Suit for \$50,000 for Wrong Phone Number

New York Company Faces Action of Mrs. Mary Anderson—Her Husband Was Killed in Fall Downstairs, Going to Answer Telephone — "Please Excuse It" Not Sufficient This Time.

(Special to the Daily Mail by British United Press)

New York, N. Y., Nov. 2.—A wrong telephone number is no laughing matter in the opinion of Mrs. Mary Anderson of Great Kills, Staten Island, N. Y. Mrs. Anderson is suing the New York Telephone Company for \$50,000 alleging that her husband Robert, a real estate salesman, was killed by a fall down stairs while on his way to answer a telephone. Investigation proved that it was a wrong number anyway, Mrs. Anderson maintains. Anderson was awakened from his sleep at 5 o'clock in the morning by the ringing of his telephone. He tripped and fell down the stairs, but got up and answered the call. Mrs. Anderson claims that the shock attendant upon the calling of the wrong number caused his death five minutes later.

HUGE STEEL COMBINE ON CONTINENT

Fixes Prices For Steel Output in Four Countries.

BRITISH COAL STRIKE HELPS

Continental Steel is Ordered From British Isle.

Paris, Nov. 2.—The European Steel Trust has fixed production schedules for the present quarter at 8,000 tons. This is on an annual basis of 32,000,000 tons, and indicates that the trust has departed from its original intention to fix production at 27,587,000 tons for the first year's operations. It was declared at trust headquarters that the measure could be explained by the paralysis of British industry due to the six months' coal strike and is therefore, exceptional. France is given an annual quota of 9,980,000 tons under the new arrangement; Germany is allotted 13,820,000 tons; Belgium, 3,700,000 tons; Luxembourg, 2,650,000 tons and the Sarre, 1,850,000 tons. The trust is not only getting orders from former British markets but from the British Isles also.

France, Germany and Luxembourg have reached a definite agreement regarding the sales of pig iron in the Sarre and in Germany. France will supply the Sarre with 55 per cent of hematite pig iron needed and Germany 45 per cent.

DUPLICATE UNSIGNED OATH WAS CONFUSING

Curious Error in Commission is Forwarded From Seattle—Hearings in Divorce Proceedings are Begun.

The duplicate of a form of oath which by error was left attached to a commission under which evidence had been taken in Seattle, Wash., very nearly caused serious trouble this morning in the Divorce Court. H. A. Powell appeared as counsel for the plaintiff in the case of Alexander P. Mitchell vs Charlotte R. Mitchell alias Charlotte R. Allen. The plaintiff was placed on the stand and gave his evidence. Mr. Powell then requested the evidence taken under commission to be opened. H. G. Fenety, Registrar of the Court, opened the envelope breaking the seals and Mr. Powell proceeded to read the enclosure. Greatly to his surprise he discovered that the form of oath was unsigned. This omission was so grave that Mr. Justice Crockett had practically decided that the case would be adjourned to permit of the papers being returned to Seattle when the Registrar discovered that the unsigned form was a duplicate enclosed evidently through error. The proper form duly signed also was contained.

This case was continued this afternoon.
