### PRINTED GEORGETTE POPULAR FOR LINGERIE.

Here are a few new lingerie hints  
picked up from various shops:

Crepe de chine bloomers—very short ones—trimmed with tiny chiffon ruffles, match exactly the color of the frock. A wide fitted band may be used about the waist instead of elastic and many models are made this way.

"Scanties," or one piece undergarments of confining nature, are favorites with women who want svelte lines. This garment is a combination of brassiere, girdle, stepins and garters.

A black lace nightgown posed over flesh toned chiffon was shown at a recent lingerie show. Bolero night-gowns were also present, with yokes made like boleros and outlined in contrasting colored crepe de chine. The color outlining the bolero is repeated at the hem of the gown. Where the bolero yoke divides in front a bow of ribbon with long streamer ends is used.

Printed georgettes are generously used for lingerie and will be popular as spring advances. Among the popular solid colors are flesh, Nile green, peach and yellow.

Pockets adorn both nightgowns and stepins, and little contrasting colored handkerchiefs are worn in them to give a colorful touch.

baking powder and fold into liquid ingredients. Add remaining, one-half cup, if necessary. Toss on floured board, roll one-fourth inch thick. Cut with doughnut cutter and fry in deep fat.

Never wring, twist or rub silk stockings when washing them.

Toast bread and pour tomato sauce over it. This is delicious.

Cabbage will throw off less bad odor if not covered while cooking.

Spinach that is boiled too long loses its flavor. Twenty minutes is sufficient.

For preserving the minerals in our food, baking is the best form of cooking.

In packing, if dresses are rolled rather than folded they will not wrinkle as badly.

Fried chicken can be kept for quite a while in a crock covered with slightly hot fat.

If drippings are strained through a cloth as they are saved they will be clean and white.

Open windows while doing housework will give one exercise as beneficial to health as any golf game.

To leftover boiled rice add the beaten yolk of an egg, a little sugar and nutmeg make into balls, dot with butter and bake.

## Sometimes Grey Granite is Preferred for a Memorial

IF SO, our Native Granite has no superior when particularly Selected Stock is used. But selection is of the Greatest Importance, for considerable of our native grey is defective in color for Monuments. In buying a Monument of New Brunswick Grey Granite see it first or buy from a firm using only selected stock.

The above design is polished on both sides. The top is hammered to a fine smooth finish with the edges nicely turned. The sides are rustic; that is rough broken surface with the edges carefully chamfered in hammered finish. The ornamentation on the corners is cut in light relief not just traced. The Initial of the family name can be cut in the apex instead of the little design shown. The prices quoted below are for the Monument Completely erected on a concrete foundation in Fredericton or vicinity. The sizes are for the diepiece or top stone and the bases are in proportion.

2-6x1-0x3-0 ..... \$200.00.  
2-4x1-0x2-9 ..... \$175.00.  
2-2x1-0x2-6 ..... \$150.00.

This Monument can be made in smaller sizes with 8 inch diepiece at proportionately lower prices; but for the difference in cost, the larger sizes are recommended for a family lot. The best workmanship is put on all the above, and it is not claimed they cannot be made cheaper from inferior stock and with less careful mechanical precision. 50 per cent cash with the order is required and the balance is payable on completion of the order. Place your order now for May 1st delivery.
