## SINGLE G. STILL WONDER OF RACING

Not Only Pacing Marvel  
But is Leading Race-  
winning Horse of Any  
Kind.

The American Sportsman after much research work, has learned that not only is Single G. 1.58½ the pacing marvel of all time, but the Hoosier wonder is the leading race-winning horse (trotter, pacer or runner) of the ages on the American turf.

The Sportsman provides the following on the subject:

"That marvelous racing stallion Single G. 1.58½, victor in six events in his last campaign that of 1925, now holds the enviable distinction of having won more races than any other horse, standardbred or thoroughbred that ever faced a starter on the American turf.

"It was believed that several exponents of the running gait had to their score more victories than had ever been achieved by a trotter or pacer, Logan, Blitzen and W. B. Gates being each generally credited with over 100 winning starts but according to researches conducted by Secretary W. H. Smolinger of the American Trotting Association the number of races won by this trio falls far short of the triumphs ascribed to them.

"From accurate sources it has been ascertained that Logan won 76 out of 348 starts, or 21.7 per cent; Blitzen won 47 out of 155 starts 30.3 per cent and W. B. Gates won 70 out of 228 starts, 30.7 per cent.

"The honor of leading all race horses of this country prior to the season of 1925 therefore properly belonged to Goldsmith Maid 2.14, and not to a thoroughbred, since according to our examination of the authority preceding the Year Books, Chester's Guide that famous old trotting mare participated in 143 races and exhibitions and was victorious in 100, second in 34, third in 5, fourth in 2, and unplaced in 2.

"Her score of victories not only exceeded that of the leader of the three thoroughbreds named above by 24, but her percentage was 2 1-2 times greater than that of any of this trio of supposed leaders."

Succeeds Goldsmith Maid.

Single G. 1.58½ now succeeds Goldsmith Maid in points of number of victories, being credited with 102 out of 158 starts, 34½ times second and 14½ times third, three times fourth and twice unplaced; but his percentage of victories, although exceeding that of the thoroughbreds mentioned, is not equal to the score of Goldsmith Maid.

"In the Year Book issued by the American Trotting Association and compiled by Secretary Smolinger the brilliant career of Single G. is set forth in full detail and from this data a recapitulation is here-with provided that we feel will prove of extraordinary interest to the many who have learned to admire the handsome, extremely game and truly great champion owned by W. B. Barefoot of Cambridge City, Ind.

## FRENCH GIRL TOO MUCH FOR HELEN WILLS

Mlle. Lenglen Was  
Steadier and Won in  
Singles 6-3, 8-6 Easily.

Cannes, Feb. 16—Suzanne Lenglen today defeated Helen Wills, 6-3, 8-6, in the final of the women's singles of the Carlton lawn tennis tournament.

The French woman showed in her first meeting with the United States tennis champion that she is unapproached in the game by any other player of her sex.

The match in a whole failed to provide the high class quality of tennis that the spectators expected from two such champions.

Both girls were extremely careful taking absolutely no chances and remaining on the base lines throughout the two sets.

Mlle. Lenglen won through superior steadiness making fewer errors than the California girl.

Miss Wills had the point set when leading at five games to four in the second set, but through an apparent error on the part of a linesman, a ball was called good, which thousands of spectators were certain was plainly outside.

Wills Slows Down.

This seemed to unnerve the overseas girl and from then on her game lacked the speed and enthusiasm to which she has accustomed the Riviera fans.

The point score of the first set: Lenglen ..... 423441145-31-6 Wills ..... 045002413-19-3

The point score of the second set: Lenglen ..... 0522445444365-52-8 Wills ..... 43441172602543-46-6

Weather and court conditions were excellent for the match. Miss Wills with a slight stiffness in one knee as the result of a fall and a gash in the semi-finals, insisted before the match that she was all right, and would have no excuse.

HOOF PRINTS.

Trumpet 2.34½ is wintering at Walnut Hill Farm.

Eddie McGrath is to race Escotillo 2.03½ this year.

Col. Bosworth, 2.02½ is one of Harry Stokes' pupils in Germany. Auto Pace made good for the home folks at Lawrence last Saturday.

The Orange County track have decided to stay put as silent members of the Grand Circuit.

## BIG HOCKEY MEETING COMING IN NEAR FUTURE

Montreal, Feb. 16—Efforts are being made at the present time to revolutionize hockey on the continent. It is understood that a meeting of both professional and amateur officials all over the continent is to be held shortly, probably in Toronto. At this meeting representatives of the National Hockey League, the Western Hockey League, the Central Amateur Hockey League, (an international body operating in the Mid-western United States and Canada) and also interested parties on the Pacific Coast as far down as California are expected to be present.

When the meeting is over it is thought that there will be two new minor professional circuits. Report has it that the Central League will turn professional as a body, and also that people down the Pacific Coast, from Vancouver to Los Angeles are prepared to promote a minor league. The meeting is especially designed to obtain a thorough understanding between all hockey bodies for the benefit and furtherance of the game.

A. D. Taylor, M. P. P. of Minto, is a guest at the Queen.

## BLUNDERS

WHY IS THIS WRONG?

One of the many annoyances that the postal service has to contend with is the receipt of bundles of carelessly sealed letters, many of which are stuck together. Still letters can be run through the cancelling machines only one at a time all those stuck together must be pulled apart by some postal employee. This may result in mutilation of the addresses or in placing the letters to one side until a mail has been handled.

## HUGH JENNINGS NOW RESTING AT ASHEVILLE, S.C.

Denial of Story That He  
Has Tuberculosis—  
Leader of Baseball in  
Need of Rest.

Scranton, Penn., Feb. 16—Hughie Jennings, assistant manager of the New York Giants is at Asheville, N. C. resting from the strain of the 1925 season and from an attack of grippe which kept him in bed at his home in Scranton for a week last month. Dr. O'Malley denied reports published that Jennings had been sent to Asheville because he was suffering from tuberculosis.

"When Hughie came home last fall after the close of the season—which was a strenuous season for him," Dr. O'Malley said "he was pretty well tired out and fatigued. At that time I gave him an examination. He was by no means a sick man, but about three or four weeks ago he suffered an attack of the grippe, which sent him to bed.

"A complete rest was necessary to prevent any further breakdown and Atlantic City, which was first suggested was passed up because he would hardly get the quiet and rest which he needed at the shore. I recommended Asheville, and a week ago he left here. The fact that he attended a meeting of a board of directors of a local bank, of which he is a member, the day prior to his departure shows that he was not seriously ill.

"He left here for New York on Saturday, and left there for Asheville on Sunday. His car has been shipped to him, and he will probably be driving around soon.

"Hughie can hardly hope to do anything for three months. We are satisfied that with a real rest for that period he'll be O. K., although we cannot expect him to do the work this season which he did in 1925. He has been instructed to rest as I said merely to prevent any possible serious trouble in the future."

## ST. F. X. AND KING'S PLAYED SCORELESS TIE

Halifax, Feb. 16—St. Francis Xavier's classy outfit from Antigonish and the King's College squad failed to decide which is the better team at the Arena last night before a large crowd. After thirty minutes of overtime or in all ninety minutes of play, the teams left the ice without registering a single score.

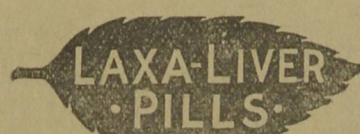

A win for the Xaverians would have given them the Eastern Section of the Maritime Intercollegiate Hockey League but the Kingsmen, who are far from being out of the running, were out to see that the visitors didn't walk home with the bacon and the big score. Thus it was a moral victory for King's anyway.
