

## SEVEN WERE ADMITTED AS ATTORNEYS

Miss Sim Could Not be Admitted in Quebec so Came Here — Several Local Men Admitted.

Seven attorneys were admitted before the Supreme Court of New Brunswick this morning. The Court sitting was composed of Chief Justice Sir Douglas Hazen, Mr. Justice White and Chief Justice Barry of the King's Bench Division.

James E. Friel, K. C., presented the candidates. Chief Justice Hazen congratulated the newly admitted attorneys upon their admission and expressed the hope that they would be a credit to their profession and good citizens.

Those admitted were Joseph William Sears of Fredericton, Harry Thompson Reilly of Moncton, Henry Craig Friel of Moncton, James Thomas Troy of Chatham, Paul Rossiter Hayes Barry of Fredericton, Margaret McEwan Sim of Montreal and Arthur Hallam Lawrence Slipp of Fredericton.

### Woman Admitted.

Miss Sim is LL. B. of McGill. Quebec regulation forbade her admission in that Province and she was admitted here after studying in the office of Dr. F. R. Taylor, K. C., of Saint John. She intends to apply for admission in Ontario.

### Other Attorneys.

Mr. Sears is a graduate of University of N. B. and also was Rhodes Scholar at Oxford graduating in Arts and Law.

Mr. Barry is a son of Chief Justice Barry of the King's Bench Division, one of the judges before whom he was admitted. He is LL. B. of Dalhousie.

Mr. Slipp is a son of County Court Judge A. R. Slipp and attended Dalhousie. The provision applying to admission of returned soldiers apply to him.

Mr. Reilly is a son of Hon. A. E. Reilly of Moncton and is B. A. of St. Joseph's and LL. B. of Harvard.

Mr. Friel is a son of James E. Friel, K. C., who moved for the admission of the attorneys today. He is B. A. of St. Francis Xavier and LL. B. of Dalhousie.

Mr. Troy is located in Chatham studying law in office there.

## City Affairs

### To Play at Sackville.

Arrangements have been made whereby Fredericton High School will play Mt. Allison Academy at Sackville on Tuesday or Wednesday next for the N. B. Interscholastic rugby title.

### Forging Ahead

Our esteemed contemporary the St. Croix Courier, one of the brightest and best conducted weekly newspapers in the Maritime provinces, has given evidence of increasing prosperity by installing a Duplex printing press with a speed of 3500 copies per hour.

### Bylaw Amended

On the motion of Ald. McKnight the City bylaw relating to the parking of vehicles near fire hydrants was amended at last night's city council meeting so as to make the distance within which a vehicle may not be parked, ten feet instead of thirty feet.

### Business Change.

Mr. Hazen McDonald who has conducted a barber shop on the corner of Queen and Westmorland streets for the past year has disposed of his business to a young man named Lister of McAdam who lately returned from the West. The new owner will take charge on Monday. Mr. McDonald plans to leave shortly for the United States to take a course in tonsorial work.

### Enjoyable At Home.

Mrs. Hedley F. Murray, wife of the manager of the Royal Bank who lately removed here from Calgary, was the hostess at a very enjoyable at home at her residence, Lansdowne Avenue from 3 to 6 o'clock yesterday afternoon. Mrs. Murray was assisted in receiving by her daughter, Miss Dinwoodie, and by Mrs. W. S. Thomas. The guests numbered upwards of two hundred. Mrs. George Brown and Miss Hunter presided in the team room and Mrs. Frank Shute served the tea. The dining room was prettily decorated with pink roses while the drawing room decorations were of chrysanthemums.

## GRAIN YIELDS BETTER THAN ESTIMATED

Wheat and Rye Exceptions — Surplus Hay Being Used — Apples Almost Average Crop Potatoes Shipped.

The provisional estimate of the yields of grain received today as issued by the Dominion Bureau of Statistics shows increases over the forecast estimates in the quantities of all small grains excepting wheat and rye.

Much less than the usual amount of fall ploughing has been done on account of the very heavy rainfall. The month closed with a total rainfall of 8.03 inches—the greatest for a period of twenty-five years. The temperature during the last two weeks was low. These two factors caused farm work generally to lag. Cattle were housed earlier than usual on account of the inclemency of the weather. This will have an influence in reducing the year's surplus amount of hay.

### Dairy Products Up.

The production of dairy products and milk supply was greater than during corresponding months of last year and prices particularly during the closing months of the factory season were high. The highest price of the year was realized for the October output for cheese. Local markets for farmer's products have shown a brisk demand for butter, eggs, poultry and pork.

### Berries and Apples.

The crop of strawberries and small fruits was in excess of last year's crop and prices were very much higher. Strawberries, in cartons, sold at an advance of thirty percent over last year's prices. The apple crop, on the other hand, has realized a lower price than last year. The crop, which in the early part of the season gave indications of being short, improved toward picking time and is only slightly below an average crop.

### Shipping Turnips.

The harvesting of the root crop is in progress. Some activity occurred in the shipping of turnips to U. S. markets where the price during the (Continued on page five.)

## JOINT ACTION ON ISOLATION HOSPITAL

City Council Named a Committee of Four to Act with Hospital Board — Promise of \$4,500.

The City Council last night appointed through Mayor Phillips a committee of four to act with a committee from the Board of Victoria Public Hospital to consider the matter of erecting a contagious diseases hospital or isolation hospital. The committee is composed of Ald. McKnight, Ald. Ross, Ald. Goodspeed and Ald. Smith, the latter being chairman of the Finance Committee.

### Ald. Ross Presents Matter

Ald. Ross as a member of the Hospital Board made a statement of the situation. He pointed out that smallpox had practically disappeared but scarlet fever and similar diseases still existed. He expected that in time these diseases would be eliminated. In the interim there would have to be hospital provision. This would have to be in the form of a new and separate building. He suggested that a committee of the Council be appointed to co-operate with one from the Hospital Board. A member of the Hospital Board had promised \$4,000 toward the new building and a friend had given a pledge for \$500 so that the cost would not be very great.

Ald. Ross seconded by Ald. Jennings moved for the appointment of four Aldermen and Mayor Phillips named the four Aldermen mentioned.

### Settlement With C. N. R.

A resolution dealing with the various matters under negotiation between this city and Canadian National Railways was moved by Ald. Cooper seconded by Ald. Jennings, and adopted.

The C. N. R. is to pay \$947.30 for 9,473 square feet of land along Aberdeen street east of York Street and is to install signals for the protection of various crossings and care for other matters.

### A. G. Turney Returns.

A. G. Turney, Provincial Horticulturalist has returned from Montreal where he was attending the Montreal Apple Show.
