## AIRMEN ENDS A LONG FLIGHT

### JANEDARWIN QUIT WHEN 3 MILES OUT

The Water was Too Cold  
For English Lady  
Swimmer.

### STARTED FROM FRENCH SHORE

Her Fourth Unsuccess-  
ful Attempt to Swim  
Channel.

(Special cable to The Daily Mail by the  
British United Press)

Dover, Oct. 1—Miss E. L. Marriott  
of England abandoned her fourth at-  
tempt to swim the English Channel  
at 7.03 p. m. when she was within  
three miles of her goal.

Miss Marriott left Cape Gris Nez,  
France, under favorable conditions  
yesterday at 3.20 p. m. and was re-  
ported swimming strong throughout  
the night until the coldness of the  
water forced her to give up.

Miss Marriott uses the name of Jane  
Darwin for swimming purposes.

### LORD DEWAR, NOTED DISTILLER IS TEETOTALLER

London, Oct. 1—Visitors to a  
London restaurant found a middle-  
aged man lunching alone and sipping  
with droll solemnity and two straws,  
a very soft ginger-beer.

He was Lord Dewar, managing  
director of the noted firm of distillers  
which bears his name.

"Do you always drink that?" he  
was asked.

"Usually," he replied. "You know  
it is not generally realized that  
people in the whisky trade are the  
quintessence of sobriety. Personally  
if I take a single glass of port or  
champagne it makes me feel bad  
for three or four hours afterwards."

### MADE CLEAN UP AT ST. STEPHEN

St. Stephen, Sept. 30—The police  
court was busy this morning. Chief  
Inspector MacFarlane and several of  
his staff visited this town and made  
a general clean-up. Fines and the  
taking away of vendorships resulted.  
Three offenders were required to pay  
a fine of \$200 while local vendors are  
minus their licenses, while another  
case is held over pending the return  
of the proprietor. St. Andrews is  
also said to have had a visit from  
these same gentlemen, where one  
similar case is reported.

### UNITED CHURCH INDUCTION.

Rev. J. A. McKean Inducted at Upper  
Sheffield on Thursday.

Rev. J. A. McKean was inducted  
pastor of the United Church at Up-  
per Sheffield, Thursday. Rev. Dr.  
J. S. Sutherland preached. Ad-  
dresses were delivered by Rev. G.  
B. Gault, Rev. J. M. Rice, Rev.  
A. F. Chapman and Rev. T. Albert  
King.

There also were special services  
Thursday afternoon at Lakeville Cor-  
ner where Rev. Dr. Sutherland also  
preached and the sacrament of the  
Lord's Supper was administered.  
Large congregations attended at  
both places.

Senator C. W. Robinson of Mon-  
cton was at the Queen Thursday,  
motoring through the Province.

### BOSTON'S RIGHT TO BEAN TITLE CHALLENGED

France Claims to Have  
the Home Town of  
the Bean.

### A FAIR NOW BEING HELD

Beans Cooked in the  
Ground are Served  
to Visitors.

Paris, Oct. 1—"The Bean Fair" has  
opened at Arpajon in the Department  
of Seine-et-Oise, which is recognized  
in France as the "bean's home town."  
The opening was solemnly celebrated  
and Boston's right to be known as  
"Beantown" officially challenged.

The origin of the bean dates back to  
an early age. Eight hundred years ago  
French warriors returning from the  
Crusades failed to bring back the laurels  
of victory, but they bore the little  
vegetable which has been of much  
more use to the world ever since, in  
war as in peace. It was planted and  
raised here.

The fair is being held in the center  
of the town. The exhibits consist of  
uncooked beans in bags of 100 and 200  
pounds, while countless "stoves" pre-  
pare the finished article to tickle the  
palates of the visitors.

The stoves are deep holes dug in the  
ground in which there are hot coals  
of wood fires. The pots are placed in  
the holes and the beans cook slowly  
until done.

"Nothing like this ever came out of  
Boston," said an elderly woman who  
once worked in New England mills.  
"Taste it. Five francs, please."

### KISSED WIFE ONLY SIX TIMES IN SIX YEARS

Gyor, Hungary, Oct. 1—Ferenc Po-  
harnik, a local farmer, received a sen-  
tence of six months in jail because he  
had kissed his wife only six times in  
six years.

During a family quarrel Poharnik  
killed his mother-in-law.

In court 11 of the neighbors testified  
in his behalf, but his wife bore wit-  
ness against him.

It was brought out in testimony,  
which Poharnik did not dispute, that  
he had kissed his wife only six times  
during their six years of married life.

Poharnik was acquitted of the murder  
charge, but was given six months  
for a smaller offense which was re-  
vealed by his wife's testimony.

### SEPTEMBER WAS DRY

Temperature About Normal—Rainfall  
Below Average.

The weather statistics as furnished  
by Dr. C. C. Jones of the Dominion  
Meteorological Station show the  
month of September about as warm  
and sunny as usual with less rain.  
Mean temperature was 55, last year 54  
average 56. Highest temperature was  
79 on the 20th, last year 83.5 on the  
1st. Lowest temperature was 29½ on  
the 27th, last year 29 on the 23rd.  
Rainfall was 2.93 inches, last year 6.05  
inches, average 3.52 inches. Hours of  
bright sunshine 176, last year 154, av-  
erage 178. Wind mileage was 3,843,  
last year 5,037.

### Removing to New Rooms

St. Andrew's Presbyterian Congre-  
gation is removing from premises in  
Queen Street West occupied for some  
time, to the third story of the Royal  
Bank Building, Carleton and Queen  
Streets.

### Called to Moncton.

Mr. and Mrs. Leslie Nason and  
family left today for Moncton hav-  
ing been called there on account of  
the illness of a brother of Mrs.  
Nason.

### COBHAM GIVEN GREAT WELCOME ON RETURN FROM AUSTRALIAN TRIP

Intrepid British Airmen Completed Twenty Eight  
Thousand Mile Flight to Melbourne and Re-  
turn—Was Given an Ovation as He Landed  
This Morning at Westminster Bridge, Lon-  
don.

(Special to the Daily Mail by the British United Press)

LONDON, Oct. 1—Alan Cobham, Britain's  
foremost airman, returned today from a 28,000  
mile round trip flight to Melbourne, Australia. He  
completed his journey at 2.14 p. m. It began on  
June 30.

The official computation of Cobham's mileage  
said he had travelled 30,000 miles in his flight. It  
was estimated that 50,000 people lined the Thames  
river along the eight miles from Black Friars to  
Hammersmith Bridge cheering the airman as he  
sped overhead. Cobham returned to Westminster  
Bridge, his landing place, opposite the houses of  
Parliament at 2.14 but actually came to rest on the  
Thames at 2.27 after twice circling the majestic  
new building of the London county council on the  
south side. There was a tremendous din of cheer-  
ing. Hats lopped in the air and from the balconies  
of the adjacent street. St. Thomas Hospital pa-  
tients and nurses hailed the arriving flier. On the  
terrace of the House of Commons a distinguished  
gathering including officials of the air ministry,  
many peers and Mrs. Cobham, welcomed the flier  
when he landed in a small boat which had carried  
him from the anchored plane.

### PRELIMINARY EXAMINATION IN MOTORING FATALITY TO FOLLOW CORONER'S INQUEST

Both Deceased and Driver of Car Held Careless by  
the Verdict of Jury — Depositions to be For-  
warded to Magistrate Limerick — Little Girl  
Raced Car to School House and Crossed in  
Front of It—McGillicuddy Claimed He Lost  
Control After Striking Girl.

In connection with the killing of  
Rose Miller, aged twelve years, at  
General Kingsclear, September 29th,  
by being struck by the car driven  
by James McGilllicuddy of Cork Sta-  
tion, McGilllicuddy and Leo Bur-  
goyne of Newmarket are to be held  
in York County Gaol until Monday  
morning next when they are to ap-  
pear on remand. The depositions from  
the coroner's inquest held last night  
are to be forwarded by the corner  
to Police Magistrate Limerick and  
the evidence in the preliminary  
examination will be forwarded to the  
Attorney General's Department.

### Funeral Today.

The funeral of the victim of the  
accident took place this morning at  
Central Kingsclear with service at  
St. Anne's Church by Rev. Father  
Milligan. Interment was made in  
the cemetery near the church. Many  
attended the funeral.

### Inquest Last Night.

Dr. D. W. Ross, coroner, conduct-  
ed the inquest into the death of Rose  
Miller, Thursday night in the Cen-  
tral Kingsclear School House where  
the deceased child attended school.  
The verdict placed blame on both  
the deceased child and the driver of  
the car and recommended that signs  
warning motorists to go slow be plac-  
ed two hundred yards from each  
side of school house. The jury  
was out one hour and thirty-five  
minutes. Twelve witnesses were  
summoned and gave evidence.

### The Verdict.

The full text of the verdict is as  
follows:—

"That the said Rose Miller, on  
29th day of September, 1926, was  
struck by a car owned and driven  
by James McGilllicuddy and died as  
the result of injuries received  
through combined carelessness on  
the part of the driver and the de-  
ceased. We recommend that large  
signs be placed on both sides of all  
school houses at a distance of 200  
yards each way from the school  
house."

### Victim Crossed in Front of Car

The inquest attracted a large num-  
ber of people. The salient facts  
which seem to enter the verdict are  
that the little girl raced the car to  
the school house and evidently not  
knowing the car was so close crossed  
the road in front of it to her death,  
also that the speed of twenty-five  
miles an hour acknowledged by the  
driver was too great in such a  
locality.

### Those Examined.

The witnesses examined were  
Burns Anderson, Helena Mills, Mary  
Gallagher, Nancy Hoyt, John Martin,  
Sarah Francis, Nellie McCann, Sadie  
Martin and Melva Mills, who were  
all school companions of the de-  
ceased; also Dr. B. W. Robertson, of  
Keswick Ridge; Dr. F. M. Brown,  
of Fredericton; James McGilllicuddy,  
of Cork Station and Leo Burgoyne,  
of Newmarket.

The last two witnesses were called  
by the coroner. They were taken  
to Central Kingsclear under the

### THIEF A VICTIM OF ACUTE ABSENT MINDEDNESS

Missed Fire Escape and  
Fell Down Three  
Stories.

### HAD ENTERED BY FIRE ESCAPE

Surprised by Tenants  
When Gathering  
Up Spoils.

(Special cable to The Daily Mail by the  
British United Press)

New York, N. Y., Oct. 1—Louisie  
Cesaro is dead of acute case of ab-  
sent mindedness. He entered a third  
floor apartment in a Mulberry street  
tenement by the fire escape and was  
busy collecting wearing apparel and  
bric a brac when surprised by ten-  
ants. Both arms full, he stepped  
through an open window. But the  
fire escape was outside an adjoining  
window. He fell three stories receiv-  
ing fatal injuries.

### SPORTSMEN ON RAMPAGE IN MONCTON

Moncton, Sept. 30—Building Donald  
and Hanford Keith of Boston, who  
came to New Brunswick to hunt  
moose, ran afoul of the police this  
afternoon after an escapade arising  
through over indulgence in the For-  
bidden potent. Both are behind the  
bars at the police station where one  
of them is likely to remain for some  
days, if the charge against him is  
proved. They were driving up Main  
street at a high rate of speed it is  
alleged, when near the corner of Wes-  
ley street they crashed into a large  
motor truck knocking it across the  
street. The driver of the car from the  
United States tried to avoid the crash  
by applying the brakes but apparently  
too late to avoid striking the truck.

They did not stop to see the extent  
of the damage, but, according to wit-  
nesses, turned up Wesley street and  
fled at a fast rate of speed. A com-  
plaint was laid at the police station  
and officers immediately started a  
search, finally rounding up the pair  
and arresting them on High street.  
Donald submitted quietly but Keith  
put up a terrible battle and had to be  
thrown and handcuffed.

custody of Sheriff J. B. Hawthorne  
who later returned with them and  
placed them in York County Gaol.

### Raced Car to School House.

Nellie McCann was the little girl  
which was last with Rose Miller.  
Her evidence was that as the car was  
heard coming along the road the  
Miller girl cried out to her that she  
could beat the car to the school  
house. Both girls ran. Rose out-  
distanced the other and crossed  
diagonally on the road. She went in  
front of the car and was struck by  
it. There also was evidence to the  
effect that Rose Miller had on other  
occasions raced cars in like manner.  
Another witness who had been  
standing on a veranda said that she  
called out to Rose not to cross the  
road.

### Failed to Answer.

James McGilllicuddy owner and  
driver of the car was asked if he  
had partaken of liquor prior to the  
accident and failed to make reply to  
the question. His speed he estimated  
at twenty-five miles an hour. When  
asked why he did not stop his car  
after striking the girl his answer  
was that the car had got out of his  
control. By that he accounted for  
the statements of other witnesses  
that the car swerved in the road  
after striking the girl.

Burgoyne's evidence added little to  
the knowledge of the occurrence.

### H. G. WELLS IS OUT WITH A NEW NOVEL

Speaks Very Frankly of  
Statesmen of the  
Time.

### MAKES USE OF REAL NAMES

Lord Balfour and Mar-  
got Asquith are De-  
scribed.

(Special cable to The Daily Mail by the  
British United Press)

London, Oct. 1—Characters in the  
second volume of H. G. Wells new  
novel, "The Life of William Clissold,"  
speak frankly of contemporary states-  
men. Unlike Arnold Bennett, who  
created "Lord Raingo" in a recent  
novel and now has all England won-  
dering about his lordship's true iden-  
tity, Wells used real names and his  
characters described their bearers as  
follows:

Lord Balfour—a damned madonna.  
Lloyd George—a magnificent weed.

Ramsey MacDonald—Repostures to  
an audience that died twenty-five  
years ago.

Margot Asquith—whoever be fore  
ground you will find Margot Asquith.

### THE ANGLING SEASON CLOSED SEPTEMBER 30

The angling season for salmon on  
the Saint John and Miramichi rivers  
closed last night. It has been a very  
successful one and residents and non-  
resident anglers enjoyed some good  
sport. High water during the last  
three weeks of September interfered  
somewhat with the size of the catch  
but failed to dampen the enthusiasm  
of the anglers. On the Miramichi ma-  
ture fish have difficulty in dodging  
the poachers during the summer  
months and fly fishermen have to be  
content with grills. On the Saint John,  
however, more large salmon were taken  
on the fly during July and August  
than ever before. Mr. Roland Wheeler  
a returned soldier, served as guardian  
at the Hartt's Island pool and gave  
a very satisfactory service. No more  
faithful and efficient guardian was  
ever employed on the river.

That the Hartt's Island pool was  
the means of attracting many tourists  
of a desirable class is shown by the  
fact that non-resident fishing licenses  
to the value of \$175 were sold to  
anglers fishing this pool as against  
\$30 worth last year.

### Late Charles Ross.

The funeral of the late Charles  
Ross took place from his late resi-  
dence 246 Queen street, Thursday  
Sept. 30th at 2 p. m. The service  
was conducted by Rev. F. H. Hol-  
mes and favorite hymns of the de-  
ceased were rendered by a male  
quartette from Wilmot United Church  
Choir. Interment was made at the  
Rural Cemetery Extension. The pall  
bearers were: John Oldham, Frank  
Dunphy, Nelson Brown, William  
Staples, Gordon Grey and Frank  
Richards. The mourners were: Wes-  
ley Ross, Donald Ross, Isaac Ross,  
William Ross, James Ross, Ernest  
Ross, John A. McNabb, John A.  
Brewer, John D. Brewer, Harry  
Allen, Thos. Fraser, George Daven-  
port.

### Fire in Victoria Street.

Shortly after three o'clock this af-  
ternoon fire broke out in the rear  
of the dwelling of John Smythe, Victoria  
street near the rear of the John Pal-  
mer Co. factory. Shed and barn were  
considerably damaged before the fire  
was put out.
