THE WEATHER
North east winds fair today
and Wednesday. Cool.

VOL. XXXII., NO. 213 FREDERICTON, N. B. TUESDAY, SEPTEMBER 21, 1926. TWO CENTS PER COPY

THE EXHIBITION IN FULL BLAST

DISASTER OVERTOOK MR. FONCK

Started Today to Fly
From New York to
Paris.
**AIRPLANE
WAS BURNED**
Two Members of the
Crew Were Burned
to Death.

(Special cable to The Daily Mail by the British United Press)
Roosevelt Field, Westbury, N. Y. Sept. 21—Rene Fonck's long heralded attempt to fly with three companions from New York to Paris started today amid the acclaim of a thousand people and three minutes later it ended, the plane in flames and two of the crew dead.
Charles Clavier of France, radio-man and Jantes Islamoff, the Russian mechanic, were burned to death when the running gear of the plane gave way and it plunged into a gully.
Fonck and Lieutenant Lawrence W. Curtin, U. S. N., his second in command, miraculously escaped uninjured.

C. N. R. HAS FINE EXHIBIT AT THE FAIR

The exhibit of the Canadian National Railways at the Exhibition this year is a very fine one and is attracting a great deal of attention. It consists of a scenic drop showing a view of the crossing of one of the famous rivers in the Canadian Rockies, the river being crossed by a bridge upon which a train is seen to emerge from a tunnel at one side and pass over to the other. Beneath is depicted a rushing roaring torrent which swirls and rages, the whole giving an idea of some of the wonderful scenery in this portion of the country and the engineering difficulties overcome in the construction of the Railway through the Rocky Mountains. The train is first seen to emerge at the bottom where it is seen to pass from one side to the other, the whole giving a most realistic effect. On either side is a series of illuminated transparencies of views along the lines of the Canadian National Railways in the Maritime Provinces and other parts of Canada, and a display featuring the various Canadian National hotels, the First Aid, Safety First and Radio activities of the Railway. There is also a large coloured map of the lines of the Canadian National Railways from coast to coast with the more important places marked.
Illustrated literature describing the Maritime Provinces and other parts of Canada is being distributed by a representative of the Railway and is in great demand. The booklets on the Maritime Provinces are being eagerly taken up and much advertising is given to the tourist attractions of this section of the country.
A Fine Display.
The display of women's fancy work at the exhibition is this year larger than usual. There are in all six hundred exhibitors who are showing upwards of two thousand exhibits. This department of the exhibition is naturally coming in for much praise from visitors. Mrs. Martha Harvey is once more in charge.
Quadruplets Grown.
The famous Mahaney quadruplets of Saint John are being exhibited in a tent at the exhibition grounds, and naturally are attracting much attention.

POLITICIANS ARE VERY BUSY AT OTTAWA

The Meighen Government Getting Ready to Quit.
**LAST MEETING
OF CABINET**
Premier Elect King Has
Plenty of Available
Timber.

Ottawa, Sept. 21—With the government packing up to leave and another in process of formation, Ottawa was very active politically today.
The two centres of activity were the east block where Premier Meighen was holding his farewell cabinet meetings, and Laurier House where Rt. Hon. W. L. Mackenzie King received the ministers and prospective ministers of his new government. Today saw an influx of members as well as some unsuccessful candidates in the last election. A meeting of cabinet was held presided over by Premier Meighen, but one or two of the far western ministers were absent. Tomorrow what may prove to be the final meeting of the present government, which all its members are likely to attend, will take place.
Forke At Ottawa.
This evening Robert Forke arrived from Brandon presumably for the purpose of discussing matters with Mr. King. He will, it is rumored, be invited to enter the cabinet as minister of agriculture. Among the possibilities for appointment from Ontario are James Malcolm, of North Bruce, and W. D. Euler, of North Waterloo. The name of E. R. E. Chevrier, of Ottawa is mentioned in connection with the post of solicitor-general.
Hon. J. C. Elliott will probably resume the portfolio of labor. Hon. Lucien Cannon is mentioned as postmaster-general in the new government. The other former ministers from Quebec, Hon. Ernest Lapointe, Hon. P. J. Cardin and Hon. James A. Robb, will probably go back to the departments which they administered before the resignation of the last King government. Hon. R. Dandurand, Liberal leader in the Senate will again be a minister with out portfolio.
The representation from the Maritimes is likely to include Hon. P. J. Veniot from New Brunswick. Colonel Ralston of Halifax is mentioned as a possibility from Nova Scotia. It is suggested that P. L. Hatfield member-elect for Shelburne-Yarmouth may go to the Senate and that Col. Ralston may contest that seat as a member of the new cabinet.

MR. J. L. ALLEN PASSES AWAY AT AMHERST

Amherst, Sept. 20—J. Leander Allen, known throughout the Maritime Provinces as an architect and all around sportsman, died here this afternoon at one o'clock, following an illness that has covered a period of weeks. He was renowned as trap shooter and a wing shot. He is survived by a second wife and one young daughter, also two daughters by his first wife, Mrs. Johnson of Windsor, Ont., and Mrs. Charles MacLauren of Montreal. Five brothers also survive Edward of Amherst, Robert P. editor of the Fredericton Mail; Howard, in Boston; Thomas, of Toronto, and Cecil, of New York; also three sisters, Mrs. Nason, of Auburndale, Mass.; Mrs. Frank Colchester of Brantford, and Mrs. Blair Johnson of Saskatoon.
Mr. F. R. Sayre of the advertising department of the C. N. R., Moncton, is here looking after the railway booth at the exhibition.

DEATH LIST OF THE FLORIDA HURRICANE IS CHECKED AT 373

Early Reports of Casualties Have Been Exaggerated—Total Not Likely to Exceed Four Hundred—Government Relief Boats are Being Sent to the Bahamas—Eleven Persons Reported Drowned in That Area.

(Special to the Daily Mail by the British United Press)
MIAMI, Sept. 21—The casualty list of the Florida hurricane as checked by Alfred P. Peck, chief of the United Press staff on the scene of the tragedy, with police heads of the devastated area follows:
Miami 101, Hollywood 80, Miami Beach 52, Moorehaven 40, Hialeah Region 50, Scattered dead 50. Total 373.
While these totals will be changing constantly until a final check-up of the entire storm area has been made and may reach 400 as a conservative estimate, said officials today, there was no chance that it would extend to the exaggerated estimate from the 600 to 1500 circulated since the catastrophe.

Damage in the Bahamas
Nassau, Bahamas, Sept. 21—Government relief boats have been dispatched to Long Island, of the Bahamas group, where eleven persons are reported to have been drowned during the hurricane which swept this area. Many houses are reported wrecked on Long Island, but the relief boats so far have not rendered report of conditions.
Nassau was undamaged by the storm and conditions were normal today. All the other islands except Long Island seem to have escaped damage.

TYPIST WAS TAKEN FROM THE CHANNEL

Dover, Sept. 20—Mercedes Gleitz, the London typist made a gallant but vain effort to swim the English Channel and win £1,000 Sunday afternoon. She reached a point two miles off St. Margarets Bay after swimming 10 hours and 51 minutes from Cape Gris Nez. Her trainer realized it was a hopeless task for the girl because of the coldness of the water and urged her to give up, but she would not. At last her attendants, fearing a collapse, and a tragedy lassooed her arms and removed her half conscious from the water.

Discipline for Freshmen.
The customary discipline of the Freshmen of the University of New Brunswick began yesterday. The rear entrance of the Arts building is being used by them. The men of the class have the following dress regulations to observe: choker collars, colored glasses, trousers pressed on the sides. Monday afternoon there was a parade of Freshettes wearing buckram hat-shapes as head gear. The technical word for the Freshmen is "amoeba" which means a low form of life.

Alarms of Fire.
Sparks from burning carbon in the exhaust of the oil-burning unit at the pumping station caused an alarm of fire to be rung in from box 14 last night. There was no damage. There was a still alarm this morning at 10.29 for a burning chimney at the home of Frank Dunphy, Westmorland street. There also was a still alarm this morning for a small fire at a house in Saint John street owned by J. M. Lemont.

Mr. Ralph O. McInerney of Saint John is a guest at the Queen.

PLAYS PIANO 105 HOURS, A NEW RECORD

Omaha, Sept. 21—Bud Reynolds, Columbus, Ohio, established a new world's record for continuous piano playing when he completed 105 hours here. The former record of 103 hours, was established in San Francisco five years ago.
Reynolds was fed milk and soup by the manager of the cafe where he performed. He fainted last Tuesday, but resumed his playing eight minutes later.
His finger-tips were bandaged several times during the endurance test, and he was examined by doctors twice each day. But in spite of these precautions, his finger-tips became raw and his wrists and fore-arms swollen.

Injured in Fall.
Mrs. Blanche Clark while a guest at the home of her son Winslow Clark of Margerville this morning sustained a fall of five feet and was severely shaken up. Dr. S. F. A. Wainwright attended her but found no bones broken. Mrs. Clark was knocked over when a door flew open.

Cup on Exhibition.
The cup put up as the championship trophy of the York County Baseball League, which was won by Marysville, is on exhibition in the window of Lawlor & Cain's store, Queen street.

Judging Dairy Products.
Thomas Hicks, Senior Produce Inspector of Montreal, arrived here at noon and this afternoon is judging cheese and butter. He judged here last winter at the show of the N. B. Dairymen United.

Mr. George E. Foster of Chatham is a guest at the Windsor.

NEW DEFINITION OF A LYING BULLYING BOY

Vocational Expert Calls Him a Potential Leader.

**SHOULD NOT BE
CONDEMNED**
Easy to Cure a Boy of
Lying and Stealing.

(Special cable to The Daily Mail by the British United Press)
Atlantic City, N. J., Sept. 21—A lying, stealing bullying boy is really a potential leader of men and should not be condemned, according to Charles W. Beeching, of Philadelphia, a vocational expert, who addressed the fiftieth district Rotary Club executives here.
"The bully is a potential leader," he said. "Boys will not lie to their true friends. It is only necessary to convince a boy the world is friendly and he will forget the apparent necessity for lying. As for the inclination to steal, the boy, to be cured of it, must be taught the principals of individual ownership."

EXHIBITION PROGRAM.
6.45 p. m. The York Regt. Band will parade to the grounds, leaving from the corner of Regent and Queen streets.
7.15 p. m. Free Attractions in front of Grand Stand.
8.00 p. m. Fireworks, if fine.
8.30 p. m. Concert by the Venetian Melody Boys' Orchestra in the Main Building.
9.00 p. m. Dancing in the Amusement Hall with Venetian Melody Boys' Orchestra.
WEDNESDAY.
Judging continues: Ayrshires and Grade Cattle, Hereford, Shropshire Sheep, Swine, carriage and saddle, heavy draught and general purpose horses.
1.30 p. m. The St. Mary's (St. John) Band will parade to the grounds from the corner of Queen and Regent.
2.00 p. m. Racing starts.
Great Free-For-All for \$1500 purse. Free Attractions in front of the Grand Stand.
6.45 p. m. The St. Mary's Band will parade to the grounds, leaving from the corner of Regent and Queen.
7.15 p. m. Free Attractions in front of the Grand Stand.
8.30 p. m. Concert by the Venetian Melody Boys' Orchestra in the Main Building.
9.00 p. m. Dancing in the Amusement Hall with Venetian Melody Boys' Orchestra.

Efficiency and Speed.
Sheriff John B. Hawthorne, returning officer for York-Sunbury, was the first returning officer in the Maritime provinces to complete the election returns and hold an official declaration. As he did not get the name of one of the candidates until nomination day it is evident that he put on some speed. York-Sunbury is the largest constituency in the Maritime provinces in point of territory, and the western end of the county is without railway connection. Still Mr. Hawthorne had his ballot boxes distributed in good time and had them back in time to hold declaration on Saturday last. Efficiency and speed on the part of the returning officer characterized the election in York-Sunbury.

Mr. Frank Robinson of Moncton vice-chairman of the Workmen's Compensation Board is in the city.

MONARCHY MAY SOON BE RESTORED

Events are Steadily
Moving That Way
in Greece.

**FORMER KING
ON THE ALERT**
Believed to be Ready to
Take His Job
Back.

(Special cable to The Daily Mail by the British United Press)
London, Sept. 21—Events are steadily moving toward the restoration of the monarchy in Greece, according to the Daily News, which says trustworthy advices to that effect have been received from Athens. Former King George of Greece who recently left England for Roumania was said to be in close touch with events in Athens and the Daily News represented him as prepared for restoration to the throne.

DINING ROOM AT EXHIBITION

One of the outstanding features of the Fredericton Exhibition this year is the excellent dining room service the large dining hall on the third floor of the Main Building is in charge of Messrs Jack Johnston and Dell Hossack both well known and popular men who have had long experience in the hotel business. Mr. Johnston for years was proprietor of the Waverly Hotel, which is known by everybody for the excellent table, the same is in order at the Exhibition Dining room this year. Everything that a person would desire can be had at the 1926 exhibition, in way of eats and plenty of it, well served, it is not necessary to go outside of the grounds this year to get a meal as everything is up to date at the Johnston-Hossack Dining Room. Give them a call and prove it to your own satisfaction.

WORK IN GLASS OVERALLS

Pittsburgh, Sept. 21—Plate glass overalls, masks and gloves have been designed for chemists in mixing acids, powders and other inflammable materials. The development of the suits was forced by dangerous flares that injure workers who mix tracer bullet material. The powder used is so explosive that it is often ignited by static electricity. Glass uniforms are made of small pieces of material bound together by copper wires.

Died in Minto.
Chester Austin of Minto died last night at his home there aged twenty-three years. He had been ill some time. Surviving are his mother Mrs. David Austin, three brothers Emery, George and Harry of Minto and two sisters Mrs. Dennison McNeill and Mrs. Fulton of Minto. The body will be brought to Fredericton for burial and will be taken to the home of Mrs. Fannie Hazlett at Victoria Mill. The funeral will take place Wednesday afternoon with service at 2.30 by Rev. A. F. Bate. Interment will be made in Forest Hill Cemetery.

Visiting the Exhibition.
A visitor at the Fredericton Exhibition is James W. Power, sports editor of the Acadia Recorder, Halifax. Mr. Power is being warmly greeted by friends. He is acknowledged the foremost authority on harness racing and rugby football two lines of sport very popular in Fredericton.
