CHIEF SUPERINTENDENT WANTS UP TO DATE BOOKS IN THE SCHOOLS OF NEW BRUNSWICK

Richibucto, Oct. 15—The Kent County Teachers' Institute met in annual session in Rexton today. The meetings were held in the Rexton Superior school. Forty-five teachers enrolled. Dr. W. S. Carter, Chief Superintendent of Education, was present as was also Inspector Charles D. Hebert. In the absence of the president, F. A. Richard, Inspector Hebert was appointed chairman.

After the appointment of the usual committees Inspector Hebert addressed

other things Dr. Carter spoke at length on the need of up-to-date text books, advocated the promotion of bright pupils in graded schools at Christmas, of the need for training pupils for citizenship, of the teacher's responsibility in connection with the carrying out of the Health Act, also the responsibility of the teacher in carrying out the provisions of the minimum salary law. Dr. Carter especially emphasized the need of preserving the school registers and other records.

Welcomes Teachers.

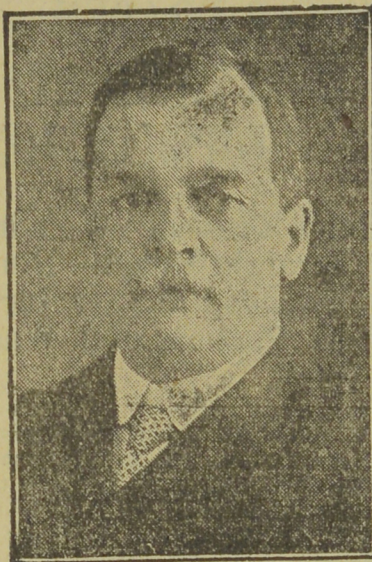

Mr. Bowser, secretary of the Rexton School Board, briefly addressed the Institute welcoming the teachers to Rexton on behalf of the citizens and school board.

At the second session which convened at 2 p. m. Miss Jessie Lawson, supervisor of Junior Red Cross work, in New Brunswick, gave an interesting address on Junior Red Cross work in New Brunswick. Several branches of the Junior Red Cross are already in working order in Kent county and especial mention was made of the branch at McKee Mills, which was organized by Miss Helen Craise.

Tells of Europe.

Miss Lawson was followed by Miss Jean Browne, director of Junior Red Cross work for Canada, in an inspiring address. Miss Browne gave a vivid picture of conditions in middle European countries which she recently visited. The workings of the society in the East End of London were also described as well as conditions in rural England. Miss Browne's address was regarded as one of the best ever delivered before a Kent County Institute.

The sessions of the Institute conclude tomorrow.

DR. W. S. CARTER.

ed the meeting speaking of the importance of Arbor Day, school libraries, sanitation and other school matters.

Dr. Carter Speaks.

Mr. Hebert was followed by Dr. Carter who gave an interesting address on educational matters. Among

CANADIENS PLAN STRONG DEFENCE

Montreal, Oct. 15—With Sprague Cleghorn going to Boston the Canadiens' Hockey Club will not be so weak on the defense as one might imagine.

Officials of the club said that, provided they do not get Charlie Langlois, star defense man of the Hamilton Tigers last year, and now with New York they would in all probability start off the season with Mantha and Bill Coutu in front of George Vezina. Mantha showed himself to be a trustworthy player last season and many a roar of applause did he draw from an admiring fandom. Coutu is a man who always keeps himself in the best of shape and has plenty of good hockey left in him. And then there is the new man Leduc to fall back on.

In connection with the talk of Langlois deal, club officers state that they have not given up hope of getting this crack youngster yet.

Tommy Gorman said he would not sell any of his players but at the same time he stated that he would talk trades. Negotiations are still going on and there is still an outside chance that Langlois will be with the National League champions according to Canadiens directors.

SPECIAL ATTRACTION AT GAIETY THEATRE

"The Trouble with Wives" is the Photo Play at the Gaiety for Friday and Saturday featuring Florence Vidor.

The hero is a newly-married shoe manufacturer whose best friend is always hanging about, turning the twosome into a crowd. He is a terrible bore and the wife decides to vamp him, so that her husband will get jealous and throw him out. The eternal triangle in this instance is a quartette, with a woman shoe designer as the other woman in the case. All sorts of complications ensue, all of which are very amusing.

The four principals in the cast all give performances entirely above criticism. Tom Moore and Florence Vidor as the couple are delightful and Esther Ralston as the other woman is exquisite. The chief comedy honors go to Ford Sterling whose role furnishes most of the laughs. There is also another character of the serial "The Pac Makers."

FINISH NEW TESTAMENT COPY

Cedar Rapids, Ia., Oct. 15—The churches of Cedar Rapids have completed their task of copying the New Testament producing what officials of the Ministerial Association say is the only book of its kind in the world.

A total of 7,950 persons each copied one verse and signed his name to it. The work, started last Sunday, was done in a uniform manner.

The verses will be bound into a huge book and exhibited at religious gatherings throughout North America.

Late Arthur W. Foss.

The funeral of the late Arthur W. Foss took place from his parents residence Waterville, Sunbury County, yesterday afternoon and was very largely attended. Service was conducted by Rev. Hugh Westrup of Mauderville.

Gave Duck Supper.

The male members of the choir of Wilmot United Church were pleasantly entertained at a duck supper at the home of Frederick Barker, Smythe street, Thursday night. Fifteen were present and enjoyed themselves. The gathering dispersed about midnight.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Breakwater, Escuminac, N. B.," will be received until 12 o'clock noon, Monday, October 19, 1925, for the construction of 310 feet of proposed breakwater, at Escuminac, Northumberland County, N. B.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department at the offices of the District Engineer Customs Building, St. John, N. B., and at the Post Office, Escuminac, N. B.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

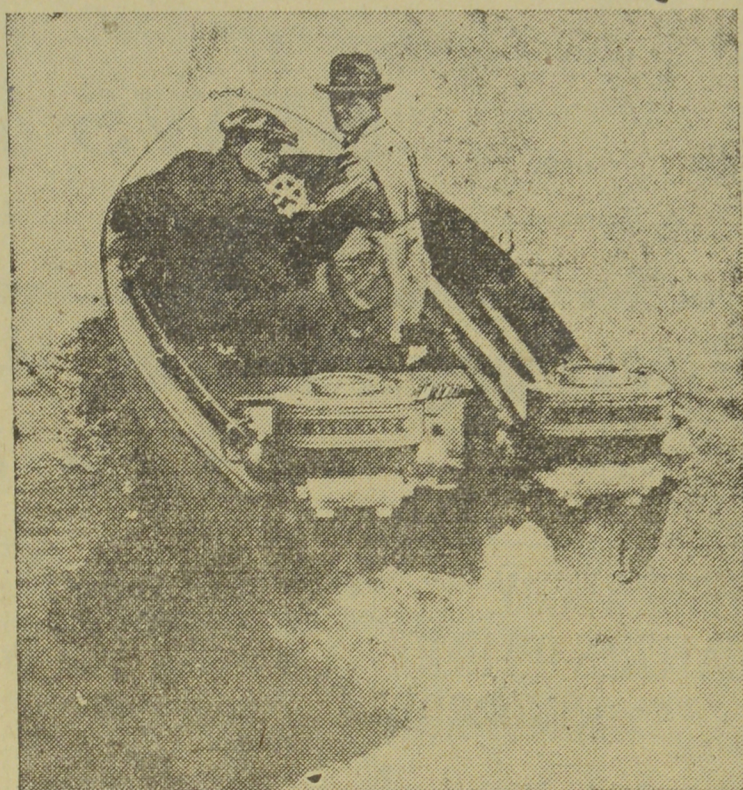

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. Bonds of the Dominion of Canada or bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

Note—Blue prints can be obtained at this Department by depositing an accepted cheque for the sum of \$20.00 payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
S. E. O'BRIEN, Secretary

Department of Public Works,
Ottawa, October 9, 1925.

Came Across Continent in Motor Boat

Completing all but the last lap of their trip from Los Angeles to New York—across the whole continent—in an eighteen foot long motor boat, two Americans, John Edwin Hoag and Frank S. Wilton, not to mention Spy-Wapato, their dog, arrived recently in Montreal and stayed for a day or two before proceeding to New York.

The entire distance was covered by water with the exception of one portage of 400 miles from Celilo Falls, Washington to Fort Benton, Montana. Their boat the "Transcontinental" is an 18-foot craft, 5 feet abeam, and powered with two four horse power Evinrude outboard motors. They left Astoria, Oregon, May 20, after having their boat shipped up the coast from Los Angeles. The route was via the Columbia River from its mouth to Celilo Falls where the boat was loaded into a box car and sent on 400 miles to Fort Benton where the journey was resumed down the Missouri River for 2,280 miles into the Mississippi to St. Louis, then up the Mississippi to the Illinois River as far as Ottawa, Illinois; through the Illinois and Michigan Canal to Joliet, Illinois, and through the Chicago Drainage Canal into Lake Michigan. From here the voyage was plain sailing to Montreal, where they landed at the Canadian Pacific Pier No. 8, having moored their boat alongside the "Montcalm."

Messrs. Hoag and Wilton followed in reverse direction the course of the early explorers, Columbus, Hendryk Hudson, Champlain, Cartier and La Salle. Their mishaps commenced early when, in the Columbia River they ran afoul of a sunken log which tore the stern out of their boat. After this misadventure, which they finally weathered safely, they had comparatively no bad luck, except for the tornadoes, heavy storms and risky runs down little-known rapids, which might naturally be expected.

Their adventure is unique, the only attempt previously made being about 18 years ago when a similar expedition ended at Bismarck, North Dakota, after traversing the same route. Then, however, the adventurers were so held up by adverse conditions that they were overtaken by winter and their boat was crushed in the ice.
