Of Interest to the Women

WHAT FASHION SAYS WILL BE WORN THIS SPRING.

Short capes to match a frock are becoming popular. Often both frock and cape are pleated.

Leather is a favorite trimming or medium for an entire garment, especially for sport wear.

Suspenders, it is predicted, may yet be sanctioned for polite wear--and that by ladies! They are of decorative leather with silver kid trimmings and are said to have been used by a well known motion picture star to uphold her sports skirt.

Spring hats promise to sponsor the high draped crown.

Bathing costumes, or, more properly, beach costumes, are becoming more and more difficult to distinguish from daytime clothes. The newest are of velvet in pastel shades, one suit having a high neck and long sleeves.

Not just buckles, nor yet heels, but entire evening slippers are now being made of rhinestones to glitter in the evening lights.

A striking ensemble of powder blue and dark blue cloth has a military cape of the lighter blue and a long tunic trimmed down the front with bold braid, also of the light blue. The dark blue forms the lining for the cape and the skirt of the dress.

USE YOUR BRAINS AND SAVE YOUR NERVES.

Freezing has a decidedly injurious effect on milk and cream, as nearly every housewife has observed, and it is usually true that the longer milk or cream remains frozen the more pronounced the bad effects become. The fat rises and is partly churned, and the casein appears in flakes. Such milk or cream is not as readily digested as an unfrozen product and does not keep as well.

Milk that has been frozen is unsuitable for making junket, and, like frozen cream, is almost useless for coffee the fat rises as a disagreeable oil and the casein remains in fine flakes refusing to give the drink its desired "creamed" appearance.

The correct proportion of butter and crumbs for scalloped dishes is: One quarter cup of melted butter to one cup of crumbs.

A fresh newspaper lining in the garbage pail after each emptying makes it much easier to keep clean.

Plenty of fresh air, good food, enough sleep, and enough but not too much clothing are the best preventives of colds.

Hot cereals for breakfast don't take long to prepare if they are put in the fireless cooker the night before.

An easy way to clean silver is to place it in an aluminum pan or kettle, cover it with a solution of soap flakes dissolved in water (use

BABY'S COLDS

Children's delicate digestions are easily disturbed by too much "dosing." Still, the little ones' cold troubles cannot be neglected.

At the very first sign of croup, sore throat, or any other cold trouble, apply Vicks VapoRub over the throat and chest. There is nothing to swallow--you just rub it on. Colds go over night, croup is usually relieved in 15 minutes.

CHICKEN CROQUETTES.

2 cups chopped chicken
1 cup milk
1-2 teaspoon salt
1 teaspoon Worcestershire
1 teaspoon dried celery or parsley
2 tablespoons flour
2 tablespoons butter

Make a cream sauce of last six ingredients. Add chicken; cool; shape; dip in egg beaten with one tablespoon milk; then roll in fine crumbs and fry in deep fat.

CHEESE FONDU.

1-4 lb. cheese cut in small pieces
1 cup scalded milk
1 cup bread crumbs
3 egg yolks
1-2 tbsp. butter
3 egg whites beaten until stiff
Mix in order given. Bake 25 to 35 minutes in a moderate oven.

CANADIANS ARE EGG EATERS

Ottawa, Jan. 15--Canadians eat on the average of about 27 dozen eggs per annum per capita, while citizens of the republic to the south eat only about 18 dozen eggs per year each. This was the statement made by Dr. M. A. Jull, poultry husbandman of the Department of Agriculture, Washington, D. C., in an address here.

Councillor Judson Hinchey has returned from Fredericton.

Mrs. Harvey Spencer was the guest of her mother Mrs. A. MacDonald.

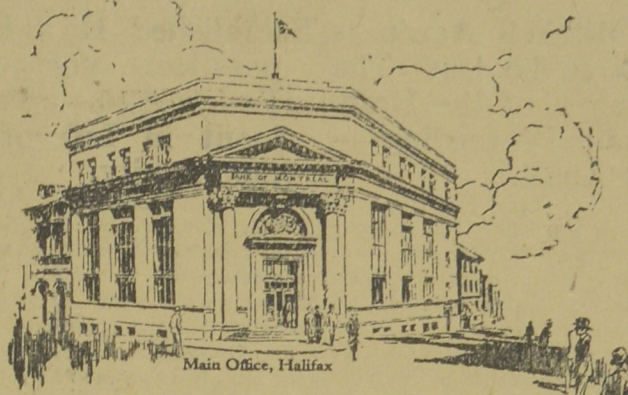

Mrs. John A. Spencer spent Friday at Bloomfield.

Orland McLeod and Glen Spencer are doing a rushing business trapping. James Hughes captured a large bob cat recently.

Our taxi driver Alex. Smith is kept busy hauling passengers to Boiestown.

Skiing is the order of the day.

A PROVINCIAL ORGANIZATION

Main Office, Halifax

FOR nearly 60 years the Bank of Montreal has maintained offices in the Maritime Provinces ready to accept monies upon deposit, and loan these funds to farmers, merchants, manufacturers and business men generally upon terms consistent with sound banking and the proper custody of its depositors' funds.

Since the first office was established in 1867 at Halifax, the Bank has spread throughout the Maritime Provinces until today it has 29 offices in these Provinces, with headquarters at Halifax, ready to give prompt and efficient service.

Small accounts are welcome and are accorded the same service as that given to large amounts.

Customers of the Bank have all the advantages resulting from a Provincial Organization, combined with the strength and facilities of a nation-wide Banking Institution having world-wide connections.

Approximately 1000 shareholders of the Bank reside in the Maritime Provinces.

MUSSOLINI'S NEW TAXES AFFECT EVEN PAPAL NOBLES IN ITALY

Rome, Jan. 15--Not only has King Victor Emanuel of Italy decreed that Papal titles, bestowed after 1870 up till the end of 1924 upon Italian subjects may be considered valid within his kingdom, but his Majesty has also permitted the tax for official recognition to be reduced to one-third, if application for reduction and payments of the tax be made within two months after the Minister of Finance's decision thereon. After that, the full amount must be paid.

Papal titles in any case, are being considered one by one on the merits of documents proving their authenticity; the same rule now applies to titles borne by Italians and coming from other sources. This has caused a tremendous amount of hunting in family archives, and vain hunting in some cases. For, though families may have borne titles for generations, they have lost the documents conferring them. And the small principalities and dukedoms into which Italy was divided up till the middle of the nineteenth century, has resulted in numbers of titles coming from various sources.

The holders of papal titles conferred after Dec. 31, 1924, will have to pay the entire tax. But here heraldic authorities are in a puzzle. For they do not know whether the royal decrees about taxes on titles consider papal ones as coming from a foreign sovereign power, or from an Italian one. This very fine point will have to be decided by the Ministry of Finance. For the holder of a foreign title has to pay more than the holder of an Italian one; some families hold two titles, one from the Popes, another from the Kings of the House of Savoy. In that case, they may have to pay two taxes.

Here is the tariff for titles in Italy: Prince, 43,200; Duke, 36,000; Marquis, 21,600; Count, 13,000, while Baron and Viscount get off for 10,800 lire. Divide each sum by 25 and you have the current equivalent in dollars, until the settlement of the Italian debt brings down the value of the dollar in Italy, when the sum in dollars will be higher.

But for holders of foreign titles

wherein papal ones may be included, the tax is: For Princes, 72,000 lire; for Dukes, 60,000 lire; for Marquises, 30,000 lire; for Counts, 18,000, while inferior ones are grouped under 9,600 lire.

These new rules were brought in by Mussolini with a twofold object--to increase the revenue and prevent people from assuming titles to which they have no right. Many will not be able to afford the expenses of archive research for documents proving the validity of their titles coupled with the tax, and will therefore not be allowed to put their titles on legal documents or official papers of any kind. But everybody in Italy knows that the old title will be given verbally for courtesy sake, or for the innate love for titles, while many an impoverished noble of this class feels relieved to think there is as yet no law against having titles, proved or unproved, put on visiting cards.

ALBERTA WILL GET BACK HER RESOURCES

Edmonton, Alta., Jan. 15--Alberta's natural resources will be under provincial ownership and control some time next summer, if the necessary preliminary action can be secured within that time. Premier Brownlee stated today.

As matters now stand a formal agreement between the Provincial and Dominion Governments has been signified, embodying the terms of transfer in full detail, he said. The next steps will be for legislative ratification.

A petition will be submitted in the Alberta Legislature and the Dominion Parliament to make the transfer as thus agreed upon. If this petition passes both houses it will go forward to London and on the first day of the month, after it passes the Imperial House, it will become operative, and the transfer of the long awaited resources will take place.
