HON. HUGH GUTHRIE ADDRESSES MONTREAL CONSERVATIVE CLUB; PAYS TRIBUTE TO MEIGHEN

Montreal, Oct. 20—Canada's urban representation is not large enough, and the rural population is unduly represented in parliament, in the opinion of Hon. Hugh Guthrie, House leader of the Conservative party, who addressed the Montreal Conservative Club here today.

He characterized this as anomalous and attributed to this fact that the Conservatives, although polling 115,000 more votes than the Liberals, have come out as under-dog at the recent federal elections.

He emphasized, however, that the King Government with a strong combination majority, is firmly established, and that it is not going to be the policy of the opposition in the course of the next session to seek to hinder or delay meritorious legislation, merely for the sake of opposition.

"I will repeat what I told the delegation which appointed me House leader at Ottawa recently," said Hon. Mr. Guthrie, after being introduced by General J. G. Ross. "I said that some men are born great, some achieve greatness, and some have greatness thrust upon them. I belong to the last category, and I attribute the great honor to the fact, that with the exception of Hon. Mr. Lemieux, I am the longest continuous sitting member of parliament at the present time.

Praises Meighen

"I realize the tremendous responsibility which I am facing as House leader during the coming session. The party found it expedient to select a temporary leader, as there was no time for a suitable convention.

"On Sept. 14," he went on, "we were defeated; but we were not disheartened. Our greatest loss was our talented leader. We all believe however, that he will be back again after not very many sessions, and I can assure you that we need him. For many years

I have observed men in politics and the greatest parliamentarian of them all was Arthur Meighen. The Conservative party cannot afford to lose him his ability, his talents—nor can the parliament of Canada.

"If Mr. Meighen can be criticized at all, it may be said that he was too anxious to help and assist the government to frame legislation time after time, to point out the right way to act. Without him the King government would have been lost. He came to the rescue and pointed out their wrongs. I do not know if this is the duty of a leader of the opposition. I believe that the government should have been allowed to plunge and to flounder.

"The last election was a definite victory for the King government and it is very firmly established. There remains this strange anomaly that the Conservatives should be the defeated party, in spite of the fact that some 115,000 more votes were polled in our favor than in that of the Liberals. I say, in spite of this we have only 91 members, while the Liberals have 118. The combination, however, controls 154 seats.

Something Unfair

"There is manifestly something unfair and anomalous about this situation. Our urban representation is not large enough and our rural population is unduly represented. I am not a believer in proportional representation, but there should be a remedy for this unnatural state of affairs. We should have almost one-half the representation in the House. We must, however, recognize the fact that the majority of the voters have chosen Mr. King. He will have a fair field. We will allow him no favors, of course. It will be our duty to examine, to scrutinize an d to criticize, but we should not seek to hinder or delay, simply for the sake of opposition.

MANY SPEAKERS HEARD AT BOARD OF TRADE DINNER

Hon. James Malcolm, Minister of Trade and Commerce and Ex-Premier Flemming in the List.

St. John, Oct. 21—The assurance of representatives of the two principal parties in the Canadian Parliament that they and their associates would support every move which was for the common good of all the people of Canada was the high note in speeches delivered at the first annual banquet of the Canadian Board of Trade in the Admiral Beatty Hotel last evening. Both Hon. James Malcolm, Minister of Trade and Commerce, on behalf of the Government and J. K. Flemming, M. P., of Juniper, N. B., on behalf of His Majesty's Loyal Opposition, joined in the expression of a stirring Canadianism, when they declared in turn that no party differences or political strife should clog the wheels of progress when legislation tending to carry the Dominion to further heights of prosperity was being decided upon. Both speakers engendered encouragement in the presentation of the record of Canada's accomplishments of the past and a healthy optimism in their predictions for the bright future of the country.

It was a very full day for the members of the newly formed organization. Morning and afternoon sessions were engaged in the presentation of papers on a variety of interesting and instructive subjects, which included foreign and domestic trade, taxation and the problems of several sections of the Dominion. Officers were chosen and a committee named to arrange for the matter of ways and means for the carrying on of the board.

Many Papers Presented.

The papers presented at the afternoon session included one of the problems of the Central Provinces, by A. O. Dawson, Montreal, vice-president of the Canadian Board; on the problems of the east, by J. D. McKenna, of Saint John; on immigration, by Lieut. Col. Ralph Webb, D. S. O., M. C., Mayor of Winnipeg; on the Canadian wholesale trade and its difficulties, by G. Laffoley, vice-president of the Montreal Board of Trade and on municipal taxation with particular reference to civic management, by Dr. H. L. Brittain,

MANY DEATHS IN HAVANA DUE TO HURRICANE

Steamers, Sailing Vessels and Fishing Boats Were Sent to the Bottom.

Havana, Cuba, Oct. 20—Twenty dead, possibly more, and several hundreds injured, is the estimate of the casualties caused by the West Indian hurricane which swept over Cuba today. Eight were killed by the collapse of one house at Layano, a small place in Havana Province, and it is said that there will be considerable loss of life through drowning.

In the first emergency hospital there are three dead and 170 injured, some of them seriously.

A large number of steamers and sailing vessels were either sunk or damaged. Forty fishing boats went to the bottom. All launches and small boats practically were washed away by the heavy seas.

The Cuba naval vessels Febrero and Hatuey were sunk and the light cruiser Patria is damaged. The steamer Maximo Gomez broke from her mooring and was driven about the harbor, coming into collision with many ships. She finally rested up against the dock.

The Spanish steamers Antonio Lopez and Barcelona were damaged.

Vessels Lost.

The schooners Maria Mercedes, Maria Del Carmen, Enriqueta and Crisalida were sunk. The Cuban steamers Lufe and Puerta Tarafa also went to the bottom, while the French steamer Grandana of the West Indian Company, suffered severe damage. The Governor Cobb and the Orizaba are safe. The British steamer Ulua was not able to enter port but is safe. Numerous wharves were wrecked as well as the Belot oil and gasoline storage tanks.

The monument to the battleship Maine is completely down. Only the base and the guns from the warship remain.

Director Citizens' Research Institute of Canada, Toronto.

S. B. Gundy, of Toronto the president of the Canadian Board was in the chair at the annual banquet and the speakers were introduced by A. O. Dawson, vice-president, who paid a tribute to each as they were called upon to speak.

About 200 delegates and members were in attendance.

Here and There

The recently organized egg and poultry pool in Saskatchewan has 17,000 members. Egg production in that province is 33,672,263 dozen yearly. Saskatchewan is now the second largest poultry producing province in Canada, Ontario being first.

St. Catharines—The North American celery championship has been awarded to James Little of this city by the American Vegetable Growers' Association, convening in Cleveland. The high quality of Canadian celery has long been recognized and this new triumph is expected to further stimulate production.

The Australian Cricket Team, heroes of five test matches against England this summer, arrived in Canada on the Canadian Pacific liner Montrose, October 8th. After visiting some of the principal cities in Canada and the United States, the team proceeded to Vancouver where they sailed on M.S. Aorangi for their homes in Australia, October 21st.

For the third year in succession the McAdam First Aid Team from New Brunswick carried off the "Grand Challenge Trophy," emblematic of the eastern lines first aid championship of the Canadian Pacific Railway. The competition was held recently at the Place Viger Hotel in Montreal, four other teams from points east of Fort William competing.

The oldest employee of the Canadian Pacific Railway in point of service, Isaac Gouverneur Ogden, vice-president in charge of finance, celebrated his 82nd birthday October 10th. He has served the Company for 44 years and his business experience goes back to the Civil War days. Mr. Ogden was the recipient of felicitations from all parts of the Dominion.

General Booth, head of the Salvation Army, sailed recently from Vancouver on the Canadian Pacific liner Empress of Canada for Japan. The General will tour Japan, China and Korea. True to his maxim of not touching food for two days previous to a sea voyage, the General contented himself with sipping a little hot water while attending to his correspondence and waiting for the liner to sail.

Toronto—The New York Times is about to invest \$25,000,000 in northern Ontario for the production of all of its newsprint—about 550 tons a day. The announcement of this project was made by the secretary of the president, Adolf Ochs, during the sojourn of both in this city. The site selected for the paper plant is at Kapuskasing where there is already a small sulphite mill in operation. The water power, 75,000 h.p., will be generated from Smoky Falls.

Thirty students from Oxford and Wye Agricultural College, Kent, England, returned home on the Canadian Pacific liner Montclare recently after having assisted in the harvesting of the Saskatchewan crop. These young men were brought out to the Dominion by the Department of Colonization and Development of the Canadian Pacific Railway, and placed on selected Saskatchewan farms by the Women's British Immigration League. The students are resuming their studies in England this fall.

G. Walter Booth, Prosecuting Attorney for the State of Ohio, in an interview in the tourist department of the Canadian Pacific Railway at Montreal recently, stated that American hunters were choosing Canadian hunting grounds in place of those in the United States practically without exception. Americans, he said, were taking one hundred per cent. interest in Canadian game resorts. Mr. Booth is at present in Canada on his annual duck hunt near Winnipeg, and also a big game trip in north-western Quebec.

CANNOT WEAR RINGS.

South Shields, Eng.—Boys and girls are forbidden to wear rings in school. The display of them has been found to detract from studies.

DIED

LINDSAY—At her home, 214 Queen street, Doris Eleanor Lindsay, aged 14 years, eldest daughter of Mr. and Mrs. R. W. Lindsay, October 20th. Funeral Friday afternoon from the late home at 2.30 Rev. G. C. Warren assisted by Rev. Dr. J. S. Sutherland. Interment in Rural Cemetery.

LUMBER CUT ON NORTH SHORE TO BE SMALLER

Campbellton, Oct. 19—With market conditions anything but active and the Chaleur Bay Mills eliminated from operations on the Restigouche as a result of the purchase of this company's limits in this territory by the International Paper Company, the lumber cut on the North Shore this winter will be only about 50 per cent of last year's figures. This estimate takes into consideration all projected lumber operations in the North Shore district and is as accurate as can be figured out at this date. As last year's figures approximated to be 86,000,000 superficial feet the 1927 drive on the Restigouche will not likely bring down more than 45,000,000.

So far this season conditions in the lumber woods have been most unfavorable owing to the continued rains and in nearly all sections lumbermen have encountered considerable difficulty in carrying on their operations.

In low ground particularly the wet weather has made it almost impossible to carry on lumbering activities with any semblance of the progress which would have been made under better conditions.

ANNUAL MEN'S BANQUET.

Enjoyable Gathering at Brunswick Street Baptist Church Wednesday Night.

The annual Men's Banquet of the Brunswick street Baptist Church was held last night in the school room of the church and was very largely attended. The banquet was served by the Ladies' Auxiliary of the church and was most enjoyable. An orchestra was in attendance and added to the enjoyment of the occasion. There also were a number of vocal and other numbers. Community singing also was enjoyed.

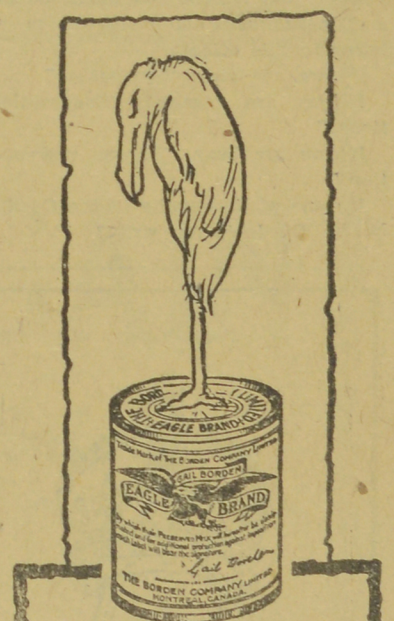

The chair was occupied by W. K. Thibert who acted as toastmaster.

The King was received with the National Anthem.

The Church was proposed by R. L. Phillips and responded to by the pastor Rev. G. C. Warren.

The Spurden Class was proposed by Willard Kitchen and responded to by I. B. Rouse.

The Ladies was proposed by E. Allison MacKay and responded to by Kenneth MacDougall.

Healthy Babies

Food, sleep and fresh air, but especially proper food, ensure health. Borden's Eagle Brand Condensed Milk, since 1857, has been the leading infant food. Doctors endorse it. Pure, uniform, easily digested. Use it if you cannot nurse baby.
