OF INTEREST TO THE WOMEN

AMERICAN FASHIONS.

The standard measurement for skirts this year, it is said, is fourteen inches off the floor. Waistlines, too will probably be higher returning to the normal position.

Cape and bolero effects will be popular.

The three outstanding colors are epinard green for street, geranium petal for evening and golden pheasant for sport wear.

The "ensemble" suit of last year will be called the "combination" suit this year.

Tight fitting styles are avoided by "kick" pleats in skirts and back flares in coats. High necks and collars and long sleeves seem to be gaining in popularity.

Scarfs are still in favor but tied now in a little knot at the left side of the throat, their ends trailing gracefully down the left side.

New furs for the winter will be muskrat belly (only the backs have previously been used) sand colored weasel and squirrel dyed rose color.

GOOD POINTS TO KNOW.

To clean a tan leather bag remove all dirt with lukewarm water and a good white soap, then rub dry with a woolen cloth and polish with any good tan shoe polish.

When you make custards again try putting a teaspoon of flour in the sugar, mixing well before adding to the eggs.

Never starch linens that are to be stored away for a long time. They are apt to crack. Rinse free from starch, dry and fold away if possible in blue paper. The blue paper prevents them turning yellow.

TESTED RECIPES FOR THE AMATEUR COOK.

Pour two cups milk over two cups fine dry bread crumbs; add a quarter teaspoon salt and a quarter cup sugar, one well beaten egg, grated rind of one lemon, three tablespoons lemon juice and one tablespoon melted butter. Pour into buttered baking dish and bake in a slow oven forty minutes. Serve with creamy pudding sauce; beat one egg until light and add three fourths cup powdered sugar. Add one cup cream whipped until stiff, and two tablespoons orange juice and one tablespoon lemon juice. Serve ice cold.

LEMON TARTS.

Melt one and a half cups butter over hot water. Beat four eggs and add juice and grated rinds of three lemons, one cup sugar, one cup finely chopped almonds and a quarter teaspoon salt. Beat for five minutes then stir in butter. Put a half teaspoon raspberry jam into each of twelve tart tins lined with crust and divide lemon mixture among them. Bake in moderate oven twenty-five minutes.

LEMON CREAM.

For those who have plenty of cream to use this recipe will recommend itself. Soak a tablespoon of granulated gelatin in two tablespoons of cold water five minutes. Pour half a cup of sugar, half a cup of water and half a cup of lemon juice in double boiler. When heated add two egg yolks beaten with a second half cup of sugar. Cook, stirring occasionally until cold. Fold in stiffly beaten egg whites and a cup of cream.

HONEY DROP COOKIES.

Three fourths cup honey, 1-4 cup shortening, 1-2 teaspoon cinnamon, 1-2 teaspoon cloves, 2 tablespoons water, 1 egg, 1-2 to 2 cups flour, 1 teaspoon baking powder, 1-4 teaspoon soda, 1 cup raisins cut fine. Warm honey and shortening until melted. While warm, add spices. When cold add water and 1-2 cups flour sifted with baking powder and soda. Stir in raisins. Add sufficient flour to make dough stiff enough to drop from spoon. Bake in moderate oven about 375 degrees for 15 minutes. Makes about two dozen cookies.

TODD HART UPSET TALENT AT KALAMAZOO

Kalamazoo, Mich., July 22—Todd Hart, bred and owned by C. D. Hart, Clinton, Iowa automobile dealer toppled over Trumpet and Holyrood Jessie the favorites in the eighteenth renewal of the \$10,000 Exchange Club purse here this afternoon by a burst of speed that carried the gelding to victory in the second and third heats.

The time of the three miles averaged 2.06½ which was three and a quarter seconds slower than the record of 2.03¼ for the event, hung up by Favorian in 1923 and equalled by Fayette National last year.

It required an extra heat to decide the 2.07 trot with Chrystie Mac. Hurry up and Cupids Albingen each holding a heat. In the extra mile, Hurry-Up broke at the far turn and tipped his driver, Ben White, out of the sulky, and then proceeded to get underway and led the others under the wire. Chrystie Mac won the extra heat and race, while Cupids Albingen was awarded second money.

SAYS KIDNAPED HEIRESS HELD IN OPIUM DEN

Santa Ana, Cal., July 22—Held prisoner in a Chinese opium den near the Mexican border is a middle-aged woman her once attractive features ravaged by drugs and abuse, who claims to be the missing Dorothy Arnold, the heiress who was kidnaped from New York a generation ago according to Mrs. Virginia Lee Cookson, authoress, who says she herself escaped from the clutches of the Orientals this week.

Mrs. Cookson who staggered into the Calexico jail in a hysterical condition Thursday night, after posses had hunted for her through the hills around Santa Ana for forty eight hours, told an amazing and incoherent story of her adventures. The authoress said she was seized by Chinese on the road near Santa Ana, placed in an ambulance carried 250 miles southward toward the border, drugged, lowered into a tunnel and finally confined in a room in which there were several beds.

"I was tied to a bedpost," said Mrs. Cookson, who is 45 said. "Apparently I was in part of an opium den, for Mexicans, Chinese and other underworld characters indulged in appalling revels with the women of the place."

"In the room in which I was forced to witness these spectacles for forty-eight hours was a woman apparently about fifty years old."

"She told me she was Dorothy Arnold and that she had been kidnaped from her home in New York a generation ago."

"I laughed at her, but she persisted she was telling the truth, and offered proof."

The district attorney while skeptical, is investigating Mrs. Cookson's story.

"I understand Monroe is an only child."

"He's enough to discourage any father."

"Fraser"

We would like to send you a copy of a 15-page booklet, just issued, on the lumber and wood pulp industries and Fraser Companies. The subject is one that should appeal to every person interested in the industrial development of New Brunswick.

The manufacture of lumber and pulp brings many millions of dollars annually to New Brunswick and provides employment for thousands of the population. The industry is gaining in importance on account of changing conditions elsewhere.

The booklet we are referring to has been carefully prepared; it is illustrated with many photographs taken especially for the purpose, and has been designed to furnish accurate information on one of New Brunswick's mainstay industries and one of the leading manufacturing enterprises of the Province.
