AIRMAN MADE THRILLING JUMP

MAY PROVE ABDUCTION GRAND HOAX

Mrs. McPherson and
Others Will be Ar-
rested Today.

PERJURY IS THE CHARGE

District Attorney of Cal-
ifornia is Holding an
Enquiry.

(Special to the Daily Mail by the
British United Press)

Los Angeles, Calif., Sept. 17—The
arrest of Mrs. Aime Semple McPherson,
famous evangelist, her mother and
three other principals in the in-
vestigation of her kidnapping story
was expected today. Warrants charging
five persons with perjury in affidavits
and in testimony before the grand jury
which investigated the alleged abduction
have been prepared by District Attorney
Asa Keys.

Keys said the papers would not be
served until completion of an investi-
gation which he expected would reveal
Mrs. McPherson's account of abduction
to a Mexican desert last May as a
"grand hoax". The investigation
however would be only a matter of
hours, Keys said.

APPRECIATE RADIO IN THE FAR NORTH

(Special to The Daily Mail.)

Montreal, Sept. 17—Mounted
policemen in far off Bay Finland
find their conditions of life consid-
erably alleviated by the science of
radio, according to a letter received
by G. A. Wright, broadcasting man-
ager at C. N. R. V., the Canadian
National Railways broadcasting sta-
tion at Vancouver from Inspector C.
E. Wilcox R. C. M. P., who com-
mands the Ellsmore sub-district. In
his letter Inspector Wilcox says on
behalf of myself and members of
the Royal Canadian Mounted Police,
stationed at Ellsmore Island, North
Devon Island and Baffinland, it is in-
deed a pleasure to write and thank
your broadcasting staff and artists
who have taken part in giving such
excellent cinerts lectures and news
items during the past winter months,
may be pleased to know that the
program broadcasted from your sta-
tion C. N. R. V. were received here
at Northern Baffinland N. W. T.
Canada during dark and lonely
months when the sun disappeared
from November until February. It
is then we fully appreciate them.
This being by first opportunity of
sending you this letter of apprecia-
tion, as the ship on which the mail
is taken out on arrives but once a
year.

KING HAD BIG MAJORITY

Prince Albert, Sask., Sept. 16—
Right Hon. W. L. Mackenzie King,
Liberal leader received a popular
vote in the constituency of Prince
Albert, Tuesday which may double
that of his Conservative opponent,
J. G. Diefenbaker. The latest re-
turns available gave King 7,672 votes;
Diefenbaker 2,939. The count from
36 outlying polls was unavailable.
It will be two or three days before
the completed count for the constitu-
ency can be compiled.

Mrs. William Foster and daughter
of Portland, Me., formerly of Frederic-
ton are visiting in the city.

GOVERNMENT MAY RESIGN LATE NEXT WEEK

A Fall Session of Parlia-
ment Likely to be
Held.

E. M. McDONALD FOR THE SENATE

Veniot and Hatfield are
Likely to Get Port-
folios.

Ottawa, Sept. 16—Rt. Hon. W. L.
Mackenzie King, Liberal leader, will
probably be called upon to form a new
government about the latter part of
next week. This is the belief expressed
in well-informed political circles in
the capital tonight.

Resignation of the Meighen admin-
istration, it is intimated, is likely to
be tendered to His Excellency, the
Governor-General early in the week,
following the formal meetings of the
Cabinet scheduled for Monday next.

While no official statement since the
election has been forthcoming from
former Premier King, gossip this
evening favored the likelihood of the
sixteenth Parliament convening about
Nov. 20. In this eventuality, the House
after acquiring parliamentary authority
for the outlay of the necessary
treasury funds, would probably have a
long adjournment for Christmas. A
late fall session, it is also believed,
would mean an endeavor to conclude
the session by Easter of 1927.

Return of Writs Waited.

Following the general election last
fall, it took from four to slightly over
six weeks to have all election writs re-
turned, with the exception of Peace
River, where a recount was held. In
constituencies represented by prob-
able members in the new King cabinet,
the writs were returned last year
within from three to four weeks after
the election. For this reason, it is
thought that writs could be issued and
returned in by-elections for the select-
ed ministers in time for Parliament to
convene about Nov. 20.

Cabinet making for Mr. King is sim-
plified, it is stated, by the fact that ap-
proximately three-quarters of those
who held portfolios in his former gov-
ernment will be back again. For the
most part it is assumed they will oc-
cupy their old places.
Hon. E. M. MacDonald, former min-
ister of national defence, has announced
his retirement from politics, and the
likelihood is that he will be ap-
pointed to the vacant senatorship for
Nova Scotia. To give cabinet representa-
tion to that province, Paul E. Hat-
field, Shelburne-Yarmouth, is prom-
inently mentioned.

New Brunswick, it is felt, will also
be given representation by the inclu-
sion of Hon. P. J. Veniot, former
Premier of the province who was elected
in Gloucester. Hon. J. E. Sinclair, min-
ister without portfolio in the King
government prior to the 1915 election,
may be included in the new cabinet
as representing Prince Edward Island.

PADEREWSKI INTERESTED IN POULTRY

Morges, Switzerland, Sept. 17—For-
getting Polish politics and devoting
himself with Mrs. Paderewski to the
raising of poultry, famed throughout
Switzerland, and to the cultivation of
his vineyards, Ignace Paderewski re-
cently celebrated the festival of St.
Ignace, from whom his name comes.

Mass was sung in the morning at
the Roman Catholic church in Morges,
and in the afternoon, in the salons of
Paderewski's beautiful estate over-
looking Lake Lemane, a reception was
held, attended by many of Paderewski's
friends and a large number
of people from the countryside.

Young Polish couples attired in na-
tional costumes chanted old Polish
songs to the accompaniment of the
music of ancient musical instruments.

U. S. AIR PILOT MADE THRILLING PARACHUTE JUMP OF 4000 FEET

Charles A. Lindbergh, Mail Carrier, While Flying
From St. Louis to Chicago Ran Out of Gaso-
line and Was Unable to Land—Used the Par-
achute and Alighted in a Cornfield.
OTTAWA, Ills., Sept. 17—While his airplane

(Special to the Daily Mail by the British United Press)

spirited to destruction through a black, foggy
night, Charles A. Lindbergh, airmail pilot leaped
4,000 feet to safety with a parachute last night.

It was one of the few parachute jumps ever
made at night and was said to be the only one at
such height. Lindbergh, flying with mail from St.
Louis to Chicago, ran out of gasoline near here. In
the fog and darkness, he was unable to land.

Landed in Cornfield

He jumped and drifted to a landing in a corn
field ten miles from here. His abandoned plane
crashed two miles from him. Three sacks of mail
were taken from the splintered wreckage and
sent on by train.

Air mail attendants at Maywood landing sta-
tion had heard Lindbergh's engine above the field
for more than an hour, but their powerful lights
were unable to pierce the thick fog to guide him to
earth. Two hours later his gasoline gave out and
he turned on the emergency tank which lasted 20
minutes. Then he decided to make the jump.

HIPPO BORN IN CAPTIVITY IN LONDON

London, Sept. 17—A "baby" weigh-
ing 110 pounds and a beautiful shell
pink in color has been born to Joan
and Bobbie, the famous Zoo's prized
hippopotami. This is only the third
time a hippopotamus has been born in
captivity in the London Zoo. This
one's father was one of them.

Joan and her bouncing youngster
have been shut away from public
eyes. At present the baby is still too
young to walk on land and must
be in the water. It will presently lose its
fresh pink color and become dark gray
and thick-skinned, like its elders. In
about a dozen years, when full grown,
the baby will weigh more than three
tons. Bobbie and Joan are still very
young but Bobbie weighs two and a
half tons and Joan tips the beam at
two tons.

AIRMAN GOT INTO TROUBLE

(Special to the Daily Mail by British
United Press)

Bryan, Ohio, Sept. 17—After vainly
trying to land Cleveland mail in
Chicago Jack Malatazo was forced
to fly 150 miles back here last night
unable to make a landing at the Chi-
cago air mail field at Maywood.

DOWD HAS 5 MAJORITY

Regina, Sask., Sept. 16—With all
polls heard from, J. A. Dowd, Lib-
eral, has a majority on the pres-
ent count of five votes over A. M.
Carmichael, Progressive, in Kinders-
ley seat. It is evident that the final
result in this constituency will rest
upon the returns from the returning
officers' official count on Sept. 24.
Carmichael held the seat in the last
House.

STORMS ARE WORING UP FROM SOUTH

Washington, Sept. 16—Three tropi-
cal storms were charted by the weath-
er bureau today, the principal dis-
turbance being centered about latitude
36 north and longitude 71.30 west,
moving north-north-westward attend-
ed by winds of hurricane force near
its centre.

This would place it about 300 miles
off Cape Hatteras.

A storm that was southwest of Nas-
sau Wednesday morning is now cen-
tered between Nassau and Miami, ap-
parently moving slowly north-north-
westward.

The third disturbance is between
Porto Rico and Turks Island, moving
west-north-westward.

C. N. R. EARNINGS INCREASING

Montreal, Sept. 17—The gross earn-
ings of the Canadian National Rail-
ways for the week ended September
7, 1926 were \$4,894,117 as compared
with \$4,450,379 for the same period
of 1925, an increase of \$443,738 or ten
per cent.

Pearl in Sardine Can

Annapolis Spectator: An unusual
find was made the other day by a pa-
tron of Wear's grocery in the shape
of a pearl in a can of sardines. If
anybody ever found a pearl in a sar-
dine before, the public would like to
know about it. The pearl was exam-
ined by Mr. Langille, the jeweler, and
pronounced real, all right, and though
not very large is good enough to prove
ornamental in a piece of jewelry. The
can of sardines in which it was found
was put up by Connors Bros., Black's
Harbor, N. B., but it is not likely they
make a practice of such prize pack-
ages.

F. G. Dodman and wife of Mont-
real West are at the Alber House
today. They are touring New Bruns-
wick.

STORM AND GALE SWEEPING OVER TURKS ISLAND

A 100 Mile an Hour
Wind Said to Be
Raging.

DETAILS ARE LACKING

Hurricanes Forecasted
by the Washington
Weather Bureau.

(Special cable to The Daily Mail by the
British United Press)

Kingston, Bahama Islands, Sept. 17
—A one hundred mile an hour storm
was reported to be sweeping over the
Turks Islands group today. No details
had been received here so far.

The Turks Islands are a group
among the Bahamas constituting a de-
pendency of Jamaica. Grand Turk, on
the island of the same name, is the
seat of government. This town had a
population of 1,751, in 1901.

Warning Sent Out.

Washington, Sept. 17—The Weather
Bureau has issued the following storm
warning:

"Advisory 3 p. m. Centre of hurri-
cane of great intensity passing near
Turks Island, which reports wind 100
miles from north-west. Hurricane
centre will pass near or slightly north
of crooked Island, Bahama group, Fri-
day forenoon. Greatest caution advised
vessels bound for Bahamas group and
adjacent waters."

PARISH CHURCH A. Y. P. A. GREETED THE STUDENTS

Enjoyable Banquet Held
Thursday Night in the
Parish Hall—Twenty-
Seven Students in At-
tendance.

The A. Y. P. A. of Parish
Church held a banquet at the Parish
Hall last evening for the Church of
England Normal Students and young
people of the Parish. About one
hundred and twenty were present,
twenty-seven of them being students.
J. Gilbert Turner, President of the
A. Y. P. A. was in the chair and
acted as toast-master having on his
right the Rector, Rev. A. F. Bate
and William Gibson Quinn on his
left. The following list of toasts
were proposed: "The King," "Na-
tional Anthem," "Our Country," "O
Canada." Selection, male quartet,
Messrs. Barwell, Bell, Bolhen and
O'Hara. Our Church proposed by
Mr. Quinn responded to by Rev.
A. F. Bate. Duet, Mrs. Barwell and
Miss Ruby Gilbert. The A. Y. P. A.
proposed by Mr. Bate responded to
by J. G. Turner. Solo, Mr. Bolden.
Our Guests, proposed by Harry
Wheeler responded to by Thornbough
Melody. Solo, Miss Gilbert. Comic
Jewish sketch, Messrs. Cumming and
Morgan. The Ladies, proposed by
F. H. Wetmore, responded to by one
of the guests. During the banquet
a number of popular choicuses were
dendered by those present. The
happy affair came to a close by sing-
ing Jolly Good Fellows, Auld Lang
Syne and God Save the King.

CALLED TO OTTAWA.

Regina, Sept. 16—Hon. Charles
A. Dunning member-elect for Regina
district in the Federal Parliament,
this morning received a request from
Right Hon. W. L. Mackenzie King
leader of the Liberal party, to at-
tend in Ottawa for a conference
with himself and other members of
his late administration.

Mr. J. M. Torrence and wife of Sus-
sex are here for the exhibition.

WON \$5000 BY SWIMMING THE CHANNEL

An Englishman Broke
the Record of Miss
Ederle.

HIS TIME WAS
13 HRS., 56 MIN.

Won Valuable Prize Of-
fered by Newspaper
Owner.

(Special cable to The Daily Mail by the
British United Press)

London, Sept. 17—Norman Derham
an Englishman, completed a swim
across the Channel today and won
\$5,000 offered by Lord Riddell, owner
of the "News of the World" for any
citizen of Great Britain who should
better Gertrude Ederle's time for the
crossing. Derham came ashore at St.
Margaret's Bay near Dover, at 10.57
today, thirteen hours and fifty-six
minutes after entering the water at
Cape Gris Nes, France.

Lady Swimmer Failed.

Dover, England, Sept. 17—The Eng-
lish channel balked another aspirant
for fame early today.

Miss E. Mariott, of Barnstaple who
uses the name of Jane Darwin for
swimming purposes, abandoned her
second attempt to complete the cross-
ing at 3.30 a. m. after 13 hours in the
water. She was four and one-half
miles off South Foreland. She left
Cape Gris Nes yesterday afternoon.

HUGE LINER MAY BE BUILT ON THE CLYDE

London, Sept. 17—The largest ocean
liner, a thousand feet in length, is like-
ly to be built on the Clyde. The ship-
ping company interested is reported to
be either the Cunard or the White
Star.

Tentative inquiries are being made
by one of the Clyde shipbuilding yards
as to whether the Clyde Trustees can
guarantee the safe launching of such
a vessel in the event of her being built
there. Such a guarantee, it is under-
stood, can be given. The biggest ves-
sel hitherto launched on the Clyde
was the Aquitania, which is 868 feet
7 inches long.

It is recalled that President Frank-
lin of the International Mercantile
Marine announced recently that the
White Star Line intended to build five
steamships, one of which would be
62,000 tons of the Majestic class, and
would be the largest ship afloat.

The Majestic is 56,500 tons and is
915½ feet long.

Shower for Young Couple.

The home of Mr. and Mrs. Wil-
liam Rice, Barker's Point, was the
scene last evening of a very enjoy-
able shower in honor of Mr. and
Mrs. "Eddie" Harris who were re-
cently married. During the evening
a beautiful decorated baby carriage
filled with gifts was wheeled into
the parlors by little Muriel Rickard
and Helen Rice. The bride and
groom unwrapped the gifts and read
the notes which accompanied them
some of which were very comic
and inspiring. There was also a
large wash-tub of gifts all of which
were very useful for beginners. After
this part of the programme had been
accomplished, dainty refreshments
were served and games and music
enjoyed. During the evening a very
handsome bed quilt was drawn by
Mr. Arthur Hughes who had the
lucky number. The quilt had been
worked by the Barker's Point Wo-
men's Institute and was a nice one.
The affair came to a close shortly
before midnight, all present wishing
the bride and groom a long and
happy wedded life. The young
couple will reside at Devon.
