THURSDAY, APRIL 29, 1926.

THESE FORGETFUL MEN.

Learning that one Stanford E. Comstock was about to add himself to the somewhat formidable catalogue of husbands of Peggy Hopkins Joyce, the first or original or what you might call previous Mrs. Stanford E. Comstock gently remarked:

"Perhaps Mr. Comstock fails to recall the fact that he and I have never been divorced."

Now there is a charitable, tolerant, willing-to-make-allowance woman! She knows her husband, how forgetful he is, how in the hurry and bustle of his business he is likely to forget matters of more than ordinary importance. My Dear, you would scarcely believe it! There was that time—

But now Mr. Comstock is reminded. He will at least take the trouble of getting a divorce before he faces the minister of fumbles in his pocket for another ring for Peggy Joyce. Or, on the other hand, he may go hurrying back to Mrs. Comstock and declare he really must do something about that tricky memory of his. We imagine Mrs. Comstock could help him in this matter.

The partridge is New Brunswick's only native game bird and since the advent of the auto it is in grave danger of being exterminated. In the Legislature yesterday Hon. Mr. Tilley suggested that the game law be amended so as to provide for a close season on partridges for two or three years. The suggestion was not acted upon, but Hon. Mr. Richards intimated that there would be no open season declared by order-in-council during the present year. There are cases on record where partridges have been killed even in the close season. The birds are becoming scarce and every effort should be made to give them efficient protection.

A bill to provide for the funding of floating indebtedness of the province amounting to \$2,894,759.93 was introduced in the Legislature yesterday by Hon. Mr. Baxter. It provides for a general clean up of the legacies left behind by the old administration, and will enable the government to start with a clean sheet. The items to be bonded includes 1,601,130.02, spent on roads and bridges, \$487,119, being the amount of last year's deficit and \$269,470.05 representing interest on the Valley Railway. It is to be hoped that this is the last time that the province will be called upon to bond a deficit incurred on the ordinary revenue account.

Our old friend the wild cat came in for some discussion in the Legislature yesterday afternoon. A suggestion that the bounty be reduced from \$5 to \$3 was not received with favor. The wild cat is the most savage and best hated creature that roams the New Brunswick woods, and all would welcome its extermination. At the same time the bounty system is open to abuses, and the law should be made more stringent. A wild cat only has one tail, a very short one at that, and steps should be taken to see to it that the said appendage does not do duty for bounty purposes more than once.

The amount to be levied on the property and income of the people of the province by direct taxation by the government is to be devoted to the payment of interest and sinking funds. This was made clear by Premier Baxter when introducing the bill in the Legislature yesterday. In regard to this proposed tax the people will know exactly how much they are paying and they will know how the money is to be used.

The death of Mr. Edward Vavasour removed a well known citizen who for

many years was on the staff of the Fredericton post office and gave faithful service to the public. His circle of acquaintances was naturally a very large one and he was held in the high esteem in the community. The sympathy of many friends will go out to the widow and family in their bereavement.

Every community has reason to deplore the fact that it has men who die too soon and a large number of others who are not buried quick enough.

A pretty girl playing golf is wasting her fragrance on the desert air. A man always keeps his eye on the ball.

The bathing girl doesn't care a wrap.

Any normal kid will tell you that the boyish bob is a libel on his sex.

Wise is the man who knows the difference between enough and too much.

THROUGH OUR SIEVE

There are days when it is a great trial to spell like the dictionary.

We're glad the radio can't ring us up and tell us to listen.

Grocers get a good laugh out of Cupid's doctrine, that two can live as cheaply as one.

Quoting an old song, spring is one of the vacuum sweeper's specialties.

Lima Beane says the thing about radio that gives him a thrill is that when disgusted he can tune out at will.

"A man and his wife, divorced thirty years ago, have just been married." They found that they couldn't live without one another.

"She can decorate her whole face," remarked the Man on the Car, "for less than it costs under prohibition for her husband to paint his nose."

A blind beggar in Kansas City was arrested when he picked up a dollar bill that was dropped by a detective. The poor fellow couldn't see that the man who dropped it was a detective.

Third Performance.

The third and last performance of "The Quaker Girl" was given Wednesday night at the Opera House. Another big house greeted the company showing how well the musical comedy had taken with the public. The company under the direction of Mrs. Theodore Barker again acquitted itself well. A dance for the members of the troupe was given in the Royal Bank building after the performance.

Finishing West End Circuits.

The construction crew of the New Brunswick Telephone Co. is now engaged in finishing the two fire alarm circuits in the West End. The work will be done shortly and attention then will be given to the East End circuits also two in number. The fire alarm sounds frequently during construction and the removal of the old wiring.

Good Rich Cream.

There is a young lady at Harold Leach's Store this week demonstrating the celebrated Nestles Evaporated milk any lady or gentleman calling gets a nice cup of coffee and cookie while the fudge made from this particular milk is excellent.

DIED

VAVASOUR—Op April 29th, at his residence, 422 Charlotte street, Edwin Washington Vavasour last surviving son of the late Henry Froude Vavasour and Jane Chatham Edwards. Funeral on Friday April 30th. TO LET—A lower flat. Also rooms suitable for light housekeeping. Apply Mrs. Ellen E. Doyle, 255 King St.

Here and There

Lord and Lady Allenby have left Canada, on board the Canadian Pacific liner "Montrose," for home. The distinguished general was received enthusiastically in every city throughout his tour of the Dominion. He delivered addresses showing the importance of the capture of Palestine to the Allies in the Great War.

V. C. Vickers, managing director of Messrs. Vickers Ltd., London, England, who arrived in Canada recently on board the Canadian Pacific liner "Empress of Canada," reported that the shipbuilding industry both in China and Japan was in a healthier condition than for many years past, with shipbuilders favoring the motor ship.

Travelling right across the Dominion, exclusively on Canadian Pacific lines and in the palatial special car "Loch Lomond," Her Grace the Duchess of Atholl, whose family seat is at Banff, Scotland, will make acquaintance for the first time in her life with the world famous resort in the Canadian Rockies, which took its name from her Scottish home.

A. Hatton, general superintendent of transportation for the Canadian Pacific Railway, has announced the intention of the company to raise the embargo against the loading of grain to Fort William and Port Arthur and the milling companies and elevators at Winnipeg. This is due to the anticipation of the opening of navigation on the Great Lakes about April 20.

The total yield of wheat in Canada for 1925, as finally estimated by the Dominion Bureau of Statistics, is 416,849,700 bushels, the second largest on record, having been exceeded only by the 1923 crop. The value of this crop is estimated at \$465,116,200, or over \$53 per capita of Canadian population. The average wheat yield was 19.2 bushels per acre.

A general survey of reports by the Canadian Pacific Railway on agricultural conditions throughout the West shows that farmers are pleased with present conditions and speak optimistically on the season's outlook. Sufficient moisture for spring crops seems to be assured. Livestock wintered well. Adequate supplies of seed are available and no shortage of labor is expected.

A special C. P. R. train carrying 438 settlers from the S.S. "Montcalm" reached Winnipeg recently. Among the passengers were thirty-one British families who came under the 3,000 family settlement scheme. There was one party of 10 German-speaking Catholics, and the Salvation Army, under Captain Sharp, brought out a party of twenty young lads going to British Columbia.

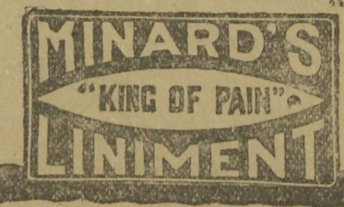

It has been announced by the passenger department of the C. P. R. at Winnipeg that negotiations have been complete with the Central Canada Air Lines Limited, for an air service between Kenora and the new gold fields at Long Lake and Red Lake. A regular daily service is to be inaugurated about May 24 in connection with the C.P.R. from Kenora and during summer services will be run between Kenora and Duluth.

The recent fire at the Banff Springs Hotel, which resulted in the destruction of the north wing with about seventy rooms, will have little effect on the coming tourist season. During the past winter the company has built an annex with 100 rooms with baths and, with the central stone tower and the south wing of the old building that were saved, there will be a total of 313 rooms available by July 1, or more than were in use last year.

Apply Minard's at once. It halts the pain and stops inflammation. Removes all poison from cuts and sores.

Keep a bottle on the shelf.

She Could Never Do The Things Other Girls Did

Miss L. J. Ross, Scollard, Alta., writes:—"I am only twenty years old, but have suffered from heart palpitation and nerve trouble for several years.

I could never do the things other girls did, that is, in the line of sports, skating, etc., and could never depend on myself at work.

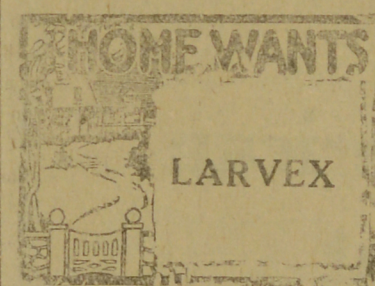

About six months ago I began taking

and am just twice the girl I was, and can enjoy everything in general life so much more. I am very grateful for what your Pills have done for me."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

FOR SALE—Barred Plymouth Rock hatching eggs, registered stock, \$3.00 per fifteen; run of stock, \$1.50 per setting of fifteen. Fred H. Ferguson, Brunswick Street, City.
