## MINERS STRIKE PETERING OUT

### EXCITEMENT CAUSED MAN TO DROP DEAD

Was Rushing an Injured Boy to the Hospital.

### BOY HIT BY A GOLF BALL

Has Concussion of Brain But is Expected to Recover.

(Special to the Daily Mail by British United Press)

Flushing, N. Y., Oct. 4.—The excitement of a furious drive to a hospital with an injured boy caused John W. Moore, Queens County official, to drop dead of heart disease. Moore was passing a golf course when his automobile was commandeered in behalf of a boy who had been hit in the head with a golf ball.

The boy who has concussion of the brain, is expected to recover.

### THREE KILLED WHEN C.N.R. TRAIN STRUCK AUTO

Halifax, Oct. 3.—Three young men were almost instantly killed and a fourth badly hurt when a closed car in which they were driving was struck by a Canadian National Railway mixed train on a level crossing at the eastern end of Chester town limits about 40 miles from here last night. The dead:

Walter C. Scott, of Halifax, and formerly of Mulgrave, N. S.

John Bungay, Fortune Bay, Newfoundland.

Arnold Conrad, Riverport, N. S.

The driver of the car, John Beck of Halifax, was in hospital today with a fair chance of recovery, suffering from a broken arm and bruises.

Beck is engineer on the auxiliary schooner Vines, Scott an engineer on the auxiliary schooner Gaspe Fisherman, and Bungay, cook of the Vines. Conrad had joined the men on their return trip to Halifax in the car after the two engineers had completed doing repair work on the two vessels.

Eye-witnesses told a coroner's jury they could not understand why the driver did not see the approaching train which had blown as usual for the crossing.

Beck, driver of the car, said he did not see the train until it was too late. He was going too fast to stop and not fast enough to beat the train to the crossing, he said.

### BEER SEIZED AT MONCTON

Ottawa, Oct. 3.—When one of the nine barrels labelled "pottery" awaiting shipment in the Canadian National Railway sheds began to leak, local police officials were notified and found that the barrels contained 540 quarts of beer which was seized. The consignor was given as the Ottawa Pottery Company and the shipment had been consigned to Moncton.

### THE BIG LOAN TO BE PAID OFF

Ottawa, Oct. 2.—The \$35,000,000 Dominion loan which is to be paid off in cash tomorrow will be met from surplus resources, Department of Finance officials said tonight. No new borrowing will be necessary for the present. The loan was in connection with Victory bonds, and was negotiated through banks for a three-year period.

### CANADA HAS BIG CHANCE TO GAIN BRITISH MARKET

Big Trial Order Has Been Received for Canadian Butter.

### QUALITY IS IMPORTANT

Hon. P. C. Larkin, High Commissioner Makes Statement.

Montreal, Oct. 4.—A cablegram received by Hon. P. C. Larkin since coming to Canada stated that a trial order of 10,000 boxes of No. 1 Canadian butter per week for a period of ten weeks had been received. If it is demonstrated that Canada can satisfactorily fill orders for such quantities of high grade butter, exports of Canadian butter can be brought back to the high level Canada had many years ago.

One Canadian shipper can damage the reputation of Canadian butter, bacon, eggs, apples, or cheese, and bring down the price for all other Canadian shippers, Mr. Larkin said, in an interview with Canadian Grocer. To safeguard against this the Canadian government has prepared strict regulations, and enforces the inspection and grading of all Canadian food products before exportation, so that they may be sold in the United Kingdom markets as graded foods of standard and uniform quality.

The results of this work are already becoming apparent, and the initial large order received for Canadian butter is an indication that the British buyers have confidence in the market work being carried on under the supervision of the high commissioner's office. Mr. Larkin is confident that when the Imperial government launches the publicity campaign it has in mind Canada will be in a position to obtain full advantage of it. Queried as to when this campaign would be launched, Mr. Larkin stated that as the British taxpayer was undertaking this campaign in the interests of the dominions, and was paying the total cost, that it was not a matter that could be hurried by any action of his office, but that they were taking steps that would assure Canada's successful participation when the campaign was started. He intimated that other dominions were already spending money of their own on independent campaigns to stimulate the popularity and consumption of their food products.

### EMBROIDERY THE RAGE NOW IN LONDON

London, Oct. 4.—Embroidery is the feminine rage in London this season. Straight satin or silk coats, cut on simple lines, are virtually covered with all-over designs in embroidery, and with them are worn close-fitting hats or caps. The large crepe de chine black shawl with multi-colored floral embroidery is still a great favorite for evening wear. Among the new fall colors are a bright red, known as "sea-weed," and a peculiar reddish purple tint with an undercurrent of copper, called "Virginia Creeper"; "grotto green," which is nearly blue, and a dubious yellow designated "fromage." For men there are three new shades of blue known respectively as "plumbloom," "China blue" and "madonna blue."

### MAMMOTH EAGLE VS. PLANE

Elko, Nev., Oct. 4.—A huge golden eagle brought down a Government air mail plane near here today. Colliding with the plane head-on, the eagle knocked out a front wing strut. The eagle was killed.

Mrs. O. S. Crockett is visiting relatives at Winnipeg.

### MINER'S FEDERATION NOT LIKELY TO HOLD OUT MUCH LONGER

Secretary Cook in Speech at Glasgow Hints That Coal Dispute is Likely to End Soon—Protests Against Miners Being Driven Back to Work on the Owner's Terms—Soviet Government May Seek Loan in England.

(Special to the Daily Mail by the British United Press)

GLASGOW, Oct. 4.—A hint of an early end to the coal dispute, which has kept the pits idle for more than five months, was contained in a speech delivered here by A. J. Cook, Secretary of the Miners' Federation. He protested strongly against the miners being driven to work on the owners' terms and his words were interpreted to mean that the Federation believed that it could not hold out much longer.

### Soviet to Seek Loan

London, Oct. 4.—Soviet Russia may seek a loan here in the near future, according to reliable reports circulated here. It is believed that Sir Austen Chamberlain, the British Foreign Secretary and the Soviet envoy M. Grassin, will discuss the matter this week.

### PUTS ON THE MARCH OF THE MARTYRS

Los Angeles, Oct. 3.—Thousands of members of Aimee Semple McPherson's flock gathered today at Angelus Temple, to witness "the March of the Martyrs," a tableaux portraying famous biblical scenes and depicting the history of persecutions.

The spectacle, interpreted by her followers as drawing a parallel between the suffering of biblical characters and what the evangelist, has termed her own "persecution" followed a communion service which has been heralded by Mrs. McPherson's announcement that it was to be the largest communion ever held.

The pastor selected "the great coronation day" for the text of her sermon tonight, her last gesture from the pulpit before she appears in municipal court tomorrow morning for the second week of her hearing on a felony charge.

### KING MADE A RECORD BAG OF 12 GROUSE

York, Oct. 4.—King George made his record bag of twelve grouse in one drive at Abbeystead with two pairs of old-fashioned double-barreled hammer guns manufactured thirty odd years ago.

As a young man the King laid the foundation of his reputation as a shot with these guns and still clings to them for sentimental reasons.

An English firm which makes guns for the crowned heads of half the world, has been keeping the King's guns in condition for years. At the end of each shooting season the guns are sent to the factory, stripped, cleaned, overhauled, given an oil bath and put in storage until the next year.

### DIES OF BURNS.

Charlottetown, Oct. 3.—Elizabeth Ford, 11-year-old daughter of John M. Ford, was burned to death on Saturday when her apron caught fire as she was throwing chips on the stove. She was so badly burned about the chest and body that death came almost instantly.

### CARS OFF THE TRACK ON C.N.R. AT BANTALOR

Moncton, Oct. 3.—The Transcontinental division of the Canadian National Railway is blocked at Bantalor, 80 miles north of here, through the derailment of twelve cars on the east-bound fast freight train, No. 474.

The cause of the run-off has not been made known here, but reports state the track is badly torn up for a considerable distance and most of the cars are smashed. The contents of the cars are strewn all over the right of way.

The accident took place about six o'clock tonight and wrecking trains from Moncton and South Devon are now at the scene and the clearing of the track has commenced. It is thought the line will not be clear for traffic before late Monday night. No injuries to any of the train crew are reported. The train was in charge of Conductor Joseph Horseman of this city.

### LORD DARLING WAS FACETIOUS

Ottawa, Oct. 3.—Lord Darling, brilliant wit of the English Bench, has a new reason against annexation. It is that of the good samaritan. His eyes twinkling, Lord Darling asked members of the Canadian Club here Saturday if it was not their duty to keep a spot somewhere or other where Americans could satisfy their natural appetite—and particularly if it results in making a modest profit.

He described American motor cars crossing the boundary, Stars and Stripes floating placidly. "I say," he went on, "what is my duty as a samaritan? Is it not to pour oil into the motor car and wine into the chauffeur."

### Winners at Stanley.

The Department of Agriculture furnishes the following list of winners in the Pig Club Judging Competition which took place in connection with Stanley Fair:—John White, Carl Tait, Della Jarvis, Maggie Douglas, Harvey Tait, Leigh Tomlinson, Hazel Douglas, Russel Dorcas, Stanley Tomlinson, Charlie W. Flynn, David Pincock, Cyril Douglas, Myrtle Jarvis, Della A. Hurley, Lloyd Flewelling, Ernest Jarvis, Harold A. Dorcas.

### GREAT BRITAIN HAS ENTERED DENTAL FIELD

Treatment of Teeth Included in Health Insurance Scheme.

### DENTISTS ARE ENGAGED

A Complete Set of False Teeth Will Cost About \$30.

(Special cable to the Daily Mail by the British United Press)

London, Oct. 4.—England is hanging out her sign as dentist to 15,000,000 people. The Ministry of Health has included dental treatment in the Governmentally controlled national health insurance scheme, and has arranged for selected dentists to treat insured people at stated charges ranging from 60 cents for the extraction of one tooth to \$30 for a complete set of false teeth.

### PROMOTION FOR WELL KNOWN C. N. R. OFFICIAL

St. John, Oct. 4.—Frank M. Tompkins whose appointment as traffic manager of the Atlantic Region of the Canadian National Railways with office at Moncton was announced during the week-end, is a Maritime man, who has consistently made good. Mr. Tompkins was born at Margaree, N. S., Dec. 6, 1878 and entered the service of the old Intercolonial Railway on Nov. 3, 1896 as a telegraph operator from Feb. 1, 1900, to Sept. 1, 1902. He was employed as freight clerk at Truro and subsequently at Sydney from September, 1902 to July, 1903. He was employed as accountant in the superintendent's office at New Glasgow and again employed as telegraph operator in July 1904. He was appointed relieving agent and on Jan. 1, 1911 chief clerk to the division freight agent, at Halifax which position he held until Nov. 30, 1914 when he was appointed division freight agent at Halifax. Since June 1, 1917 he has held successively the positions of assistant general freight agent and general freight agents, at Moncton having been appointed to the latter position on Sept. 1, 1919.

### GALE WARNING SENT OUT FROM WASHINGTON

Washington, Oct. 3.—A tropical disturbance, centred in the Caribbean Sea, about 400 miles south of Havana, was reported by the weather bureau in an advisory storm warning issued at 1.30 a. m. today. The movement of the disturbance was said to be to the northwestward.

The bureau received a wireless message from the steamship Tolosa, then in a position about 70 miles northeast of the storm centre, reporting a 42 miles an hour hurricane and a barometer reading of 29.80.

### Car Turned Over

The car of J. Whidden Graham of Milltown turned over in Woodstock Road Saturday afternoon. The party was coming from Milltown and turning out to pass a team struck loose gravel. The top and sides of the car were considerably damaged. The upset took place just outside the city limits. In the party were Mr. and Mrs. Graham, R. W. Webber, W. Wallace Graham and "Mac" Boyd. The latter was the only one to receive injury beyond a shaking-up. He was admitted to Victoria Public Hospital where two X-ray examinations were made. He is reported today to be not seriously hurt.

### FOREIGNERS REPORTED IN BAD PLIGHT

Four are Isolated at the Chinese City of San Fu.

### HAVE BEEN HELD MANY WEEKS

Two British Physicians Will Attempt to Release Them.

(Special cable to The Daily Mail by the British United Press)

London, Oct. 4.—Two British physicians, Doctors Wheeler and Wyatt, have left Peking to attempt the release of four foreigners in the besieged city of San Fu, Province of Shensi, according to a dispatch to the Daily Express. The foreigners were reported to be in a desperate plight owing to the many weeks of isolation.

### EXERCISE THE FACELATEST BEAUTY HINT

London, Oct. 4.—"Exercise your face" is the slogan of a new cult of beauty. If followers of the Mayfair beauty experts carry out instructions, there will be something more for the average observer to smile at. The instructions include the following:

Exercise your face in the omnibus, train or in the car. Never lose an opportunity to work the facial muscles.

Pout the lips as often as possible. This keeps the lips full and young and helps to charm away the lines of the mouth.

Smile whenever you have a spare moment, but do not on any account allow the eyes to smile, too.

Roll your eyes. Give the glad eye to the whole world. Few people realize that the beauty of the eye is only maintained through exercise.

Sniff—only those who are continually sniffing will develop fine sensitive nostrils.

"Do not be afraid to bite. Biting and chewing develop the muscles of the jaw and give that clear, strong line to the profile," is the final instruction.

### LONDON FINDS BOLD HOLDUP LIKE CHICAGO

London, England, Oct. 4.—"It is too much like Chicago."

That is the stern comment in the London newspapers following the cleverly staged mail truck hold up in the heart of London over the week-end in which bandits got away with \$400,000 in diamonds being dispatched from Hattan Garden, world famous jewelry mart. The Daily Express says:

"The mail van robbery bears altogether too close a resemblance to Chicago robberies. It should be impossible for such a thing to happen here."

### BIG GIFT TO CAMBRIDGE.

London, Oct. 4.—A gift of £30,000 by the Rockefeller Memorial Trust to Cambridge University for the establishment of a chair of political science was announced by the university today.

### Twin Squash on Exhibition

A twin squash is on exhibition in the window of E. M. Young Co., Ltd., York street. The vegetables grow from the one stem.
