

GAOL SENTENCE FOR SPEEDING IS THREATENED

Committee Considered Matter—Payment for Two Properties Necessary—Through to Alexandra Street.

Warning that conviction on another charge of speeding would result in no fine but a sentence in gaol, was given in the Police Court Tuesday afternoon by Magistrate Limerick when conviction was made on a second offence and a fine of fifty dollars and costs was imposed.

Remarks by Magistrate.

The Magistrate referred to the fact that the accused previously had appeared before him and had been convicted of a like offence, also that numerous complaints had been made of his manner of driving by motorists and also by pedestrians. He said further that his own observation had convinced him of the recklessness displayed.

Case Was Defended.

The defendant in the case was Douglas Tims and he contested the case F. H. Peters appearing for him as counsel. The defence made it necessary for the police to present a case and Patrolman John Bird and Chief Jones both took the stand and gave evidence sufficient to prove the offence.

Mr. Peters in making a plea for the accused acknowledged previous conviction and asked for leniency on condition of more careful driving in future.

ST. SWITHIN'S DAY WITH FINE WEATHER

St. Swithin's Day in this vicinity has passed with the exception of its evening hours, without rain falling. If the old prophecy has any weight attached to it, and the day passes with weather fine, there should be forty days of fair weather. Unfortunately the prophecy has never worked out and forty days without rain need not be anticipated.

The verses in which the prophecy is contained are as follows:—

St. Swithin's Day if Thou dost rain,
For forty days it will Remain;
St. Swithin's Day if Thou be Fair
For forty days 'twill Rain na Mair.

The legend attaches to the death and burial of St. Swithin, Bishop of Winchester, who died July 2, 862. Contrary to his expressed wish that his body be buried in a "vile and unworthy place" his ashes were removed about a century later on July 15th to a beautiful church. Rain began to fall and continued a long period, according to the story, because of the saint's displeasure.

No Action Taken.

At the Dental Convention at Moncton this week considerable discussion arose over the announcement that no action had been taken against a dentist who is practising at Fredericton, illegally it was alleged. In view of the fact that the Fredericton dentists thought that any action taken against him would only give him more publicity and do harm to the association it was decided that the proceedings against him should not be pressed.

WINSLOW ST. EXTENSION IS RECOMMENDED

Fine of Fifty Dollars for Second Offence — Police Magistrate Limerick Gave a Severe Warning.

The Roads and Streets Committee was in session Tuesday for the purpose of considering the extension of Winslow street and other matters which had been referred to it.

The committee decided to recommend to the City Council that the properties necessary for the extension of Winslow street to Alexandra street be purchased for the owners. Other land necessary is to be donated. The purchases recommended are from E. C. Atkinson at a price of \$500 and William McCormack at a price of \$400. Ald. D. W. Olts and Frank T. Thomas who also own land necessary for the extension are willing to donate theirs.

Winslow street was opened some fifteen years ago from Lansdowne street to Grey street. The contemplated extension will take it to Alexandra street the most easterly of the streets connecting Waterloo Row with University Avenue and will open up a considerable area of land for building.

C. N. R. Matters Also.

The Roads and Streets Committee also considered matters which have been subjects of negotiation between the city and the C. N. R. for some time. No announcement was made concerning them.
