Paris, June 11—The charge that a wealthy American woman who is now dead and who known as "Miss Z K" contributed large sums of money to the cause of Abd-el-Krim in Morocco is made in Thursdays edition of the Newspaper El-Temps.

Miss Z K is alleged to have been a daughter of a former president of an American bank. El-Temps says that she drove an ambulance for the Riffians and organized a hospital service for them. Her death followed an operation in London in 1924 the newspaper story says.

N. B. MAY GET  
\$90,000 IN  
RAILWAY TAXES

Ottawa, June 10—A committee of the conference of Provincial Premiers waited upon Hon. C. A. Dunning, Minister of Railways, and presented the views of the Maritime Provinces with respect to payment to the Provinces of taxation on the railways. Hitherto the property of nearly all the railways in the Maritime Provinces, being in the Crown, no taxes were paid.

Prior to the presentation of the case to the Minister, General Counsel Ruel, of the Canadian National, today, waited upon the conference and offered, on behalf of the C. N. R., to pay \$250,000 per year to the three Provinces, to be divided as might be agreed upon by the Provinces concerned.

Later, a committee of the Conference again waited upon the Minister of Railways, and agreed that Prince Edward Island should get \$40,000 and that the balance should be divided between Nova Scotia and New Brunswick on the basis of the railway mileage in each Province. It is expected that Nova Scotia's share will approximate \$100,000.

MANITOBA  
HAS SURPLUS  
OF \$600,000

Winnipeg, June 10—A surplus of \$600,000, the largest in the history of the province with the exception of the year 1912, was announced today by Premier John Bracken, of Manitoba, in a report covering provincial revenues and expenditures for the fiscal year ending April 30, 1926.

The large surplus will be applied toward paying off accumulated deficits of the past, which now stand as a charge against the province at \$950,000.

With revenue for the year of \$10,780,000, and expenditures of \$10,270,000, the final result of the administration of the affairs of the province for the year turned out almost \$1,000,000 better than was forecast in the premier's budget of 1925.

Many sources of revenue increased above the anticipated figures, particularly railway taxes, which follow a settlement of a court action, amounted to \$252,000.

New York, N. Y., June 11—Miss Jean MacKenzie, heiress to a substantial fortune made in sewing machines, was found dead in the bathroom of her Greenwich village apartment here yesterday. Two bottles which had contained poison lay beside her. Friends said she had been lonely and despondent since the marriage of her girl chum, who had shared the apartment.

Miss MacKenzie was a daughter of the late James S. MacKenzie, a large stockholder in the Singer Sewing Machine Company. Her mother, Mrs. Charlotte MacKenzie, is on her way here today from San Francisco. A brother lives in Los Angeles.

Miss MacKenzie was formerly an instructor in a private school in Baltimore.

MAY GO TO  
CIVIL SERVICE  
COMMISSION

Winnipeg, June 10—Former Premier T. C. Norris of Manitoba who was given the first refusal of the Lieutenant-Governorship of Manitoba is

HON. T. C. NORRIS

to be appointed a member of the Civil Service Commission and Col. Y. J. Reid, of Winnipeg will be appointed Lieutenant-Governor of this Province. Col. Reid is part owner of a departmental store and former commander of the 79th Queens Own Highlanders. There are two vacancies on the Civil Service Commission, the result of the resignations of Commissioners Jamieson and Larochelle. Mr. Norris will fill one of these.

**Schooner En Route Here.**  
The tern schooner Roseway 244 tons, Captain Harry Anderson is now in St. John with a cargo of five hundred tons of hard coal consigned to Mr. R. T. Baird of this city. She will be towed through the falls and on to this city to discharge her cargo. This will be the first schooner to reach here in a period of five years. Prior to the great war practically all hard coal used here was brought in from the United States by schooner but high ocean freights and the construction of a new railway bridge over the reversing falls put an end to the traffic.

CLEVELAND-CANADIAN  
DRY CELEBRATION WAS  
A GRAND SUCCESSFive Thousand Canadians Headed by Premier  
Ferguson Invaded Border City—Were Given  
a Rousing Welcome—The Union Jack and  
Stars and Stripes Wave in the Same Breeze—  
Celebration Marks Century of Good Will.

(Special to the Daily Mail by the British United Press)

CLEVELAND, Ohio, June 11—The Union Jack and the Stars and Stripes waved in the same breeze as five thousand Canadians, headed by Premier C. Howard Ferguson of Ontario, swarmed into Cleveland, making the two countries one in the first annual Cleveland-Canadian Day.

As the delegation, headed by the kilted Toronto Scottish regiment—300 picked soldiers of the King—stepped from a Lake steamer, a blare of greeting was heard from the Cleveland Grays and other Cleveland bands.

Besides those coming directly from Canada, hundreds of native Canadians, now living in northern Ohio, had trickled in to the city ready for the gala day.

## Century of Good Will

The celebration marks the century of good will that has existed between this nation and its northern neighbor and celebrates the inauguration of the first steps toward promotion of greater industrial and friendly relations between Ontario and Cleveland.

The delegates are to be taken through a whirlwind of activities which will begin with a parade of the Scottish Regiment and the Cleveland Grays and end with an enormous mass meeting at the public hall.

JUNE THE MOST  
DELIGHTFUL  
MONTH IN YEAR

New York, June 10—Of all the year, June is the most delightful month in the City of the Six Million. The tempo of the city slows and the mad rush and hurry is subdued to that which, in comparison seems like elisure. Into the consciousness of those who reside here the thought seems to come that perhaps there will be another train on the subway after all and that it is not a matter of life and death to squeeze on one already filled almost to the bursting point.

In June, the great exodus begins but it is not at such a height that it is noticeable. In June also begins the season of "week-ends" that start Friday afternoon and end Tuesday morning. But in June those "week-ends" have not become so general but that occasionally a man may be found in his office on Saturday morning. After school ends and the family moves to the country the mountain or the sea shore, then it will be different.

Nor have the theaters reached the utter doldrums of August. Those plays that have survived several months and are still running are the best or the worst and either one means good box office receipts which is a certain indication of satisfaction afforded to the public. And in June, a straw hat can be worn with a Tuxedo, a fire escape is not preferable to a bedroom and the great city can soak itself in the sunshine and hunt breathing spots without making while so doing.

Miss Verna Burt left last evening on a holiday trip to Boston.

DR. ENDICOTT  
OF WINNIPEG  
IS MODERATOR

Montreal, June 10—Rev. Dr. James Endicott, of the Presbytery of Winnipeg, was this evening elected Moderator of the Second General Council of the United Church of Canada.

Representing 700,000 members, the council commenced deliberations which will probably continue for two weeks and during which the completion of the coordination of the united bodies of Presbyterians, Methodists and Congregationalists of Canada will proceed.

The date is the anniversary of the accomplishments of union and the council is the first to meet with the experience of a year of union to guide their decisions.

## Election Unanimous.

The election of Dr. Endicott to succeed Rev. Dr. George C. Pidgeon, of Toronto, was unanimous, without other nominations. Rev. J. W. Woodside, of Ottawa, moved the nomination, seconded by Dr. E. H. Oliver, Saskatoon. Dr. T. Albert Moore, Toronto, was unanimously reappointed general secretary and the following were named assistant secretaries: J. W. Watts, Ottawa; Rev. C. E. Crowell, Halifax; Dr. J. A. Cormier, Norwood, Man.; and Rev. D. W. T. Gunn, Toronto.

## FOUR LEGGED CHICK.

Liverpool, N. S., June 10—A hen owned by Herbert Doggett of White Point yesterday hatched out a chicken with four legs. The chick was still alive today and seemed to be growing stronger.

Hotel in the  
Arctic.

New York, June 11—A Spitzbergen hotel fully equipped to take care of all transpolar fliers and provided with every modern convenience, including a regular supply of fresh vegetables will be erected shortly near King's Bay, according to A. L. Lee who returned today from a tour of Europe.

"It will have a capacity for at least 200 guests and will be ready for occupancy either next summer or at the latest in 1928" he said. "So far we have no name for it but as most of its guests will arrive by aeroplane from Northern Europe we will advertise it as 'The Aeroplane Hotel.'"

"Its main purpose will be to accommodate Americans and Europeans who wish to see a real Arctic summer but as most aviation men say that commercial flights from Europe to Japan will soon be made regularly across the Pole we may have their passengers to take care of. At all events it will be the first thoroughly modern hotel in the Arctic."

SAINT JOHN  
CITY WINS IN  
APPEAL COURTMajority Judgment of  
Court That City Al-  
though Supplying  
Water, is Not Public  
Utility.

Mr. Justice Grimmer alone sat this morning at the sitting of the Appeal Division, Supreme Court. No common motions were made and one judgment was handed down by the court. Mr. Justice Grimmer reading the judgment of Mr. Justice White in which he concurred making it the judgment of the court, quashing an order of the Board of Public Utilities made January 27th last, under which the City of Saint John was held by the Board to be a public utility because of supplying water to the Street Railway in Saint John and to the New Brunswick Power Company.

From this judgment Chief Justice Sir Douglas Hazen dissented for the reasons stated in the judgment which he gave in the matter in November last.

## Facts of Case.

This action was The King vs The Board of Public Utilities ex parte New Brunswick Power Company. It began by the allegation on the part of the New Brunswick Power Company, of discrimination against it by the City of Saint John in the matter of rates for water supplied, and a demand for a refund of \$11,770.57 said to have been improperly collected by the city in water rates since 1917.

The Board of Public Utilities held that it had a right to deal with the case. The City of Saint John held that it did not the city not being a public utility.

A rule to quash an order issued by the Board having been issued F. R. Taylor, K. C., for the company showed cause against it and Hon. J. B. M. Baxter, K. C., as City Solicitor supported the rule. Today's judgment is in favor of the city the rule being made absolute.

PREMIER BAXTER  
WENT TO SAINT  
JOHN TODAYGovernment Met With-  
out Him — Hon. Mr.  
Richards Says Helpful  
Conference at Ottawa.

Contrary to expectation Hon. J. B. M. Baxter, K. C., Premier of New Brunswick, did not arrive here at noon today, going on to Saint John instead. Hon. C. D. Richards, Minister of Lands and Mines, who was attending the Interprovincial Conference at Ottawa, reached this city and this afternoon joined the other members of the Provincial Government who are in session here.

## Helpful Conference.

With regard to the Conference at Ottawa Hon. Mr. Richards said he could add nothing to the press reports. The conference was recognized as quite successful. The exchange of ideas and information had been helpful and knowledge of value had been received. The various subjects discussed had been dealt with in the press as the conference went on.

## Government in Session.

The Provincial Government opened its June session here last night and continued today. This afternoon the Board of Education was in session. Hon. L. P. D. Tilley, President of the Council, stated after the session last night that scheduled items had taken up the attention of the members. The same was announced at noon today.

A delegation from the directors of Jordan Memorial Sanitarium, including Hon. James A. Murray, is here to make representations to the Government concerning that institution.

BRITAIN SENDS  
NOTE TO MOSCOW(Special cable to the Daily Mail by the
