoon.

H. B. Tibbett of Saint John is registered at the Queen.

MANY OPPOSED TO ACCEPTING U.S. AVIATORS

Mixed Feeling Among French Public on the Subject.

FRENCH GAIN IN MOROCCO

Big Drive Against the Moors Now Appears Imminent.

Paris, July 24—Participation by American aviators in the war in Morocco has been greeted with mixed feelings by the French public. Some resent it, saying France is well able to take care of herself in Morocco.

The American volunteers under the rule governing Foreign Legion enlistment in France would be required to serve five years.

The French successes in Morocco in the past few days have had a decided effect. The Beni Mesgilda tribesmen today offered to submit to the rule of the Sultan.

French reinforcements are arriving in ever increasing numbers and will proceed to the front to relieve the tired troops.

Gen. Naulin the new commander-in-chief, is in communication with Marshal Petain and a great offensive against the Moors appears imminent.

LARGE ESTATES IN POLAND TO BE SUBDIVIDED

Warsaw, July 24—Large estates in Poland are to be subdivided and sold to the people under a measure adopted by the Diet yesterday after many months of preparation and debate. Five hundred thousand acres are to be taken yearly for ten years, the Government paying the appraised value partly in cash and partly in 5 per cent bonds redeemable in twenty-five years. The peasants who buy the land will have credit with the Government extending for forty years.

Owners of estates may keep 150 acres near cities and industrial centers, 450 acres in purely rural districts and 750 acres in eastern borderlands. Thirteen million peasants are eligible for the purchase of the land.

During the final debate on the bill the communist deputies raised such violent opposition that they were ordered to leave. They refused and were forcibly carried out of the chamber.

CHILD BADLY HURT BY FALL FROM CHAIR

Moncton, July 23—Doris Fairweather, daughter of Ambrose Fairweather, Gunningville, is now in the City Hospital here suffering from injuries received when she fell off a chair. The little girl was playing in her home when the accident occurred.

OVER MCINTOSH BRIDGE.

While on their way to Houlton last night intending to return to Fredericton for the races today as both are interested in Jackson Grattan the Houlton entry in the Free-for-All, Samuel Bennett and "Bud" Tingley of Houlton, went over the McIntosh Bridge in Kingsclear in Mr. Bennett's car. The car lighted on its side and sustained some damage. It was brought to the Capital Garage here for repairs.

Messrs. Tingley and Bennett escaped injury although the fall was a bad one.

Mr. D. L. Little of Moncton is in the city today.

VERANDA IN MELBOURNE COLLAPSES

100 Injured, Some Fatally, During Parade of U. S. Sailors.

WARM WELCOME IS EXTENDED

Sydney Finds U. S. Naval Officers are Not All Pussyfoots.

(Special cable to The Daily Mail by the British United Press.)

Melbourne, July 24—Hundreds of spectators mostly girls and women were hurled to the street during a parade of 2,000 American sailors here today, when the verandas outside a motion picture theatre collapsed.

One hundred were injured, several fatally.

The streets of Melbourne were gorgeously decorated for a fete in honor of the Americans, who arrived with a portion of the Pacific fleet this week and are being royally entertained.

Holiday in Sydney.

Sydney, N. S. W., July 24—Many of the hospitable officials and leading citizens of Sydney were sorely perplexed as they celebrated an official holiday the arrival of the United States fleet here Thursday, but soon after the American war vessels had steamed majestically through the Harbours escorted by sea planes and greeted by roaring guns, it became generally understood that the visitors across the sea especially the officers were willing to accept liquor if it were offered to them.

The New South Wales Golf Association wireless to the ships: "Welcome to our bunkers and our nineteenth holes" and the American officers replied "Hearty thanks, will do our best on both hazards mentioned."

FRANCE WILL BEGIN PAYMENT IN SEPTEMBER

Paris, July 24—France will begin negotiations to pay her debts to the United States and Great Britain in September.

It was announced Thursday that debt commissions would arrive in London and New York simultaneously, probably during the second week of September to begin negotiations. The commission to the United States will be composed of Henri Berenger, reporter of the Senate budget committee; Senator Franklyn-Bouillon and a prominent banker yet to be selected. Finance Minister Caillaux will be president of the committee but he will not depart for the United States until the negotiations are well under way.

HOLDS SMOKING IS INJURIOUS TO THE COMPLEXION

Chicago, July 24—Girls, if you want to keep that schoolgirl complexion, swear off smoking cigarettes.

Mrs. Ruth J. Maurer, president of the American Cosmetics Society, and who owns a beauty parlor in Wichita Falls, Tex., said at the convention of the society here that the cigarette may not damage a woman's soul, but it was a sure beauty killer.

According to Mrs. Maurer, cigarettes cause a downward drooping of the mouth, a yellowing of the eye whites, yellow teeth and shallow skin.
