## CABINET OF POLAND HAS QUIT OFFICE

Had Conflict with Par-  
liament Over  
Money.

### VOTE OF NON- CONFIDENCE

Two Members of Cabin-  
et Were Censured by  
the House.

(Special cable to The Daily Mail by the  
British United Press)

Warsaw, Sept. 25—The Polish Cab-  
inet resigned today after a conflict  
with Parliament over money.

Premier Barthel won the money  
struggle when he threatened to dis-  
solve the parliament unless it adopt-  
ed the Government's budget draft,  
which had been reduced \$40,000,000  
by the budget committee. A vote of  
misconfidence in the Minister of Edu-  
cation and the Minister of the Inter-  
ior however, later in the day precipi-  
tated the Cabinets' fall.

## CANADA AT THE NEXT IMPERIAL CONFERENCE

London, Sept. 25—Canada's repre-  
sentative at the coming Imperial Con-  
ference will occupy a key position,  
and Mackenzie King, mellowed by vic-  
tory, is expected to be a moderating  
influence.

The Irish Free State and South Afri-  
ca want more light on the veiled mys-  
tery of Dominion status.

The application of the Free State  
for a non-permanent seat on the  
Council of the League of Nations  
makes a discussion thereon inevitable.

At the last session of the Free State  
Parliament Desmond Fitzgerald, Min-  
ister of External Affairs, said that  
part of the work of the Imperial Con-  
ference this year would be to attempt  
a definition of the relations of the  
members of the British Commonwealth  
of Nations and to determine what ex-  
actly was the status of a country  
known as a Dominion.

"The advent of Ireland," he added,  
"from the fact that the Irish nation  
was known historically and culturally  
made known to people abroad, even  
to a greater extent than the signa-  
tures to the Treaty of Versailles, that  
these nations, known as Dominions,  
were full sovereign States, exercising  
the full rights of sovereign states in  
the world.

"Our general policy in foreign af-  
fairs is that Ireland which has now  
become an international person should  
be a respected international person."

Ireland takes the position that the  
work of the government of any in-  
dividual Dominion should not be the  
subject to interference by any out-  
side authority.

Mr. Fitzgerald thought the growth  
of opinion was towards the assertion  
of the position that the Dominions  
would not be either technically or le-  
gally at war necessarily by the fact  
that Great Britain was at war.

This was the trend, but the Minister  
admitted that in case of war it might  
not be possible to establish that po-  
sition as a reality.

### Praised Poultry Exhibit

Prof. W. R. Graham of the Ontario  
Agricultural College who judged the  
poultry at the Fredericton exhibition  
was well pleased with the display  
of birds. In conversation with The  
Mail he was particularly pleased with  
the manner in which the birds had  
been cooped by Supt. J. W. Stickels  
and his assistants. He said he had at-  
tended other maritime shows where  
the service was not so efficient. He  
was particularly impressed with the  
evidence of cleanliness on every side.  
While the poultry house at the exhi-  
bition has much to commend it the  
professor thinks that a couple of sky-  
lights would make quite an improve-  
ment.

## SEAT CANNOT BE FOUND FOR COL. RALSTON

Hatfield Will Not Accept  
Seat in the Sen-  
ate.

### EXECUTIVE AGAINST IT

Liberals of Yarmouth-  
Shelburne Want  
Portfolio.

Yarmouth, Sept. 24—P. L. Hatfield,  
member-elect for Shelburne-Yarmouth  
who was in Ottawa the first of this  
week when it is understood, he was  
offered a seat in the Canadian Senate  
to retire as member here in favor of  
Col. J. L. Ralston, returned to Yar-  
mouth yesterday afternoon. Last even-  
ing, for several hours or close on to  
midnight, Mr. Hatfield was in session  
with the members of the executive of  
the Shelburne-Yarmouth Liberal As-  
sociation. It was the unanimous voice  
of the meeting that Mr. Hatfield was  
the member for Shelburne-Yarmouth  
and the meeting would not consider  
any alternative.

The attendance was very large, there  
being upwards of 400 present, and so  
important was the meeting considered  
that Liberals from as far away as  
Lockport were present.

The situation as proposed at Ottawa  
was very clearly placed by Mr. Hat-  
field before the gathering, and the  
reasons given why Hon. Mackenzie  
King wished Col. Ralston to represent  
this constituency, and in return had  
proposed a Senate seat for Mr. Hat-  
field.

In view of the foregoing Mr. Hatfield  
has decided to forego all senatorial  
honors and to comply with the wishes  
of his executive to remain as member-  
elect for Shelburne-Yarmouth.

Telegrams expressing the decision  
of the meeting were immediately de-  
spatched to Hon. Mackenzie King and  
also to Col. Ralston.

## BIG SEIZURE OF LIQUOR AT ST. LEONARD'S

Hartland, Sept. 24—One of the  
most important seizures made by pro-  
hibition officers in the northern part  
of the province took place today at  
St. Leonard, in Madawaska county  
when Chief Inspector W. L. McFarlane,  
accompanied by Inspector  
Saunders of Fredericton raided the  
premises of William Bird and secured  
200 dozen bottles of Frontenac Que-  
bec beer. Another raid on the pre-  
mises of Aemile Albert in the village  
of Claire netted a small quantity of  
Frontenac beer.

The find in the St. Leonard raid  
was made in a blind cellar the en-  
trance to which was concealed by  
barrels and was very difficult to dis-  
cover. The whole quantity of beer  
taken was loaded aboard a train and  
shipped to Fredericton to the N. B.  
Liquor Commission.

Today's seizure is really a more  
important seizure than the one made  
a few days ago on the border line  
in Victoria county. In the former  
case although some 300 dozen odd  
bottles of beer were taken, the raid  
was carried out by the chief in-  
spector and five assistants and the  
quantity was the total of three sepa-  
rate raids.

The prosecution of the owners of  
the premises in the boundary line  
raid has yet taken place, it was  
stated here by Chief McFarlane to-  
night, but it will be undertaken as  
soon as possible in their turn along  
with numerous other prosecutions.

### Will Not Attend Convention.

Saint John Globe: Premier Baxter  
has decided not to attend the Good  
Roads Convention at Edmonton, Al-  
berta. He said that the time which  
would be occupied in travelling to  
and from the convention was one  
reason why he would not be present.  
He did not know if Hon. David  
Stewart minister of public works  
would go to the Edmonton gather-  
ing.

## MEASURES ADOPTED TO QUELL RACE TROUBLE IN HURRICANE AREA

Conscription of Negro Labor Has Created a Rum-  
pus—A Scrap Resulted in the Wounding of  
Two Negroes and Two Marines — Negroes  
Were Fired Upon in Colored Section of Mi-  
ami—Twenty-five Negroes Placed Under Ar-  
rest.

(By Alfred F. Reck, United Press Staff Correspondent)

MIAMI, Flo., Sept. 25—The aftermath of the  
West Indian hurricane which devastated southern  
Florida assumed a more serious aspect today that  
at any time since the storm broke. Rehabilitation  
plans of officials especially the conscription of  
negro labor and Governor Martin's order of fam-  
ilies to evacuate the entire Lake Okeechobee dis-  
trict where the finding of decomposed bodies in-  
creased the possibility of an epidemic, difficulties.  
Strenuous measures have been adopted to quell  
race trouble threatened as an upshot of the wound-  
ing of two negroes and two marines and the en-  
forced labor of unemployed negro males.

### Negroes Under Arrest

Twenty two negroes, two of them wounded,  
are under arrest as a result of the first outbreak.  
The marines, are under arrest in hospital.

J. D. Allen and E. L. Melbourne, the marines,  
are said to have fired upon two negroes in the col-  
ored section of Miami. The marines said the neg-  
roes were looting a wrecked store. The negroes re-  
turned the fire. All the participants in the clash  
were wounded, and the incident threatened ser-  
ious proportions, when officials sent two compan-  
ies of troops, sixty police with riot guns and 25  
deputy sheriffs to the scene. A substantial force  
maintained order in the district throughout the  
night, arresting all armed persons. Twenty-five  
negroes were arrested.

## CHINA WAS REBUKED IN LEAGUE OVER YANGTZE RIVER AFFAIR

GENEVA, Sept. 25—China Suffered a veiled  
rebuken in the League of Nations Assembly today  
for the startling attacks of its new league repre-  
sentative Chao Hayn Khu, on the British policy in  
the Yangtze river.

Chao unexpectedly complained in the open  
session yesterday that the British had killed thous-  
ands of Chinese, had destroyed 1,000 houses and  
endangered "the peace of the far East".

Assembly President Nintchitch, therefore to-  
day opened the session with an address in which  
he sounded a warning to all delegates that it was  
a violation of the rules of league procedure to  
raise questions not on the agenda without first ob-  
taining the permission of the president.

Viscount Cecil of England called Chao's  
charges false in a reply on the assembly floor and  
was applauded.

ceipts from the Dempsey-Tunney  
championship bout last night were  
announced today as \$1,895,723.

sey's end of the receipts would

would have a profit of about \$500,000.

118,736. In addition there were 1,996  
complimentary tickets issued and  
5,000 tickets for employees.

the city today.

K. C., who was summoned to Ottawa  
shortly after the elections last week  
and has since been mentioned in  
despatches from the Capital as a  
likely member in the MacKenzie Cab-  
inet returned home to Halifax last  
night, arriving on the Ocean Limited.  
When interviewed by The Morning  
Chronicle Mr. Ralston said he had  
nothing whatever to say.

mage, a member of the New York

## THE DUNCAN COMMISSION MAKES REPORT

The Saint John Valley  
Railway is Men-  
tioned.

### MAY APPOINT COMMISSION

Would Ascertain the  
Federal Gov't's Re-  
sponsibility.

Montreal, Sept. 25—A special Ot-  
tawa despatch to the Montreal  
Gazette says, in part as follows:

"The Duncan Commission report on  
Maritime Province conditions was  
presented to the government today  
but consideration of it will be left  
to the incoming administration. There  
are many suggestions for the better-  
ment of conditions in those provinces  
and some of the recommendations  
are very radical.

"The commissioners in the report  
do not deal with the effect of the  
tariff on conditions in the Maritime  
Provinces. It is understood they were  
prepared to do so, but Hon. George  
P. Graham, chairman of the Advisory  
Tariff Board contended this was the  
function of his commission.

### Freight Rate Cuts Urged.

"The commission does recommend  
that there be radical reduction in  
freight rates to encourage inter-pro-  
vincial trade, and also export and  
import business through the Maritime  
ports. It is also recommended that  
a commission be appointed to ascer-  
tain the Federal government respon-  
sibility toward the Saint John Valley  
Railway.

"Among the most important recom-  
mendations is that immediate steps  
be taken to rehabilitate industry in  
the Maritime Provinces, particularly  
coal, steel and iron industry. It is  
suggested that one possible solution  
would be a reversion to the old  
system of bounties on iron and steel  
production."

## TOYMAKING IN SHANGHAI

Shanghai, Sept. 25—Because it has  
modern machinery and is able to use  
mass-production methods, Shanghai is  
getting to acquire supremacy in the  
Chinese toy-making business. Though  
the craft is centuries old, only within  
recent years has machinery been used  
in it to any great extent. Shanghai has  
three toymaking establishments, the  
oldest of which turns out as many as  
fifty different kinds of wooden toys.  
The China Industrial Training works  
also has a toy department and manu-  
factures 495 different types of toys of  
wood, rubber, tin and clay. These are  
distributed all over China, as well as  
in the Straits Settlement. The pro-  
ducts are distinctly western in type  
and include harmonicas, automobiles,  
steamships and pistols.

## STOWAWAYS ARE IN SERIOUS CONDITION

(Special to The Daily Mail by British  
United Press)

Naples, Sept. 25—Twelve would-be  
immigrants who paid approximately  
\$800 to be assisted to New York on  
the Italian liner Albert were found in  
the Naptha storeroom shortly before  
the ship sailed from here. Their hiding  
place was so poorly ventilated that  
four of the stowaways were on the  
verge of asphyxiation. They are in a  
serious condition in a hospital, the  
others were arrested.

## THE MEIGHEN CABINET QUILTS

## DISASTER IN MICHIGAN IRON MINE

Three Men Dead and  
Forty are Trapped  
Alive.

### TRAPPED ONES MAY BE SAVED

Are Imprisoned 2500 Ft.  
Below the Surface  
of the Earth.

(Special to The Daily Mail by the  
British United Press)

Ironwood, Mich., Sept. 25—Three  
men were dead here today and forty  
were trapped alive more than 2,500  
feet below the surface of the city in  
the Fahst Iron mine as a result of  
boulders crashing down the shaft of  
the mine. It is believed that the men  
caged below the surface are in no im-  
mediate danger, but it will take at  
least four or five days to bore through  
the rocks to reach them, officials said.

## HOW A SINGER SUFFOCATED THE AUDIENCE

St. Paul, Minn., Sept. 25—John Mc-  
Cormack, the famous Irish tenor, likes  
to read criticisms of his singing, but  
when a Japanese critic said the sing-  
er "suffocated" his audience that was  
too much.

Discussing the incident here Friday,  
McCormack said he read a review,  
translated from Japanese into English  
in which it gave the startling infor-  
mation that "Mr. McCormack suffocated  
his audience."

"It seemed a case for investiga-  
tion," the singer declared. The critic  
meant, McCormack learned, that the  
singer "left the audience breathless."

## MAN OF 90 JILTED BY A BRIDE OF 37

London, Sept. 25—Jilted at 90 years  
of age was the explanation made to a  
North London registrar why a mar-  
riage, for which a license had been ob-  
tained, had not taken place.

Early in June the man, a widower,  
obtained a license to marry in the Is-  
lington register office. A few days ago  
it was intimated that the marriage  
would not take place as the prospec-  
tive bride, who is 37, had had a differ-  
ence of opinion with the prospective  
bridegroom, who is 90.

The license, which has been paid  
for by the man, remains in the office  
for him to claim, but it will expire  
early next month.

New York, Sept. 25—Some stars  
know when to quit. Al Jolson, who is  
being sued by David Wark Griffith for  
failure to make movies, first thought  
he'd give Charlie Chaplin a run for his  
money, then decided he would be a  
flop and might be lynched, so made no  
pictures.
