MT. ALLISON TO PLAY HERE NEXT THURSDAY

University of N. B. to be at Sackville Following Thursday — U. N. B. Passes Up Provincial League.

University of New Brunswick which is to play a return game with the Trojans at Saint John on Saturday next will not enter a New Brunswick Rugby League with a home-and-home schedule among the four teams suggested. The ground for the refusal is that the schedule as drawn runs to the middle of November and in addition to being too late would interfere seriously with any other games to be played.

Games With Mount A.

Manager J. B. Carr has made arrangements for home-and-home games with Mt. Allison University in the Western Section of the Intercollegiate League, Mt. Allison is to play at Fredericton on Thursday the 21st and U. N. B. at Sackville on the 28th, also a Thursday.

A proposal from the Halifax Wanderers that U. N. B. play them in Halifax on Thanksgiving Day has been met with a counter-proposal that Wanderers make their first appearance in Fredericton on that day. The proposed Halifax guarantee of \$150 does not look large enough to the local collegians for the trip unless some other game is played. Although U. N. B. has been in Halifax more than once the Wanderers never have played here.

INTEREST IN PRO TENNIS IS NOT SO GREAT

New York, Oct. 10—The wizardry of Suzanne Lenglen again won the acclaim of New York's tennis enthusiasts tonight, when the invincible French woman repeated her assault of last night and again defeated Mary K. Browne in the second session of America's first professional tennis tourney.

Mlle. Lenglen won easily 6-2, 6-1. Vincent Richards had a lead of 6-4, 4-1 over Harvey Snodgrass, when the latter was forced to quit because of temporary illness.

Scarcely 500 braved the rain to attend the matches at Madison Square Garden and the financial hopes of C. C. Pyle, father of the successful pro-football and sponsor of the first attempt to bring tennis professionals before the American public, were rudely dashed. Those who did attend were ardent tennis fans, but their enthusiasm was only lukewarm.

Good Tennis on Display.

The players themselves had lost the signs of nervousness that had been evident at their debut and played fast, efficient, though rather mechanical tennis.

Only at the start of the first set did Miss Browne show signs of successful competition against the dashing, lashing Suzanne. The French star won the first game, but Mary exerting herself to the utmost won two games and took the lead.

After that, however, Suzanne had no difficulty in returning Miss Browne's excellent back-court volleys and placing her shots first in one corner then in the other she nullified the frequently brilliant strokes of the California woman by waiting calmly for the ball and then smashing it back with such excellent placement that Mary could not rest for a moment. The leading match was simply a repetition of last night's performance.

THRIFT.

A Scots doctor and his wife, travelling on a West Coast steamer, ran into bad weather and hung over the side, very unhappy.

There came a lurch and the doctor prepared to give up hope. His wife, though she could not move and could scarcely speak, managed to pass a timely word of caution.

"Jock," she whispered, "pocket your teeth."

Bermuda Won Easily From Saint John Trojans Two Tries and Goal to Try

Score Was 11 to 3—Trojans Failed to Grasp Chances When They Presented Themselves—Bayly Scored Sole Trojan Try on Long Run.

Saint John, Oct. 14—Lost opportunities, a lighter scrim and failure to hold the ball when they got it cost the Trojans the game with the visiting Bermuda fifteen at the Allison grounds yesterday afternoon. The day was ideal for football, although the attendance was not as great as was expected, only about 500 turning out to see the game which was won by Bermuda 11-3.

Play started promptly at 4.15 with Dr. D. C. Malcolm in charge of the game. Trojans rushed the ball to Bermuda territory and seemed to get away fast. The visitors were steady, however, and held stubbornly to their ground. Some nice combination was noticed among the Bermuda forwards during the early stages of the game with the forward line working well together. Play by play the ball was brought back into Trojan territory and only after a few minutes had been played Churcher went over for a try which was not converted.

Stubborn Defence.

The Trojans again rushed the Bermudians to their own five-yard line but again it was a stubborn defence that baffled them. Trojans had several chances to go over but the lighter scrim was thrown back and the opportunity lost. Stone again went over for Bermuda and again the convert failed. Shortly before half time was called Evans went over again on a somewhat fluke play. The ball was kicked at Humphrey who made an endeavor to retrieve it. Just in front of him it took a bad hop and Evans who was following up, slid past and went over for an easy try. On the attempt to convert, Godet was successful, the ball sailing over the bar for the eleventh point. Time was called shortly after.

The Second Period.

The Trojans came out for the second half determined to wipe out the stigma of a shutout and rushed the ball to Bermuda territory where it remained for the greater part of the half. Inability to hold the ball cost them many chances to score, plus the lightness of the scrim. Time after time they were on the Bermuda five yard line and lacked the necessary punch to go over. Some magnificent passing among the Trojan forwards was noticed during this period, there being two of special note. Bayly was the shining star of the local pigskin chasers during the half and his rushes, in company with Shortt brought the fans up on their toes. Humphrey the big fullback, also made some great plays and his all round work was very noticeable. After 20 minutes had been spent in trying to storm the Bermuda line, Shortt broke away and passed to Bayly who made a remarkable broken field run of 50 yards to score the first count for the locals.

The attempt to convert went wide the wind carrying the ball away from the poles. Bayly was given a great hand for his effort and this seemed to put more pep in the Trojans, who swarmed all over their opponents in the last ten minutes of play.

The teams were:
Trojans—fullback, Millidge; three-quarters Daley, Shortt, Bayly (capt.), Humphrey; halves, Peters, Price; forwards, Noble, Styles, Howard, Keith, McDaid, Britt, Hollies, Grant.
Bermuda—fullback, Sinclair; three-quarters, Walmsley, Evans, Crisson, Neville; halves, Holmes, Cooper; forwards, Pantry, Halliday, Stone, Dunkley, Trimmingham, Hayward, Godet, Churcher.

Referee, D. C. Malcolm.

It is strange to read that "the average person has four defective teeth." We thought the docs had extracted all the teeth of the average person.

PUGILISM IN HALIFAX LEAGUE GAME

Spirit Between Wanderers and Dalhousie Leads to Personal Clashes—Contrast with Bermuda Spirit.

The rugby game as exemplified in Halifax by the Wanderers and Dalhousie University descends to fist-cuffs according to press accounts. The "town and gown" spirit at one time was observable of Fredericton when Fredericton City and U. N. B. used to clash. In recent years the game has been very clean. In Tuesday's match between Bermuda and the University a Bermuda player tripped a U. N. B. man. The mis-play was noted from the touchline and commented upon audibly. Capt. Pantry of the Bermuda fifteen at once cautioned his player that a recurrence would mean his retirement from the game and his team playing a man short. The Bermuda forward claimed an accident in the trip.

The Halifax Recorder with James Power as veteran sports editor has the following comment on the Wanderers-Dalhousie league match:

"The Wanderers scored two tries in the first half, blanking their opponents, and the Collegians got a try in the second half with the Wanderers not scoring. This in a great measure, illustrates the play, as while the Wanderers seemed superior at one time, the College Team looked the best at another. But there was no great systematic play by either team; they showed they had the ideas but were unable to carry them out. The result was a ragged game, with practically no thrills, with excellent plays marred by the catch-as-catch-can work, and both teams showed that if they are looking for Maritime Championship honors, they will have to improve a lot. A feature particularly noticeable among the forwards was their surging against one another before the ball was put in the scrim thus slowing up the game, and bringing forth many stoppages by the referee to have the ball fairly put in play. There was also considerable interference when a player got the ball and punted it away from him, it was not English Rugby to have a player charge him and send him to the ground. Bad displays of temper were also in evidence, and while players suffer from much provocation it is not the game for a player to deliver a straight right to the jaw, as happened on one occasion.

"N. C. Ralston was a fair and impartial referee and enforced the rules as best he could with players on both teams playing offside though if he was not so good natured he might have severely penalized players who were inclined to be pugilistic."

NEWCASTLE OUTCLASSED BY WESTVILLE

Westville, N. S., Oct. 13—On a cold wind-swept diamond the players of the Westville Baseball team today slugged their way to the baseball championship of the Maritime Provinces outclassing Newcastle by the one-sided score of 16 to 2.

Score—
R. H. E.
Newcastle 2 12 9
Westville 16 15 3
Batteries—Newcastle, H. Graham, Briggs and Linden; Westville, McLeod and McMillan. Umpires Campbell and Emery.

"See that man there? He's my grandfather."
"Is he on your mother's side or your father's?"
"Oh, he sticks up for both of them."

M'CARTHY COACH AT MT. ALLISON THIS SEASON

Veteran Again Instructing in Rugby Football Versatile Athlete—Skater and Water Polo Player.

Coach McCarthy is again on the job at Sackville handling the Mt. Allison rugby squad. He has been here as referee and as coach with Mount A. and has many friends here. The Mt. Allison Argosy the undergraduate publication hands the coach a few bouquets thuswise:—

We again have been fortunate this year to secure the services of Mr. J. F. McCarthy as University Football Coach. Mr. McCarthy has already gained the entire confidence of the football players and has accomplished much in his work with the team.

Mr. McCarthy has been interested in a great variety of sports both in the Old Country and in Canada. In football he played in the Ulster Rugby League as a front line man on the Ulster and Barger Football Clubs. He also played Association Football with the same clubs. In 1906 Mr. McCarthy came to Halifax where he played with the Wanderers for seven years. Since that time he has coached the Wanderers and the record of their achievements is certainly a recommendation for the coach.

Water Polo has had an ardent enthusiast in Mr. McCarthy who played in the Old Country and then on the Champion Team of the Maritime Provinces. Jack Hussar, since coach of the McGill English Rugby team was a member of the same Water Polo team.

Mr. McCarthy is a good skater. He proved himself a very efficient instructor in Figure Skating at St. Thomas Aquinas Rink in Halifax.

LACOSTE IS OPPONENT OF PRO TENNIS

Professionalism especially in tennis gets no commendation from Rene Lacoste, now regarded by many as the greatest of the court stars. He thinks that tennis will remain a sport and not become a business. European players, Lacoste says, are well organized, and very firm on this point. The Frenchman feels that Mlle. Lenglen has lost a great many admirers in France and England and other European countries, but believe she will attract large and curious crowds on her tour of America.

TORONTO UNIV. BUILDING OWN HOCKEY ARENA

Toronto, Oct. 13—Built at a cost of approximately \$150,000 and designed to seat five thousand spectators the new hockey stadium at the University of Toronto is being rushed to completion in the hope of having it ready for use by the first of November. It will be equipped with an artificial ice plant making it independent of weather conditions in the provision of a good skating surface.

NURMI AND OTHERS TO RUN IN UNITED STATES

New York, Oct. 13—Negotiations have been completed to bring to the United States this winter Paavo Nurmi, the famous Finnish runner, and his two foremost rivals, Dr. Otto Peltzer of Germany and Edwin Wide, the Swedish schoolmaster for a series of indoor meets.

Little Tommy—Father, you bought sister a piano; you must buy me a bicycle.

Pop—What for?

Little Tommy—So I can go out riding when she is practicing.
