Fredericton N. B. and Branches

DOMINION WILL PAY OFF LOAN OF \$35,000,000 IN CASH; STATEMENT BY HON. R. B. BENNETT

Ottawa Sept. 24.—Hon. R. B. Bennett, minister of finance, has given notice that the 2-year, 4 percent notes amounting to \$35,000,000 dated October 1, 1924, and maturing October 1, 1926, will be paid in cash. Interest of these 2-year notes, it is announced today, will be paid at par at any branch in Canada of any chartered bank, or, at the option of the holder, at the agency of the Bank of Montreal in the city of New York.

The principal is payable at the office of the Minister of Finance and Receiver-General at Ottawa, or at the office of the assistant Receiver-General at Halifax, Saint John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria, or at the agency of the Bank of Montreal in the city of New York. Holders of these maturing notes should present them for redemption on the maturity date as they cease to bear interest on and after the first day of October next.

Expenditures Limited.

Mr. Bennett in a statement issued today, says that it has been possible to make this reduction in the dead weight debt of the country by imposing the most rigid limitations upon expenditures during the last three months and by preventing smuggling, thereby insuring the collection of the customs and excise duties and sales taxes to which the country was entitled. On July 2 the total revenue collected from the beginning of the fiscal year on April 1, amounted to \$113,703,281.04, an increase of only slightly more than half a million dollars over the same period of the preceding year. At the close of business on Sept. 13 the total revenue collections of the country since April 1 last amounted to \$200,838,754.35, an increase of \$86,

659,029.81 over the same period of last year.

More Money Collected.

The increase in customs collected since the beginning of the fiscal year—the statement proceeds—is over \$8,277,000; of excise duties over \$2,845,000, and sales taxes and excise stamps over \$2,626,000. On July 2 last the unpaid sales taxes over 60 days in arrears amounted to upwards of \$2,000,000.

On July 15 the Minister of Customs instructed that immediate action be taken to collect these arrears, with gratifying results.

The total income tax collected since April 1 amounts to \$42,977,937, a decrease of nearly \$6,400,000 over the same period of the preceding year. The operations of the post office department indicate a loss since July last of approximately \$900,000. The total cash resources of the country, including cash in banks in Canada, New York and London, and gold held in excess of statutory requirements to protect Dominion notes and savings bank deposits on July 2 last was \$30,553,369.89.

At the close of business on Thursday, Sept. 23, the total cash resources of the country in the banks of Canada, New York and London and gold held in excess of statutory requirements amounted to \$57,468,494.81. On July 2 last the excess gold amounted to \$2,697,988.08, while on Thursday night it had increased to \$8,849,851.52. The additional gold was purchased with cash. Since July the government has paid \$8,500,000 to the Canadian National Railways and in round figures \$4,900,000 for work done on the Welland Ship Canal, making total payments on these two accounts alone of approximately \$13,400,000.

BANDITS LEVY A BOLD TOLL ON TOURISTS

Some American humorist recently wrote a magazine story about "tipping his way through Europe" which may sound funny but is much more serious than intimated. The best business in Europe today I honestly think, is the tourist business and tipping is one of the best developed branches writes a Portland Oregonian reporter from Quebec.

Having just come off the boat I might list the tips on the ship but they are pretty well known to the traveling public. The voyager must remember his room steward, dining-room steward, wine steward, bath steward, barber, tailor, desk steward lounge steward, bar steward and so on down the line. On the trip over the wine steward was the same individual, and he was dubbed "three-in-one" by the passengers.

One no more than lands until the "knights of the iternig palm" start work. Perhaps there are tips associated with the bath-taking than anything else. In the first place one must pay for his bath, tipping the attendant buy his soap and otherwise pay here and there before the tubbing is completed. About the hotel is but one series of tips after another. Bell hops, room clerk, baggage master, telephone operator, waiter, wine steward, maid, the "boots" and so on down the line. If the bellboy opens the hotel door for you, a tip is expected; if he then calls a cab and opens the cab door another is in order.

There is no modesty associated with the practice, either. If you fail to tip any of these "unmountable bandits" they ask for it sometimes chasing you half a block to do so.

SONS HURT ON WAY TO BEDSIDE OF FATHER

Cardiff, Sept. 25.—Phillip Cartwright an Aberdare miner recently entered Cardiff Infirmary and so serious did his condition become that a telegram was sent to four sons living in various parts of South Wales summoning them to their father's bedside.

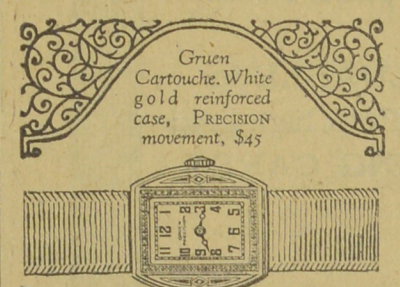

Two of them Leonard and Herbert left home on a motor-cycle but they had not gone a couple of miles before they were involved in an accident and seriously hurt. A third son Harry Cartwright made the journey by pedal bike but he was found on the road by a police constable suffering from a dislocated shoulder.

The fourth son Phillip Cartwright riding to his father's bedside on the pillion of a friend's motor-cycle in Cathedral road, Cardiff about a mile from the infirmary was injured.

Not one of the sons saw their father alive.

Fire Prevention Week.

His Excellency the Governor General has by proclamation named the week beginning on October 3rd as fire prevention week. It has been recommended that instruction on fire prevention be given by the teachers, that suitable literature be distributed and that fire drills be held in all schools, colleges and educational institutions.
