TOURISTS ARE SET DOWN HARD BY ONTARIO H. A.

Refusal to Grant Transfer Leaves Club with Few Players—Revival of Minor Pro Talk.

Toronto, Ont., June 17—In line with its announced policy of curbing what is known as the "tourist" player, the executive of the Ontario Hockey Association, at a full meeting held here last night, granted only 14 applications and deferred four, out of a total of 54 applications of players who have changed their place of residence since last winter, for playing certificates for the season 1926-27.

The Border Cities Hockey Club of Windsor had every one of its eight applications turned down. Stratford had all but two of its seven refused and these two were deferred. Other refusals made were Brantford, six; Galt, one; Hamilton, three; Kitchener, two; London, three; Preston, one; Port Colborne, three; St. Thomas, one; Toronto, two.

Pro League Forecasted.

The attitude that one city is taking is shown by the following forecast from London, Ont.:

"On or before June 15" was the time for which the O. H. A. bullfined its intention of solidly and solemnly putting the lid on all hockey trading. Today is June 15, and there was no hint yesterday that the hockey solons would meet tonight and tell the listening hockey world what was in their innermost thoughts. Local officials leaped strongly to the opinion that it might be Friday before the O. H. A. would issue its list of the banned. They are prepared for a few more days of watchful waiting and suspense. The situation has not changed a whit. The O. H. A. can hardly swallow its warnings whole, nor can senior hockey be provided by the Big Six clubs, at least with the players they have now on their rosters, and which are remnants of last year's teams. Until the O. H. A. makes its weighty pronouncement, therefore, the officials and fans may only keep on speculating as they have been doing for the past months. There is a strong belief, almost a hope, among the fans that the O. H. A. will act definitely, and that the axe will fall with a dull thud. This will force the magnates, the fans hope, to the only safe and sane course—professional hockey. Fortunately the amateur officials are prepared for eventualities, and a professional league would probably be in the making, almost in hours, after the O. H. A. had definitely cut them adrift.

ON GROWING OLD.

Be with me, Beauty for the fire is dying,
My dog and I are told, too old for roving;
Man, whose young passion sets the spendthrift flying
Is soon too lame to march too cold for loving.
I take the book and gather to the fire,
Turning old yellow leaves. Minute by minute
The clock ticks to my heart; a withered wire
Moves a thin ghost of music in the spinet.
I cannot sail your seas, I cannot wander
Your mountains, nor your downlands nor your valleys
Ever again nor share the battle yonder
Where you, young knight the broken squadron rallies
Only stay quiet, while my mind remembers
The beauty of fire from the beauty of embers.
— JOHN MASEFIELD.

At The Capitol.

"The Fighting Buckaroo" is the photo play at the Capitol for Friday and Saturday featuring Buck Jones. A good western picture. The serial and an entertaining comedy are also on the bill.

BOBBY JONES AT HEAD OF LIST GADD SECOND

Two American Players in the List — British Open Golf Meet Shows Good Play.

Sunningdale, June 17—Bobby Jones led the field in the two days of qualification play in the southern section of the British Open Golf championship with a brilliant 134, and George Gadd, British professional, took second place with 141. Archie Compston, British pro was third with 142.

Abe Mitchell, 145, Cyril Tolley and Charles Johns, 148, were well up. Harry Vardon, Ted Ray, Jim Braid, Sandy Herd and J. H. Taylor were also well within the 154 mark, beyond which players failed to qualify.

Silas Newton, New York, and Joe Stein were the only United States players.

MANY PLAYERS IN OPEN GOLF PLAY IN ENGLAND

London, June 17—British golfdom was agog for the opening tomorrow of the qualifying rounds of the British open championship. Two hundred and ninety-three entrants, including seventeen from the United States, will go over various courses to determine who shall have the honor of entering the final competition on the Royal Rytham course at St. Ann's next week. For years the difficulties of reducing the number of aspirants for the open golf crown have been worrying the officers of the Royal and Ancient Club of St. Andrew's. This year a sectional qualifying system has been adopted for weeding out all but about 100 of the contestants. The total entry has been divided into three sections, the southern being decided at Sunningdale, near London; the central at St. Anne's, and the northern at Western Gailes, in Scotland.

The small entry in the north will make it possible to play off the qualifying round there in a single day.

Friend—I heard you were mixed up in a divorce suit. Did you win it?

Actor—No. I merely got dishonorable mention.

"Have you any reason for marrying her?"

"No, I have no reason. I'm in love."

GIANTS PUT PITTSBURGH OUT OF THE LEAD

Cincinnati Reds Moved Into First Place in National — Thirteen Innings to Decide Game.

New York, June 17—The Pirates were knocked out of the National league leadership today when Lindstrom banged a homer with two on board the bases in the 13th inning, giving the Giants a 6-5 verdict in the series opener. In the first half of the thirteenth Pittsburgh had broken a 3-3 tie when Rhyne hit for the circuit with one on base. After hitting safely through eight games for the longest batting streak in the majors this season, Kiki Cuyler was stopped by Fitzsimmons, who went the entire distance in the box for the New Yorkers, accounting for their fourth victory.

GOOD SEASON FOR SALMON ANGLING IN N.S.

(Halifax Chronicle.)

This season has been a good one for trout angling, late though it was, and many fine catches and large fish were reported. Now reports from the rivers of the Province show the season to be a great one for salmon. Yesterday a gentleman who had been at Musquodoboit Harbor said this has been the best season for salmon taking by both net and fly there for years. He stated an average of about 500 lbs. is being shipped from there into the City. The fishery regulations for Nova Scotia provide that the number of salmon that may be taken in any one week by an angler shall not exceed thirty. Angling for salmon is permissible in this district from February 1st until August 15th. Fishing for salmon with nets of any kind is prohibited from August 16th of each year to the last day of February following. In angling for salmon the use of any bait other than artificial flies is prohibited. No salmon or grilse weighing less than three pounds nor any spent salmon taken in a net may be retained or kept out of the water, but if such is caught inadvertently it is to be returned to the water alive and uninjured. From the time of low water nearest 6 o'clock Saturday afternoons to the low water nearest 6 o'clock Monday mornings all salmon nets and weirs must be raised to allow of free passage of the fish.

BETTER LATE THAN NEVER.

The following item from St. George was taken from the St. Croix Courier files of thirty years ago:

"A large number of salmon have been seen jumping in the basin lately. They are making their way up river. If we had a fishway at Second Falls and one at Linton mills, we would then have a fine salmon river."

The fact that it was announced last week, thirty years after the above item appeared in print, that a fishway is to be installed in the Magaguadavic, indicates that the fisheries department at Ottawa is not a very swift moving organization.

BERLENBACH TO MEET DELANEY ON JULY 15TH.

Canadian Boxer Has K. O. on Berlenbach To His Credit — Berlenbach Has One Decision.

New York, June 17—Paul Berlenbach, who is fast breaking all modern records for championship fighting activity, will battle his foremost rival, Jack Delaney of Bridgeport, Conn., in defense of the world's light-heavyweight title on July 15 at Ebbett's Field.

The date and place for the match were fixed by promoter Humbert Fugazy after a conference with the State Athletic Commission. Originally the bout was slated for June 22, but this date was erased because of its proximity to Berlenbach's title bout with young Stribling last Friday.

Fugazy considered obtaining the Polo Grounds for the fight because of its greater seating capacity, but decided in favor of Ebbett's Field, home of the Brooklyn National League baseball club, where arrangements will be made to handle a crowd of 60,000. A price scale of \$3 to \$27.50 will prevail for tickets with the commission's approval.

Delaney and Berlenbach have fought twice before. The former knocked out Berlenbach in the fourth round in 1924 in their first bout. He came close to repeating the trick last December in Madison Square Garden, but Berlenbach rallied and pulled victory out of the fire to save the title.

LACROSSE IS MADE ROUGH

Lacrosse evidently is not a ladylike game judging from this in the Montreal Star:

There was a rough lacrosse match at the M. A. A. grounds last night between the local team and St. Pierre aux Liens. There were fights and slashings galore, and in one case a St. Pierre player had to be carried off the field, being incapacitated by a slash across the spine. The locals were defeated by 8 to 1.

JOE NEPTUNE STILL IN GAME

"Joe" Neptune, who is well known to ball fans throughout the Maritime Provinces, is numbered among the players on "Doc" Dwyer's Guildford, Maine, semi-pro club, of the Piscataquis County League. The Indian proved one of the stars in a game with Greenville the other day.

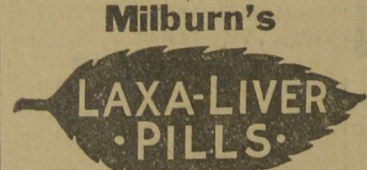

Neptune at one time played with the Saint John Marathons and previous to that time was with Woodstock, in Marvin Peasley's time. Since then he has played in the old New England League and from there going to the Easterns of Brewer, Maine. He often played in Fredericton.

She Was Troubled With Chronic Constipation

Once your bowels become constipated you are in for a lot of trouble, as constipation is one of the most prolific sources of disease that the human race is addicted to, therefore a free motion of the bowels every day should be the aim of everyone who aspires to perfect health.

Mrs. O. W. Lawrence, Cloverdale East, N.B., writes:—"I was troubled with chronic constipation, and became so bad I was almost afraid to eat anything."

One day I saw your advertisement of

so I got three vials, and after taking them I have never been troubled since with constipation."
