## University of N. B. May Use Same Team Tomorrow

**Ground Hard for Practice Thursday — More Weight May be Applied in Forward Line — Wanderers Favored to Win in the Second Game.**

The University of New Brunswick rugby football squad worked out this afternoon in preparation for the game with Halifax Wanderers Saturday. Owing to the ground being frozen no chances were taken in tackling.

The team according to announcement will be the same as that which played in Halifax. McCaffrey was out in uniform but has an injured nerve in one arm which makes it about useless. He will not play Saturday.

It is possible that a change may be made to give U. N. B. more weight forward if it is considered expedient. The Wanderers are very heavy forward.

The Wanderers and their supporters are expected here to arrive confident of winning. Local people also are supporting them to win the second match. On the other hand local money also is being wagered on the University.

## FORMER PLAYER IN BIG LEAGUES ON LIFE SENTENCE

Columbus, Ohio, Nov. 11—C. W. ("Tex") Lattimer, former big league baseball, now serving a life sentence in the Ohio Penitentiary for second-degree murder, may have won himself a pardon or other clemency by his heroism during the pitched battle that attended the escape and recapture of thirteen convicts at the institution.

Lattimer, a trusty, was working in the penitentiary office, when the riot alarm sounded. He seized a revolver and joined the guards. Miss Amanda Thomas, daughter of Warden P. E. Thomas, heard, in the residence quarters above, the sound of the shooting and started downstairs. Lattimer endeavored to persuade her to stay upstairs in safety. When he refused, he placed himself in front of her, it was said, to shield her from the convicts.

Lattimer was sentenced from Xenia, Green County, two years ago. He is said to have slain a man who was declared to be out to "get" him.

Lattimer was a catcher with the Baltimore American League team in 1901, and a member of the Brooklyn Nationals in 1902.

## MAY LESSEN SEVERITY OF PRO DISCIPLINE

Vancouver, Nov. 11—A change in the constitution of the Amateur Athletic Association of Canada regarding the clause governing professionalism may be made at the forthcoming annual meeting of the Dominion body in December. This was intimated here last night at a banquet tendered President McVicar and P. J. Mulqueen, Chairman of the Olympic Committee, by the British Columbia Branch of the A. A. U. of C. While no definite statement was made by Mr. McVicar, he stated he was not in sympathy with the doctrine "once a sinner, always a sinner."

## U.S. FOOTBALL TO BE CHANGED

New York, Nov. 11—The break-up of the historic "Big Three," brought about by Princeton's decision to snap all Athletic ties with Harvard because of ill-feeling surrounding their grid iron relations, may lead to a shake-up all along the eastern football front and the formation of an eastern conference of major colleges.

## WANDERERS PLAYERS AS THEY APPEAR IN THUMBNAIL SKETCHES WILL PLAY HERE SATURDAY

Harry Young is this year's captain of the Reds' squad. He is at the present time playing on the half-line, but previously was a front liner, and has been with the Red and Black first team for six years. Young is a versatile athlete, playing hockey with the Wanderers, rowing for the North-West Arm Rowing Club, and was a member of the championship basketball team which won the Maritime title in 1922. Weight about 165.

Bob 'Bucket' Schwartz, a former captain of the Reds, has played senior football for the past four years, always on the front line and is considered a fine scrum man. He was also a member of the championship basketball team of 1922-3. Bob is a fine swimmer and won the Canadian title for the 100 yards breast stroke in 1922. He is a native of Halifax and weighs about 180.

Roddy Armitage is a tall rangy fellow who plays a nice game in the scrum, which position he has held for the past few years. Also a member of the Maritime championship basketball team in 1922, and a long distance swimmer.

Murray Logan is a product of Dalhousie, graduating last year, and is now one of the best front liners in the league. Murray won the prize while at the University for kicking a football the longest distance. He is a native of New Glasgow, but practices his profession in Halifax. He weighs about 185.

"Tiny" Herman, the giant of the local players, is lock in the scrum, and has played with the Wanderers for the past two years. He played with King's Collegiate a few years ago, and then attended the Maritime Business College at Halifax, when he turned out with the Wanderers. He is noted for his exceptional kicking ability, which eased the Reds out of many a tight position. Despite his weight of 230 pounds, the "little" fellow is quite speedy, and often carries a few of the opposing players on his back when making a rush.

Ray Colwell rose from the ranks of the Intermediate team about two years ago, after playing a good game in this league. He is a sturdy front liner, and very aggressive. Ray is also a member of the Wanderers' hockey team, and a prominent member of the North-West Arm Rowing Club. He is another Halifax product and weighs about 160.

"Beef" Cameron is as strong as his nickname implies, and a harder working scrum man would be difficult to find. He is a bear for punishment, as he plays football for the Nova Scotia Technical College in between his studies for the Engineering profession. He came from St. F. X. after a fine record there. He weighs about 170.

Anderson is another Nova Scotia Tech man, and, like his side kick above, plays with the Wanderers, and Nova Scotia Tech, while studying for an Engineering diploma. Although his home is in Ottawa, he has been in this Province for some time, having played with the Acadia College team a few years ago. He is another aggressive 170 pounder.

Ritchie MacCoy, the little wonder man, is only a bit over five feet in height, but he has 140 pounds of energy for every emergency which arises during the game. Whenever the Wanderers get out of a hole it is generally due to his quick action. He has a wonderful kick, and is just as good with one foot as with the other. He has played for seven years and appears to be getting better all the time. Thrice captain of the Reds, when they won two championships in football and basketball. Ritchie is a sturdy hockey player on the Reds' Intermediate team, a good swimmer and has many victories to his credit as a diving champion.

"Toots" Thompson is a former Halifax Academy player, and made a place on the Reds' squad two years ago. He holds the position of receiving half and is rapidly developing into a fast footballist. He is also a former member of the Wanderers' champion basketball team. Weighs about 150.

"Timmie" Hunter, the smallest, yet

one of the greatest Rugby football players in Eastern Canada today. He is noted for his speed, and once away nothing can catch him. He has the prettiest tackle of any of the local players and is reliable to the last degree. Timmie holds the same position on the hockey team and is rated very fast and a clever stickhandler. A native of Halifax, one of a family of athletes. Weight 135 pounds.

"Don" McInnes, another star produced at Dalhousie. Graduated last year from the Law School and is playing his first year with the Wanderers. Has played fullback and three-quarter line, which latter position he holds with the Reds. He is quite fast and has made some pretty runs during the season. He was a member of the Dalhousie Intermediate hockey team, is a good swimmer, and took a prominent part in debating circles while attending the University.

"Bobbie" MacCoy, the second of a famous pair of brothers, has played on the Wanderers' three-quarter line for several years, with the exception of last season, when he played for the Montreal English Rugby team. Before coming to the Wanderers he starred at King's College in both football and hockey. Was a member of the Wanderers' championship team of 1923. Bob is also a good hockey player and is a member of the senior team. He is a tricky player, and a fine scorer in both games. He is likewise quite a player with the tennis racquet. Weight 145.

Shaw is a new comer to Halifax, and this is his first season with the local clubmen. He is making good on the three-quarter line, taking the place of Temple Lane. His home is in Wolfville, but he has been stationed at Sydney office of the Royal Bank, where he played hockey with them.

Bevil Piers is the youngest member of the team and formerly starred with the Halifax Academy fifteen. He is also a hockey player, and a tennis racket wielder of note. On the three-quarter line. Weighs 145.

Pearson McCurdy, of Halifax, is an Upper Canadian College player, who has filled the gap at fullback for Wanderers during the past season. He has developed a long punt which made itself felt during the games of the Halifax City League.

## NEW ENGLAND COLLEGES FORM HOCKEY LEAGUE

Boston, Nov. 11—Plans for the formation of a New England intercollegiate hockey league will be arranged Saturday morning at a meeting to be held at 10 o'clock at the Bonston Athletic Association building.

Representatives from Boston College, Boston University, Massachusetts Institute of Technology, Brown, Providence College, Springfield College, Amherst and Massachusetts Agricultural College are to attend. The hope is to perfect an eight-team league.

With such a lineup Boston College Boston University and Technology would use the Arena, Springfield College, Amherst and Massachusetts Aggies would play at Springfield, Brown and Providence staging their home games at Providence. Thus there would be no long trips, as the circuit would cover a radius of 100 miles.

If the organization is made a definite affair a schedule of 56 games will be planned, Boston and Springfield to stage 21 games each and Providence 14 games.

RUPERT HUGHES AT BAT AGAIN.

New York, Nov. 12—Rupert Hughes at bat again. He says that the not particularly blameworthy facts about George Washington which he has revealed cannot hold a candle to untrue stories whispered in corners of rooms by ardent Virginians.

## NEW ZEALAND DEMANDS EMPIRE RUGBY BOARD

**Delegates Will Not Attend Imperial Rugby Conference Unless it is Discussed — 40,000 Players.**

London, Nov. 11—The present rugby season, which has been featured by a remarkable number of squabbles and controversies, is now in a fair way to see a crisis of first magnitude with regard to its administrative side.

On the eve of the meeting of the Imperial Rugby conference, it is announced that the New Zealand Rugby Union has instructed the Antipodean delegates, Messrs. Wray and Harris, to withdraw from the deliberations unless the discussion of formation of an Imperial advisory board is permitted.

It is possible that the New Zealanders' action may be emulated by New South Wales, thus threatening to create a situation that would stultify the whole position.

To Stand By Instructions.

Interviewed by the Evening Standard this evening, Mr. Wray declared that there is no question of holding a pistol at the head of the Imperial Rugby Conference, but that the New Zealand delegates must stand by their instructions. They will, however, make every effort to seek a reasonable compromise. Mr. Wray recalled that it was tacitly agreed at the 1924 conference that the advisory board should be formed.

"New Zealand," he said, "with 40,000 Rugby players, feels that she has a right to discussion and vote."

The English delegates, he added, were favorable.

Should the English delegates not have power to discuss such questions in the terms of their invitation, the conference will be limited in discussing the rules of the game.

## RAY SHALK TO BE MANAGER OF WHITE SOX

Chicago, Nov. 11—Ray Schalk, veteran catcher of the American League tonight was appointed manager of the Chicago White Sox by President Charles A. Comiskey. Schalk succeeds Eddie Collins, who piloted the club for two seasons.

## TUNNEY TAKES STAGE CONTRACT

New York, Nov. 11—Gene Tunney, who returned today from a vacation in Bermuda will immediately begin "cashing in" on his recently acquired heavyweight championship.

He will fulfil a vaudeville contract for eight weeks at \$7,500 a week, said by his manager to be the highest rate ever paid for eight consecutive weeks to any vaudeville performer.

## PARTIES TAKE TURN RULING IN LEICESTER

London, Nov. 12—With all this wrangling, mud slinging and spending of large sums of money by political parties for the purpose of getting their candidate into office?

Sir Charles Higham has found the cure for it all. It is a happy medium and to prove it is workable, according to Sir Charles, one town is now using the system. The British town of Leicester is the place where this new system is working out so well.

The town's electors, it seems, decided that too much time and effort was wasted on local elections and so agreed to give all parties an equal chance. So the parties rotate in power. This year the mayor of Leicester is a Laborite. Next year a Conservative will succeed him. Then will come the turn of the Liberals.

Sir Charles claims that Leicester is the cleanest city in the British Isles.
