Tells Why He Absented
Himself From Tablet

WAS IN EASTER REBELLION

Thought His Presence
Might Pain Bereaved
Englishmen.

(Special cable to The Daily Mail by the
British United Press)

London, Oct. 20.—W. T. Cosgrave,
Irish delegate to the Empire Confer-
ence, did not attend the unveiling of a
tablet to the Empire war dead in
Westminster Abbey on Tuesday.

He sent instead Kevin O'Higgins,
vice-president of the Council of Min-
isters in Dublin and explained his own
absence in a letter to Premier Bal-
win. In it he said that O'Higgins lost
a brother in the world war whereas
he himself was engaged in the Easter
rebellion in Dublin in 1916, in which
British as well as Irish were killed.
Cosgrave added that he feared his
presence might bring pain to be-
reaved Englishmen, although person-
ally he would have felt honored by at-
tending.

THE NAME OF DICKENS A HANDICAP

London, Oct. 20.—Bearing the name
of an honored celebrity is something
of a handicap. When celebrating his
golden wedding, Sir Henry F. Dick-
ens, son of the novelist, said the
name he bore had been an advantage
to him in some ways, but in others
it had been a disadvantage because
people had expected so much of him.

In making a presentation, Sir E.
Marshall Hall said Sir Henry com-
bined in himself all the lovable
qualities of the many lovable char-
acters created by Charles Dickens, his
father.

FRENCH WOMAN IS CHAMPION WEIGHT LIFTER

Pars, Oct. 20.—France, it is be-
lieved, has the only woman weight
lifter in the world. She is Mlle. Jane
de Vesley, just out of her teens. Mlle.
de Vesley can lift a 265-pound bar
with one hand. Also, with one arm
she can lift and hold at arm's length
a weight of 80 pounds. She juggles
with 30-pound weights as one might
with billiard balls.

Mlle de Vesley has only com-
plaint. It is that she is the one
weight lifter of her sex and there-
fore she has no records to break.
She has not yet met with a real
competitor.

WILL DISCUSS GIRL TOPICS

London, Oct. 20.—What life has to
offer to girls is one of the topics
conference of the national council of
which is to be discussed at the annual
women of Great Britain, which opens
in the church house, Westminster, to-
morrow.

Other subjects of particular inter-
est to girls to be debated include
"Should Married Women Work?" "The
Political Duty of Women" and "The
Building up of a Better World."

have been—

ARE COMMUNES UNABLE TO BURY THE DEAD

Paris, Oct. 20.—Certain communes
of France have no place left to bury
their dead. Justin Oudin and Auguste
Mouline, members of the general coun-
cil, have informed the prefect of the
Department of the Seine that inter-
communal cemeteries must be created
immediately. The commune of
Cannes is cited as an example of a
community which has been unable to
bury its dead for many months. The
shortage of burying grounds is not
due to the obnoxious number of
deaths but to the fact that no new
cemeteries have been established for
many years.

PACIFIC CABLE DIFFICULTIES DISCUSSED

London, Oct. 19.—Pacific cable dif-
ficulties were discussed this after-
noon at a conference attended by
Lieut.-Colonel L. C. Amery, secre-
tary of state for Dominion affairs;
Premier W. L. Mackenzie King of
Canada, Premier Stanley M. Bruce
of Australia and Premier J. G. Coates
of New Zealand. The conference will
meet again for further discussion
when it is hoped an understanding
will be reached. The differences
arose from Canadian objection to a
duplicate cable between Bamfield,
B. C., and the Fiji Islands.

CHAMBERLAIN HAS THE FLOOR AT IMPERIAL CONFERENCE TODAY

Foreign Secretary Will Submit Exhaustive Re-
port Covering the Whole Field of Britain's
Foreign Policy—Text of His Speech Will Not
Be Made Public—The Locarno Treaty One of
His Topics.

(Special to the Daily Mail by the British United Press)

LONDON, Oct. 20.—Sir Austen Chamberlain
today reported to the administrators and execu-
tives of the British Empire upon the whole field of
British foreign policy and international politics
and in so doing the Foreign Secretary created the
foundation upon which most of the future debate
within the Imperial Conference will rest. The
speech was expected to consume most of today's
session.

Secrecy will shield Sir Austen's revelations
from the public. It was announced that due to
some "unfortunate" results from the publication
of the Foreign Minister's statement before the
1923 conference the proceedings would be secret
although there was a possibility that part of the
speech would be published if the conference deem-
ed it advisable.

Sir Austen had such subjects as Locarno,
Vsina, Germany's entry into the League of Na-
tions, Franco-German relations and Soviet Rus-
sia in mind when he arose before the premiers and
others who represent the British Dominions, self
governing colonies and protectorates.

MINTO MINES WILL SOON BE ON FULL TIME

Minto, Oct. 9.—The mines of the
Minto Coal Company, which have been
operating three to four days per week
since last spring, will commence work-
ing full time next week. The long wall
coal-cutting machine will begin cut-
ting regularly on Sunday evening next.
About 200 men employed by the Minto
Coal Company will be affected by the
increase in work.

The mines of the International Pa-
per Co. Ltd., employing from 60 to 75
men; of the Weldon Co., employing
from 25 to 35 men; of the Weldon and
Henderson Co., with 25 to 35 men;
those of the Rothwell Coal Co., with
25 to 35 employees, and of the Avon
Coal Co., employing from 60 to 75 men,
will benefit from the increase.

MOVIE SHEIK RECOVERING FROM THE FLU

Los Angeles, Oct. 20.—Ramon No-
varro, chosen by many to succeed Ru-
dolph Valentino as the "sheik" of the
movies, is recovering from a serious
illness during which his temperature
at one time rose to 105 deg. The actor
was seized with an attack of influenza
and compelled to quit work. However
his improvement has been such that
friends expect that he soon will be
able to resume his work.

DIES IN AD STUNT

Havana, Oct. 20.—Avelina Rodriguez
a Cuban balloonist, was killed when
his balloon burst while at a high alti-
tude over the city. The body of the
aeronaut crashed through a network
of telephone wires as it fell to the
street. Rodriguez was advertising a
soap.

THE IMPERIAL PARLIAMENT IS SUMMONED

(Special cable to The Daily Mail by the
British United Press)

London, Oct. 20.—King George today
proclaimed the continuance of the
emergency which began with the gen-
eral strike of last May. He summoned
Parliament to meet October 25th to
extend the operation of the emergency
regulations for another month.

THE EXCHANGE DOWN A POINT

(Special cable to The Daily Mail by the
British United Press)

London, Oct. 20.—The sterling ex-
change rate today touched \$4.84 1/2
compared with Monday's closing
\$4.85 7/32 and Tuesday's close of
\$4.85. The decrease was attributed to
the seasonal demand for dollars with
which to pay for autumn grains ship-
ments.

MOVIE STAR RECOVERING

Los Angeles, Oct. 20.—Alice Cal-
houn, motion picture star, is recover-
ing from the effects of injuries re-
sulting in an automobile accident.
Miss Calhoun received a fractured rib
numerous bruises and possible internal
injuries. She also was cut severely
on the forehead by flying glass.
Police were unable to attack respon-
sibility for the accident.

ABOUT FLAPPERS.

New York, Oct. 20.—"Flappers of
the worst sort—devotees of independ-
ence," are mistaken, in view of the
Rev. Dr. Harry Emerson Fosdick.
"What do you mean—independence,"
he asked. "You all look alike, dress
alike, paint alike, talk alike, think
alike, act alike."

PROHIBITION NOT A SUCCESS IN THE FAR NORTH

NOT AS DRY AS THE U. S.

Commander of U. S. Mil-
itary Depot Submits
a Report.

(Special cable to the Daily Mail by the
British United Press)

Anchorage, Alaska, Oct. 20.—In pro-
hibition, the far north does not differ
from the temperate climate in the
United States except with regard to
frankness.

"I have discovered thirty-nine places
where liquor is being sold on Main
Street, Anchorage", Major Josiah
Kemp, commander of the local mili-
tary post, said.

"Major Kemp did not get them all
by any means," commented Deputy
Marshall Staser. "But owing to the
search warrant law and the apathy of
the public it is impossible to cope
with the situation."

HON. L. A. DUGAL PASSES AWAY AT EDMUNDSTON

Deceased Was Promin-
ent in Provincial Poli-
tics for a Number of
Years.

(Special to The Daily Mail.)

Edmundston, Oct. 20.—Many friends
throughout the province will regret
to learn of the death at his home here
this morning of Hon. Louis Auguste
Dugal, former member of the Legisla-
ture and Executive Council. His death
followed a second stroke of paralysis,
which occurred a few days ago.

The deceased was a native of River
du Loup, but had resided here for forty
years. He carried on an extensive
plumbing and hardware business. He
was fifty-six years of age and leaves
a widow and two sons, Louis, Regis-
trar of Deeds for Madawaska County,
and Felix who was associated with
him in business. His only daughter,
Miss Bertille, died quite recently. Very
Rev. Monsigneur Dugal of St. Basil is
a brother.

In Public Life.

The deceased served as mayor and
alderman of the town of Edmundston
for some time. In 1912 he was elected
to the Provincial Legislature and
served as leader of the opposition. He
preferred the charges which resulted
in the retirement of Premier Flem-
ing from provincial politics. Upon
the Foster government coming into
power in 1917 Mr. Dugal was sworn in
as a member of the Executive Council
without portfolio, continuing until
1920, when he retired from public life.
He afterwards served on the New
Brunswick Hydro Electric Commis-
sion.

TO MEET AT SACKVILLE.

The Provincial Executive of the Im-
perial Order Daughters of the Empire
was in quarterly session here Tues-
day. The only members from outside
were Mrs. Heber Vroom and Mrs.
Ryden Thomson of Rothesay. Much of
the time was devoted to discussion of
the program for the semi-annual ses-
sion of the Provincial Chapter to be
held at Sackville, November 17th.

The resignation of Mrs. Robert Fitz-
Randolph as vice-president of the Pro-
vincial Chapter was received with re-
gret. It was formally accepted by the
executive which passed a resolution
expressing appreciation of the services
rendered by Mrs. FitzRandolph and
regret that she had severed her con-
nection with office.

per hour gale was blowing today in
Havana, Cuba, reports reaching here
said.

fic had been stopped and no automo-

awaited.

CASH SENT WITH REQUEST FOR A PHOTO

New York, Oct. 20.—Vivienne Segal
and three fellow performers in a
theatrical production were caught on
the horns of a dilemma recently by an
unusual type of request for auto-
graphed photographs. Usually the
actors and actresses get these re-
quests accompanied solely in the
form of a compliment such as "I think
you are wonderful."

But this recent request enclosed
one dollar each for the four photo-
graphs requested. It was unusual.
But it so happens that these pictures
cost the performers about \$2 each.
But it was decided that such decency
as enclosing money should be en-
couraged. So the party received the
photographs.

Meantime Miss Segal is "out" about
\$3.50.

GLAZEBROOK-PITCHER.

Wedding at Parish Church Tuesday
Afternoon—Large Congregation.

Arthur William Glazebrook son of
Mr. and Mrs. W. A. Glazebrook of
England and Miss Bertha Elizabeth
Pitcher daughter of Mr. and Mrs.
George Pitcher of Kingsclear were
married Tuesday afternoon at Christ-
church Parish Church in the presence
of a large congregation. The cere-
mony was performed by the Rector
of Fredericton, Rev. A. F. Bate. The
bride was attended by Miss Nora
S. Whitehead as bridesmaid and
Geoffrey C. Pitcher was groomsmen.

The bride looked charming in a
costume of white lace, with white
tulle veil and orange blossoms and
carrying a bouquet of white roses.
She was attended by Miss Nora
Whitehead as bridesmaid, who was
costumed in powder blue crepe du
chaine and carried a bouquet of pink
roses.

At the conclusion of the ceremony
the bridal party left the church to
the strains of Mendelssohn's wedding
march and proceeded to the home
of the bride's sister, Mrs. Frank Aird,
Brunswick Street, where a wedding
supper was served. Later in the
evening the newly wedded couple
motored to Kingsclear, where they
will make their future home.

The popularity of the young couple
was attested by a large number of
useful wedding presents, the gifts of
friends in this city and elsewhere.
