Of Interest to the Women

FASHION DICTATES.

Rain-proof taffeta and rain-proof crepe de Chine, both launched abroad are being worn, now that weather conditions are a little uncertain and motor trips to athletic stadiums are in order. Sports coats score when trimmed with either leather or fur.

Crystal jewelry has come up to all expectations. Some of the long cut crystal earrings worn these nights at smart affairs are dazzling.

Most evening parties of any style importance indicate a wide range of fabrics velvet being always among those present.

The recurrence of the surplice line is one of the bright spots in the season, if one is concerned with lines which tend to make one slender.

Uneven hem-lines are the rule, rather than the exception these nights.

The repeated use of velvet ribbon is one of the style messages of a season largely concerned with velvet of one sort or another.

Furs that are lighter than the cloth gowns they trim are generally approved and many of the smarter women are choosing furs that are grayish in cast.

Of course, you have noticed how many smart girls are wearing belted dresses, blouses and sweaters.

The reversible fur-lined coat is just the type of coat to wear to the football game, and many are effecting this comfortable and elegant mode.

Sleeve interests vary. Some have the below the elbow movement, but the wide armhole or dolman sleeve ranks as the leading style of the season.

Motor coats trimmed with leather instead of fur, are being worn these days, this being a European idea that seems to meet with the approval of the girl who stresses the sport element in dress.

REMOVING STAINS.

To remove cocoa stains from table linens or other fabrics, wash out in clear cold water (do not use any soap) before the stains have dried. Every trace of the cocoa can be removed in this way.

If you have a patent leather vanity purse and wish to remove the finger prints, dip a cloth in cold milk and rub on the vanity. When dry take a soft dry cloth and polish. It will then look like new.

Common table salt rubbed on a milk strainer cleans it more easily than anything else.

To clean gilt, go over the gilt with a dry cloth to remove the dust. Then wash it with warm water in which a medium sized onion has been boiled. Dry by rubbing with soft cloths.

To remove pine gum or wax stains from serge saturate a small piece of the same material with chloroform and rub well until the stain disappears.

CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.

Flowers usually; discolor a vase use a little vinegar and a spoonful of tea (not drawn) and let it stand for a few minutes. Shake well and rinse.

Apply paste of cold water and pipe clay to remove oil marks on wall-paper. Leave it on all night; brush off in the morning.

SPUDS WORTH \$4 A BARREL IN AROOSTOOK

Caribou, Me., Oct. 28—The Aroostook potato market appears to have settled to a fixed price of \$3.75 to \$4 a barrel. Many growers have contracted for sales of large holdings around these prices. Some are selling small lots for ready money and still others are in no hurry to sell, being comfortably off for cash just now and expecting a higher price later in the season. The crop is practically all housed of excellent quality and a good yield. Shipments continue just about large enough to keep the demand supplied, about 300 carloads a day.

"Did the doctor think you had any alarming symptoms?"
"Well, he asked if I woke up early every morning."

Children's Colds

Are best treated externally. Check them overnight without dosing" by rubbing Vicks over throat and chest at bedtime.
