

# ENORMOUS GRAIN CROP IN WEST

## JUDGE SAYS NO PENALTY TOO SEVERE

Man Who Struck Mother Sharply Denounced in Court.

HAD BROKEN HIS PAROLE

Committed to Jail After Mother Refused to Testify.

(Special to the Daily Mail by British United Press.)

New York, July 23—"If the law permitted, I would string you up by the thumbs and order you given one hundred lashes," Judge Tuernan said yesterday in the Bronx county court to Louis Goodman of 3746 Third Ave., the Bronx. Goodman on parole after conviction of Grand Larceny was charged with violating his parole, striking his mother. Judge Tuernan told him that any man who struck his mother deserved prison for life.

The mother learned that Goodman could be sent to prison for violating his parole, and refused to testify against him, so Judge Tuernan, committed Goodman to prison without a report by probation officers.

## SAYS FRANCE IS FACED WITH BIG PROBLEM

Marseilles, France, July 23—France is facing a serious situation in Morocco, Gen Stanislas Naulin declared today. He is the new commander-in-chief of the French forces fighting Abd-El-Krim's Riffian invaders of the French Moroccan zone and is en route to the front to take active charge of the French campaign.

"Our difficulties," he said "must not be under-estimated. We are at the height of the hot season. There are few or no roads and means of transportation are still rather primitive in Morocco."

"Over there one cannot do whatever one wishes. One must be careful and every move must be planned."

"You ask me when the war will end? I don't know. I have never said the Riffian enemy would be quickly disposed of, for the excellent reason that I do not know anything about it. All I can say is the French will neglect no effort to win."

## DEPARTURE OF U.S. AVIATORS IS DEFERRED

(Special cable to the Daily Mail by the British United Press.)

Paris, July 23—Departure of the American escadrille for French service on the Riffian war front has been postponed to July 28th. Thirty flyers expect to start direct from the Le Bourget field simultaneously with French planes.

## MORE TAXES ARE PAID IN MONCTON

Moncton, July 22—Taxes paid at the City Hall amounted to \$12,405.02 more this year than last. The total last year was \$355,499.47. Many checks and money orders have not yet been entered by the cashier.

Willis—Is golf really good for the health?

Nillis—It's just the same as medicine, only instead of swallowing the pill you knock it around

## PREPARING TO HANDLE RECORD GRAIN HARVEST

Record Number of Hands Will be Required This Year.

38,000 C.N.R. CARS ARE NOW READY

Should Greatly Relieve Unemployment in the East.

(Special to The Daily Mail.)

Montreal, July 23—With the estimates of the total of the wheat crop increasing as the summer advances the Canadian National Railways whose lines operate through the most productive part of the wheat belt, is continuing its preparations not only for the transportation of a record number of harvest laborers from East to West, but also for the carrying of the grain from the Prairie Provinces to the various Eastern distributing points.

Rolling Stock Ready.

Already plans have been perfected for the allotting of 38,000 freight cars and approximately 160 locomotives to handle this golden cargo. When it is realized that each box car assigned to carrying grain will transport 1,500 bushels each trip, some idea of the immensity of the whole movement can be obtained. This means that a single movement of these cars will transport roughly 57,000,000 bushels for more than the entire wheat crop of Canada a few years back.

Stupendous Task.

Those outside of Railway life have little conception of that vast amount of planning and detail work incidental to the garnering of the grain crop and with the Canadian National Railways this problem is probably a greater one than with any other organization in the world owing to the fact that the location of its lines are through those sections of the West which have developed into the heaviest producers of wheat and other grain. Already the preliminary arrangements have been made to transport approximately 45,000 harvest hands from the Maritime Provinces, Quebec and Ontario and this movement should see an immense relief from any employment situation which may exist in any part of Eastern Canada.

## SEC. WORK OF U.S. FINDS WORKERS DON'T LIKE WORK

Washington, July 23—Employees of the Interior department do too much sitting down, clock watching and stumbling over office furniture to suit Secretary Work, so he has given orders to strip the department's offices for action.

The first move was in the general land office, where 250 chairs were removed, most of the clocks dismantled, and two van loads of stools, wardrobes and desks, valued at \$6,264, turned over to the government's general supply office.

## MORE DISASTERS SAYS PROPHET OF EARTHQUAKES

(Special to the DAILY MAIL by the British United Press.)

Faenza, Italy, July 23—Professor Bendandi, noted Italian seismologist, whose predictions of earthquakes in recent years have been fulfilled almost without exception, today, through the United Press predicted a terrific earthquake in Alaska and North America on July 25 or 26th.

He likewise predicted that a new earthquake would strike Japan on the 30th.

## Bill Introduced to Limit Publicity of Court Proceedings

British Upper House Considers Measure of Lord Darling—Aims to Prevent Injury to Public Morals—Contains Drastic Provisions Affecting Future of Newspaper Reports—Divorce Details to be Eliminated.

(Special to the Daily Mail by the British United Press)

LONDON, July 23—Lord Darling's Judicial Proceedings Bill when introduced in the House of Lords was described as "an act to regulate the publication of reports on Judicial proceedings in such a manner to prevent injury to public morals" has just been published and contains some drastic provisions.

The measure forbids publication by the press of "any indecent matter or medical, surgical or physiological details, being matter or details the publication of which would be calculated to injure public morals or otherwise be to public mischief".

Curtails Press Reports.

Newspaper reports of divorce actions may contain no more than the following.

"The names addresses and description of the parties and witnesses the grounds on which the proceedings are brought and resisted thereof and

submission of any point of law arising in the course of the proceedings and the decision of the Court thereon. Summing up of the Judge and the finding of the Jury and judgment of the Court and observations made by the judge in giving judgment."

## ST. PAUL'S CHURCH UNDER FEDERAL ACT VOTES AGAIN IN FAVOR OF CHURCH UNION

Result Announced as 349 For, 114 Against, 4 Spoiled—W. L. McFarlane at Congregational Meeting Suggested Holding Out of Olive Branch to Non-concurring Presbyterians—Said Today That There is no Likelihood of Continuing Church Accepting Overtures.

Wednesday night the voting on the question of Church Union under Federal enactment was completed at St. Paul's Church in this city. The vote was overwhelmingly for Union. Both sides however polled more votes than when the vote was taken under Provincial statute although many members of the congregation were out of the city on vacation.

Rev. Dr. J. S. Sutherland was moderator and announced the result of the balloting which was completed last evening. He said that out of 562 communicants qualified to vote, 467 had registered their votes during the fortnight the voting had been in progress. Of that number four had spoiled their ballots and 349 voted For Union and 114 Against Union.

At the preceding vote the totals had been 328 For and 3 Against but almost all those opposed to Union withdrew from the meeting refusing to vote.

Moderator's Statement.

After the meeting was opened Rev. Dr. Sutherland made some preliminary remarks with regard to the situation in the church and the difference of opinion. He could not see what was to be gained by the second vote unless it was a better opportunity for those opposed to Union to show their strength. The petition for the balloting under the Federal Act had been presented and acted upon. The vote under Provincial statute already had disposed of the property.

He said the form of ballot used was that proposed by those opposed to Union who also had wanted certain things which could not be granted them by the session. Dr. Sutherland then announced the result of the balloting and pointed out the 21 more had voted for Union than in the previous vote.

Deserved Congratulation.

He said that those who had wished

to carry St. Paul's Church into Union deserved congratulation. He hoped that the best of feeling would prevail. It should be remembered that those who had disagreed had gone out, had elected new trustees and were proceeding with the organization of another church. Those left must be especially loyal in the next few months—financially and in every other way—to insure the future of St. Paul's.

W. L. McFarlane's Suggestion.

W. L. McFarlane rose and expressed the opinion that there ought to be some attempt toward bringing the two sections together. He would have conveyed to those differing in opinion the intimation that they would be welcomed to worship in that church. He would be willing to accept from them any suggestion as to government, place of worship or other matters. It was his belief that the obstacles which had existed would be removed, that the feeling would gradually die away. He believed that there was wavering and weakening already.

It was not a matter of Church Union which had made some of those of other opinions so aggressive. Other matters had made them that way. Finance was not the chief matter but the fact that St. Paul's was the church home of those people.

Rev. Dr. Sutherland.

Rev. Dr. Sutherland said that he agreed with Mr. McFarlane. All felt that every helpful and loyal member of St. Paul's to come to the aid of the Church. None of those who opposed Church Union had removed his name from the communion roll and no reason existed why they should not be back in the church on Sunday. If they went out it was for no other reason than that they wished to go.

View of Other Side.

Ernest A MacKay who has been

## SIR H. THORNTON TO INSPECT NEW WESTERN LINES

Will Leave Montreal on Saturday on an Extended Tour.

BIG PROGRAM IS MAPPED OUT

To Open North Battleford and Vancouver Exhibitions.

(Special to The Daily Mail.)

Montreal, July 23—Sir Henry Thornton, chairman and president of the Canadian National Railways will leave Montreal, Saturday of this week on an extended tour of inspection of western lines which will include several of the new branch lines which have recently been constructed. On this trip he will be accompanied by Major G. A. Bell, Deputy Minister of Railways and Canals, and J. Gill Gardner of Rockville, Ont., director of the Canadian National. After arriving at Winnipeg officers of the Western Region will join the inspection party and various divisional officials will be picked up from time to time along the route. The party will proceed from Montreal to Ottawa and thence to Port Arthur and Port William where they will spend the day of July 27th.

A Popular Resort.

Minaki, which has developed into a popular resort for westerners will be made. On the afternoon of the same day the president will be visited Tuesday the 28th and an inspection of the new golf course will continue to Winnipeg and thence west to Saskatoon, passing through Prince Albert arriving at North Battleford Sask., July 31.

To Open Exhibition.

At this point Sir Henry will participate in the opening of the North Battleford exhibition leaving that same evening for Edmonton where half a day will be spent. August 2 and 3 will be spent at Jasper National Park, the great playground for tourists which the Canadian National has developed in the Rockies. Here too the new golf course which is said by tourists to be one of the finest in the world will be inspected. Other improvements and activities at Jasper Park Lodge will also be reviewed.

New Branch Line.

On leaving Jasper they will go to Kamloops and thence to Vernon, B. C., over the new branch line proceeding by road to Kelowna and return to Kamloops leaving there August sixth and arriving in Vancouver the same day. The following day the trip from Vancouver to Victoria will be made by steamer the party returning to Vancouver, Monday morning, August 10.

Vancouver Exhibition.

Here Sir Henry will attend the opening of the Vancouver exhibition and will officially open the Canadian National, new radio station CNRV on the evening of Aug. 11. Aug. 12 and 13 will be occupied by the trip by Canadian National steamer from Vancouver to Prince Rupert where the party will remain a part of the 14th and the 15th.

Prominent in the continuing Presbyterian stated this morning that his opinion was that the non-concurring church would meet the others halfway. However they were Presbyterians and that should be understood. Any proposition with regard to division of the church property would be entertained. There would be nothing on any other basis as far as he could see. He considered neither vote legal—the first because of the attitude of the moderator Rev. Dr. Sutherland to himself when he had the floor in the congregational meeting, the second because the ballot was not secret.

Building Burned BY THE FASCISTS

(Special cable to The Daily Mail by the British United Press.)

Florence, Italy, July 23—Fascists invaded the headquarters of a singing society at Impruneta and burned the place. The singing society was alleged to be the meeting place for Socialists.

## OMAHA GIRL HAS EYE FOR PUBLICITY

Paints Bryan on Left Knee and Darrow on Right.

PORTRAITS ARE WATERPROOF

Expression of Rivals Changes as She Moves About.

(Special cable to The Daily Mail by the British United Press.)

Omaha, Neb., July 23—The painted knees fad has hit Omaha. Mary Bell, 17 years old flapper appeared on the street here Wednesday with a portrait of Clarence Darrow painted on her right knee, and one of M. J. Bryan painted on her left knee.

Mary took her knees swimming in the afternoon, to see if the portraits were waterproof. They were, and she announced her intention of attending a dance during the evening, taking the portraits along.

Observers report that there is a fascination in the change of expression in the faces of the famous pair as Mary moves about.

When she stands, Bryan beams, when she sits he becomes a long faced prophet of gloom.

Relaxed, Darrow glowers, fixed he has a quizzical expression as though he were pondering "did Jonah swallow the whale or did the whale swallow Jonah."

## WEDDING RINGS AS PROTECTION AGAINST SHEIKS

Philadelphia, July 23—Have you ever noticed the number of waitresses who are wearing wedding rings?

"Oh, no, I'm not married," explained a waitress in a busy restaurant, "but all of us girls wear rings."

"You see, it's this way. The quickest way to squelch the pest, who thinks waitresses are hired to entertain customers, is to flash a wedding ring before his eyes."

"If I don't like the fellow, and he insists on trying to make a date with me, I get dignified and tell him my husband is a policeman with a wonderful uppercut. Then he usually passes out of the scene."

## RARE PEARLS ARE SHOWN IN LONDON SHOP

London, July 23—In a shop in Regent street is being shown a remarkable collection of pearls gathered from fisheries all over the world. There are white Austrian pearls with their silvery sheen, very beautiful, but cold in color, that can be worn triumphantly by the pale blond. The warm magnolia-tinted pearls from Ceylon or the golden and brown pearls found in the depths of the Red sea are ideal for darker women, as are the rare black pearls found only in the Gulf of Mexico by pearl fishers searching for black mother-of-pearl.

## BUILDING BURNED BY THE FASCISTS

(Special cable to The Daily Mail by the British United Press.)

Florence, Italy, July 23—Fascists invaded the headquarters of a singing society at Impruneta and burned the place. The singing society was alleged to be the meeting place for Socialists.
