Rev. R. Garrow Berrie

Inducted as Minister

Rev. W. M. Townsend, M. A., of St. Columba's Church, Fairville, Inducted Him as Pastor of Saint Andrew's Church—Addresses by Rev. Dr. Stevenson and Rev. Dr. Morrison.

Rev. R. Garrow Berrie late of Dal-his history. He also was intelligent beatty, Scotland, was inducted as minister of St. Andrew's Presbyterian Church of Fredericton, Thursday night according to the customs and ceremonial of the Presbyterian Church in Canada. The induction took place in the church rooms, Queen street, and was attended by a large number of members of the congregation. The Moderator of the Presbytery of Saint John, Rev. W. M. Townsend, M. A., of St. Columba's Church, Fairville, performed the ceremony of induction and Rev. Dr. Stevenson of Moncton addressed the minister and Rev. Dr. Morrison of Saint John addressed the congregation.

The fact that the St. Andrew's congregation is a new one and the change wrought in the Presbyterian Church in Canada by the formation of the United Church of Canada were referred to by the various speakers directly and indirectly. The keynote of the remarks was a determination to carry on and surmount whatever difficulties may present themselves.

Declaration Signed.

The declaration which was required of the new minister was signed by him publicly. The Moderator announced that the decision of the General Assembly had been that each minister on induction must sign. In the past the declaration had been taken but with an understanding that the signature would be added if requested, and it also had developed that many ministers had taken the declaration with mental reservations. In the future no mental reservations would exist, stated Moderator Townsend.

Order of Service.

The Moderator presided at the service with other members of the Presbytery seated with him. Psalms and hymns were sung during the proceedings. The scriptural reading was the fourth Chapter of Ephesians. Prayer was offered by the Moderator.

Address of Moderator.

The Moderator then proceeded to address the congregation.
Rev. Mr. Townsend said it was a most happy occasion and they had thankful hearts. They thanked Almighty God for his love of their beloved Presbyterian Church. A year ago they had been cast out of their church, the church their fathers had builded. It had to happen in the inscrutable wisdom of Providence. Already it had appeared a not unmixed evil. During the year they had organized and had taken the good old name of Saint Andrew. Many ministers had preached to them. There were many excellent men among them. Finally the congregation had got in touch with a minister in Scotland and largely on what was heard of his accomplishments in the Old County, he was called as minister. Rev. J. Garrow Berrie accepted that call and that night they were there to induct him to minister to them as pastor to people.

Questions Put to Minister.

The Moderator then asked Rev. Mr. Berrie to rise. The other members of the Presbytery rose also and the customary questions were put to the new pastor.

Prayer then was offered by the Moderator after which he formally inducted Rev. Mr. Berrie as pastor.

Address to Minister.

Rev. Dr. Stevenson of Moncton then addressed Rev. Mr. Berrie. He said this pleasant duty had fallen upon him and he came in a feeling of pure brotherly friendship. He believed that his words of advice would be taken in the same spirit.

Rev. Dr. Stevenson passed his remarks upon the following text,—"For I determined to know nothing among you save Jesus Christ and him crucified." In the day of Saint Paul said Dr. Stevenson, the church in Cornith presented many problems. Churches in the present days presented problems also.

The Corinthians desired a display of the aesthetic. Paul's reply was that he knew nothing but Jesus Christ and him crucified. That was a great stumbling block to the educated Jew and also to the cultured Greek.

Paul confined his preaching to that. Much of the preaching at the present day was at a lower key. Few pictures of greater heroism had been seen than that of Paul at that particular time in

the position which he took up.

"How shall man be just with God?" was the problem which had troubled Job. It still presented itself. Its answer was the sacrifice of Christ.

"Christ and Him Crucified" must be the central theme of theology. If all ministers were true to the Cross of Christ the false cults which flourish in this and other lands would die for lack of followers.

The new minister came from a great church, a church with a history. He came to a new land at a time when great problems presented themselves. Dr. Stevenson gave some advice with regard to approaching certain services, and cited his own experiences in Moncton.

Address to Congregation.

Rev. Dr. Morrison of Saint John then addressed the congregation. He referred to the free and cherished right of every Presbyterian congregation to select its own minister. It represented a bulwark against ecclesiastical domination. There was a democratic spirit in the Presbyterian Church which opposed that. Fortunately the church had got rid of an officialdom and bureaucracy which had threatened to dominate and work out its destiny without it.

Dr. Morrison congratulated the congregation upon selecting a Scotsman. Many able ministers had been received by Canada from Scotland. Rev. Mr. Berrie's reputation for character and culture had preceded him.

The speaker gave advice to the members of the congregation as to the characteristics which should be shown. One of the chilliest spots on earth, he said, was a church without devotion. Christ in the hearts of men was the true cement which held the church together. The catholicity and unity of the church was in the object of worship. It left room for an illimitable diversity in organizations and law. This was to be expected human nature being what it was.

The tiresome talk of organic union was beside the mark. The true unity was spiritual.

Here and There

Tremendously rapid development of forest and water power resources of the Province of Quebec is indicated in the forecast of revenue totalling \$6,000,000 from these sources for the current year. Last year the same resources produced a revenue of nearly \$4,500,000.

Sixty men from the training camps in Brandon and Claydon, England, have been accepted by the Canadian Government and sailed on the "Empress of France" at the end of June. They proceeded to Winnipeg after landing at Quebec and will be placed on specially selected farms.

Saskatchewan exported last year 77.4 per cent. of its total production of creamery butter, according to a statement made by the Provincial Dairy Commissioner. The increase in production in 1925 over that of 1920 had amounted to 126.8 per cent., the output last year totalling 15,946,233 pounds.

Close on one hundred pilgrims from St. Paul and Minneapolis passed through Montreal recently on their way to the famous shrine of Ste. Anne de Beaupre, near Quebec. They were the advance guard of the great army of pilgrims that visit the shrine every year. While stopping off in Montreal they visited the St. Joseph Oratory in that city, also well-known as a shrine.

Hundreds of students and co-eds from Canadian and American universities have been passing through Montreal recently to board ships for Europe in connection with the Overseas Collegiate Tours that have grown increasingly popular of late years. Many of these collegians travel by Canadian Pacific boats, the "Empress of France" on a recent trip carrying over 250 of them.

The electrification of the main line of the Imperial Japanese Government Railway system from Tokio to Shimonoseki, 750 miles, has been long projected, and recently the 45-mile section between Tokio and Odawara has had experimental trains drawn by electric locomotives run twice a day between these points. Owing to the great expense involved it is feared it will be many years before the entire main line can be electrified.

Founded 92 years ago in gardens on the site of which the Canadian Pacific Railway Windsor Street Station in Montreal now stands, the St. Jean Baptiste Society of that city celebrated that event on June 24th last by having a memorial tablet affixed to the walls of the station. The tablet was the gift of Victor Morin, former president-general of the society, who was present and unveiled it.

Negotiations have been completed for the erection, and work will shortly commence, upon a terminal warehouse and cold storage plant, to cost about five million dollars and to be built in Montreal. It is stated that it will be constructed within ten months from the end of June, will be ten storeys in height and will have a total space of 600,000 square feet, of which one-third will be for cold storage. The plant will be built by the Montreal Rail and Harbor Terminals, Limited, and cost will be financed by Municipal Bankers' Corporation of Toronto.
