BESSIE M'KYLO WON THE BANGOR FREE FOR ALL

The Best Time 2.07 1/4—
Other Classes Good—
Driver Joe Johnson in
Serious Condition in
Hospital.

Bangor, Me., Aug. 26—Bessie McKylo, 2.01 1/2 won the \$1,500 free-for-all, the feature of the racing card at the Bangor fair today in straight heats without much trouble. She was driven by the veteran John Willard, and was brushed home in two heats by Ribbon Cane with close finishes. The Medford, Mass., pacer broke and fell back in the third heat but Jenny H. made it a lively race and El Verso, the other horse in the race, was close up. Hal Mahone, announced as a starter, was drawn this morning after going lame.

John Willard had an easy win with another Presque Isle entry, Gwendolyn Aubrey, who had all the speed of the 2.19 trot.

Northern Silk, a top-heavy favorite in the 2.16 pace, failed to show in the first two heats, somewhat to the anxiety of the talent but finally won out. Driver Johnson Serious.

Joe Johnson, Portland reinsman who was seriously injured in a spill yesterday when he went under his horse and was kicked in the face one side of which was badly crushed with multiple fractures, was reported from the hospital today as on the dangerous list suffering from shock and loss of blood and unconscious for the most of the time.

BOSTON HOCKEY TEAM BUYING GOOD PLAYERS

Toronto, Aug. 26—Despite the early "sales" reported at the end of the pro hockey season in Western Canada, very few of the proposed en bloc transfers of clubs have materialized. There is every indication now that players with the salaried loop in the West are to be put on the market individually. The sale of Frederickson and Shore to Boston shows the trend the sales are taking. And in this connection it is to be noted that Boston will make a real bid for the championship this season. The club has also purchased Boucher of Vancouver, Briden of Calgary, and Oliver of the Calgary team, it is reported. The disposal of the players separately shows the collapse of early arrangements to sell the interests of Western Canada clubs. Some of the players claim that their services cannot be sold. The option held by Chicago interests in the Saskatoon club expired last week and the owners may now decide to sell the players, in defiance of any ruling by the league head.

Imps and Devon Tied Again Trying to Play Off Previous Tied Game; Score was 3 to 3

Game a Benefit for Mike White of Marysville—
Fredericton Threw Away Game in the Fifth
Only to Tie the Score in Next Inning—Some
Good Fielding—"Bun" Williams Had Devon
Batters Buffaloed.

The attempt of the Imperials and Devon to play off one of the tied games in the York County League resulted in another tie at Queen's Square Thursday night. After six innings the score was 3 to 3. The game was announced as benefit for "Mike" White of Marysville who broke an ankle some time ago in a game.

Fredericton threw the game away in the fifth largely by errors on what looked like easy infield plays, which came after "Bun" Williams had shown the only weakness of the game issuing a pass and hitting a batter. The Imps then with Devon leading three runs went out and tied up the game by good hitting aided by two bases on balls and an infield error.

Williams for Fredericton was very effective. He struck out ten men and in four innings allowed but three scattered hits. He weakened in the fifth but had two errors not been made behind him would have pulled out, probably without runs being scored. Burse for Devon also was in good form and held the Imperial sluggers down. His team backed him well.

Fielding by the Devon outfield which accounted for six putouts, Howell's one-handed stab of a high one from E. Miles' bat which was earmarked for a hit in the last inning, Keene's unassisted double play and another double, Hersey to Hall, were the fielding features.

How They Scored.

Devon could do nothing more than touch Williams now and then for four innings. In the fifth he put himself in a deep, deep hole by giving Karl Watson four wide ones and then hitting Henry Miles. Two men were on when Lawrence batted. He hit just over the pitcher's head. Ordinarily Clark would have handled the play perfectly but this time he fell down on it and the ball went under him to centrefield. Watson scored. Right after that Hersey failed to handle an easy one from Burse. Rutter flied out to centrefield scoring Miles on the sacrifice. Malloy fanned but J. Watson hit for two bases making three runs in. Keene who batted in hard luck against the Imperial southpaw, struck out for the second time retiring the side.

The Imps took first bat contrary to custom and the sixth inning opened with them determined to do something. Howell started poorly. He was put in instead of Paynter and put up an easy one to Burse. Williams was passed. Hersey hit to J. Watson who tossed the sphere to Rutter on second only to have that player let the ball get away. That made two on the bases. Burse filled the sacks by passing Clark. "Skinny" Shannon felt that everything depended on him and responded with a nice hit which sent Williams home. Myshrrall flied out to centrefield and on the putout another run went in. Jack Coyle came across with a hit and the score was tied. There was a chance to take a lead but Hall sent out an outfield fly that Lawrence got under.

Devon went in to win in their half. E. Miles made the first man down on an outfield fly. "Bunny" Williams then held the game right down with two strikeouts on K. Watson and H. Miles.

COACHES USED TO TEACH BOYS GOOD CRICKET

The Oxford scheme whereby elementary schoolboys receive cricket coaching by varsity experts on the college cricket field, is being developed in London. Many well-known clubs are following the idea of the Oxford colleges. Already 600 boys from the elementary schools are in process of training by the club cricketers, mainly by members of the M. C. C. and professionals on the staff of Lord's. Matches are being arranged between boys coached in this way and public school elevens, thus enabling the boys not only to learn cricket in the best way, but to appreciate the spirit of the game. The first of these matches against a scratch public school eleven, was played on the ground of the Private Banks Club at Catford Bridge recently, when the elementary school boys were beaten by only three runs after a first-class boys' game, watched by about 3,000 London schoolboys and their masters. The next two matches arranged will be played at Lord's on Sept. 8 and 11.

CRICKET PAYS WELL IN ENGLAND

London, Aug. 26—It is estimated that the receipts at the five cricket test matches between Australia and England reached a net total of 30,000 (\$145,500), half of which goes to the Antipodeans, while £4,000 (\$19,400) is taken by the Government as entertainment tax.

Three of the test matches were drawn, one was abandoned, and the final was won by England.

NO BASEBALLS LEFT IN TOWN

Juneau, Alaska, Aug. 26—What, no baseball? After it was learned this was a fact all games scheduled for Juneau this week were postponed. There is not a new ball in town. Several gross ordered from Seattle will be here in a week. All the old ones were taken to Ketchikan last Friday by the Juneau team, which plays there for the championship of South-eastern Alaska.

PIRATES LEAD NATIONAL LEAGUE ONCE MORE

Senators and Athletics
Each Won a Double
Header in American
League—Simmons
Hit Heavily.

New York, Aug. 26—The Pittsburgh Pirates hammered three New York twirlers this afternoon for 21 hits winning the game 15 to 7 and moved themselves back into the leadership of the National League. Waner collected six hits in as many times at bat.

American League.

Walter Johnson and Stanley Coveleskie, Washington's pitching veterans, each doled out four hits to Chicago today and the Senators won a double-header, 9 to 3 and 1 to 0, the second game going 10 innings in the American League.

The Philadelphia Athletics played 23 innings of baseball and won a double-header of extra inning games from St. Louis, the first 8 to 6 in 11 innings, and the second 4 to 3 in 12 innings.

Al Simmons' 17th home run of the season, in the eleventh inning, with Hale on third, won the first game, while in the twelfth inning he singled, stole second and came home on Hauser's single.

IRISH HAVE QUIT WHISKY, TAX OUT OF SIGHT

Dublin, Ireland, Aug. 23—There is a slump in the value of Irish distillery shares because of the greatly diminished consumption of whiskey due to high prices. Ireland is ceasing to drink whiskey because it is unable to afford it.

A leading Dublin distillery announces its inability to pay dividends on its ordinary shares. Its profits this year have decreased to about one-twelfth of those last year and one-twentieth of those two years ago.

Tax \$16 a Gallon.

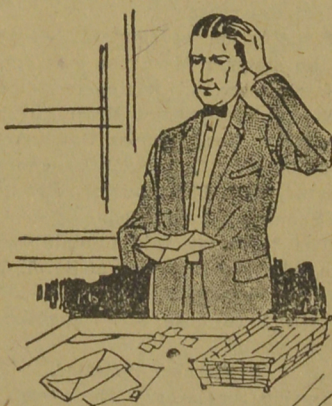

Distillers say that the government is putting them out of business by high taxation—about 16 a gallon of whiskey. The state's whiskey revenue has dropped seriously because of the decreased consumption and the government is urged to reduce the duty in its own interest. It is argued that the state would derive more revenue by reducing the tax and stimulating consumption, and would preserve from destruction a long-established Irish industry.

Temperance reformers rejoice over the diminution in drinking in Ireland and the influence of all the churches is engaged to maintain the high duty.

Keep Drunk on "Red Biddy."

Despite drastic legislation the manufacture of illicit whiskey in both northern and southern Ireland has not been stamped out. Poteen is produced everywhere along the western seaboard, and in Ulster prosecutions have revealed the manufacture of a drink called "Red Biddy" on which men can get drunk cheaply to start with and renew their drunkenness daily, it is said merely by drinking one glass of plain water in the morning.

BLUNDERS

WHY IS THIS WRONG?

It is unwise to guess the weight of a letter to determine the amount of postage required. Such guessing often results in "Postage Due," which may cause delay in delivery, and, in the case of business letters, often results in a dissatisfied customer.
