## RED AND BLACK HAS MARGIN OVER MT. A. RECENTLY

Only in Games Long Ago Did Garnet and Gold Make Showing—The Record of Scoring.

Mt. Allison University and University of New Brunswick meet this afternoon at Sackville in the twenty-seventh season of rugby football which has been played between the two colleges. Although the present year is the only one in which according to records they meet twice, the records evidently are wrong as both were in the New Brunswick Rugby Football League in first year of its existence in the nineties and home and home games were played then. The records show but one game played that year Mount A. winning by the so-called "safety rule." U. N. B. lost in Fredericton, the same year, however.

In twenty-six contests recorded. Mt. Allison won fifteen, University of N. B. nine, and two were tied games. The Mt. Allison victories with one exception were all "ancient history." Except in 1924 U. N. B. has won all the games since the war and some before that. The record of games is as follows:—

	Mt. A.	U.N.B.
1891 .....	16	0
1892 .....	17	6
1893 .....	1	0
1897 .....	26	0
1900 .....	9	0
1901 .....	3	0
1902 .....	9	0
1903 .....	0	6
1904 .....	19	0
1905 .....	8	0
1906 .....	9	0
1907 .....	0	3
1908 .....	3	3
1909 .....	3	0
1910 .....	36	0
1911 .....	15	0
1912 .....	1	0
1913 .....	3	8
1914 .....	0	27
1919 .....	0	30
1920 .....	3	3
1921 .....	0	3
1922 .....	0	5
1923 .....	3	18
1924 .....	8	3
1925 .....	0	27

## N. H. L. RULES WITH CHAMPS

St. Paul, Minn., Oct. 27—Changes in rules and a schedule were adopted at a meeting of the American Professional Hockey League. The season will open Nov. 29 with St. Paul playing at Winnipeg. At the close of the race next March the second and third teams in the standing will meet in an elimination series for the right to play the leader for the league title.

The most important rule change provides that kicking the puck shall be allowed except by the attacking team within the defenders' zone.

A. H. Warren, Jr., of St. Paul, was re-elected President. W. J. Holmes of Winnipeg was named Vice-President and William Grant of Duluth, Secretary. E. J. Livingstone of Chicago was elected to the Board of Directors.

### IS JUST A LARK.

New York, Oct. 27—A 150-mile swim is just a lark for a greased Venus. Soon after completing her trip from Albany to New York in a costume of wool fat and on a diet of sugar lumps soaked in whiskey, Mrs. Lottie Moore Schoemmel went to a dance and did quite a bit of Charlestoning.

### DIAMONDS FOR THE SEA.

Cambridge, Mass., Oct. 27—The will of Mrs. James H. Woors, wife of a Harvard professor, stipulates that her diamonds shall be cast into the sea. Her body was found in the Atlantic after she had vanished from a steamship.

## MORENZ SIGNS AGAIN WITH THE CANADIENS

High Salary—Niagara Falls Club to be Farm For New York American Hockey Club.

Stratford, Oct. 27—All rumors as to where "Howie" Morenz would play this winter were set at rest today when it was learned on good authority that he had signed with the Canadiens and at a salary that will make him one of the highest paid puck chasers in the sport. Morenz who is now in Cleveland in a letter to a friend here, stated that he was well satisfied with his new contract. He expects to be in Stratford for a few days around Nov. 1.

### New York Farm.

Niagara Falls, Oct. 27—Important developments have taken place in connection with the local professional hockey situation by reason of an arrangement with the New York team. It is definitely announced by ex-Mayor C. R. Newman, President that negotiations have been concluded with the New York team by which the Americans will turn over to the Niagara Falls team each season all their extra players. Manager Gene Fraser is confident that the local team will win the championship of the newly organized Canadian professional hockey league.

The New York team will report for practice at the local arena on Wednesday next, and when they leave to start the season about Nov. 15 they will leave six or eight of their young stars with the Niagara Falls colors. In addition Manager Fraser has now signed Lloyd Andrews, formerly of Toronto St. Patrick's; Billy Holmes with Canadiens last year; George Massacra, left defense of last year's locals; Chris Speyer, ex-Toronto St. Pat's player; Bobby Connors, now at Port Arthur; Roy Burmeister, "Butch" Kelterbourne and a goalkeeper whose name will be announced next week.

The players given to the local team by New York will not be subject to recall until the end of the Canadian season.

## WANDERERS AGAINST BOTH U.N.B. PROPOSALS

Halifax Wanderers do not take kindly to the U. N. B. proposal to have total points count or each team take its own gate. The Chronicle has the following:

When shown the despatch yesterday afternoon George V. Guy, President of the Wanderers made a few remarks on the subject. He wants to know who ever heard of a champion ship in English Rugby being decided on total points in home and home games. Mr. Guy, who is well versed in English Rugby rules, says nothing of the sort has ever been done, and probably never will be done.

U. N. B. officials also want to pool the receipts of the two games. Mr. Guy has already sent his offer to the New Brunswick champions, offering the Thanksgiving Day date for the game here and the following Saturday for the game in Fredericton. Providing each team wins a game the third game to be fought out on neutral grounds.

Furthermore, Mr. Guy states that if Wanderers and U. N. B. clash the home team will take the entire gate in each instance.

## COLCHESTER ACADEMY WON

Halifax, Oct. 27—Colchester County Academy defeated Halifax Academy 9 to 5, here this afternoon in the first of a home and home series constituting the semi-finals in the Nova Scotia High School Rugby League. The next game will be played in Truro Saturday. The winners of the series will play the winners of a similar series between Gloucester Bay and Sydney for the championship.

## BISHOP OF LONDON STICKS OUT FOR RUGBY

Says Game is Better Than American Football—Played Game Himself After Leaving College.

Right Rev. Arthur Foley Winnington-Ingram, Bishop of London, who was an interesting visitor to Toronto about two months ago, cast his critical eye over football at Yale and opined that soccer and Rugby are better games, especially the "rugger" code, which he played for many years. Both soccer and Rugby are better from the spectators' point of view, says the Lord Bishop. He sees a drawback in United States college sports in that a man can rarely continue playing after he leaves college. The Lord Bishop played Rugby for twenty years after he left college and is still an accomplished tennis player, and a golfer of high ability as several Toronto players ascertained during his visit to this city.

## MAORIS TOO FAST FOR THE YORK TEAM

Bradford, Eng., Oct. 27—The New Zealand Maoris defeated a selected Yorkshire Rugby Union fifteen here this afternoon by one goal, one penalty goal and three tries (17 points) to one goal and one dropped goal (9 points.)

The game was fast and exciting throughout. Yorkshire started with a rush and in the first minute of play Proctor had dashed over the line for a try, which was converted. The Anzacs hit their stride a few minutes later, however, and both Falwasser and Phillips had scored at the interval, with the attempt at goal-kick failing in each case.

With one point separating the teams when the second half opened, Yorkshire fought desperately. Phillips widened the margin when he sent the leather over the bar in a beautiful penalty goal, but Adams equalized for Yorkshire a minute later by dropping a goal.

The score stood at 9-9 near the end of the game, but the terrific pace was too killing for the Yorkshire men and their downfall came when in rapid succession Barclay, the skipper of the Maoris romped over the line twice. The major points were brought out in one of the tries. The game ended at that, with the New Zealanders gaining the laurels by eight points.

### LAZY MAN'S PARADISE.

London, Oct. 27—"Silly" Haddenham, in rural Buckinghamshire, is a lazyman's paradise. For years the village has been the scene of a serious sex war. The women think the men are lazy and undertake all the schemes themselves. The women recently gave a flower show. Next year, says Mrs. Mary Dodwell, chief organizer, if the men behave themselves they will be allowed to look after the tea tables at the show.

### QUEEN NOT AFRAID OF GHOSTS

London, Oct. 27—Ghost stories did not prevent Queen Victoria of Spain from observing her 39th birthday anniversary in allegedly haunted Kensington Palace yesterday, her birthplace as well as that of Queen Marie of Rumania. The palace is said to be haunted by the ghosts of Queen Mary II, wife of William of Orange, and of Queen Caroline of Brunswick.

Father—Did you learn anything new today son?

Bobby—Yes, sir.  
Father—What was it, may I ask?  
Bobby—It takes nine carpenters six weeks to build a shed.

"Do you like your new sister, Tommy?"

"Oh, yes," replied Tommy "she's all right but there's a lot of things we needed more."

## LEHMAN GRAND OLD MAN IN THE GAME OF HOCKEY

Forty-two Years Old Yet Signs with Chicago Pros.—Twenty Five Years in the Game.

Hughie "Eagle Eye" Lehman, who has signed with a Chicago pro hockey team, is 42 years of age. He has been playing the game for 25 years, breaking in at Pembroke, Ont., his home town. Lehman has been with the Patricks in the West for fourteen years and was a member of a pro hockey league nineteen years ago. At that time he played the net for the Soo team in the old circuit which comprised Pittsburg and some mining camps in the Michigan copper country together with the Soo. For many years he tended goal for Vancouver and was at one time guardian of the net for the Kitchener (then Berlin) team in the Trolly League. The Chicago team is practically the Portland Ore., outfit nine of the Rosebuds now wearing the Windy City regalia.

## LESTER PATRICK HEADS RANGERS

Toronto, Oct. 27—"Conny" Smythe manager of the New York Rangers, severed his connection with the team today. Lester Patrick of Renfrew, who has taken a prominent part in western Canada hockey circles for some years, will replace Smythe.

## PRESCRIBED BY RADIO FOR SEASICK ANIMALS

New York, Oct. 27—A little the worse for the change from African jungles to the heaving Atlantic, 2,000 seasick animals and birds captured by the Smithsonian-Chrysler expedition will arrive at Boston Harbor tomorrow aboard the City of Calcutta. The expedition was headed by Dr. William N. Mann, superintendent of the National Zoological Park, Washington.

Seasickness and cold weather has menaced the cargo to the extent that the giraffes were transferred to the furnace room for warmth, while gastronomic difficulties caused Washington Zoo officials to prescribe diets by radio to safeguard the animals.

Most of the traveling zoo was captured in the Tanganyika district of British East Africa. It includes among others, according to the radio, more than 60 species of mammals, 300 species of small birds, 17 leopards and lions, five hyenas, 70 monkeys, 15 antelopes and 25 species of reptiles, including the spitting cobra, new in this country.

## BRAZIL A HAVEN FOR THE WEARY JOURNALISTS

Rio De Janeiro, Oct. 27—Brazil is expected to become the haven for tired, overworked newspaper men from all parts of the world as the result of a law recently put into effect throughout the country, requiring that the employees of all journalistic enterprises are obliged to take 15 days holiday, with pay annually.

The new law applies to employees of every class, including workers in newspaper plants and other enterprises of a journalistic character. In order to make sure that the journalistic workers take their 15 days holiday every year whether they like it or not, the new law specifically stipulates that employees can not refuse their annual holidays, even though they are offered double pay to work during the period.

"You'd make a good referee, dear?"

"Why John?"

"You make so many quick decisions."
