## INSPECTOR FOX'S REPORT ON SCHOOLS OF YORK AND SUNBURY; SATISFACTORY PROGRESS MADE

Following is the annual report of Mr. G. Fox, School Inspector of District No. 7, which embraces the counties of York and Sunbury:

Sir: I beg leave to submit the following report of the schools of Inspectorial District No. 7 for the school year ending June 30, 1925.

During the year the supply of teachers was slightly in excess of the demand and all schools with one exception were in operation or made other provision for the education of their pupils in both spring and fall terms. In the case of that district, No. 10 Hampstead, a teacher was recommended for local license and the school was open for the short term. I endeavoured to procure a colored teacher for the long term but without success. It seems impossible to supply the need of this district.

The month of January, 1925, will be remembered on account of continuous zero weather which made regular attendance in most of the rural schools an impossibility. Attendance for the year, however, compared favorably with that of other years, and generally speaking, the school year was a very successful one.

A satisfactory showing was made in regard to the improvement of school property and now the schools of this Inspectorial District are, with some exceptions to which I shall refer in this report, well equipped with improved furniture, modern maps, etc.

Where these exceptions are most noticeable, I find that the government of these schools is in the hands of people whose personal interests are not concerned with the success of the school. It occasionally happens that parents are out-voted at the school meeting by those ratepayers who have no children attending school. Two non-residents were appointed secretaries in districts where capable school officers are to be found. In these districts the schools have, in quality of work and regularity of attendance, retrograded. Could any other result be expected under these conditions? The withholding of the school meeting vote from non-residents and the granting of some to wives of qualified ratepayers are steps in the right direction; though few ladies took advantage of this prerogative at the first school meeting following the enactment of this legislation.

### Graded Schools.

In my report of last year, mention was made of the retirement of Dr. B. C. Foster. His successor Mr. A. S. McFarlane, M. A., with an experience of fifteen years in the Provincial Normal School and fourteen years in the Fredericton schools, has done excellent work as principal of Fredericton High School during his first year. In the University Matriculations of this year, a student of Fredericton High School again led the province; and of the five candidates who headed the list of matriculants, four were graduates of this school. There were other changes in the staff. Mr. Hugh C. Titus, B. A., resigned to accept the position of principal of Milltown Superior School and was succeeded by Mr. Karl C. Bishop. On account of the increased enrollment, an additional department was opened at the beginning of the year. Mr. Minot Brewer, B. A., who was principal of Sunbury County Grammar School during the previous year, was appointed to this position and taught Mathematics with success.

The new High School building will be ready for occupation at the beginning of the next year. It will be one of the best—if not the best to be found in eastern Canada.

Messrs. W. M. Burns and R. K. Nevers continue as principals of the Model and Charlotte Street schools

### Notice of Legislation.

Notice is hereby given that application will be made at the next Session of the Legislative Assembly of the Province of New Brunswick for the passing of an Act to revise, consolidate and amend the Act of Assembly 44 Victoria (1881), Chapter 63, entitled "An Act to Incorporate the Southwest River Driving Company," and Amendments thereto; to re-enact and continue, subject to change and amendment, the rights, privileges, powers, franchises, responsibilities and liabilities granted to or imposed upon the said Company and its stockholders by the said Act and Amendments thereto, and to make provision for the driving of pulpwood and other logs and lumber, and the fixing of the tolls therefor.

Dated at Fredericton this 25th day of January A. D. 1926.  
McLELLAN & HUGHES,  
Solicitors.

respectively. Mr. C. B. Burden, B. A., who has had a highly successful career as principal of Smythe Street School for five years, has been appointed to a position in the new High School. Mr. E. C. Close of Devon Superior School will succeed him.

Devon and Marysville need new school buildings. The former suffers yearly from changes in its staff. In the latter district the reverse is true. Here is to be seen the good effect of continuity of service. The principal Miss Zula Hallett, B. A., has held the position for seven years; Miss Akersley, six and one-half years; Miss Cochrane, twenty-five years; Miss Young, five and one-half years; Misses Carrie Andrews and Sarah Miller, two and one-half years each.

Mr. Gordon Lawson, B. A., principal of Sunbury County Grammar School resigned at the end of the year and has been succeeded by Mr. H. H. Stuart of Sunny Brae.

Miss Hilda Chown, B. A., principal of Gagetown Grammar School for two years, did splendid work. All students writing the Departmental Examinations passed successfully. The resignations of the three teachers of this school were received with great regret. Miss Chown has been succeeded by Miss Margaret Wallace, B. A., Sunbury County.

Blissville (seven organized districts).—In No. 2, Central Blissville, the school building and grounds present a splendid appearance—the best in the parish. No. 3 is also a credit to that district. I cannot report on the character of the work done in No. 4; for the school was temporarily closed both terms when I came along to visit it. The other school of the parish have low valuations. In No. 5, the school-house needs repairing. I visited the secretary of the district and he assured me that he would add his persuasions to my recommendations for improvements. I have taken into consideration the difficulties of the "Poor District" and have asked their trustees to provide a small amount each year over the actual sum required for ordinary expenses in order that my recommendations might not entail a burden of taxation in one year. I was well pleased with Juvenile Settlement school. Miss Vida Byers entered upon her professional duties here, and though the school was small, there existed a spirited and friendly rivalry in her small classes. The building was recently shingled and painted within and without. In No. 8, the school has been in charge of Miss Phoebe Hoyt, a teacher of experience. Good work was accomplished.

Burton (eleven organized districts).—A Special School Meeting at Oromocto, No. 4, resulted in a vote to erect a new school building. I regret to state that owing to a difference of opinion in regard to a new site, work has been delayed. Work at Nos. 2, 3 and 4 classified "good." No. 8 is the largest school in the parish. More blackboard space is needed.

Gladstone (five organized districts).—I have already referred to Nos. 1 and 4, graded schools. These are well equipped schools. The former has suffered during recent years on account of frequent changes in the staff. No. 3 which used to be operated only intermittently, has a larger enrollment and a better attendance. An outbreak of scarlet fever in No. 5 during the first term made attendance poor for a time. In the second term, the school opened in March. At No. 6, classification of pupils was poor, due to rapid promotion in Reading.

Lincoln (four organized districts).—For the last five years Mrs. Blanche Alexander has had charge of the school in No. 1 and has given splendid satisfaction. Mr. J. West Smith at No. 3 has completed his ninth year there. The ratepayers of these two districts are to be congratulated on retaining the services of tried and experienced teachers for so long a time. No. 2A had a good attendance throughout the year. I noted special excellence in Grammar.

Maugerville (three organized districts).—Nos. 1 and 2 were in charge of recent graduates of the Normal School. They are promising teachers. In No. 3, work was fair. The three schools of this parish have good libraries.

Northfield (four organized districts).—The new two-department graded school at Northern Area, No. 2, was doing good work considering the large enrollment—one hundred and one. Many needed improvements were made in No. 3 whose teacher is giving good service. No. 5, the smallest school in the parish, did not open until October, but was operated throughout the second term.

Sheffield (seven organized districts).—Nos. 2, 3, 7 and 8 were reported "good;" Nos. 1, 4 and 6, "fair." I was especially pleased with the character of the work at No. 3. There were several advanced pupils preparing for the Normal School entrance examinations.

### York County.

Bright (eleven organized districts).—Nos. 2, 5, 8 and 11 were reported "good." No. 6 has been converted into a graded school. No. 6½, a small school opened for the second term in April. Conditions have somewhat improved in No. 7. At No. 8, I noted special excellence in Writing. At No. 9, there is considerable evidence of neglect on the part of the ratepayers of the district. The building needs painting. Black-boards were in poor condition and the room was untidy. Miss Beatrice Mcougall at No. 8 is an efficient teacher. The discipline and tone of the school were good and I noted special excellence in Writing. Douglas (eighteen organized districts).—All schools of this large parish were operated throughout the year except No. 12 which was closed during the first term. No. 2 again employed a Class-room Assistant. At No. 4, Drawing was excellent. The school at Napadogan is in a flourishing condition under the management of Miss Bertha Chase. Though the enrollment is large, she carries on the work of School Gardening and for Red Cross. Through her efforts, eighty-eight volumes were added to the school library during the year. Other districts displaying great interest in their schools are North Tay; No. 8, and Hamtown, No. 15. In the latter school, several pupils wrote the examinations for entrance to the Normal School and passed successfully.

Dumfries (five organized districts).—Nos. 1, 2 and 4 classified "good." No. 1 has a good flag and staff but no halyards. No. 2 needs a hardwood floor. No. 4 is the largest in this parish and was in charge of a highly efficient teacher, Miss Ruth Crawford.

Kingsclear (eleven organized districts).—Nos. 2, 3, 4 and 5 were in point of work, the best schools in the parish. At No. 1, I found the pupils unresponsive. No. 6 needs a good playground. Nos. 7, 8, 9, 10 and 11 are remote districts and do well, considering the low valuations, to support schools. In No. 8 the school was temporarily closed on account of the death of the faithful teacher, Mrs. N. E. McCanna who had taught this school for over eight years to the complete satisfaction of the people. No. 9 was open during a part of each term. In No. 10, the attendance was excellent.

Manners-Sutton (twelve organized districts).—Nos. 2 and 2½ are still the best schools. In No. 1 attendance was irregular; but I noted a great improvement in Arithmetic. In No. 5 I noted special excellence in Writing. No. 6 has a good building and is well kept; but should have a good playground. The standard of work in No. 7 is improving. No. 8 is a small school with classes too small to encourage competition; but one of its pupils passed the Normal School entrance examinations for First Class. Nos. 9, 10 and 11 were steadily operated.

New Maryland (four organized districts).—Attendance at No. 1 was exceptionally good. The playground has been enlarged. Though the school property has been neglected, I found the once neat Page-wire fence in a dilapidated condition and the gate was off its hinges. Nos. 3 and 1A were classified "fair."

Prince William (ten organized districts).—All schools of the parish were operated. The milling industry at Scott's Mills, No. 11, has brought families to that district and the school has been in operation during the last two years. No. 1, Burden, was the best school in the parish from every standpoint. The room and building are attractive. No. 2 is also a model of neatness. (Continued on Page Three)

## Don't Cough Your Head Off Don't Cough All Night Long

Mrs. Thos. Gilbert, Welland, Ont., writes:—"Some time ago I took a very severe cold, and it settled on my lungs.

I coughed day and night, and had such severe pains, in my chest I could hardly bear them, but finally I sent and got a bottle of

Dr. Wood's  
Norway  
Pine  
Syrup

After I had taken a couple of doses I found that my cough was relieved and the pains were all gone, and by the time I had finished taking the whole bottle I was completely rid of my trouble.

Now, I will never be without a bottle of 'Dr. Wood's' in my home." Put up only by The T. Milburn Co., Limited, Toronto, Ont.
