Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocyclic acid ester of Salicylic acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

A LITTLE THING

THE power called habit is a little thing * * * but it can pull your eyes open at a certain hour every morning, determine whether you dress the right or left foot first, drop a fixed amount of sugar into your breakfast coffee—free your mind for thoughts that demand actual choice.

The little habit of glancing over these advertising columns daily, checking this and that which appeal to you, frees your mind from any guess-work about the merits of a product; helps you choose wisely when you buy. If you are familiar with newspaper advertisements, you can discriminate merits, weigh one product against another, these truths against those. And the habit of buying only advertised goods takes the hazard out of shopping; puts in a good, sturdy sure.

Start a Friendly Little Habit That Will Pay.

Columns today.

AGRICULTURAL PRODUCE WAS JUDGED AT EXHIBITION MONDAY

Judging at the Fredericton Exhibition started on Monday and excellent progress was made in Agricultural Produce of which there is an excellent exhibit.

S. J. Moore of the Dominion Seed Department, Truro, who judged the Agricultural Exhibits, said that the display of grain, roots and garden stuff staged here was without any exception the largest and best in every respect that he had seen anywhere this year, and considering the lateness of the season it was really a wonderful exhibit.

His Worship Mayor Clark who has a farm in Kingsclear is a heavy winner in Agricultural Products. H. Hebblewhite of this city is another.
