

TWENTY SEVEN
WERE ENTERED
IN BABY SHOW

Rain Kept Many Away
From This Feature of
the Exhibition—First
and Second Prize-win-
ners.

In connection with the Fredericton Exhibition a most successful Baby Show was conducted under the auspices of the Women's Institutes. Twenty-seven babies were entered. The number was less than at the last Baby Show two years ago when fifty-three children were entered but the unfavorable weather accounted for the falling off.

The entries were divided into six classes. Three physicians and the Victorian Nurses of Fredericton and Devon were the judges. Mrs. A. C. Fleming was matron and Mrs. Gordon Foster was convenor of committee.

The Prize Winners.

The winners of first and second prizes in the six classes were as follows:—

See the Exhibition
The Fredericton exhibition will be kept open this evening until eleven o'clock. Every department will be in complete running order until that hour. Those who have not seen the show should make it a point to attend either this afternoon or evening. It will be at least a year before Fredericton sees another exhibition.

The Grain Crop.
While the farmers in this vicinity have made fair progress with harvesting operations the work has been hampered somewhat by unfavorable weather. There is quite a lot of grain yet to be cut and the rain of yesterday has caused delay in housing some that was cut during the fine weather earlier in the week. A few more fine days are badly needed to allow the grain to be got out of the way. The grain crop in most sections is reported to be very good.

WITH WEATHER BETTER
FREDERICTON EXHIBITION
STARTS ON ITS LAST LAP

Children's Day Observed Today with All Attractions Going Full Blast—In Spite of the Rain Large Number Were on Grounds Friday Night.

Fredericton Exhibition of 1926 is on its last lap. In order to give the members of its staff an opportunity of attending the fair the Daily Mail was issued at noon today instead of 4 p. m. The weather broke this morning and the last day is fine following one day of rain.

Children's Day is observed this afternoon instead of Friday and all the attractions are to be going full blast. The automobile races are the big feature this afternoon with the race track the place. Crack drivers and fast racing cars are here for the event which is the first of its kind in Fredericton.

Attended in Spite of Rain.

Although Friday's downpour put the grounds in a muddy condition there was a fairly good attendance last night and the presence of the University of New Brunswick students made things more lively than usual. Although the drop in attendance made business less lively in some of the midway shows others did good business. The shows with an element of chance as usual seemed to draw well.

Judging All Finished Friday.

Judging in all classes was finished on Friday and the lists of prize-winners have been made up. In the livestock sections the recognized stock breeders of the Maritimes figured largely but occasionally an exhibitor who does things on a more modest scale came in with a winner.

Complete Until the Last.

The fair will be complete until the last. When the York Regt. Band plays "God Save the King" tonight the exhibition of 1926 will come to a close.
