## PREMIER MEIGHEN OPENS HIS CAMPAIGN IN QUEBEC; SPOKE IN ENGLISH AND FRENCH

Charleton, Que., Aug. 1.—In the county of Bonaventure, by the shores of the Baie des Chaleurs, Premier Meighen made his first speech of the campaign in the province of Quebec. He spoke in both French and English, and in his speech he told of the pleasure he found in the bi-lingual character of the county and of his interest in its history and traditions.

"It is with a sincere emotion," he said in French, "that I came face to face with you today. I am here to address to you a most cordial greeting, and to invite all who desire the expansion and prosperity of our common country to re-enter the old Bonaventure party, to which you have been so much attached.

Maritime Stand.

"I have just come from the Maritime Provinces," he continued, "where one finds a population determined on holding what they deem to be the rights given to them under the pact of the Fathers of Confederation. I believe such also to be the sentiment of the Province of Quebec, which desires to adapt itself to new conditions without, however, modifying the pact of 1867, under which your dearest liberties are secured.

"Who are those," he asked, "who would desire more to consolidate the work of Confederation than the descendants, the political heirs of Macdonald and Cartier, those two patriots who suffered indeed in great measure in the accomplishment of their wish? But their memory is now venerated by all the people of our country."

Speaks of Abbe Bourge.

The Premier spoke of the work of Abbe Bourge, the first missionary in Acadia and Gaspe. He cited a page from the life of Bourge, which told of a threatened assault of Indians during the American war of Independence. On the instruction of the Bishop of Quebec, Abbe Bourge went among the Indians and persuaded them to renounce their warlike projects and to give renewed promises of loyalty to the British crown. The Prime Minister added:

Respect to Peace-maker.

"I pay my greatest respect to this great peace-maker, as a loyal subject of Great Britain whose monument stands before your parish church, and I am proud to make a short visit to this village. The example of Abbe Bourge, who understood at that time, almost 150 years ago, the grandeur of British institutions, ought to inspire us in a new and important epoch in our history. The mission in Bonaventure in Gaspe, has become a diocese presided over by a dignified bishop who has already done much good. I pay my respects to Monsignor Ross, one of the dignitaries of the church and express the hope for the success of his work and the happiness of the people."

Premier Meighen crossed the Bay des Chaleurs by boat from Bathurst.

Mr. Meighen further announced his intention to speak at a series of meetings in the Province of Quebec during the campaign.

## TWO NEWCASTLE MEN DROWNED WHILE BATHING

Raft Parted and They Were Thrown Into the Water and Died Before They Could be Saved.

Newcastle, N. B., Aug. 1.—Two Newcastle men were drowned in a bathing accident at Wilson's Point near here at 2 p. m. today, when two logs which they had tied together and were using as a raft, parted, throwing them into the water. The died before their rescue could be effected.

The victims were: Michael Mitchell, 29, a business man here, and Russell Harris, 24, an employee of the Lounsbury Company and a former student of the Saint John Business College.

Harris, Mitchell and William Bernard went to Wilson's Point on the Miramichi river, about one mile above town, Bernard did not go into the water, but the others joined two logs together and endeavored to cross "The Tickle," a body of water running swiftly and about 50 feet wide between Beaubear's Island and Wilson's Point. Two branches of the Miramichi, the northwest and southwest, flow through "The Tickle." When Harris and Mitchell were about two-thirds of the way across the logs parted and both fell into the water. It is supposed one swimmer was seized with a cramp and took hold of the other.

Cried Out For Plank.

Mitchell cried out to Bernard to throw a plank, and the latter made a hurried search. When he turned towards the two in the water they had disappeared. A camping party from Bathurst, who were on the shore, saw the two struggling in the water for a minute or so, but both had gone down before the campers could reach the scene.

Men and boats with torches were searching the river at a late hour tonight for the bodies.

Russell Harris was the oldest son of Mr. and Mrs. John Harris, of Newcastle, and is also survived by two sisters, Jessie, stenographer in the Bank of Nova Scotia, and Helena, nurse in training at Lawrence, Mass., and a brother James, at home. Michael Mitchell is the youngest son of Mr. and Mrs. Isaac Mitchell, and is survived by two brothers and two sisters, Leo of Edmundston; Joseph, at home; Mrs. Joseph Curry, of Neguac, and Mrs. Thom. Gallant, of Newcastle.

## PICTOU LADY WAS BEATEN AT SWIMMING

Boston, Aug. 1.—Miss Mae Elwell, 17-year-old Revere swimmer, defeated Eva Morrison, of Pictou, N. S., at a match race to Boston Light today by one hour and 46 minutes.

Half-blinded by the shining salt water, Miss Elwell covered the last mile or two of the 14-mile grind with her eyes closed, following the snapping fingers of Frank Murphy, her pilot and coach, whenever she strayed from her course.

The two girls plunged off the Warren Avenue bridge at 5.24 a. m. and Miss Elwell left the water by the light at 11.38 o'clock. Her total time of six hours and 14 minutes bettered by more than an hour the women's record of 7.22, established last year by Irene Hesselius, of South Boston.

## CONTEST OVER STOKES WILL HAS BEEN ENDED

New York, Aug. 2.—The contest of the will of W. E. D. Stokes ended today with the approval of Surrogate Foley of agreements between W. E. D. Stokes, Jr., sole legatee under the will of his father, and Mrs. Helen Ellwood Stokes, as guardian for her children, Helen, 11 years old, and James, 10, by which the children will receive from \$1,500,000 to \$2,000,000 in addition to the principal of the \$800,000 trust created by their father or their mother in the settlement of her dower litigation.

The announcement of the settlement and of an agreement by Mrs. Stokes to consent to the probate of the will was made public late this afternoon, together with a schedule of the assets of the Stokes' estate so far disclosed, indicating that the property still in his name at the time of his death on May 19 is not worth more than \$400,000, and that a large amount of Mr. Stokes' securities were deposited as collateral for loans.

Having a Good Time.

Dr. Bradford a lady physician of New Jersey, and her friend, Miss Strong are enjoying a very pleasant vacation at the home of Mr. and Mrs. Havelock Wheeler at Kingsclear. They arrived here last week by auto and were directed to the home of Mr. Wheeler by Mr. F. B. Edgcombe of this city. The wanted a taste of country life and they are certainly getting it. They take daily canoe trips about the river islands and also avail themselves of the excellent bathing privileges nearby. Dr. Bradford has taken out an angling license and hopes to be able to land a gamey Atlantic salmon before returning home. Both ladies are greatly taken up with the beauty of the Saint John River and consider that they have found an ideal resting place for tourists.
