LILACS.

The lilacs stole a march on me I heard their little laughter clear; They were a tossing purple sea Before I knew that Spring was near. The lilacs stole a march on me. How could I dream this sudden thing?

I did not know that there could be Without you any Spring.

Every payday is Father's Day.

NORMAL STUDENTS AT HOME TO THEIR FRIENDS FRIDAY NIGHT; MANY WERE PRESENT

Guests Received on Behalf of Faculty and Student Body—Musical Numbers and Readings Made Interesting Entertainment—Valedictory by Borden Delong of This City—Class Prophecies.

The student body of the Provincial Normal School Friday night returned social courtesies to the citizens of Fredericton when they were "at home" in the school building, Queen street. The entertainment took place in the Assembly Hall of the school and was attended by hundreds of guests as well as the Normal students.

A pleasing feature of the evening was a presentation to Miss Margaret Porter, a member of the teaching-staff of a linen luncheon set. Miss Porter is to be a principal in an interesting event in the near future.

The guests were received by Dr. and Mrs. H. H. Hagerman for the school faculty and Miss Dorothy Burpee and Percy White for the student-body. While the guests were received Miss Margaret Cassidy played a piano solo.

Enjoyable Entertainment.

The entertainment proved most enjoyable. Max Hunter was heard in a vocal solo with accompaniment on the piano by Veni Oleskevis and on the violin by Francis Barry. There also was a reading by Miss Gloria McNeill, piano solo by Vickers McLaughlin, violin solo by Francis Barry.

Dr. Hagerman opened the proceedings with an address of welcome.

Valedictory and Prophecies.

The valedictorian of the school was Borden Delong of Fredericton. The class prophecies were the following:—Class A1, Francis Barry, Saint John; Class A2, Miss Ethel Jarvis, Stanley; Class A3, Miss Jean McCallum, Saint John; Class B1, Max Hunter; Class B2, Miss Viola Gagnon, Edmundston; Class B3, Miss Wilma Wasson, Chipman.

THE VALEDICTORY.

Story of the Year Told by Borden Delong.

Mr. Borden DeLong, who was the class Valedictorian, spoke as follows:

This night marks a milestone of great importance in the life of every member of the graduating class of 1926. It brings to a close a year which we hope has been successfully spent in the training for that profession which we have chosen. A profession in which its very aim is sacred—that of molding and shaping the lives of the young of this province. What, might I ask, could be more sacred? To some of us, this year has been but a mere stepping stone to a higher education, because many of us in the course of a few years will be entering upon a college course or other walks of life. To the majority however, teaching will become our life's work and it will require all that is noble and true in us in order to do it justice. Let us enter this work remembering that we are not mere terminal points, but distributing centres; that we are not cold storage plants holding in reserve all the good that has come to us through our training here, but we are dynamos for the creation of that moral energy which alone can lift to a higher plane the thoughts and actions of those with whom we come into contact. Now with this in mind let us leave this institution with the strong determination to succeed. At this time I shall take the privilege of making a brief account of the student activities during the year.

The School Opening.

My thoughts turn to that September morning some nine months ago when about three hundred youths and maidens from the various high schools in our cities and towns, from the intermediate schools in our villages, and the common schools in our country districts entered this institution with the fond hopes of becoming successful teachers for the purpose of guiding and influencing the youth of this fair province, and looking forward with true eagerness to this, the night of their graduation. Now since that time has arrived I feel that their efforts have not been in vain. At first, to many, life in a large school seemed strange and entirely different from what we had been accustomed to, but these handicaps were soon overcome by the strong bonds of friendship which soon sprang up among us. Friendship which grew in strength due to a common interest in a common purpose. This interest combined with a class spirit had its beginning in the various fields of student activities. We have enjoyed our social phase of Normal life as well as our

studies, and our corn-roasts, sleigh drives and picnics have left pleasant experiences which I am certain will be long remembered.

Strong in Athletics.

This year's athletics at Normal School have not been very successful in regards to the number of games won, chiefly due to the lack in numbers of young men attending the school, but they have been more than a success in terms of the real aim of school athletics. I am certain that we have always played the game. We have organized football, basketball, track and base ball teams and our aim in all our games has been true sportsmanship. A fine addition to our athletic activities this year was the organizing of a basketball team by the young ladies of the school, and although somewhat delayed in starting they produced a team which would have been a credit to any institution. They also have the credit of being the first team representing the Provincial Normal School that was successful in defeating a team representing the University of New Brunswick. The organizing of the Faculty basketball is also praiseworthy.

Shower Baths Needed.

During our attendance here we have felt the need of a set of shower baths in connection with our athletic activities. When we consider the small expense of installing these, and also the fact that nearly every school of importance in the province is equipped with these essentials to health and athletics, we only ask the Board of Education to consider this important matter.

Also on behalf of the members of the A classes of the school I would like to make an adverse criticism of the present literature course as laid down by the Board of Education. If the members of the board will kindly take into consideration the fact that many of the members have already completed the same course in connection with their high school work, while the remaining members have not. It is obvious then that such a course is not as beneficial on the whole, as it might otherwise be.

Called by Death.

Our hearts are saddened to think that one who entered this institution with us is unable to graduate with us tonight, having been called to enter that higher school where Christ alone is the great teacher. I refer to Miss Margaret Dunn who passed to the Great Beyond while attending this school.

Grateful to Faculty.

Mr. Principal and members of the Faculty, at this time we realize that it is beyond our power to sufficiently express our thanks for the many acts of kindness which you have done for us during the year. We are indeed greatly indebted to you for having done so much for our welfare. At all times you have endeavored to fit us for that more useful life of service to others, and your cheery words of encouragement have been a stimulus to us in our work. During the year it seemed as if you had a personal interest in each and every one of us. You have proved by your actions toward us that the profession upon which we are about to embark ranks among the highest and is worthy of all the good we are capable of offering. At times perhaps, we have seemed forgetful and ungrateful for what you were doing for us, and if so we ask your pardon. Should you in the future look back upon the class of '26 may you feel that we really appreciated in a large measure all that you have done so willingly for us. When we go forth to our new phase of life may any success which we attain rebound to you as a reward for your untiring efforts.

Tonight we regret the absence of Miss Lynds, one of the members of the Faculty, who found it necessary to give up her duties on account of ill health. At this time we, the members of the student body wish to extend our sincere thanks for the interest she manifested while with us. While we regret the absence of Miss Lynds it is hardly necessary to express our feeling toward Miss Porter who has supplied during the term.

Kindness Appreciated.

To you, the citizens of Fredericton we wish to extend our sincere thanks for the hospitable treatment which you have given us during our short

How Weak Girls Can Gain Strength

It Comes Through the Tonic Blood-Making Qualities of Dr. Williams' Pink Pills.

In the life of almost every girl there comes a time when weakness attacks her. The strain upon her blood supply becomes too great, and there follows headaches and backaches, loss of appetite, attacks of dizziness, heart palpitation and constant weariness and a tendency to a decline. All these symptoms may not be present in any particular case, but the presence of any one of them shows the necessity for prompt treatment. And there is no other treatment so sure and so speedy as that through the blood-making qualities of Dr. Williams' Pink Pills. They are the one thing needed to maintain the health of growing girls and women of mature years.

Here is a bit of positive proof of the value of Dr. Williams' Pink Pills in cases of this kind. Miss Clara Fraser, Thessalon, Ont., has been brought back to health and strength through the timely use of this medicine, and gives expression of her gratitude as follows: "I feel it a duty as well as a pleasure to tell you what Dr. Williams' Pink Pills have done for me. They have restored me to health, if, indeed, they did not save my life. I was suffering greatly from anaemia. I lost flesh and always felt tired and nervous. At last I grew so weak I had to remain in bed. The doctor did not seem to help me any and I was growing weaker, and my heart was bothering me. At last a friend who called to see me said she had read of a similar case restored by Dr. Williams' Pink Pills and urged me to try them. I felt helpless but decided to take her advice, so my mother got me a supply of the pills and I began taking them. It was not long before I began to find benefit. In two months my health was restored. In fact I was in better health from the use of the pills, and in less than I had ever enjoyed before. I strongly recommend Dr. Williams' Pink Pills to all who are weak and run down, for I feel sure they will not be disappointed."

You can get these pills from any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ATHLETES FOR MISSION FIELD

After Eric Liddell, Scottish divinity student, had won world honors at the last Olympic games, he retired from active competition and commenced to fit himself for missionary work in China. He has run on some few occasions since the Olympics, but competes in no championship fixtures. Ray Baker, United States half-mile champion, also has deserted the cinder path to become a missionary, and will accompany his brother, Rev. Richard S. Baker, to Burma. Baker was a member of the Illinois Athletic Club relay team which set a world record for four miles, and was also on the United States Olympic team two years ago.

stay in your beautiful city. Through the various churches and religious institutions we have been made to feel at home, and our thoughts will often return to Fredericton and the pleasant year we have spent here. It is our earnest hope that we have left nothing but favorable impressions behind us.

Farewell to Classmates.

Now classmates, a word to you in closing. Tonight is the last time when we shall be united as a student body in this hall, as in a few days we shall be leaving for our homes in the various parts of this province, then we shall soon enter upon our chosen work. We came here with the common aim to succeed, and now as we leave this school may we still keep that same aim in view. Let us remember that we shall be judged as individuals not by our learning, but by our aim or purpose in life; not by what we have acquired, but by what we have become. Our real contribution is therefore our character and our influence. If that be faulty it weakens every gift we may have to offer, so let us ever seek to attain that high purpose.

Live for something! Have a purpose. And that purpose keep in view. Drifting like a homeless vessel Thou canst ne'er to self be true.

Half the wrecks that strew life's ocean

If some star had been their guide Might have now been riding safely But, they drifted with the tide.

Live for something! Have a purpose That is noble, strong and true, And once having found that purpose Live it, let nothing hinder you.

Now class mates I shall close with the words spoken to you by our worthy Principal when we were about to depart for our home to spend our Christmas vacations, "May God's blessing rest with you." The class of 1926 bids you farewell.

SPARKS CIRCUS TO EXHIBIT HERE ON JULY 10TH

Vanguard of Big Show in Town Making Contracts—Local Dealers to Furnish Supplies.

Mr. P. N. Branson one of the contracting agents for Sparks Circus, was making the preliminary arrangements today for the exhibitions of the big show here July 10th afternoon and night. He is only the vanguard of a small army, of men who will follow to pave the way for the coming of this famous circus, the largest in the world still giving a street parade. Next will come the advance advertising car with thirty billposters, banner men and lithographers; then will follow the No. 2 brigade with more billposters, and the programmers, and the day before the show the twenty-four hour man will arrive.

Mr. Branson besides contracting for the lot at the Trotting Park on which the show will exhibit is arranging for all of the supplies needed by the circus during its twenty-four hour stay here. These will all be furnished by local dealers, and as the circus carried 800 people, 500 horses, three herds of elephants and camels, besides hundreds of caged wild animals, it means that quite a large sum is to be spent by the show in the city.

FIVE THOUSAND FEET CONCRETE WALK PLANNED

Continued from page eight)

street; Smythe street, east side, Saunders street to Charlotte street; Odell Avenue, east side, Charlotte street to Woodstock Road.

Details of Work.

Aberdeen street will have continuous concrete sidewalks in its eastern portion when this work is finished and Charlotte street will have the same from York street to the C. N. R. tracks. On King street the Province will pay for the work along the frontage of its buildings, about half the distance paved. On Smythe the School Board will pay part.

Concrete sidewalks have been laid each year for quite a time with the result that there is now a considerable mileage of this type of sidewalk. On many streets it is not continuous, however.

The city has been unable to meet all applications for new sidewalks.

Act of Vandalism.

In the eastern part of the city the laying of the new sidewalks has been begun. On Thursday night last an act of vandalism was committed which cost the city something. A man and woman walked deliberately along the new concrete and then retraced their steps. On one block of pavement they marked deeply the letters P. N. S. in several places. By morning the concrete was partially set. The marked block had to be removed and replaced. Covering is now being placed on the new pavement at night.

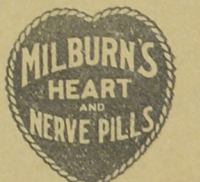

Registered Nurses.

Four nurses from Victoria Public Hospital in this city passed examinations of the New Brunswick Association of Registered Nurses which were held at Saint John. They are Margaret L. Fradsham, Ella L. Sansom, Jennie E. Carle and Helen W. McCain. In all eighteen passed the examinations. The examiners were Dr. W. W. White, Saint John, chairman; Dr. G. C. VanWart, Fredericton; Miss A. F. McMaster, Moncton; Miss A. Branscombe and Miss E. Retallick, Saint John secretary.

Her Heart Palpitated She Had Fainting Spells

Mrs. J. Wilson, Port George, N.S., writes:—"I suffered from palpitations of the heart and fainting spells, and, at times, I could not be left alone I was so nervous."

My trouble was caused from overwork and worry, having been left alone with a large family. I had tried everything, without any relief, but I know, to-day, that I would have been a nervous wreck but for your wonderful

These Pills are for sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.
