## Of Interest to the Women

## WAIST LINE NORMAL.

PALM BEACH—The long waist-line is doomed. Waists are coming back to their natural position. For evening wear skirts should be long in the back and short in the front. Hats will be either very large or very small, said Mme. Jeanne Lanvin, noted French style authority who is passing a brief vacation here.

Mme. Lanvin said brilliant colors were passing and that in Paris this spring black-white, black and white combinations and a delicate shade of blue should be the most popular. She explained that the long waist-line will give way to a more normal waist position, especially with the evening gowns, since the bouffant skirt is so popular.

"For evening wear skirts should be very very long in the back," Mme. Lanvin said. "In the front very, very short, and the trotteur skirts shorter than ever."

"For evening, shoes will be bright in coloring, matching the gowns."

## BIG CUFFS AND PUFFED SLEEVES IN LONDON.

London.—Forecasts of spring fashions in London indicate many novelties. The latest hint from the arbiters is that skirts will be as short as ever, bodices a mere wisp of tulle, but long sleeves will carry almost as much material as the dress itself. Huge square cuffs reaching to the hem of the dress are predicted for smart attire and new models are already seen with enormous puffed melon sleeves, striped with contrasting materials which serve as both cloak and sleeve.

The newest evening gown has no sleeves but is cut right to the chin, while some outdoor models are cut high and finished with Paritan collars and bow tie, also without sleeves.

There is a whisper that lingerie is likely to be more scanty as stockings and undergarment are being woven in one piece of finest gauze silk. This merely has a frock slipped over it and the evening costume is complete.

## BITS OF INFORMATION IT PAYS TO HAVE.

Good posture make hands and feet instruments instead of impediments.

A business runs more efficiently with organization. So does a household.

A little cold cream on the hands each time after they are washed will help prevent chapping.

Children who share in the hospitalities of the house early learn a pride in the home.

Molasses in place of sugar in cakes and desserts gives a new flavor and supplies minerals that the refined sugar has lost.

## FRIED BREADED FISH.

Clean fish, cut in pieces for serving, wipe as dry as possible. Sprinkle with salt and pepper, dip in fine breadcrumbs then in egg and again in crumbs (see that each piece is well coated) and fry a golden brown from four to seven minutes in deep, hot fat at 350 to 370 degrees Fahrenheit by the thermometer. Drain on unglazed brown paper and serve with tomato sauce, sauce tartare or maitre d'hotel butter.

## DIAGNOSIS.

You say you're feeling pretty bad—What seems to be the trouble, lad? Your constitution is all right—Perhaps you're out too late at night There's nothing wrong that I can see—

Your pulse is beating normally; You say you feel depressed and blue Well, son, don't let that worry you Oh—so you've lost your appetite? H'm—better tell that girl tonight!

New York, March 10—Some British correspondents who have been writing about the Cathcart case relate that there is a new slang phrase in London—"A moral turp," meaning a gay bird, or something such.

## Where Tea is "Coin of the Realm"

TEA, pressed into small bricks, passes for money in Siberia, Mongolia and Persia. The custom is at least 1000 years old and is a sign of the great value these people place on their tea.

Canadians value their tea in another way. To an Oriental it depends on the size of the brick—with us the standard is quality.

To be worth what you pay for it your tea must have fine flavor and richness.

Such is RED ROSE TEA—a standard of very high quality for over 30 years. The finest grade is RED ROSE ORANGE PEKOE TEA—made from the youngest, juiciest leaves of the bush. Yet it costs very little more than ordinary tea and goes much farther. You will be delighted with it, and like very many others whose judgment and taste is unquestioned will praise its choice quality even more than we do.

It is only sold in sealed packages, and you should always ask for it by the full name—RED ROSE ORANGE PEKOE TEA—as the name is your guarantee.

And our personal guarantee is, that if a package of RED ROSE TEA ever fails to please you, the money you paid for it will be refunded. Will you try it, please?

## Vapors Check a Cold Overnight

There are many ways to treat a cold but only one DIRECT way—with vapors that can be inhaled.

Vapors penetrate immediately into every corner of the air passages and lungs, soothing and healing with every breath.

Vicks is so remarkably successful in treating cold troubles because it acts like a "vapor lamp in salve form."

When rubbed over throat and chest the body heat releases vapors of Menthol, Camphor, Eucalyptus, Thyme and Turpentine. At the same time Vicks is absorbed through and stimulates the skin like a poultice or plaster.

This double, direct action often checks the worst cold overnight.

## Sometimes Grey Granite is Preferred for a Memorial

IF SO, our Native Granite has no superior when particularly Selected Stock is used. But selection is of the Greatest Importance, for considerable of our native grey is defective in color for Monuments. In buying a Monument of New Brunswick Grey Granite see it first or buy from a firm using only selected stock.

The above design is polished on both sides. The top is hammered to a fine smooth finish with the edges nicely turned. The sides are rustic; that is rough broken surface with the edges carefully chamfered in hammered finish. The ornamentation on the corners is cut in light relief not just traced. The Initial of the family name can be cut in the apex instead of the little design shown. The prices quoted below are for the Monument Completely erected on a concrete foundation in Fredericton or vicinity. The sizes are for the diepiece or top stone and the bases are in proportion.

2-6x1-0x3-0 ..... \$200.00.  
2-4x1-0x2-9 ..... \$175.00.  
2-2x1-0x2-6 ..... \$150.00.

This Monument can be made in smaller sizes with 8 inch diepiece at proportionately lower prices; but for the difference in cost, the larger sizes are recommended for a family lot. The best workmanship is put on all the above, and it is not claimed they cannot be made cheaper from inferior stock and with less careful mechanical precision. 50 per cent cash with the order is required and the balance is payable on completion of the order. Place your order now for May 1st delivery.
