Of Interest to the Women

PRETTY HOUSE DRESS KEEPS UP THE MORALE.

Some women wear worn out frocks about the house while doing the morning work while others prefer crisp little house dresses of wash type made in the latest fashion. Most of them are made loose enough for working purposes but all have sports lines so that one looks as though one had just stepped off a tennis court.

One of the prettiest of the new spring work frocks is made of red and white checked gingham in straight lines with a detachable apron front which buttons onto the frock. The idea of the apron front is to protect the dress from becoming soiled. One can remove the apron when it is soiled and thus save a little on laundry bills. Apron, hem border and sleeves are piped in red gingham.

Some of the new models button down the front as does the artists' smock. These have tailored revers long sleeves and hip pockets. The regulation artist's smock by the way is in itself a very sensible thing for house wear. One never looks untidy in a smock. Old blue and burnt orange are perhaps the most effective smock shades.

Figured print dresses have a cheery effect. Many house dresses are either entirely made of print or trimmed in print. Recently a flower printed jumper with a plain colored skirt was shown. It was ideal for the woman who wants to look dressed at all hours of the day. The jumper had a tan background with green leaves and dull pink roses forming the design. It was slightly longer than hip length. The accompanying skirt which was really a continuation of the jumper since it was sewed to it, was light brown cotton rep. While the material was cotton the dress was quite as pretty as some of the figured afternoon frocks one sees in the new spring displays.

BAKED CUSTARD.

2 eggs
2 cups milk
1-4 teaspoon sugar
1 teaspoon butter or margarine
Flavoring to taste.

Beat the eggs and sugar until well mixed; add the milk, salt and flavoring to taste; mix well. Brush custard cups with butter or substitute; pour in the custard and place the cups in pan of warm water. Put in oven and bake twenty minutes or until you can put a silver knife in centre and remove it dry.

POPOVERS.

3 eggs
2 cups milk
2 cups flour
1 teaspoon salt
1 teaspoon melted butter

Beat the eggs until light; add the milk, then the sifted flour and salt; beat well. Pour into iron popover pans which has been heated very hot and brushed with butter. Bake in hot oven twenty minutes.

Rub It On At Bed-Time

For Deep Chest Colds

All colds should be treated with vapors, for vapors alone can carry the medication DIRECTLY to the air passages and lungs.

Vicks is a "vapor" treatment in salve form. For deep chest colds you first apply hot wet towels over throat and chest to open the pores, then massage briskly with Vicks for 5 minutes, spread on thickly and cover with a flannel cloth.

Vicks not only penetrates like a poultice or plaster, but the ingredients, vaporized by the body heat, are inhaled all night long.

This double action usually checks the most stubborn cold overnight.

Sometimes Grey Granite is Preferred for a Memorial

IF SO, our Native Granite has no superior when particularly Selected Stock is used. But selection is of the Greatest Importance, for considerable of our native grey is defective in color for Monuments. In buying a Monument of New Brunswick Grey Granite see it first or buy from a firm using only selected stock.

The above design is polished on both sides. The top is hammered to a fine smooth finish with the edges nicely turned. The sides are rustic; that is rough broken surface with the edges carefully chamfered in hammered finish. The ornamentation on the corners is cut in light relief not just traced. The initial of the family name can be cut in the apex instead of the little design shown. The prices quoted below are for the Monument Completely erected on a concrete foundation in Fredericton or vicinity. The sizes are for the diepiece or top stone and the bases are in proportion.

2-6x1-0x3-0 \$200.00.
2-4x1-0x2-9 \$175.00.
2-2x1-0x2-6 \$150.00.

This Monument can be made in smaller sizes with 8 inch diepiece at proportionately lower prices; but for the difference in cost, the larger sizes are recommended for a family lot. The best workmanship is put on all the above, and it is not claimed they cannot be made cheaper from inferior stock and with less careful mechanical precision. 50 per cent cash with the order is required and the balance is payable on completion of the order. Place your order now for May 1st delivery.
