FREDERICTON WINS AT NORTH SHORE TOWN

Locals Take Two Games From Nelson on Holiday — Chatham Beats Bathurst — Races at Chatham.

Chatham, Sept. 7.—Chatham was eliminated in the semi-finals of the provincial baseball championship when Bathurst trimmed them 14-3 in a game played at Nelson this afternoon. Champoux pitched good ball for the victors and he was opposed by Mayes.

Fredericton took both games of a holiday double header from Nelson. The morning game was an interesting contest the score being 4-3, the visitors romped away with the afternoon game, winning out 9 to 0.

The main local attraction were the races staged at the Chatham speedway under the auspices of the Miramichi Driving and Sporting Club.

The box score of the two Nelson-Imperial games will be shown tomorrow.

WESTERN PRO LEAGUE SHAKY

Pro. hockey is not reclining in any bed of roses in Western Canada, if present indications may be taken for it. The Regina team has been sold to go to Portland Ore., for the sum of \$25,000, a small figure indeed, were the prospects encouraging in the prairie country. Kenny McKenzie, owner of the Edmonton team now steps to the front with the assertion that he will sell his holdings to Seattle Wash., unless he can get reasonable terms from the rink owners in his town. Saskatoon too, was said to be on the market but that story was denied. Disruption of the Western Canada League would mean reversion to the old Pacific Coast League circuit as originally organized by the Patrick Brothers.

JACK HOBBS GETS 266 NOT OUT

London, Sept. 4.—Jack Hobbs, the noted Surrey cricketer who on Aug. 18th last, established a world's record by making his fourteenth century in one season, scored 266 runs, not out, in the match between the Gentlemen and Players at Scarborough, which was drawn today. This is the highest score Hobbs has ever made in first class cricket. His previous best was on the Oval in 1914 when he made 226.

The Gentlemen scored 270 in their first innings (Carr 101), and 235 in the second (Tennison 79). The Players after scoring 480 for the loss of three wickets, declared (Hendren 129 and Hobbs, as stated, 266 not out.)

WILLS RETURNS FROM EUROPE

New York, Sept. 4.—Harry Wills, negro heavyweight, arriving from a tour of Europe today on the Aquitania, expressed the opinion that the proposed match for the heavyweight boxing crown between him and Jack Dempsey never would be held.

Dempsey's most persistent challenger was warmly greeted by a throng of friends and followers in one of the most spontaneous receptions any boxer ever received returning from abroad.

"I want to box Dempsey," Wills said. "I'll box him when he's ready. Why don't he box or retire? Why is he always passing the buck?"

ROBBER HERDS OF ELEPHANTS IN S. AFRICA

(London Mail)
Despite the slaughter of elephants in South Africa. The elephant is in no danger of extinction in Kenya and Tanganyika there are over half a million.

Raiding the farms, these herds do thousands of pounds worth of damage every year. Timid wild elephants once turned "robber" become cunning and savage, losing all fear of man. They raid in mobs ten to a hundred strong, choosing pitch dark nights, and moving on their objective silently.

But once under cover of the plantations they throw caution to the winds. Fruit trees are sent hurtling to the ground: crops are trampled in mad havoc. The bulls trumpet fiercely; the cows squeal defiance.

To shoot into this pandemonium is to court almost certain death. At the slightest sound the mob stampedes, intent on killing.

On the other hand, to leave the herd till dawn is to lose it, for to an elephant 50 miles is a morning's stroll.

Such a robber herd lives in the Umtounga Bush, north of Mombasa. Every year the great tuskers raid the plantations, uprooting valuable palms. This herd has been outlawed by the Government but elephants are so cunning that only a dozen have been killed.

Another savage herd recently held the Rufiji districts of Tanganyika in a state of siege. In a few nights they destroyed crops over a tract of land four times the area of Surrey, and kneeling on the low huts, crushed the structures and killed scores of villagers.

A hunter killed 50. But the survivors moved up to Victoria Nyanza and are at present pillaging the potato gardens, where many will fall into native pit-traps.

Were they not plantation robbers, elephants would be an asset to East Africa. A pair of good tusks yield 200lb. of ivory at 30s a pound. The licence to shoot two elephants costs the hunter £45, and the hunting trip gives work and wages to scores of natives who would otherwise be unemployable.

GROFF WINS AT EDMUNDSTON

Edmundston, N. B., Sept. 7.—At a fairly attended boxing show held here tonight Billy Groff, of Winnipeg, knocked out Pacquet a local boxer, in the first round in the main bout which was scheduled for 10 rounds.

Willie—Say, mom, what do they mean by a man's heart string?
Mother—Why his purse-strings of course—your father knows.

TORONTO GLOBE PICKS PIRATES

The Toronto Globe has the following comment on the Pennant Races.

It may now be taken for granted that Washington and Pittsburg will win the pennants in the American and National Leagues respectively and meet in the World Series.

Naturally the question of who will win the "Big Set" is uppermost in the minds of baseball fans everywhere. In one respect at least the National League is already in front of the American; the Heydler circuit adherents claim the world's championship for the Pirates and have installed them favorite. Their claims to superiority are based on the assertion that the Buccaneers are better than the Senators in the matter of pitching and that the Smoky City representatives are faster and more aggressive. The Pirates include more young players than the Washington team, and may have more speed, but the National Leaguers' claim to better pitching will be questioned. The Washington veterans have been put to the test have been through the fire of a World Series, and that means a great deal in a set of games on which so much depends especially in a peculiar way. The Senators battled Connie Mack's great team into submission and are world champions even now. That means something, too.

BLUNDERS

WHY IS THIS WRONG?

One of the many annoyances that the postal service has to contend with is the receipt of bundles of carelessly sealed letters, many of which are stuck together. Since letters can be run through the cancelling machines only one at a time, all those stuck together must first be pulled apart by some postal employee. This may result in mutilation of the addresses or in placing the letters to one side until other mail has been handled.

WHY IS THIS WRONG?

Thousands of letters are delayed in delivery from two to ten hours in big cities because business men do not place their return street address on letterheads and envelopes. Even though a company may be an important one, all postal employees do not have its address committed to memory. Consequently its mail will surely be delayed if persons who must reply to its letters are given no street address.
